

TEACHERS GET COLD COMFORT

Are Informed That There Can be
No Legal Special Tax Levy.

A HEART TO HEART TALK.

Learn That Land and Property Valuations Are Already High for Assessment Purposes.

The committee from the Salt Lake Teachers' association called upon the county commissioners today in regard to the levy, by the commissioners, of a special tax for city school purposes. Chairman Anderson was the only commissioner present and he informed the members of the committee that the commission could not legally make such a levy, that the law does not authorize them to do so. In regard to the low valuations on the assessment rolls of the county, Mr. Anderson stated that 90 per cent of this county is assessed at real property at about 10 per cent of its value, which is as high a valuation as could possibly be placed upon them. It is a well known fact that this county valuation is the lowest in the state and that the proportion of funds for the city schools will thereby be increased quite a sum, even without increasing the levy.

BOUNTY LAW CHARGES.

State Auditor Tingey Notifying County Auditors of Them.

State Auditor Tingey is today mailing notices to the county auditors of the state in regard to the changes in the new bounty act. The notices are as follows:

Dear Sir—The last Legislature amended chapter 137, laws of 1931, known as the state bounty law, making the following changes:

Section 1, as amended, increases the bounty to be paid on coyotes from \$1 to \$1.50. Bounties on all other animals enumerated in the act remain as formerly.

Sec. 2, as amended, provides that persons desiring to claim the bounty provided in this act, shall within 90 days from the date of killing, exhibit the scalp, etc., to the clerk of any county within the state and make affidavit that the animal was killed within the State of Utah, and within 90 days prior to date of affidavit.

Sec. 4 is amended to correspond with the above changes.

A clause has been added to section 5 which provides that the certificates issued by county clerks may be properly assigned to and presented to the county treasurer of any county whose duty it shall be to pay said certificates out of the general fund of the county, upon presentation, and shall transmit them to the state auditor for payment by the state, as often as the treasurer may deem necessary.

Ten thousand dollars is annually appropriated to carry out the provisions of the act.

The amendments go into effect May 16, 1933, and the appropriation becomes available on that date.

All certificates issued prior to the above date must be drawn under the old law.

On May 10, 1933, funds will be available to meet all certificates drawn since Jan. 1, 1933.

Yours truly,
CHAS. S. TINGEY,
State Auditor.

THE COUNTY SCHOOLS.

Two Closed on Account of Diphtheria And Smallpox.

County Superintendent of Schools Ashton reports that the Central school at Sugar is closed this week on account of diphtheria. The Herriman school closed last week for the term on account of smallpox. The school will close this week owing to the lack of funds. The Mountain Dell school has opened up for the summer.

INJURIES PROVED FATAL.

Death Ends the Sufferings of J. M. Wilbert, the Pocatello Switchman.

J. M. Wilbert, the switchman who was run over at Pocatello Sunday night, sustaining a compound comminuted fracture of both thighs, died at St. Mark's hospital last night after hovering between life and death for nearly 72 hours. From the very first his recovery was doubtful, so much so, that the court took a hand and took witness that was done for him, death finally ensued after a period of intense suffering. His remains were taken in charge by Undertaker S. D. Evans, who now awaits word from relatives as to their disposition.

DEAF AS A POST.

Defendant in Federal Court Case Couldn't Hear Questions Asked.

The hearing of the cause of the Toltec Ranch Co. vs. William Johnson et al., in the federal court this morning, was productive of considerable effort on the part of counsel for plaintiff in an endeavor to get William Johnson to hear the questions asked. Johnson, who is residing at present from his farm in Boxelder county, developed symptoms of decided deafness when awkward questions were asked, so much so, that the court took a hand and took witness that he was not so deaf as he might pretend to be.

Even this had no effect in restoring the faculties of the old rancher, neither was his memory improved. Eventually, upon the motion of Atty. Lindsay R. Rogers, for the plaintiff, the case was continued for the term at the cost of plaintiff.

NEW LABOR CONCERN.

Messrs. Ellerbeck and Critchlow Organizing the Inter-Mountain Bureau.

