

ISLANDS ARE NO  
GOOD ANYHOW.

United States Not Anxious to Keep  
Those Lying Off Coast of  
Borneo.

## GEN. WOOD WILL SETTLE CASE.

Title to Them Will Finally Be Fixed  
By a Treaty with Great  
Britain.

London, Feb. 2.—Ernest Birch, governor of British North Borneo, who has arrived here, says that Gen. Leonard Wood, while recently at Sanhakah, capital of North Borneo, informed him that the question of the ownership of the islands off the coast of British North Borneo, over which a United States vessel had hoisted the American flag, would be amicably settled, as there was no strong desire on the part of the Americans to keep them.

## WOOD AUTHORIZED TO ACT.

Washington, Feb. 2.—Investigation here shows that Gen. Wood was fully authorized to make the statement attributed to him relative to an amicable settlement of the ownership of the islands off the coast of Borneo. The issue as to the ownership of these islands was made by the dispatch to those waters by Admiral Evans of the gunboat Quilos, which hoisted the United States flag on some of the islands. They are said here to be practically worthless, but fearing that the sultan of Joho might undertake to bestow them on some other nation, the question was placed in the hands of Gen. Wood with the single understanding that the islands are to be declared part of either the British or the American possessions. It is presumed that Gen. Wood will report to Washington in accordance with his statement to the governor of North Borneo, and that the question of title will be finally settled by a treaty or agreement between the United States and Great Britain.

## GOV. HERRICK'S AMBITION.

It Does Not Extend Beyond Serving His Own State.

Columbus, O., Feb. 2.—"Gov. Herrick," said Col. W. J. Orr of Plaquemine, Ohio, while chatting with the executive, "is Ohio going to demand your acceptance of second place on the national ticket this year?"

Herrick's reply "was quick and decisive. I think not. Ohio knows that I am not ambitious beyond serving my state. I sincerely trust that I may not be embarrassed by my friends."

## MR. ELWOOD CAUTIONED.

Must Not Preach Sermons Favoring Lynching.

Wilmington, Del., Feb. 2.—Rev. Robert A. Elwood, pastor of Olivet Presbyterian church of this city, who was sent today by the New Castle Presbytery on charges growing out of the sermon entitled, "Should the Murderer of Miss Helen Bishop be Lynched?" preached by him the day before George White, the negro murderer of Miss Bishop, was burned at the stake, was found guilty tonight on three of the six specifications presented against him. A committee of five was appointed to fix punishment, and at a late hour tonight the committee recommended that Rev. Mr. Elwood be cautioned to be more careful in the future. The Presbytery accepted the recommendation and adjourned.

## Will Renew Revolution.

Vienna, Feb. 2.—A dispatch received here from Sofia, Bulgaria, says the chiefs of the Macedonian revolutionary organization in the interior have sent out circulars to the members of the organization ordering a renewal of the insurrection.

GIVE YOUR STOMACH  
A NICE VACATION.

Don't Do It By Starving It Either—  
Let a Substitute Do  
The Work.

The old adage, "All work and no play makes Jack a dull boy," applies just as well to the stomach, one of the most important organs of the human system, as it does to the man, himself. If your stomach is worn out and rebels against being further taxed beyond its limit, the only sensible thing you can do is to give it a rest. Employ a substitute for a short time and see if it will do more than repay you in results.

Stuart's Dyspepsia Tablets are a willing and most efficient substitute. They themselves digest every bit of food in the stomach in just the same way that the stomach itself would, were it well. They contain all the essential elements that the gastric juice and other digestive fluids of the stomach contain and do just the same work as the natural fluids would do, were the stomach well and sound. They, therefore, relieve the stomach, just as one workman relieves another, and permit it to rest and recuperate and regain its normal health and strength.

This "vacation" idea was suggested by the letter of a prominent lawyer in Chicago. Read what he says: "I was engaged in the most momentous undertaking of my life in bringing about the coalition of certain great interests that meant much to me as well as my clients. It was not the work of days, but of months. I was working night and day, when at a very critical moment my stomach went clear back on me. The undue mental strain brought it about and hurried up what would have happened later on."

