

WAR AND CIRCUS IN CENTRAL AMERICA

Declaration of Former Between
Salvador and Nicaragua Post-
poned to Witness the Latter.

KNOX'S NOTE TO ESPINOSA.

Supposed to Contain Statement of the
Government's Attitude on Long
Standing Emery Claim.

San Francisco, March 18.—The steamship Acapulco brings news that the war between Salvador and Nicaragua was postponed for one day in order that the citizens of Acapulco might enjoy a circus which was billed to play in that town while the Acapulco was anchored in the harbor. When the vessel first arrived martial law had been declared and no one was permitted to land. But the circus came to town and in less than an hour the martial law was declared off so that the passengers might enjoy the performance during the short period he has been in the Acapulco report that the ships of the two warring states reported to have been engaged in battle have not been out of the harbors where they are stationed. They scout the idea that there will be any serious trouble in Central America. They assert that even in Central America John Molant is not seriously concerned.

KNOX TO ESPINOSA.

Washington, March 17.—Much interest is attached to the note which Secretary Knox yesterday dispatched to Senor Espinosa, the Nicaraguan minister. The note is supposed to contain a statement of the government's attitude on the Emery claim which the United States has been trying to have arbitrated for years.

Secretary Knox has been discussing the Central American situation with public men and with his congressional colleagues during the past week. The cause for the existence of which should be forever eradicated.

Whether the note to Mr. Espinosa contains any observations defining the government's position cannot be learned from any responsible source, although this would not be surprising in the present temper of the administration.

That the permanent establishment of peaceful conditions in Central America may be brought about by the United States and Mexico is the opinion held and the wish expressed by the large South American countries, according to a statement today of a prominent government official and a close student of Latin-American affairs. He declared that there had been a recent change of attitude in these countries toward the United States, an attitude which would not have been possible several years ago. He pointed out that the administration papers in Brazil, Argentina and other countries are favoring action by this government to remove the Central American republics to realize that the welfare of all the American republics demands that they remain in peace.

"SLASHER" AGAIN AT WORK.

New York, March 18.—Complaints which are reaching the police indicate that a "slasher" is again at work in New York. Several women have reported that their garments have been cut in the subway station at Forty-second street. All cases betray a striking similarity which makes it appear as if the work were being done by one man, using the same sharp knife. In most instances the garments cut have been women's coats, slashed a little to the left of the center of the back, about 12 inches from the bottom. One woman's handsome coat of broadcloth was badly mutilated in the subway yesterday morning. Two years ago a "slasher" did similar work and while detectives were put on the case the culprit was never captured.

Do Children Need Alcohol?

Ask your doctor how often he prescribes an alcoholic stimulant for children. He will probably say, "Very, very rarely." Ask him how often he prescribes a tonic for them. He will probably answer, "Very, very frequently." Then ask him about Ayer's non-alcoholic Sarsaparilla as a tonic for the young.

J. C. Ayer & Co., Lowell, Mass.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Ritcher.

The Kind You Have Always Bought

In Use For Over 30 Years.

THE CENTRAL COMPANY, 27 MURRAY STREET, NEW YORK CITY.

MORE PINKHAM CURES

Added to the Long List due
to This Famous Remedy.

Camden, N.J.—"It is with pleasure that I add my testimonial to your long list, hoping that it may induce others to avail themselves of this valuable medicine. Lydia E. Pinkham's Vegetable Compound. I suffered from terrible headaches, pain in my back and right side, was tired and nervous, and so weak I could hardly stand. Lydia E. Pinkham's Vegetable Compound restored me to health and it shall always have my praise."—Mrs. W. P. VALENTINE, 902 Lincoln Avenue, Camden, N. J.

Gardiner, Me.—"I was a great sufferer from a female disease. The doctor said I would have to go to the hospital for an operation, but Lydia E. Pinkham's Vegetable Compound completely cured me in three months."—Mrs. S. A. WILLIAMS, R. F. D. No. 14, Box 59, Gardiner, Me.