Messrs. T. R. Ellerbeck, president of the Citizens' Coal company and John Q. Critchlow, formerly cashier of John A. W. McCune's large enterprises in Peru, have just formed a partnership which will launch a business to be conducted on new and original lines. Their company will be known as the Inter-Mountain bureau, and its aim will be to furnish a sort of labor exchange, where people seeking work and those seeking employment may have their wants quickly satisfied, and where the busy employer especially may be saved a vast amount of time and trouble in

securing a superior class of help. The intention will be to keep a register of all who apply for position from a bell boy up to a bank cashier. They will also have a department for domestic help and will have skilled and unskilled labor classified. Their exchange, therefore, will be a common meeting place for employer and employee. Their idea has been submitted to a large number of business institutions, all of whom have pledged their support. They have filed up handsome offices in the Hooper block, and are now issuing a little booklet explaining the methods and advantages of the bureau. Mr. Critchlow will be the active manager of the concern.

CONDUCTOR SANDBAGGED.

Unfortunate Short Line Employee in Hospital for Harsh Treatment.

Conductor Moore of the Short Line, running out of Pocatello, was sandbagged Sunday night, and robbed of a watch and \$20. He was brought to this city and is in St. Mark's hospital for treatment. Moore is temporarily demoted.

THREE IN ONE.

Demand for Store Room Clearly Shown in Z. C. M. I. Removal.

The demand for store and office apartments is illustrated in the occupancy May 1, of the premises, 51-53 East Temple street, by three business concerns. Most of the store has been occupied by the Z. C. M. I. clothing department, which is now removing to the spacious quarters prepared for it in the main building, and on the removal, the store at 51-53 will be occupied by the music house of Carstensen & Anson, Jensen, the jeweler, and the Women's Co-op. Then the Z. C. M. I. shoe department is removing from 1-15 East Temple to the new quarters in the great Z. C. M. I. building. The building that was occupied by the shoe department is owned by the George Q. Cannon estate, and it is not decided yet whether to make the building over into an office building or to rent the whole for store purposes.

HIS SKULL FRACTURED.

Close Call for John H. Alexander, a Laborer.

There came near being a fatal accident at the Scott hardware building this morning. John H. Alexander, of 155 south Fifth West street, was employed as a laborer by Contractor Smith, who is tearing down the building, preparatory to excavation for the new structure to be erected by the Stevens-Peterson company, and while removing part of the roof, was precipitated to the floor below by the breaking of a joist, and a large piece of the joist fell after him. The fragment struck Alexander on the head, fracturing the front part of his skull. He was picked up unconscious, and sent to the Holy Cross hospital as quickly as an ambulance could be summoned. The sufferer is about 35 years old.

DR. POWERS BADLY INJURED

Prominent Ogden Man Steps Into Elevator Shaft in Logan Hotel.

(Special to the "News.")

Ogden, Utah, April 22.—The many friends of Dr. H. J. Powers of this city were much pained to learn that the gentleman had met with serious injuries as the result of accidentally stepping into an open elevator shaft in a Logan hotel. As a result of his fall he was rendered unconscious in which condition he remained for a long time. His family was notified and immediately started for Logan to render all aid and comfort possible to the injured man. Dr. Powers is a member of the city council from the Second ward, went to Logan Sunday night on business. Full particulars of the accident have not been obtained, but the last word received was to the effect that the doctor was doing as well as could be expected considering the nature of his injuries.

TO CURE A COLD IN ONE DAY

Take Laxative Bromo-Quinine Tablets. All drug stores refund the money if it fails to cure. E. W. Crowe's signature is on each box.

WARMEST DAY OF 1933.

Temperature Reached 74 Degrees at 1 o'clock This Afternoon.

This has been the warmest day of the year 1933. At an early hour this morning it was evident that the day would be good and warm. The temperature commenced to climb about after sunrise and maintained an upward tendency until 1 o'clock this afternoon when 74 degrees were reached. After that there was a slight decline, as the stock brokers say, but it was still so comfortable as to cause people to exclaim, "Summer has come at last."

THREATENING TO STRIKE.

Union Men at Pocatello Coercing the Non-Union Men.

(Special to the "News.")

Pocatello, Ida., April 22.—The union men are threatening to strike at noon, and are coercing the non-union employees in the boiler shop to join the union. Two union men drew the line and one was discharged and the other served notice that he would quit. But when they realized what it meant, they effected an adjustment and were retained in the service. A union speaker lectured on the Union Pacific strike last night, which may account for the agitation this morning.

Spring Humors

Come to most people and cause many troubles,—pimples, boils and other eruptions, besides loss of appetite, that tired feeling, fits of biliousness, indigestion and headache.

