

MINING, BUSINESS AND STOCKS.

MINING STOCKS CONTINUE FIRM.

Trading More General, but Smaller, And Higher Prices Prevail.

BULL CONDITIONS EXIST.

Heavy Outside Orders to Buy, Good Mine Reports, Eastern Advertising And Money Market Favorable.

The mining share market is in a much improved condition and the opinion is expressed by many persons that the exchange will soon be the scene of much activity.

This morning trading was much distributed over a number of stocks, and was not of an especially professional nature.

There was considerable activity among the dividend payers, Con. Mercur, Daily-West and May Day, the latter being especially favored both in the extent of the buying and in the gain in price.

Martha Washington and Tetra made decided gains skyward. Daily-West was very firm at better figures than on yesterday.

The prevailing condition of the market is regarded as most favorable, and at the close of the call the following quotations were recorded:

Table with columns: Stock Name, Bid, Asked. Includes stocks like Ajax, Anker, Bullion-Buck, Carls, etc.

Table with columns: Stock Name, Bid, Asked. Includes stocks like Ben Butler, Rosa Tweed, California, etc.

MINING NOTES.

Eight cars of Swansea ore will be marketed today or tomorrow.

The May Day is on today's market with two cars of oxide ore.

Twelve cars of Ophir Hill concentrates are en route to the Germania smelter.

Manager Lathrop of the Ophir of Sinaloa left last night for that property.

Manager George B. Dern of the Con. Mercur left for the big property this morning.

The South Swansea has another big shipment en route to the smelter. Five cars of ore have been sampled.

The car of copper ore from the Grand Gulch in northern Arizona has been received at the Conklin smelter.

Manager F. W. Hart of the Mackintosh sampler at Park City has been in the city on a visit since Monday.

Manager Fred Plindt of the May Day mill came up from camp yesterday en route to Park City on a brief business trip.

One and a half million shares of the Con. Mercur are expected to be sold on May 1, 1902.

YANKEE REPORT IS COMPLETED.

James W. Neill Has Elaborate Volume Ready for Directors.

IS FOR BOSTON EXCHANGE.

Listing Committee—It Contains Many Maps, Diagrams and Statements—California Meeting Tomorrow.

The expert report on the Yankee Consolidated property at Tintic has been completed by James W. Neill, the mining engineer, and will be submitted to the directors of that company.

The report is very elaborate and complete and will in all probability be forwarded at once to the listing committee of the Boston exchange for their consideration, it being a requirement of that exchange that an expert report be submitted prior to an application for the listing of the stock in Boston is acted upon.

The stockholders of the California Mining company will meet in Park City tomorrow to consider several propositions that, it is stated, will be of benefit to that corporation.

The question of making the company a Colorado corporation, will come before the meeting for action.

BLIND BILL BOUGHT.

Last Chance Company Purchased That Bingham Claim.

The Last Chance Mining company, whose properties in Bingham adjoin those of the United States company, on the east, has purchased the Blind Bill, patented claim, from James Johnson.

The consideration paid was \$2,000. Manly Hodge of the Last Chance now has a block of ground 3,000,000 feet in a very rich part of Bingham, under his direction, and it is stated that within the present year the Last Chance group will be extensively developed.

QUICKSILVER AND ZINC.

Total Production of the World During 1900 and 1901.

The total quicksilver production of the world during the year 1901 amounted to 3,221 metric tons, states the Engineering and Mining Journal, as compared with 3,523 metric tons in 1900. Spain only exceeded the United States in the amount produced.

Option on Kalolin.

Provo, March 26.—An agreement between Otto Hudson and Al William J. Ellerbeck et al, has been filed with the court, giving an option to buy the Kalolin Nos. 1, 2 and 3 mining claims in Alpine mining district for \$1,500.

An option from Oliver Cedarstrom to William L. Ellerbeck et al to buy White Cloud Nos. 1, 2 and 3 mining claims in South Lead mining district for \$500, has been filed with the county recorder, Mr. Cedarstrom, under the agreement also gets \$100 for doing a month's development work on the claims.

T. R. Ellerbeck et al have filed notice of location of the Porcelain No. 1 mining claim in South Lead mining district, situated in section 6, township 7 south, range 2 west, Salt Lake meridian.

Fourth Payment Tuesday.

W. H. Tibbals of the Boston-Idaho company stated this morning that the fourth payment on the purchase price of the group of claims owned by the company \$3 million from Mackay Idaho, will be made on May 1, 1902.

It is further stated that the prospectus of the company will soon be issued.

COLORADO FUEL GOES JUMPING.

Preferred Went Up Six Points and Fell Back Three.

PRICES YIELDED AT OPENING.

Amalgamated Copper Advanced, Then Receded—Selling of Railroad List Soon Abandoned.

New York, March 26.—Prices of the majority of the stocks yielded at the opening but Amalgamated Copper advanced 1/2% and Colorado Fuel on sales of 3,000 shares, was quoted at 106 1/2 to 107 1/2, compared with 106 1/2 last night.

Both stocks reacted a point afterwards. Buying orders checked the decline in these stocks and their rally strengthened other prominent stocks.

Colorado Fuel rose 2 1/2 in all to 108 1/2, and the preferred jumped 6 points with a reaction of 3 points. Tennessee Coal rose in sympathy a point, but other steel stocks were neglected.

Toward 11 o'clock there was a decline of a point in Sugar and further selling of Amalgamated, Evansville & Terre Haute sold at a decline of 10 points, and the common receded again 2 points.

Profits were taken in the strong stocks and their declines pulled the entire market down. The transcontinental stocks became quite heavy and declined below yesterday's close.

Business decreased as prices shaded. The bond market was dull and easier.

Some of the leading railroad stocks fell a little lower but the selling was in the main abandoned in the active list and irregular recoveries followed.

Evansville & Terre Haute rallied 1/4, Colorado Fuel preferred lost all of its early advance of 4.

There was an advance of 1 in American Telephone and Sugar and Colorado Fuel moved upward, the latter to the top price with a reaction.

North American rallied 3/4, and Northwestern recovered to above last night. The general market was semi-stagnant, and below yesterday's close.

Woodward's Case Much Mixed. Denver, March 26.—According to a special to the Post from Cheyenne, Wyo., notice of the stay of execution granted by the supreme court to Chas. Woodward, who was sentenced to be hanged at Casper on Friday next, has not yet been communicated to the officials at Casper.

The wires went down yesterday and fearing they might not be repaired in time to prevent the hanging of the attorney set out last night for Casper, going by way of Grand Island, and thence west over the Elk Horn.

If the present storm has been sufficient to blow the wires out it is believed it has done so, then there is a possibility that Sheriff Tubbs cannot be communicated with in time to stay the execution.

Woodward, who was sentenced to be hanged at Casper on Friday next, has not yet been communicated to the officials at Casper.
