CHAPTER I.

"I was taken sick a year ago
With bilious fever."

"My doctor pronounced me cured, but I got sick again, with terrible pains in my back and sides, and I got so bad I
Could not move!
I shrunk!
From 228 lbs. to 130! I had been doctoring for my liver, but it did me no good. I did not expect to live more than three months. I began to use Hop Bitters. Directly my appetite returned, my pain left me, my entire system seemed renewed as if by magic, and after using several bottles I am not only as sound as a new dollar but weigh more than I did before. Hop Bitters I owe my life."

How TO GET SICK. — Expose yourself and drink all the much whiskey, beer or wine you can; work too hard without rest; doctor all the time; take all the new nostrum advertised, and then you will want to know *how to get well* which is answered in three words— Take Hop Bitters! (5)

THE LIVER AND ITS FUNCTIONS.

It has become a well established fact that the health of the human organism, or that of any member of the family in subject arise in the first place from some derangement of the Liver. This organ is not only the largest, but at the same time one of the most important. The vicious blood, on its return to the heart, passes through this organ, and in its passage the impurities, also the poisonous matter which are necessary to digestion as well as for a cathartic to assist in the removal of waste material &c. are eliminated. From this it is easily seen that the Liver is liable to get out of order by a greater or less extent, and when it does it is impossible for it to properly fulfill its office of removing all objectionable matter from the blood, but allows it to pass through, carrying with it the poisons of which it should have been relieved. With pure blood digestion as well as health must follow. Whatever may be the cause of the Liver becoming deranged no one should neglect to use the proper remedy to restore it to its healthy action. For this purpose Dr. R. V. Pierce's Golden Medical Discovery is unsurpassed. Prompt relief and a radical cure will follow its use in all cases of Biliousness, Torpidity of the Liver, Dyspepsia, Indigestion, Sick Headache, Kidney disease, Scrofulous humors, Skin diseases, Eruptions, Pimples, Blotches, Boils, Tumors, Tetter, Salt Rheum, Scaly or Rough Skin, Erysipelas, Carbuncles, Sore Eyes, Catarrh, Bronchitis, Consumption (in its early stages), and all diseases arising from a disordered Liver or Impure Blood. Sold by druggists. See advertisement in another column. For a treatise on Liver and Blood diseases, address World's Dispensary Medical Association, Buffalo, N. Y.

CORRESPONDENCE.

Baptist Brother Reaches Bed-rock.

DODGEVILLE, Wisconsin,
January 14th, 1884.

Editor Deseret News:

Yes, I have at last got down to bed-rock. Once more I have looked upon the spot where, in the face of the sneers and taunts of all who did not believe in following Christ in His baptism, I built a little dam and for half a day held in bondage the sparkling stream that was making haste for the channel of the Wisconsin River. Yes, here is the perpendicular rock beside which I was baptized; and right across the narrow creek stands the slender ash, and the full grown basswood trees; and a little way beyond, the low-spreading hawthorne, beneath which we sang and prayed.

Brethren, what a delightful ordinance is this, when coupled with a lively faith in the Son of God, being a type of so many good and glorious things in Christ!

I am thinking of that passage in St. Luke 3: 21,—"Now when all the people were baptized, it came to pass, that Jesus also being baptized, and praying, the heaven was opened." What a beautiful scene the saint can here picture to the eye of faith. Here was Christ and His people completely and sweetly agreed, and what was the consequence? Why the Holy Spirit came down, and they were baptized with brightness, and glory and joy from the throne of God.

Seeing that the Goverment insists on continuing its efforts to settle the "Mormon question," fair play demands first of all, that there shall be no snakes in the grass.

If the government desires to face the question fairly and squarely, the people of Utah have the courage and earnestness to face the "powers that be" in the same way.

If Congress should this winter enact additional laws for the regulation of the Mormon Church, it will be an everlasting disgrace to the nation if it does not at the same time pass a law suppressing all secret societies, having for their object the undermining of the Mormon creed.

There must be no stabs in the back. What should American citizens think if every State Legislature in the Union was busily engaged in framing laws for the suppression of Mormonism, while the general government (claiming to have sole control of the question,) is at the same time enacting laws for the regulation of the same? And yet, even such an unfair and conflicting condition of affairs would be far more acceptable with the majority in Utah, than a copperhead foe behind the fence or in the dark.

If this country shall ever have another civil war for the final righting of all wrongs, I do hope to God that the everlasting suppressing of all secret societies will be a prominent plank in the bloody platform.

God only knows how intensely I love the people of Utah, and when I forget to pray for her spiritual and temporal prosperity, may my right hand forget its cunning,

Ever truly yours in Christ,
BAPTIST BROTHER.

PAROWAN PROGRESSING.

The Social Hall—Woolen Factory—Support for Missionaries.

PAROWAN, Utah, Jan. 18, 1884.

Editor Deseret News:

Parowan is taking a spurt at present. Last Tuesday a public meeting was held and arrangements made for building a Social Hall, on the co-operative plan, the people putting in shares by laboring upon the building. It will be built of concrete, and be quite a convenience, as all dances, theatricals, etc., are held in the basement of the meeting house, which is not desirable. It is thought the building will cost $3,000. On Wednesday evening the citizens held another meeting regarding the erection of a woolen factory. The officers of our Co-operative store explained they would furnish the cash part for purchasing machinery (about $6,000) if the people would put up the building, the estimated cost of which is $6,000, and put it in on capital stock in the store, which was agreed to with alacrity, over $4,000 in labor being subscribed within 24 hours. The necessity of iron County having a woolen factory of its own has long been a desideratum of our citizens, and we hope to soon hear the merry hum of its machinery at work.

Last evening another public meeting was held to consider how to raise a missionary farm for the support of families of poor missionaries agreeable to instructions given by the general authorities last fall conference.

Parowan is not strictly a farming place, owing to lack of sufficient water facilities, but something will likely be done towards a farm or fund for poor missionaries.

The weather is cold, but there is no snow. Good health generally prevails.

Respectfully,
EXCELSIOR.

"I have always regarded him as a sham," said the other deacon's wife. "I know he's always a wet blanket at our parties," pouted Miss Lily.