The sooner one gets rid of them the better, and the way to get rid of them and to build up the system that has suffered from them is to take

THE EIGHT TENTHS.

Eight tenths of the diseases of the kidneys, liver, bladder and blood are caused by the excess of uric acid in the system.

Uric acid is a blood enemy.

It impoverishes and poisons it.

Dr. David Kennedy's Favorite Remedy is called by physicians an enemy of uric acid. It is a blood maker, blood builder, blood cleanser and purifier.

Many physicians say: "It cures Bright's disease. We declare Dr. David Kennedy's Favorite Remedy to be a certain, absolute and permanent cure for all ailments of the kidneys, liver, bladder and blood, rheumatism, uric acid, constipation and the sicknesses so common among women."

It is no experiment. It is a cure. It is purely vegetable, thus absolutely harmless.

Try it. It will make you well.

Druggists sell it in New 50 Cent Size and the regular \$1.00 size bottles.

LATE LOCALS.

Troop A gives a social hop tonight at the armory.

Memorial exercises will be held in all the schools of the city on Friday, May 1, at 11:30 a. m., under the auspices of the G. A. R.

Alber Howell writes a friend in this city that 50 men have been dropped from his class. He remains, however, and maintains a good stand in his studies.

Former Assistant Business Manager Knapp of the Salt Lake Tribune is in town on business matters. He goes to Los Angeles on leaving Salt Lake.

State Superintendent of Schools Nelson will leave tonight for a visit to the State normal school at Cedar Rapids, Iowa, and will return on Sunday.

The directors of the Y. M. C. A. are meeting this afternoon, to discuss plans for the coming financial campaign during which they expect to raise \$50,000. It is not \$15,000 for the new building.

The mayor today approved a number of matters disposed of by the council on Monday night. Among them was the appropriation of \$200 to the Salt Lake and West canal belonging to the city.

There is a large call for tomato plants and pansies for immediate setting out. One local dealer says he has 50,000 pansies growing for him to place on the market.

Three cases of smallpox were reported to the board of health today and placed under quarantine. They are Myrtle Cowan, aged 14, 635 south Third West; Ida Barton, aged 23, 153 1/2 street.

Miss Edith M. Hale, daughter of Fred A. Hale of this city, and a junior at Saint Louis university, will be married in the last number of the Standard (the college periodical) entitled, "Alas Burke." Wally Young is the author of this paper.

George O. Noble, who was yesterday charged with insanity before County Judge James, has so far recovered his usual reason as to be able to stand trial.

The state flag now being made in the art department of Z. C. M. I. for the governor and his party to carry with them to Louisiana, is being made at the expense and under the direction of the Daughters of the Revolution. The flag is 57 1/2 inches in size, and is being decorated by Miss Agnes Teut, a doing the decorative needle work, assisted by Miss G. Larson.

It is ascertained that the attack on Brown is not the first time Hamilton has not been in the state penitentiary. He made a violent attack some time ago on a fellow prisoner named Hegstead, when although he was in the penitentiary, Hamilton turned on him and struck him, and was only knocked down and brought to terms.

The conductors of the street cars running on east South Temple street are having a real good time working around the new building, and the new building while the new track is being laid to State street. But the work of tracklaying is being prosecuted so rapidly that it is now morning evening both new tracks ought to be in running order. The concrete bed for the asphalt roadway is going down rapidly.

D. F. Stone, an alleged grafter, was arrested this morning by Sergeant Hempel and Officer Gatehouse on the charge of assault and battery. He was using abusive language. Stone was arrested some time ago for swindling a man out of \$25. On Sunday morning he mistook a stranger for the man who had caused his arrest, and without a moment's warning struck him on the face. He was intoxicated at the time and abused the officers roundly when they arrested him.

Alfred Best returned from Denver this morning, and reports the musical festival as a pronounced success, especially the organ recital part of it. Organist McClellan will be home tomorrow morning, having stopped on the way to take a Pike's Peak excursion. His friends hint that this was to get inspiration for the composition of a Pike's Peak Sunrise organ sonata, which the talented young musician will produce later in the season.

The R. M. Bell Telephone company is covering Idaho with its regular network of wires. General Manager Murray remarked today that there were over 1,200 telephones in the Snake river valley, including Pocatello, and the number is steadily increasing. There are 100 phones now in Rexburg and vicinity, 100 at Idaho Falls, 50 at Rigby, and so on. Mr. Murray expects that in the course of the year, northern Utah and Idaho will be literally covered with them.

