ANOTHER DAY OF FINE HORSES.

Harness and Running Events Please Crowd at State Fair Track.

BUCKING BULL WINS AGAIN

This Afternoon the Races Are All of The Running Order—Dan Z Takes Harness Event.

Yesterday's racing at the state fair track was even better than the going of the day before ,and that's saying a great deal.

The horses, drivers and jockeys all worked well, and the meet was run off with a snap that pleased the crowd. There was no harness race that took the five heats to decide a winner, and three running events that were thrillers. Then there was the bucking bull, and the bovine certainly demonstrated his ability to buck. The runs were more exciting than ever, and it is plain to see that such events have "caught on" with patrons of the track. The finishes were all close, every horse going at full speed, the winners crossing under the wire first by a nose.

The only harness event was the 2:30 class pace for a $500 purse. Dan Z proved the winner, taking the last three heats. Miss Wilkes ruled the favorite and captured the first two heats in easy fashion. But in the following heats she slowed up and seemed to be winded. Her going was not exactly smooth and she did not have the stride shown in the first two heats. Dan Z was consistent, going steadily and keeping an even stride. In the last heat the horse was in a pocket but through the clear headedness of the driver and the animal's speed he got out and away in time to nose it out.

CASH DAY GETS THE MONEY.

The fourth event saw the feature of the day. It was seven furlongs for a purse of $150. Reality got away well and kept the lead in a manner that looked bad for the rest of the runners. Pearl Driver came up on the back stretch and began fighting it out with Reality. They were going neck and neck when the field closed up quickly. As they came down the stretch the horses were four abreast. It presented a pretty sight. The horses were straining every nerve and muscle to win. As they rushed under the wire the judges caught Cash Day first.

Another pretty race was the six furlong. The field was a little strung out but closed up coming to the wire. Tar Baby led all the way but Dr. Tom let out a couple of jumps and nosed in ahead.

Commodore, Pat L. an dLurlie. That's the order they finished in the five and one-half furlongs. The last named runner looked like a sure winner. To everybody it looked as if she had the race by a generous margin, but on entering the stretch she shied out to the fence. Commodore was in second position and Nattress quickly took the pole. Nattress brought the horse under the wire with the whip. Lurlie tried hard to regain the lost ground but was beaten for second place by Pat L.

AND THE BULL DID BUCK.

Mr. Mackey of Taylorsville, who made arrangements the day before to ride Mr. Bucking Bull, changed his mind yesterday. He said his wife did not want him to ride. Mackey agreed with his wife. Had there been no objections from anyone else, the probabilities are that the Bull would have entered a protest.

But there was a cowboy there anyway and he rode the bull—6 seconds. The man who made the attempt is undoubtedly a good rider, but unless a man has trained on the tail end of cyclones and is used to train wrecks, he had better leave Mr. Bovine severely alone.

The man who tried for the purse yesterday was Harry Hill. He looked every inch a cow puncher. He was cool and confident as he adjusted the saddle. The bull didn't look cool but he looked confident. Hill made a spring for the saddle and then held on for dear life. The bull started to do business right away and for six seconds he seemed to be in the air all the time ,cutting figure 8's and doing a sort of muscle dance. Then Mr. Hill and mother earth men with a dull, sickening thud, and the bull bellowed his contempt.

Following is the summary, and the program being run off this afternoon:

First race, 2:30 pace, best three in five heats; purse, $500.

WON THE $10,000 STAKE.

Twelve Thousand People Saw Angle Turn the Trick.

Detroit, Mich., July 25.—Twelve thousand persons saw Angle, a chestnut mare, owned by C. W. Morris of Cleveland, and driven by Saunders, win the $10,000 Merchants and Manufacturers' stake, at the Grosse Point track this afternoon. Angle won the first and third heats of the race, which was on the three-heat plan, and broke so badly in the first 100 yards of the second heat that sixth place was the best she could secure.

Clarita W, Geers' entry for the stake, was the favorite in the early pools, bringing $125, with Angle at $100, Danube $15, Allie Jay $25, Watson, Brilliant Girl and Bob Burdette $20 each, and the other entries $10. In a number of pools sold shortly before the race, Clarita W brought $50 and the field $75. A heavy shower fell while the first heat of the opening event on the day's card, the 2:14 pace, was being driven. The track was soaked, and it took an hour and a half's work with harrows to place it in condition for the first heat of the M. & M. Results:

THE SUMMARY.

2:14 pace, purse $1,500, three-heat plan—Red Bud won the second and third heats in 2:07¼, 2:06¾. Hazel Banks won the first heat in 2:10½. High Seven, Wester, Robert Lee, Birdie B, Bedford Boy, Sally Pointer and Paul also started.

2:24 trot, Merchants and Manufacturers' stake, purse $10,000, three-heat plan—Angle, ch. m., by Axtell-Lena Rivers (Saunders), won the first and third heats in 2:12½, 2:11. Clarita W won the second heat in 2:10¾. Watson, Danube, Emma Hoyt, Get Away, Emily Letcher, Brilliant Girl, Miss Inlaw and Allie Jay also started.