Because your case is a difficult one, doctors having done you no good, do not continue to suffer, but try giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has cured many cases of female ills, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pain, backache, that bearing-down feeling, indigestion, dizziness, nervous prostration. It costs but a trifle to try it, and the result is worth millions to many suffering women.

IS IT TRUE?

Hill Said to Have Risen Out of a
California Creek.

San Francisco, March 18.—A special from Woodland in this state, brings the news that a hill has risen out of the bed of the Cache creek in Capay valley. The course of the creek has been completely diverted and is now running several hundred yards out of its course. According to information brought from the Everett ranch, through which this portion of the creek flows where the channel took place, the formation of the hill was accompanied by two sharp explosions. The ranchers in the vicinity are much alarmed, as seven acres in the vicinity have dropped from 60 to 100 feet and the depression is rapidly filling with water from the creek.

How can a person risk taking some unknown cure when Foley's Kidney and Bladder Pills are so safe, so sure, and so effective? It is a safe remedy, contains no harmful drugs, and cures the most obstinate coughs and colds. Why experiment with your health? Insist upon having the genuine Foley's Kidney and Bladder Pills. J. Hill Drug Co., (The Never Substituted.)

CENSUS OF RELIGIOUS DENOMINATIONS IN PEKIN

Washington, March 18.—There are 11 or 12 Christian churches or temples in the city of Peking, according to a census of the religious denominations that municipality taken by order of the Chinese ministry of the Interior. The total of temples in the city with their inhabitants as shown by the census list: temples, 1,045; Buddhist priests, 1,455; Taoist priests, 133; nuns, 109; students, 954; servants 795 and lodgers, 15,445. In transmitting the information to the state department, Minister Rockhill says the number of Buddhist priests given does not, he thinks, include about 400 Mongol lamas of the Yang Ho King and those of the Sung Chu Shu, of whom there are about 100, nor does it take into account the Mohammedan mosques of which there are about 16, nor the very numerous ancestral temples.

RELATIONS BETWEEN PERU AND CHILI STRAINED

San Francisco, March 18.—According to Baron Richard von Urrut, who arrived from South America on board the steamer Acapulco, the relations between Peru and Chili are badly strained over the neutral province of Tacna. At the conclusion of the late war between the two countries it was arranged that Tacna was to remain neutral for seven years, at the end of which time a vote of the inhabitants was to decide which country it would affiliate with. Friction over this question is said to have caused the present unpleasantness.

CANADA AND UNITED STATES.

Ex-Premier Ross of Ontario Says Will
Never Be War Between Them.

Chicago, March 18.—"There never will be war between Canada and the United States," says George W. Ross, former prime minister of Ontario and a member of the Canadian senate who is here attending the meeting of the Railway Maintenance association. "We are too close together in many ways," he added, "and yet we are united in many. You are homogeneous, while we are not, but our language is the same. No other country or nation is so homogeneous as the United States, and this has been made so through the achievements of your railway engineers."

MRS. HETTY GREEN WILL MOVE ON MAY 1

New York, March 18.—Annoyed by the publicity caused by the recent marriage of her daughter, it is said that Mrs. Hetty Green will give up her residence at Hoboken, N. J., on May 1, and move to a new home, the location of which she will reveal to only a few intimate friends. Two young women have been sharing Mrs. Green's flat with her since her daughter married. One of them will live with Mrs. Green in her new home.

NEAR DEATH IN BIG POND.

It was a thrilling experience to Mrs. Ida Spier to face death. "For years a severe lung trouble gave me intense suffering," she writes, "and several times I was nearly dead. All remedies failed and doctors said I was incurable. Then Dr. King's New Discovery brought quick relief and a cure. I am now well and happy. My lungs are in good shape. It works wonders in Coughs and colds, Sore Throats, Hemorrhages, LaGrippe, Asthma, Croup, Whooping Cough and all Bronchial affections. 40¢ and 50¢ trial bottle free. Guaranteed by Z. C. M. I. 112-114 South Main Street."