COURT NOTES.

Jacob Will today filed suit in the district court for divorce against his wife, Elsie Will, on the ground of desertion. The parties were married in Germany Dec. 25, 1886, and it is alleged that defendant deserted her husband on April 15, 1932, and went to Pocatello to live.

In the case of the Bank of Commerce vs. Ed Korupkat, which was tried in Judge Stewart's court yesterday, the jury returned a verdict in favor of plaintiff for \$1,452.02. The action was brought to recover \$2,050.40, alleged to be due on an overdraft of Korupkat & Co., at the bank.

SHOPMEN GET INCREASE IN PAY

Both on Oregon Short Line and the Denver & Rio Grande.

ROCK ISLAND BUYS REALTY

Closes Option on Ten City Blocks on The Bay Front at Galveston—Harriman Coming.

O. S. L. ADVANCE ALSO.

J. F. Dunn, superintendent of motive power and machinery for the Oregon Short Line, has returned from Pocatello, where yesterday he had a final conference with the shop hands with the result that it was agreed that henceforth the machinists, boilermakers and blacksmiths, with their helpers, should receive two cents an hour additional pay. While nothing definite is forthcoming it is believed that the other employees of the shops will be remembered. The carmen presented a petition to Mr. Dunn through the usual channels of communication and were promised that the matter would be given careful consideration.

General Superintendent J. H. Young of the Rio Grande Western announces that he has received a dispatch from Manager Elson to the effect that on or about May 15 an advance of 2 cents an hour in the wages of all machinists, boilermakers, blacksmiths and helpers employed by the company will go into effect. A request for an advance of 2 cents an hour was made by the men some time ago, but was not acted upon at the time. The company now makes the increase of its own volition. The change will mean that there will be about \$29,000 additional cost distributed among the local merchants and property owners as the result of the raise in wages.

ROCK ISLAND MOVE.

Purchases Ten City Blocks on Galveston City Bay Front.

Galveston, Texas, April 22.—Ten city blocks on the bay front were sold today to the Rock Island railroad by the Galveston city company. The deal was consummated by General Attorney M. A. Loefer of the Rock Island, and the consideration, \$100,000 paid to Eugene Hawkins, secretary of the city company. The Rock Island held an option on these 10 blocks, which adjoin the southern Pacific docks in the southern part of the city, for 60 days, from Feb. 24. Whether the Rock Island is building its own line into Galveston or coming in over one of the roads now being considered, is not known. The purchase of the wharf property would indicate that the Rock Island will improve it for dock and establish independent terminals in this city.

Harriman Coming West.

Kansas City, April 21.—Edward H. Harriman left for California this morning on special train on the Union Pacific railroad, accompanied by Horace O. Hurt, president of the Union Pacific, and J. C. Knott, president of the Kansas City Southern railroad, and J. O. Brinkerhoff, superintendent of the Union Pacific railroad.

Dustless Track in Colorado.

For a long while the California main line tracks of the Santa Fe and a portion of that road's trackage in Arizona, have been practically dustless, much to the delight of transcontinental travelers. This desirable state of affairs was brought about by using crude oil from the inexhaustible abundance of California's wells.

It is now stated that a dust-laying crusade will be inaugurated this summer by the Santa Fe, its trackage extending between Pueblo and Denver. Boulder oil, hauled in special tank cars, will be used.

For the St. Louis Car.

Indications point that it will be necessary to put on an additional car through to St. Louis on the Short Line train leaving at 5:45 on Saturday evening. Among the St. Louis delegation that have secured space are: Gov. H. M. Wells and wife, Senators Kearns and Smoot and their wives, President Joseph F. Smith and wife, A. H. Lund and wife, and John Henry Smith, Gen. Burton, Col. John Q. Cannon and wife, Col. Neigh W. Clayton, Banner K. Smith, Col. Shelden, State Senators Hoyt Sherman and Willis Johnson, W. H. Shurtliff, Perry S. Heath and wife, Dr. E. S. Wright and wife.

SPIKE AND RAIL.

S. M. Shattuck, the Denver representative of the R. & O., is in Salt Lake.

The next meeting of the Transcontinental board will be held in Salt Lake.

