Goddard's Price-current Dry Goods and Groceries

GEORGE GODDARD'S PRICE LIST.

THE Citizens of Utah Territory are especially invited to Read, Mark, Learn, and pay particular attention to, the following list of prices. In attempting to break down a monopoly of exorbitant charges that have long since been exacted for all kinds of merchandize in this country, it must be obvious to all persons of ordinary reflection, that whoever engages in such an undertaking, not only needs, but really merits the co-operation and patronage of the public. During the past seven months I have had the satisfaction of selling many thousands dollars' worth of goods cheaper than they have ever been retailed before in this city, and I do not intend to relax my exertions until the commercial policy of this Territory is carried out on a more righteous and equitable principle towards the people. What more shall I say?—that to carry out the maxim of SMALL PROFITS and QUICK RETURNS is good? Yes, very good—I therefore pledge myself to the former, if you (the public) will secure to me the latter.

I wish to close out quick and prepare for a more extensive assortment, and offer my present Stock at the following low rates:
