

MEETING OF STOCKHOLDERS OF Z. C. M. I.

A MOST EXCELLENT SHOWING. THE INSTITUTION IN A DECIDEDLY HEALTHY CONDITION.

At 2 o'clock this afternoon the Stockholders of Z. C. M. I. assembled in the Council Room of this city, for the purpose of hearing the Directors' Report for the half year, and electing officers for the ensuing twelve months. The President's 27th Semi-annual Report, although brief, was full of facts and interest to the Stockholders. The Superintendent's and Secretary's and Treasurer's Reports were adopted by the President, and formed a portion of his report to the Stockholders.

The reports show that the Institution is in a very healthy condition, and under its present able management has accomplished a great amount of good to the Territory at large.

The officers of the Institution, finding the former times of taking an account of stock were rather inconvenient, mentioned the matter to the Directors, who, after due consideration, determined to change them from February the 28th, and August the 31st, of each year to January the 31st and July the 31st, of each year; consequently, as the last account of stock was taken on the 28th of February of this year, and the stock-taking now under consideration having been done on the 31st of July last, the reports presented were but for the period of five months; namely from the 28th of February to the 31st of July. Hereafter the reports, of course, will embrace the full six months.

We gather from the proceedings at the meeting and the reports, that the profits realized for the five months were \$88,457.48. During the five months the merchandise purchased by the Institution aggregated \$1,326,500.84, upon which was paid to express and freight companies for freight \$177,933—the sales having aggregated \$1,573,095.

A dividend was declared of 5 per cent on the capital stock, deducting a sum sufficient to pay this dividend from profits made leaves a balance of \$33,877.87, which was ordered credited to the reserve fund. When this sum is added to the reserve already on hand it will swell that fund to the handsome figure of \$381,213.10.

At the conclusion of the reading of the reports, which were unanimously adopted by the stockholders, an election of officers and directors was held. A very full vote was cast, resulting in the re-election of the old officers and directors.

The Sanpete "Appointees."—In Sanpete County, J. Johnson, appointee of the Governor to the Probate Judgeship, and to the office of Justice of the Peace of Spring City Precinct; Mr. Page, appointee to the office of County Clerk, and John Waldemar, appointee to the office of Constable, lately appeared before the genuine Probate Judge and tendered their official bonds. Judge J. A. Allred declined to act in the matter on the ground that he was unable to perceive that any vacancies existed in any of the offices in question, so they went away sorrowful.

In addition to the offer of his bonds Mr. Johnson made a formal request that certain property of the county be handed over to him. Of course this was not complied with.

It appears that Mr. Johnson is a sort of double appointee of Mr. Murray's, and it is a somewhat singular fact that the right incumbent of the secondary office, Lauritz Larsen, Justice of the Peace for Spring City Precinct, was commissioned to hold until August, 1883, nearly one year of his term remaining unexpired. The Governor is not only going into the wholesale business of "appointing" men to offices that are not vacant, but is going back on his own commissions.

The New Volume.—The contents of the first number of the fourth volume of the Contributor are before us as follows:

A Supposed Nihilist.—Yesterday afternoon, Kasekoff, whose name is otherwise unknown, was tried under the statute, on a charge of stealing two pistols and a watch. Justice Spiers found him guilty as charged, and imposed a fine of \$150 and costs.

The Court asked him whether Kasekoff was his real name, to which he answered in the negative. On being asked what his genuine name was he replied, in effect, that he had not divulged that to anybody and did not intend to, having private reasons for taking that course. The apparent impression he desired to convey was that he was a pronounced Nihilist who had been forced to leave the Russian Empire for the good of the reigning dynasty. He is young man of fair complexion, medium height and build, speaks fair English and appears to be pretty well educated. He will pay his fine in work, to which he manifests a very pronounced objection.

We would not be without it in our large livery for thousands of dollars. We pronounce it one of the greatest discoveries of the age. It stands without a peer in horse liniment." See advt. d & w.