Breath

Ceased During Fainting Spells.

Revived by Artificial Respiration.

Dr. Miles' Heart Cure Cured Wife.

Fainting spells are a sure indication of a weak heart. The heart cannot do the work required of it and stops beating. If it ceases for more than a minute death ensues. Weak hearts need aid from the outside, such as Dr. Miles' Heart Cure, alone can give. It is a heart tonic. It regulates the pulse, enriches the blood and improves the circulation.

"For two years my wife was in very poor health. Her first heart trouble was a great deal, then she had shortness of breath and irregularity of the periods. The pain in her back grew worse and extended to the connection of the spinal cord at the base of the brain and there to her heart. She had two very bad sinking spells, when the pain in her heart was most intense and her breath stopped. The second time we had to resort to artificial respiration to revive her. We were advised to give Dr. Miles' Heart Cure and I bought a bottle and began giving it as directed. We found the doses were too strong, so I gave her half-doses three times a day, and she began to improve. After she had taken two bottles the pains were all gone and she was feeling like a new woman. She continued the Heart Cure in small doses for several months and is now enjoying better health than for the past six years."—M. J. Thompson, Dept. County Clerk, Klamath Co., Cal.

CONSPICUOUS IN A BALLROOM.

Flakes of Dandruff on the Collar and Shoulders of a Gentleman in Full Dress.

This is the thing you quite frequently see in the ballroom—a man's black dresscoat literally covered with dandruff.

It must be annoying to the wearer, and certainly not a pleasant thing to observe. But dandruff can be eradicated. It is a germ disease that will some day cause baldness.

Newbro's Herpicide kills the hair-destroying germ, and stimulates the hair to a rich, abundant growth; it does more—keeps the hair soft and pliant.

Furthermore, Herpicide is a most pleasant toilet accessory: pleasing odor, and cooling to the scalp. Sold by leading druggists. Send 15c in stamps for sample to The Knutson Co., Detroit, Mich. For sale at Z. C. M. I. Drug Dept.

PERSONALS.

F. C. Glids, formerly a druggist in this city, and now a resident of New York, is a guest at the Knutson.

C. N. Struvell has gone to Omaha to meet his business partner, Mr. Peterson, who is expected to return with him.

Mr. and Mrs. C. M. Freed left on the train today for San Francisco to sail next week for China and continue their journey around the world.

Senator Kearns and David Keith have removed their offices from the Morlan building to the new Keith building on East Temple street.

Quill Nebeker has returned from Mexico where he went to look after a rubber enterprise. He expressed himself as highly satisfied with the prospects.

Attorney J. H. Ryckman has returned from Evanston, where he went on legal business, and leaves tonight for Green River and Cheyenne on a similar errand.

Bishop Leonard of the Episcopal church left last night for San Francisco to attend the conference of the western states Episcopacy. He will be absent one week.

Contractor G. F. Atkinson of Colorado Springs is a guest at the Kenyon. He is here to start operations at Fort Douglas where a fine new set of barracks are to be erected.

Mrs. J. R. Pierce of Denver is at the Wilson after seven weeks treatment at the Holy Cross hospital. She is now recovered, and will shortly return to Denver with her husband.

Clerks W. D. Rector and Fred L. Wood will alternate during the day time at the Wilson, with Misses Able Crager and Lulu Morgan as the cashiers. Miss Gertrude E. Louder, who had charge until recently of the news, stand at the Knutson, is now the cashier in the Wilson cafe.

Col. R. M. Bryce Thomas and wife, who have been recuperating in Salt Lake and vicinity for several months, leave tonight for their home in London. During their stay here Col. and Mrs. Thomas have made many friends who will regret their leaving at this time. However, they will hope to hear from them when they arrive at their journey's end, the great metropolis.

Ex-Gov. Rickards of Montana, who was chief executive there from 1893 to 1897, is a guest at the Wilson. Gov. Rickards is a big business trip to Salt Lake, which he has not visited before in three years. He says his state enters on the spring and summer season in a flourishing condition, with the prospect of a very good crop of wheat in good shape, and that the outlook for crops is highly encouraging. Gov. Rickards regards the coup d'etat of Senator Clark as a very important move for Salt Lake, for the southwestern part of this state, and southeastern Nevada. He predicts that settlements and new communities would spring up along the line of the new road, and become directly tributary to this city.
