

COULD SECURE COAST TERMINAL

San Francisco Examiner Sets Forth
The Latest Move.

BETWEEN 60 AND 70 BLOCKS

Will Cost \$2,000,000 to Put the Latest
San Francisco Freight Terminal
Into Shape.

San Francisco, March 2.—If there was ever a doubt that the San Francisco Terminal Railway and Ferry Company, and the Stockton and Berkeley Ferry Railway company from the Pacific coast connection of another transcontinental railway system, says the Examiner, it has been dispelled by the consummation of the greatest deal they have yet attempted.

Representatives of the two corporations have just acquired a freight terminal in San Francisco at a cost of \$1,000,000, which will provide greater facilities than either the Santa Fe or the Southern Pacific controls. The terminal is located in the Potrero, just north of La Grange Creek, and comprises between 60 and 70 full blocks, containing more than 75 acres.

The great part of this property is submerged by the tides and it will require an expenditure of \$2,000,000 to improve it, but the projectors of the enterprise are ready to proceed with the work.

It is the general belief in railroad circles that George Gould is furnishing the financial backing and that the new road will form the western connection of his system, which now extends to Ogden.

6,000 IN TWO WEEKS.

Number of Colonists Going to California on New Rate.

San Francisco, March 2.—The Southern Pacific's colonist rates from eastern points, started Feb. 15 and are to continue until June 1, attracted about 4,500 persons to California the first week, ending Feb. 21, and the second week, ending Feb. 28, shows other large ingress of colonists, no less than 2,022 persons coming into the state on the new reduced rates made to encourage the settlers.

MOFFAT OFFICES HERE.

Headquarters of New Road to be Opened Up in Salt Lake Soon.

For some time past there have been rumors in Salt Lake to the effect that the Moffat road will shortly open up offices in Salt Lake when work will be commenced at this end of the line by the surveyors.

It is now stated that David H. Moffat will be in Salt Lake in the near future and following his visit offices will be secured here in one of the large downtown buildings. In substantiation of this report a certain local engineer has returned from Denver with the statement that he looks for such a move to be taken next month. While he does not care to be quoted in the matter he professes to be waiting here in Salt Lake with the understanding that he will go to work for the road as soon as the plans are completed. "I received assurances," he declares, "while in Denver that offices would shortly be opened in Salt Lake, when an engineering would be put in charge and a force of surveyors engaged for the work."

HEAVY TRAVEL.

Rio Grande Gives Promise of Breaking All Previous Records.

The local ticket office of the Rio Grande this morning was crowded to the doors with tourists on their way home from California. Last year was a bumper year for the passenger business, in fact it beat all previous years in the history of the Santa Fe route. This year, however, there is every indication that that record will be broken in the month of January the sales in Salt Lake alone exceeded those of last year by fully \$3,000, a state of affairs that must be exceedingly gratifying to Traffic Manager Babcock. General Agent Benton and his able corps of assistants.

SPICE AND RAIL.

The business and mining men of Sumpter, Ore., complain of the freight rates charged by the Sumpter Valley railway, between Sumpter and Baker City. An effort is being made to get the management of the road to grant them a reduction in the existing tariffs.

Considerable speculation has been aroused regarding the incorporation in Denver of the Utah Fuel company with a capitalization of \$10,000,000 yesterday afternoon. The dispatch announcing the move states that the company will develop coal properties along the Moffat road.

Mal. S. K. Hooper, general passenger agent for the Denver & Rio Grande, has been presented with a handsome gold watch by the members of the Rocky Mountain Hotelmen's association.

The private car of General Manager Hancock is to undergo a thorough overhauling prior to its being turned over to General Superintendent E. E. Calvin upon the arrival of Mr. Hancock's new car from the Pullman shops.

Granville T. Holt of the Oregon Short Line accounting department was last Saturday married to Miss Pearl Dunlop of Butte, Mont. The wedding occurred at the home of the bride, after which the couple started on a bridal trip east.

HOLDUP LAST NIGHT.

First One Since Shooting of Footpad Several Weeks Ago.

The first holdup since Officer Horace Heath shot and killed a robber here several weeks ago, occurred last night at 11 o'clock, with John Risher, of 24 West Second South, as the victim.