2:08 trot, purse $1,500, three-heat plan—Tom Axworthy won the first and second heats in 2:07¼, 2:07¼. Dr. Strong won the third heat in 2:06. Direct View, Angiola Maxine, Tuna and Snyder McGregor also started.

BOOKIES LOSE MONEY.

In a Big Killing They Drop Fully $50,000 at Brighton Beach.

New York, July 25.—One of the biggest killings of the year occurred at Brighton Beach today in the last race, when Huntington came home an easy winner. Huntington opened at 8 to 1, but money began to pour into the ring until his price fell to 2 to 1, and while the horses were at the post others were still busy betting on him. It is estimated that at least $50,000 was taken out of the ring on the Huntington victory. Summary:

First race, six furlongs—Cinchona won, Vino second, Remington third. Time—1:15.

Second race, mile and a sixteenth—Au Revoir won, Geranium second, Don Royal third. Time—1:45 2-5.

Third race, six furlongs—Roseben won, Israelite second, Robador third. Time—1:15 1-5.

Fourth race, mile and a furlong—The Southerner won, St. Valentine second, Palm Tree third. Time—1:53 3-5.

Fifth race, five and one-half furlongs—Water Cress won, Vio second, Lady Toddington third. Time—1:06 3-5.

Sixth race, mile and a sixteenth—Huntington won, Esher second, Louis H third. Time—1:48.

PAYSON BASKETBALL.

Ogden Team Beaten by a Score of 25 to 14.

Twenty-five to fourteen is the demonstration of the Payson basketball team against Ogden at the Payson pavilion last night. The local team was not backed heavily in the betting, but ill-luck seemed to follow its northern opponent to the losing point. The line-up was as follows:

Ogden.		Payson.
Wangsguard	c	Tanner
Wright	rf	Ballari
Emmett	lf	Done
Kerr	rg	Stevens
Cole	lg	Wilson

BUTTE GOLFERS GO.

Are Determined to Work Hard to Win The Leyson Cup.

The next year's holder of the Leyson golf cup will have to work for it. This much is evident from the conversation of the Butte team members before departing for their home last night. If Capt. Hodgens is to be taken at his word, he will jump off the train today in Butte and pitch right into the practise of golf, never stopping a day for rain or shine, till the next meet, and then he will come down with an eye single to the sight of victory, and a team that has practised for it from today on. Salt Lake has fallen down hard in baseball, but otherwise he is tolerably successful place in amateur sports, and in football leads the west. Next season she will have a fight for her place as a golf leader, and it is promised that the local team will not spend too much time looking at itself in the mirrored silver of the trophy cup, to practise hard to keep the victory bird perching here another year.

Pitcher Plays Golf.

Chicago, July 25.—Guy A. Miller, former star pitcher of the University of Michigan baseball team, today led a field of sixty-five entrants in the qualifying round of the seventh annual golf championship at the Glenview links, with a total of 157 strokes for thirty-six holes. Tied at 162 strokes behind him were R. E. Hunter of Midlothian and W. E. Clow, Jr., of Onwentsia. The former in the morning made a round in 76, which was the best of the day, but, requiring ten more in the afternoon, spoiled a good chance to capture the gold medal. The latter trophy went to Miller. National and Western Champion H. Chandler Egan was not in his usual good form and took 165 strokes to negotiate the thirty-six holes. This, however, enabled him to get well within the list of thirty-two qualifiers for the first round of match play tomorrow. Twenty-eight clubs from Chicago to Denver on the west, Pittsburg on the east and Nashville on the south, were represented in the field of players. Among the thirty-two that qualified are: Walter Fairbanks, Denver, 171, and P. R. Talbot, Wichita, Kan., 173. For tomorrow's play Fairbanks is matched with K. L. Ames of Glenview and Talbot with W. A. Lawhead of Minikahda.

MODERN EQUIPMENT IN THE FAMILY

An old lady was carefully brushing her woolly locks one morning in winter in the presence of her small grandson. As is usual, where the air is cold and crisp, her hair was bristling.

"Why, grandmother, what makes your hair stick out like that?" the small boy queried with wonder.

"Only the electricity that gets into my hair these cold days," she replied.

"Well, if we haven't the funniest family I ever saw! You've got electricity in your hair and ma has got gas in her stomach."

WELCOME WORDS TO WOMEN.

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over forty years' experience—a skilful and successful specialist in the diseases of women. Every letter has the most careful consideration and is regarded as *sacredly* confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment cures in the privacy of your home. His "Favorite Prescription" has cured hundreds of thousands of bad cases. It is the only medicine of its kind that is the product of a regularly graduated physician. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to Dr. R. V. Pierce, Buffalo, N. Y.,—take his advice and be well.