"What I ate I had to literally force down, and that was a source of misery to me. My head ached, I was sluggish and began to lose my ambition to carry out my undertaking. It looked pretty gloomy for me and I confided my plight to one of my clients. He had been cured by Stuart's Dyspepsia Tablets and at once went down to a drug store and bought a box up to the office."

"I had not taken a quarter of that all the work my stomach ever did; and a rest or vacation was out of the question. I took a vacation. I kept right on taking the tablets and braced up and went ahead with my work with renewed vigor, at least as much as I ever did, and carried out that undertaking to a successful issue. I feel that I have Stuart's Dyspepsia Tablets to thank for saving me the handsomest vacation I ever received as well as my reputation and last, but not least, my stomach."

Stuart's Dyspepsia Tablets are for sale by all druggists at 50 cents a box.

SHAW TO CALL  
FOR \$30,000,000.

Will be Made in Anticipation of  
Early Ratification of the  
Panama Treaty.

## ABOUT THE MIDDLE OF FEB'Y.

National Bank Depositories to be  
Asked for About 20 Per Cent of  
Government Funds.

Washington, Feb. 2.—It is the general expectation in administration circles that the Panama treaty will be ratified about the middle of the present month, and in anticipation of that event Secy. Shaw soon will take steps looking to a recall of a portion of the public funds now in the hands of the national bank depositories.

Just what percentage of these public deposits will be called for has not yet been definitely determined, but there is reason to believe that it will approximate 20 per cent, or \$30,000,000.

The exact time when the call will be made, of course, is not yet settled, in view of the uncertainty as to the date of the ratification of the treaty, but notice to the banks in all probability will be sent out as soon as possible after that date. No actual payments, however, are likely to be made for at least a month after the ratification, as it is expected that much time in which to adjust and settle the several small claims against the canal property held in Colombia and France, which this government will see are liquidated and the liens discharged, at least before all of the \$30,000,000 is paid.

Secy. Shaw declines to discuss the details of his plan of payment beyond saying that the matter has been practically arranged in a manner which insures the money market against disturbance. In fact, it is believed that the total payments growing out of the canal purchase will be made without sending abroad any actual cash whatever.

## Suicided at a Dance.

St. Louis, Feb. 2.—While his daughter's guests were being introduced at a dancing party at his home, Henry Hagemeier committed suicide in an adjoining room by taking carbolic acid. Hagemeier had been enjoying the festivities for a time and then suddenly stepped into a vacant room and swallowed the acid. His groans led to the discovery and the party came to an abrupt termination. He died shortly afterward. It is believed the death of his young son, who was accidentally shot two years ago, and business troubles preying upon his mind, led to the deed.

## Hereros Give Up Siege.

Berlin, Feb. 2.—A cablegram has been received here from the commander of the German garrison at Halobit, last reported at Swakopmund, German Southwest Africa, saying that the Hereros tribesmen have abandoned the siege of Otjimbingwe.

## Trusts Can't Administer Estates.

Columbus, O., Feb. 2.—The supreme court today declared unconstitutional the law permitting trust companies to administer estates.

## A LOVERS' TRAGEDY.

Couple Married Only Last Week  
Commit Suicide.

Saginaw, Mich., Feb. 2.—The wedding here last week of Corporal Charles A. Valla of the Twenty-sixth United States Infantry, and Mabel H. Stein, had a tragic ending today when the young couple took poison in a rooming house. Mrs. Valla is dead and her husband is in a critical condition. The match met with disapproval by the parents of the young couple. They left a letter saying that their parents had turned them out and they had no place to go and decided to die together.