He was walking along Fourth West street, in front of the gas works, when halted by two armed and masked men, and ordered to throw up his hands. He did not hesitate long in obeying the command. The men then approached and rudely went through his pockets, taking a number of articles, including a watch. After examining the latter they returned it to him and advised him to make himself scarce from the place. The robber then disappeared going along Fourth West street. Risher immediately notified the police and gave a fairly good description of the men.

A Remarkable Case.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I run down in weight from 145 to 92 pounds. I tried a number of remedies but to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Z. C. M. I. Drug Store, 112-114 Main Street.

M'TERNAY WINS.

Restraining Order Against J. R. Walker Estate is Made Permanent.

In the injunction suit brought by James McTernay, proprietor of the Onyx Bank saloon, against Joseph R. Walker, ex-administrator of the will of J. R. Walker, deceased, Judge Hall today rendered a decision in favor of plaintiff and ordered the temporary restraining order, heretofore issued, to be made permanent. The action was brought to restrain defendants from constructing a partition at the rear entrance to the saloon and thereby closing that entrance and also the passageway to the second floor of the building.

In their answer, defendants alleged that plaintiff had allowed the hallway leading to and from the rear entrance of the saloon to be a gathering place for drunken men and women and hence the place had become a nuisance to other tenants of the building, therefore they decided to build a partition and close the door entirely.

They were restrained from carrying out their intention, however, by the issuance of a temporary injunction, which was today made permanent by Judge Hall.

Federal Petit Jurors.

The following list of petit jurors was today drawn for the session of the federal court, which opens in Ogden at 1 o'clock Monday morning: Wm. Craig, Wm. Giddings, O. M. Runyan, Wm. M. Raymond, L. N. Spargo, all of Ogden.

Brown and Bradley Again.

District Atty. Elmore today filed information in the district court against Arthur Brown and Mrs. Annie M. Bradley charging them with adultery, they having been bound over to the district court on that charge by Judge Diehl.

A REBUKE TO HOUSE EMPLOYEES

Rep. White Says They Are Too
"Fresh" on Advice Question.

KILL CAHOON'S LIQUOR BILL

Favorable Report on the Much Discussed Kindergarten Measure—
Work is Now Being Pushed.

At the conclusion of yesterday afternoon's session of the house, Senate Bill No. 102, requiring the sheriff to serve processes out of city courts, which was up for reconsideration, was passed. The measure affected only Salt Lake City, and yet a country member moved to strike out the enacting clause. When the situation was explained the motion was withdrawn. The measure is intended to restrain certain collection agencies in their practice of employing constables to serve their papers.

House Bill No. 113, by Done (by request), amending the statutes with reference to salaries of county officers, increasing the salary of county surveyor, was reported adversely from the committee room.

EMPLOYEES' ADVICE.

Representative White complained that some employees of the house were very energetic in giving members of the house advice as to how they should vote on certain measures. "I desire to present this activity," continued Mr. White, "and to say that should the members desire advice, the employees should at least wait until they are approached in the matter. I do not desire to give names now, but I am prepared to do so later on if necessary."

Representative Stewart. We are ready to look into this matter right now.

The matter was dropped here and consideration of the bill effecting county surveyors' salaries was resumed, the enacting clause having been stricken out.

House Bill No. 111, Cahoon's liquor bill, was made a special order for 3 o'clock and that time having been reached the measure was taken up, it having been amended and favorably reported from the committee on manufactures and commerce.

FATE OF CAHOON'S LIQUOR BILL.

The most important bill that was killed in the house yesterday was Representative Cahoon's liquor bill above mentioned. A previous measure had been withdrawn and this new one embracing the best features of the other had been introduced in its place and the supposition was it would carry.

When Representative Cahoon saw how the vote was going he changed his mind and was not to be expected to move today for a reconsideration. There being nine absentees it is still possible for the measure to pass.

Representative White made the first speech in favor of the bill and supported its local provisions and denounced the opening of saloons on Sundays. Representative Cahoon, who admitted that he was a saloon keeper, was fair play for all, no special privileges to any. Representative Evans and Stewart opposed it and after a few desultory remarks on the part of several others, it was lost for the time being by a vote of 22 to 14. It requires 23 votes to carry this or any other measure.

THESE WERE PASSED.

The following bills were passed: House Bill No. 125, by Done (by request)—Substitute for house bill No. 34, providing that copies of notaries' commissions shall be filed with district clerks.

House Bill No. 130, by Morris—Allowing the court clerk to appoint a day for settlement of accounts in probate matters.

House Bill No. 60, by Gardner—Providing for experiment farms.