Mrs. R. D. Monfort, of Lebanon, Warren Co., O., writes: "I have received the 'Medical Adviser.' A crisp, new five dollar bill could not tempt me to part with it."

On receipt of 21 one-cent stamps, to pay cost of mailing *only*, we will send to any address a paper-bound copy of Dr. Pierce's great 1000-page book, "The Common Sense Medical Adviser." Or, for 31 stamps the same in cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

Pierce's Pleasant Pellets The Original LITTLE LIVER Pill, first put up by old Dr. R. V. Pierce over 40 years ago. **Much imitated, but never equaled.** Little pill, Little dose, but give great results in a curative way in all derangements of Stomach, Liver and Bowels.

MANY COUNTIES WANT STATE FARM

Those in the Running Include Salt Lake, Davis, Weber And Utah.

ALL SOILS TO BE ANALYZED

This is for the Purpose of Determining Quality and to Get the Very Best Results.

The matter of choosing a farm for the Central Utah experiment station, which is to be established by the state to work in agricultural products of the middle chain of counties, is approaching a definite shape. The bids of the counties concerned are now in, and it seems that the fight has become more general than was at first anticipated. The original intention of the legislature, as expressed in speeches explaining why different members voted for the new station, was to establish a farm where great numbers of people could see it in operation. The present farms are remote, and their work is only seen in published bulletins. This one, if established on a car line or railroad running out of Salt Lake, and in that vicinity, could be visited by all farmers who journey to the state capital, and would especially appeal to the crowds of semi-annual conference visitors,

SITES OFFERED.

However, the committee in charge of selecting a site, has found nearly all of the counties affected in the running for the farm. At first Davis and Salt Lake were the chief contestants. Then friends of the Agricultural college, fearing that its establishment too far south would tend to assist final consolidation of the University and the college, favored a farm as far north as possible. Weber county entered, and a second Davis county site near the Weber border was offered. Utah county came forward with sites at Pleasant Grove, at Spanish Fork canyon, at Provo and Lehi. The Davis county sites conform with the original intention of being near Salt Lake as they are on the line of the railroad, and easy to reach. The Salt Lake county site is more remote than the Davis county site on account of the lack of transportation facilities.

TO ANALYZE SOILS.

But independent of sites, a question of great concern to the Agricultural college experimenters who will conduct the farm, is the soil, and for this reason the question of a farm is being held open pending analysis of soils from the sites offered. At a meeting yesterday of the committee, at which William Spry, John A. McAllister, W. D. Candland, Geo. C. Whitmore, John A. Widtsoe and Prof. Yoder of the Agricultural college were present, sub-committees were organized to visit the different sites and secure soils for analysis at once. These will be forwarded to the Agricultural college where the work will be done, and then the question of a site will be up for final settlement.

LEAVE FOR SAMPLES.

Messrs. Candland and McAllister left this morning for Davis and Weber counties to secure the samples, and tomorrow morning Messrs. Spry and Whitmore will visit Pleasant Grove and Spanish Fork for the same purpose.

Upon hearing the report of the chemist on the soils the special committee will render its report to the general committee, which is comprised of the Agricultural college trustees and the general land board.

Engineer A. P. Doremus appeared at the meeting yesterday and guaranteed for the Davis county sites the one second-foot of water pledges for all sites.

ONE VOTE IN QUESTION.

There is a question as to one vote on the general committee—that of the director of the experiment station, who secures his place ex-officio. Dr. Widtsoe, who has recently resigned, holds his place till Sept. 1, when the new school year begins, but the actual work of the station is now in the hands of Dr. Yoder, who is appointed for next year. Should the voting occur before Sept. 1, Dr. Widtsoe would be apparently the legally qualified person to cast it. However, as he and Dr. Yoder are understood to be amicably disposed towards each other on the matter, no trouble is anticipated.

Have you heart trouble?

You have, if you find it hard to breathe after walking up stairs, exercising, etc. If you have pain in your left side, in chest, back or shoulder. If you suffer from cold extremities, pale face, blue lips, dry cough, swollen ankles.

If you have fainting spells, breast pang, palpitation, redness of the face, discomfort in sleeping on one side.

The only scientific treatment for this whole train of troubles is Dr. Miles' New Heart Cure.

Dr. Miles' New Heart Cure is the prescription of a famous specialist, whose great success in treating obstinate nervous heart disease has made his name pre-eminent in the medical and scientific world.

The medicine will cure you. We know it. We want you to prove it. If first bottle does not benefit, your druggist will give you back your money.

"I have for several years suffered at times with heart trouble. I got so bad I could not sleep half the night, and had to sit up on the side of the bed lots of times to get breath. Three of my brothers have died of heart trouble, and I thought I was going the same way, but about two and a half years ago I got a pamphlet about Dr. Miles' New Heart Cure and thought I would try a few bottles. After using them I recovered, and have had better health since then than before for several years. I can heartily recommend them for heart trouble."—REV. JERRY HURT, Pastor Baptist Church, Hurt, Kans.