PLEADED GUILTY TO SECOND DEGREE MURDER

Great Falls, Mont., March 17.—James Patton (colored) whose trial on a charge of murder in the first degree for the killing of Mitchell Dabner, also colored, was to have commenced here this morning, pleaded guilty to murder in the second degree, which plea was accepted by the court and sentence will be imposed next Friday.

Carl Shultz, charged with murder in the first degree, entered a plea of guilty to manslaughter, to which the prosecution consented, and sentence will be pronounced later. Shultz killed Jacob Anderson a Belt several months ago by striking him on the head, following a row over Anderson having forbidden Shultz to call on his daughter. C. S. Hask pleaded guilty to forgery.

THE LURID GLOW OF DOOM

was seen in the red face, hands and body of the little son of H. M. Adams, of Henrietta, Pa. His awful plight from eczema had, for five years, defied all remedies and baffled the best doctors. He said the poisonous blood had affected his lungs and nothing could save him. "But," writes his mother, "seven bottles of Electric Bitters completely cured him." For Eruptions, Eczema, Salt Rheum, Boils, Fever Sores, Burns, Scalds, Cuts and Piles. 50¢ at Z. C. M. I. Drug Dept., 112-114 So. Main St., Salt Lake City.

TO CARRY ON CRUSADE AGAINST BLACK HAND

New York, March 18.—In order to carry on the crusade against the Black Hand, which has been decided upon by well-to-do Italians here, following the assassination of Police Lieut. Petrosini in Italy, F. G. Beisio, a prominent member of the New York Italian colony, will go to Washington today to confer with the Italian ambassador with regard to new legislation in Italy requiring that passports be accompanied by photographs of the holder. Criticism of the Italian government, it is said, often procures passports by questionable means and, evading the Italian authorities, get aboard ships and land in New York. The passports are supposed to give a fairly accurate description of the bearer, but if a photograph is attached, there is less likelihood of them being used by any one except the rightful owner.

ANTI-TUBERCULOSIS WAR.

New York, March 18.—According to a statement issued today by the National Association for the Study and Prevention of Tuberculosis, more than 20,000 church congregations in the United States in over 100 different cities have had the gospel of the cure and prevention of tuberculosis preached to them in the last four months.

The statement says of the various denominations engaged in the religious crusade against consumption, the Roman Catholic church leads the way. Under the direction of Archbishop Ryan of Philadelphia an educational crusade against tuberculosis is being carried into all of the parochial and other schools in its control. As a result more than 1,000,000 school children in 15,000 parishes are being reached.

The campaign is inter-denominational as well as non-denominational. Such organizations as the Y. M. C. A. and the United Society of Christian Endeavor are taking an active interest in the work. The latter organization will have a special tuberculosis exhibit at its international convention in St. Paul from July 7 to 12.

ARRESTED ON CHARGE OF HOLDING UP TRAIN

Fort Collins, Colo., March 17.—John Potts, who lives in a solitary cabin 25 miles from Fort Collins, and E. J. St. Clair, a cowboy employed by Lady Moon on her ranch near Fort Collins, were arrested tonight, charged with holding up the Denver & Rio Grande train at Military Junction, just outside of Denver, on Feb. 27.

The Fort Collins police force has been working on the case for sometime and have had the arrested men under surveillance for more than two weeks. Postoffice Inspector McKee of Denver, the United States marshal and Detective Laydon and Ustick were sent for, as the local officers expected a desperate resistance on the part of Potts and St. Clair. The men were arrested on the street and made no resistance. The officers made another arrest to-

night at Livermore, Colo., but have not yet brought their prisoner to Fort Collins. Another man and a woman are under suspicion as accomplices in the hold-up, and will be arrested in Fort Collins before morning. The robbery, which occurred on the morning of February 27, was one of the most daring ever perpetrated in the state. The robbers made a thorough search of the mail and express cars in the hope of securing \$50,000 in gold bullion being transported from the San Francisco to the Denver mint. The bullion was sent over another route and the robbers secured but a nominal amount from the hold-up train.