The house concurred in the senate amendments to the Barrett pharmacy bill.

CONDON'S NEW BILL.

Dr. Condon introduced a new bill. It was numbered 117 and provides for a poultry commission. It was referred to the committee on live stock.

The board is to consist of three members and is designed to foster the poultry industry. An appropriation of \$1,000 is made for prizes at exhibitions to be held annually in at least four different parts of the state. The board is required to issue bulletins containing useful information for poultry-raisers every three months.

MORE BUSINESS—LESS TALK.

The house is making a desperate effort to get some business done and to curtail debate, so yesterday it adopted a resolution unanimously, limiting debate to five minutes in opening and closing and two minutes at other times. This action will be well received by everybody.

IN FAVOR OF KINDERGARTEN BILL.

The house committee on education yesterday afternoon voted to recommend the passage of the kindergarten bill. Representative Fishburn was the only member of the committee who was opposed to it and he will probably carry his fight to the floor of the house, but inasmuch as debate is now limited to five minutes on such a matter he can't do much damage. A committee consisting of Messrs. Simon Hammer, J. M. Durr, H. A. Young, L. H. Coray, Ida Straub Dusenberry, S. J. Clawson, W. A. Benson, E. E. Shepard and Clark of Farmington, and Miss Mary C. May, were present and discussed the bill in favor of it. They think they have a majority in favor of it.

Representative White's bill, 112, requiring a residence in the state for admission to the bar was killed by having the enacting clause stricken out, and a like fate befell No. 81, by Cahoon, exempting a number of professions from the law.

No. 75, by Hamilton, relating to tax receipts.

The house adjourned until 10 o'clock this morning.

Salt Lake's last night had the pleasure of greeting the theatrical performance which has more than any other of recent years, stirred the pulses of the world of theater lovers, achieved the high water-mark in the records of prosperity, and landed its author on the top wave of popularity. It has been vouchsafed to five American plays to set stand old London afire night after night for an entire season, to have the Prince of Wales lead the applause, to have a dozen or more foreign actors of the best class see for permission to translate and render it at their own theaters, and returning home, to have managers all over the land offer their houses at any time and on any terms for the privilege of securing it. All this has happened to the play of "Sherlock Holmes," and no one who delights in the survival of good, strong, clean, drama, pulsating with intensity, presented with a cast little short of ideal, and with every surrounding of the highest sort that money, good taste and long experience can procure—will do ought but to join in the general acclaim "Gives us the names now," requested Representative Stewart. We are ready to look into this matter right now.

Representative White's bill, 112, requiring a residence in the state for admission to the bar was killed by having the enacting clause stricken out, and a like fate befell No. 81, by Cahoon, exempting a number of professions from the law.

No. 75, by Hamilton, relating to tax receipts.

The house adjourned until 10 o'clock this morning.

AMUSEMENTS.

Salt Lake's last night had the pleasure of greeting the theatrical performance which has more than any other of recent years, stirred the pulses of the world of theater lovers, achieved the high water-mark in the records of prosperity, and landed its author on the top wave of popularity. It has been vouchsafed to five American plays to set stand old London afire night after night for an entire season, to have the Prince of Wales lead the applause, to have a dozen or more foreign actors of the best class see for permission to translate and render it at their own theaters, and returning home, to have managers all over the land offer their houses at any time and on any terms for the privilege of securing it. All this has happened to the play of "Sherlock Holmes," and no one who delights in the survival of good, strong, clean, drama, pulsating with intensity, presented with a cast little short of ideal, and with every surrounding of the highest sort that money, good taste and long experience can procure—will do ought but to join in the general acclaim "Gives us the names now," requested Representative Stewart. We are ready to look into this matter right now.

The matter was dropped here and consideration of the bill effecting county surveyors' salaries was resumed, the enacting clause having been stricken out.

House Bill No. 111, Cahoon's liquor bill, was made a special order for 3 o'clock and that time having been reached the measure was taken up, it having been amended and favorably reported from the committee on manufactures and commerce.

FATE OF CAHOON'S LIQUOR BILL.

The most important bill that was killed in the house yesterday was Representative Cahoon's liquor bill above mentioned. A previous measure had been withdrawn and this new one embracing the best features of the other had been introduced in its place and the supposition was it would carry.

When Representative Cahoon saw how the vote was going he changed his mind and was not to be expected to move today for a reconsideration. There being nine absentees it is still possible for