## A Big Strike Averted.

Chicago, Feb. 2.—Elimination of business agents and other union officials in deliberations between employer and labor for the readjustment of wages, it is alleged, has averted a general strike and lockout of 1,200 members of the Paint Workers' union of Chicago. Instead of dealing with the labor leader, the proprietors of the paint factories of the city, members of the National Paint Manufacturers' association, submitted their case of justice of 12 actual workmen from each factory, after a preliminary agreement practically satisfactory to both sides has been submitted to the manufacturers' association by the union, based upon reports made by the labor shop committee. It is said, will be accepted by the employers, to whom is left the "open shop" and the question of settling the wage scale.

## CRIPPLE CREEK PRISONERS.

They Are All Turned Over to  
The Civil Authorities.

Cripple Creek, Colo., Feb. 2.—All the prisoners in the bull pen were delivered to the civil authorities today. John M. Glover, former Congressman from Missouri, was arraigned before Judge Robert Lewis, in the district court on a charge of having attempted to kill Sergt. Dittmore and Smith on Dec. 29 last. He pleaded not guilty and was released under a \$600 bond. Sherman Parker, a leader of the Western Federation of Miners, who has been repeatedly rearrested by the military, after furnishing bonds on the various charges filed against him, was released by the court on bonds for \$15,000. Stephen Adams, W. F. Davis, Charles Kennison, Thomas Foster and Charles McKinney, charged by the military with having caused the explosion at the Vindicator mine, by which two men were killed, and with having plotted to wreck a train on the Florence & Cripple Creek railroad, will be tried at the term of court. They have been confined in the bull pen for more than two months.

The court today set the misdemeanor cases against Adjt.-Gen. Sherman M. Bell, Brig.-Gen. John Chas. Col. Edward Verdeckberg and Maj. Thomas E. McClelland, who are charged with wrongful arrest and false imprisonment for trial on Tuesday of next week.

third thief to open the cash register. Only when she had been struck several times and a revolver pressed against her head did the cashier give up. The delay caused by her struggle frightened the trio and they fled after securing only the money in the register, amounting to about \$90. Over \$200 in bills had been placed on the desk near by, but had been swept to the floor by Miss Sumner, where it was found after the robbery. Miss Sumner notified the police of the robbery by telephone and when they arrived was assisting in caring for several of the girls who were hysterical from fright.

## SURRENDER OF MANILA.

Archbishop Nozaleda Played an  
Important Part in It.

Madrid, Feb. 2.—The Heraldic publication documents relating to the capitulation of Manila to the forces of the United States in 1898 which are intended to prove that Monsignor Nozaleda, who was then archbishop of Manila as well as president of the Manila defense committee, received a visit on the eve of the capitulation from a chaplain attached to the American army, and this in spite of a decree issued by the Spanish captain general of the Philippines threatening any person who had relations with the enemy with court martial.

Monsignor Nozaleda was appointed to be archbishop of Valencia, Spain, from Rome after his return home from the Philippines. This appointment aroused great opposition in Spain on the ground that his attitude toward the Americans before and after the surrender of Manila savored of disloyalty to his own country. The matter has been discussed in the Spanish chamber of deputies, where Premier Maura recently declared that Monsignor Nozaleda would go to Valencia even if it were necessary to send an escort of troops with him.

## To Identify Unknown Bodies.

Paris, Feb. 2.—M. Bertillon has devised a new method for the better identification of unknown bodies taken to the morgue. The fact that photographs of dead persons do not always well portray that person as he appeared when alive created difficulties. These M. Bertillon overcame by the injection of glycerine into the eyes of the body, whereupon the lids open, and eyes become lifelike. The lips reddened and the whole face seems to revive, making it possible to take a photograph resembling the person before death.

## A YACHTING QUARREL.

Skipper Harris of the Roamer  
Causes Arrest of G. B. Campbell.

New York, Feb. 3.—George B. Campbell, son of the late Col. T. C. Campbell, of Ohio, has been arrested on complaint of Charles E. Harris, who was skipper of the yacht Roamer which was wrecked on a desolate island in the Bahamas last December. The Campbells were cruising in southern waters in an effort to restore the colonel's health but extensive incident to the destruction of the yacht caused his death.