KILLED STEALING A RIDE.

Portland, Ore., March 18.—Glen Down, a young logger from Stillwater, Minn., was killed under a train of the Great Northern railroad Tuesday night near Everett, while stealing a ride on the brakebeam. His body was found yesterday scattered all the way from Clipp, Wn., where he was shot, about 15 miles. A leg was picked up at Lowell, part of the trunk near this city and several pieces with some clothing and a blanket were found near Monroe. A letter and a hospital certificate identified the remains, which were ground beyond all resemblance to a human being. All day yesterday the section crews brought part of the body from along the track. A cousin of the dead man, M. J. Down, is supposed to be a resident of Everett.

IT SAVED HIS LEG.

"All things I'd lose my leg," writes J. A. Swenson, Watertown, Wis., "Ten years of eczema, that 15 doctors could not cure, had at last laid me up. Then I got the America. It cured it sound and well." Infallible for Skin Eruptions, Eczema, Salt Rheum, Boils, Fever Sores, Burns, Scalds, Cuts and Piles. 50¢ at Z. C. M. I. Drug Dept., 112-114 So. Main St., Salt Lake City.

LILUOKALANI STILL HOPES FOR JUSTICE

Chicago, March 18.—Still steadfast in the belief that reparation will be made for the loss of her throne and lands, Liluokalani, former queen of Hawaii, left Chicago on her way to Honolulu.

"I am going back," she said, "feeling that the United States government will do something for me. President Taft is the man. I am sure he will give me such aid through Congress as he can."

KILLS WOULD-BE SLAYER.

A merciless murderer is Appendicitis with many victims. But Dr. King's New Life Pills kill it by prevention. They gently stimulate stomach, liver and bowels, preventing that clogging that invites appendicitis, curing Constipation, Biliousness, Chills, Malaria, Headache, Indigestion. 25¢ at Z. C. M. I. Drug Dept., 112-114 So. Main St., Salt Lake City.

All kinds of nursery stock. R. Wills. Bell 123-nx.

SAYS AMERICANS TAKE TOO MANY BATHS

New York, March 18.—Dr. Elmer S. Lee, a lecturer addressing the Medical-Legal society at the Waldorf-Astoria last night, declared that the American people take too many baths. His auditors smiled, then gasped when Dr. Lee declared that there was a man in the audience who had bathed for 12 years. Despite this the physician continued, he respected the man and was in sympathy with his belief.

"I am looking at the man now," said Dr. Lee, "and I do not believe he is the degenerate individual in question and members of the society were disappointed. Several men in the crowd fidgeted about as if embarrassed, but none pressed to admit that he had shunned water for so long."

STARRED SEVEN TIMES.

New York, March 18.—Miss Nellie Wilkins, 21 years old, lies in a critical condition at Bellevue hospital today after having been stabbed seven times last night by a man supposed to be an Italian. Miss Wilkins was returning home rather late after visiting a friend who is ill, when she was accosted by the man in Second avenue near Twenty-sixth street. She pointed his advance and the man whipped out a knife and made several lunges at her. In the struggle which followed she was stabbed on the head.

ECZEMA CURE A MIRACLE? —NO, JUST SOUND SCIENCE

Physicians now admit the superior value of simple medicines for all diseases. Eczema and other skin diseases certainly nothing in the world could be simpler than oil of wintergreen, carefully combined with such well known healing and antiseptic substances as glycerine, alcohol, etc. Read this letter:

"A few years ago eczema covered my limbs from my body and began breaking out on my face. I began using oil of wintergreen mixed with thermal water procured in S. D. D. Frederick. Used five bottles and was cured sound and well. My druggist told it looked almost like a miracle in him, but he explained to me that the use of this oil of wintergreen was just sound science."

