JAP GOVERNMENT

(Special Correspondence.). Seattle, July 10 .- On July 21, the exhibit building of the imperial Japanese government of the Alaska-Yukon-Pafic exposition will be formally dedirated. The ceremonies will be made particularly elaborate and interesting. Japan has by far the most impressive building and exhibit brought to the exposition by any foreign country, and is the most valuablue and instructive that the nation has ever displayed in a foreign country.

The exercises will commence at 2:30 in the afternoon and last for a half hour. They will consist of an address by Judge Thomas Burke, who will in-roduce Mr. Hajime Ota, imperial Jup-anese government commissioner gen-eral to the Alaska-Yukon-Pacific ex-position. Mr. Ota will speak on behalf of the Japanese commission and will be followed by Mr. Talchl Takesawa, director of exhibits. The exposition will be represented by Mr. J. E. Childberg, president of the exposition, and Mayor Miller will make an address on behalf of the city of Seutile. The exercises will commence at 2:30

Miller will make an address on behalt of the city of Seutle. From 3 p. m. until 5 p. m. a reception will be held in the building, for which 2000 invitations have been issued; these include members and officials of the exposition, representatives of foreign whibitors, Gov. Hay, Mayor Miller and prominent citizens and visitors. While refreshments are being served num-bers will be distributed to the guests. and these numbers will represent gifts which will be presented to the various holders. Many are of considerable intrinsic value, and every guests will be e recipient of a beautiful souvonir some nature. Commencing at 7:30 in the evening,

Commencing at 7.30 in the evening, Commissioner-General Ota will enter-tain 100 guests at dinner in the state building of New York; this will be pre-sided over by Mr. Josiah Collins, di-rector of ceremonles and special events. The guests will include representative citizens of Japan, the United States and foreign countries. Cov. Her. Judge oreign countries. Gov. Hay, Judge Burke and Mayor Miller will be among the speakers of the occasion.

GRACEFUL STRUCTURE.

The building erected by the imperial The building erected by the imperial Japanese government, is one of the most beautiful types of Japanese archi-tecture to be met with. Its graceful lines follow those of 100 years ago, and are the same employed in the more pre-tentious structures of that period. Ap-proach to the building is gained over a beautiful bridge, and the grounds are tastefully laid out in Japanese land-scape designs. The color scheme is oriental red, trimmed with gold; its setting among the tall firs displays it setting among the tall firs displays it to the best possible advantage, and it is one of the handsomest structures of the exposition.

the exposition. At the time of dedication, it will prc-sent a gay and varigated appearance; thousands of paper lanterns will be flying from lines stretched from the highest point of the building, and the display of roses and blossoms adorning the bridge, halls and exhibit rooms,

will be the finest possible of accom-plishment. plishment. The wonderful exhibit assembled by Japan forms one of the most attrac-tive features of the Alaska-Yukon-Pa-elfic Exposition. It is daily througed with visitors, and representatives of the country who are familiar with for-mer expositions, state that at no previ-ous time has Japan succeeded in win-ning more intelligent appreciation than has been done at Seattle. A valuable has been done at Seattle. A valuable assistance is found by visitors in the lucid explanations made when request-ed by Mr. Jihei Hashiguchi, a student of the state university, who is actively interested in the success of his nation's exhibit in Seattle.

NO LIQUOR ON GROUNDS.

NO LIQUOR ON'GROUNDS. That an exposition can be conduct-ed on "dry" principles and at the sume time conducted advantageously, is thoroughly demonstrated by the re-celpts and attendance of the the Al-aska-Yukon-Pacific exposition. The grounds and buildings are well officered by an efficient police force, but their duties are confined chiefly to directing visitors about the grounds and supplying desired information. With the immense crowds drawn by special day attractions, the no scenes of lisorderliness or brawling and an arrest is practically unknown. In no way has the absence of liquor interfered with the regular business of the Pay Streak, and the conces-sionaires operating the best attrac-tions speak of the orderliness so of the en-trowds attending the various shows. The convenience with which the en-tire exposition is arranged finds great avor with visitors, and the case with which all points of interest are reach-ed is particularly commendable. Trans-continental travel is taxing the capac-ity of the several railways, and the cly is thronged with a constant

a "dummy a "dummy." Some \$1,200,000 is shown in the gold booth at the Seattle World's fair, con-sisting of bricks, nuggets, and dust. The bricks were all made in the exhibit in the

States Takes Issue

WITH MR. GIFFORD PINCHOT

It is Constantly Growing, Young Trees Replacing Old, No Danger With Safeguards Against Fire,

Seattle, Wash., July 11 .- Frederick Weyerhauser, president of the Weyerhauser Timber company, largest holder of timber lands in the United States. takes issue with Gifford Pinchot, head of the United States forestry department, on the statement that there is danger of exhausting the timber supply in the next 20 years. Mr. Weyerauser says that he believes that the

hauser says that he believes that the timber supply of the United States will never give out. "I am very much interested in the forestry problem," said Mr. Weyer-hauser, "and I do not believe with Mr. Pinchot that the forests of the country would be wiped out in 20 years. There is no reason to believe that the timber supply will ever be ex-hausted I am of the opinion that we will have ample timber for our needs for an indefinite time-for all time. an indefinite time--for all time,

To the Deseret News: I attended the uneral service of my old friend, Joseph H. Evans, vesterday, and listened to the of many things connected with his life and character, of which no mention was made that might with propriety have been told had time permitted. in his manner, deliberate in his speech marvelous in his self control; capable

Rowe & Kelly's Removal Sale Was Participated In By Big Crowds

All Last Week-Each Day grew with increasing Interest and Saturday, the closing day of the week, saw our store crowded from Morning until late at night with eager buyers.

Hundreds of people took advantage of the extraordinary low prices and saved money by purchasing during this Sale. Monday and the first of this week will find our counters and tables piled high with reserve stock. It must all go. We would rather move a wagon load of dollars than a trainload of clothing.

Quality is the greatest consideration.

It is easy enough for some stores to say 1-4 off or 1-2 off, but when you consider the quality of merchandise and the high prices asked it doesn't mean so much-but when you buy at Rowe & Kelly's and receive from 1-4 to 1-2 off their former low prices-there is no comparison as to what other stores ask.

We are closing out our entire line of trunks, suitcases, valises, bags, etc. You can purchase a high-grade trunk or suitcase now for the same price you would have to pay for an ordinary

these articles when you may need them. See the display windows for particulars and prices.
