PLAIN TRUTHS

The blood is the foundation of of the body, and unless it is pure and rich, good health is impossible. If disease has entered the system the only sure and quick way to drive it out is to purify and enrich the blood.

These simple facts are well known, and the highest medical authorities agree that nothing but iron will restore the blood to its natural condition; and also that all the iron preparations hitherto made blacken the teeth, cause head-

ache, and are otherwise injurious.

Brown's Iron Bitters will thor oughly and quickly assimilate with the blood, purifying and strengthen-ing it, and thus drive disease from any part of the system, and it will not blacken the teeth, cause headache or constipation, and is positively not injurious.

Cents:—Upon the recommendation of a friend I tried Brown's Iron Britars as a tonic and restorative for my daughter, whom I was, thoroughly convinced was wasting they with Consumption.

Having lost three daughters by the terrible disease, under the care of emilient physicians, I was loth to believe that anything could arrest the progress of the disease, but, to my great surprise, before my daughter had taken one bottle of, Brown's Iron Britars, she began to mend and now is quite restored to former health. A fifth daughter began to show signs of Consumption, and when the physician was consulted he quickly said "Tonici were required," and when informed that the clder sister was taking Brown's Iron Britars, responded "that is a good tonic, take it."

BROWN'S IRON BITTERS effectualby cures Dyspepsia, Indigestion and Weakness, and renders the greatest dief and benefit to persons suffering from such wasting diseases as Contumption, Kidney Complaints, etc.