"What has been almost a year ago and I see no signs of the disease returning. My skin is just as soft and nice as it ever was."—L. P. Milville, Mo. Such a wonderful experience we feel speaks for itself.—Dr. H. C. Frank and Z. C. M. I. Drug Store.

right cheek, on the side of her neck, under her chin, in the left arm and on the left hand.
At the hospital she was too weak to give a good description of her assailant. Her recovery is doubtful.

FIGHT FOR TEMPERANCE.

Chicago, March 18.—"Whenever the people of the church sit down like sabbatarians instead of getting out and working for the cause, they can expect to see little of their community go dry," says Mrs. Mary Harris, armistice president of the Women's Christian Temperance Union of Georgia, who is here to tell Illinois women how her state went dry.

"When the fight was started for temperance," she declared, "two women just began to pray and what was prayed for was men—real men—who would not be afraid to stand up for the truth. You must not sit across the table from your husband and say to him, 'Honey, you must do this' but instead you should sit on his lap and say to him, 'Honey, won't you do this for me?' Husband and wife are human and can be won to a good many things that you would not ordinarily think."

ONE CENT POSTAGE.

Hep. Bennett of New York Introduces
Bill Providing for It.

Washington, March 18.—One cent postage is provided for a bill which Representative Bennett, New York, has introduced. The measure provides that beginning Jan. 1, 1910, the rate of postage on all letters mailed within the United States for domestic points including drop letters, shall be one cent per ounce of fraction. Another bill introduced by Mr. Bennett provides for the consideration of third and fourth class matter under the "merchandise" for the establishment of a parcel post, and for the insurance of all mail matter against loss or damage.

Under the terms of this bill the rate on an 11 pound package of merchandise would be 25 cents, with a series of charges for packages under that weight. On all unregistered prepaid mail matter on which value has not been declared an identity up to \$10 would be the maximum loss or damage through the fault of the postal service. On registered packages on which a value has been declared and on which the charges for registration, insurance and postage have been paid the postoffice department would pay full value for loss or damage resulting through the fault of the department. The fees for registration in amounts up to \$25 would be two cents.

YALE MEN WANT TO BE AT DINNER TO TAFT

New York, March 18.—Nearly 2,000 Yale men have made application for seats to the dinner in honor of President Taft, which will be held at the Waldorf-Astoria tomorrow night. It will be the first greeting which the sons of Eli will extend to their fellow collegians as president of the United States. The occasion will be strictly Yale affair but invitations were sent to every alumnus whose address was known.

Thirty-five men, who have gained fame for the Yale Glee Club during the last 50 years, will form a chorus and render the songs so dear to the hearts of all Yale men. There will be songs between each course and the first greeting which the sons of Eli will extend to their fellow collegians as president of the United States. The occasion will be strictly Yale affair but invitations were sent to every alumnus whose address was known.

Details of the decorations have not been announced but preparations have been going on for several days and hundreds of red, white and blue and the blue of Yale will mingle in the color scheme.

After attending the Cleveland memorial exercises here this afternoon, Mr. Taft will go to New Haven tonight for a meeting of the Yale corporation, of which he is a member. Returning to this city for the Yale dinner, he intends to depart for Washington at midnight Friday.

MACVEAGH'S RIGHT HAND MAN.

Chicago, March 18.—The Tribune today, in a special dispatch from Washington, says:

"Charles D. Norton, general agent of the Northwestern Mutual Life Insurance company, is to be first assistant secretary of the treasury. Mr. Norton, it is understood, is the personal selection of Franklin MacVeagh, the new secretary of the treasury, and will be Mr. MacVeagh's right hand man. Upon his shoulders will rest a large share of the responsibility of the work of the department and of the readiness of the inauguration."

"My three years old boy was badly constipated, had a high fever and was in an awful condition. I gave him two doses of Foley's Kidney and Bladder Pills and the next morning the fever was gone and he was entirely well. Foley's Kidney and Bladder Pills saved his life."—W. J. Hill, Waukegan, Ill. (The Never Substituted.)
