Those who took part in the program were Messrs. David Murdoch, Thomas Ashworth, David Henderson, D. M. Boyd, Miss Belle Pack, Miss Kinghorn and Miss Jennie Murdoch. The general committee in charge consisted of Miss Hamilton, Miss Hannah Whyte and Miss Anna White.

The ball given by the Utah Society Sons of the Revolution at Christensen's on Thursday night ranks amongst the most brilliant events of the past year. The affair had awakened delightful anticipations beforehand, and fully fulfilled the brightest expectations. The hall was gorgeous with the red, white and blue, military emblems aiding in appropriate decoration for the occasion, and with a long of beautifully turned women and uniformed men moving in the dances the scene was a most strikingly brilliant one.

The addresses made by President George L. Nye and Fisher Harris were notable efforts and met with bursts of applause, and all other details of the evening were equally successful. The orchestra was enlarged and the music was one of the features of the occasion. Refreshments were served by Frank Jones and were of the daintiest. The visiting governors were present and with the numerous other guests present thoroughly enjoyed the evening.

Mr. Hyrum P. Folsom, of North Salt Lake, was the recipient of a surprise party on Thursday night at which a large delegation of neighbors and friends was present. The affair was gotten up by Mrs. George R. Jones and Mrs. S. F. Fennstrom and was a complete surprise. A bounteous picnic had been provided by the guests and the repast spread from the dainty collection did honor to the occasion. It was throughout a jolly party, and in addition to singing social chat and luncheon, the parlor was cleared and dancing was indulged in. The affair was wholly informal and those in attendance are unanimous in the verdict that it was a most successful one.

Mrs. W. V. Eberly presided in the dining room, assisted by Miss Addie Zane, Miss Kate Geddes and Miss Lucy Moore. Miss McMillan dispensed punch in the library. Mr. and Mrs. Rose will take a bridal trip to Glenwood Springs, after which they will make their home in Nevada.

On Tuesday another pretty nuptial event occurred in the wedding of Miss Celestine Duguet and Mr. George Good. The event occurred at 9 o'clock a. m. at St. Mary's cathedral, the ceremony being performed by Bishop Scanlan.

The church was beautifully decorated with Easter lilies and palms, and the bride and groom were attended by Miss Felicité Duguet, who acted as bridesmaid, and Dr. Hengel groomsmen. Miss Nora Gleason played Mendelssohn march as the bridal party entered, and the Lechenger march as they left the church.

After the ceremony an elaborate breakfast was served at the home of the bride's mother, Mrs. N. Duguet, 428 east Fourth street, and in the evening a reception was held at the home of the newly married couple, 431 Fifth East street. The rooms were beautifully decorated, a delicious supper served and the evening delightfully passed.

The many friends of Miss Evelyn Thornton, who spent several years in Salt Lake as a teacher in the public and normal schools, will be interested to learn of her marriage, which took place on the 14th of February in Chicago, her native home. The groom is Mr. John McCune of that city, and a host of friends of Mrs. Thornton, who knew her as Miss Thornton, will extend good wishes.

On Wednesday night Miss Fuschia Oglesby and Joseph A. Stanton were united in marriage at the bride's home. Rev. Duane Scott officiating. Easter lilies, carnations and roses made the rooms attractive, and on the lawn stretching between the home of the bride's parents and that of the newly wedded pair were rows of Chinese lanterns, making an effective scene.

Refreshments were served and a delightful time passed. The bride is the daughter of Mr. and Mrs. George Oglesby, and the groom a son of Major W. A. Stanton.

The marriage of Miss Rose R. Cracroft and Mr. Henry A. Arps occurred on Wednesday night, Rev. Joel A. Smith performing the ceremony. The bride is a popular Salt Lake girl and the groom a recent resident of Cary, Ill., at present in the employ of the Rio Grande Western at Thistle, where the newly married couple will reside.

Numbered with the week's wedding news is the interesting item of the marriage of Miss Christie Pomeroy and M. P. Wells, which occurred last Friday at Knoxville. The affair was kept secret until Tuesday of this week, having occurred clandestinely. It is stated, on account of the opposition of the bride's father to the match, Mr. and Mrs. Wells are at home at 515 First street.

The Gibson pictures and vaudeville performance at the Theater on Wednesday was a distinct success.

CLUB CHAT.

The Utah Woman's Press Club will meet a week from Monday in the Templeton building. The program will consist of "Quotations from Russia" by the club, a paper on "Mines and Mining" by Miss Bessie Shirley and Chain Discussion on Best Methods of Obtain-

ing Obedience from Children," by members of the club.

The Cleofan will hold its final meeting for the season next Tuesday. The session will be devoted wholly to business the election of officers, and a clearing up of the past year's affairs.

The Reapers' club met in the Exposition office, Templeton, on the 15th of April, 1900. Two very interesting papers were read. The first was prepared by Mrs. Margaret Romney, and entitled, "Landing of the Pilgrims and Early Settlement of Massachusetts." The second, by Mrs. Margaret Gardner, was on the "Life and Red Cross Work of Clara Barton." Current events and club business completed the program.

The Business club held an enjoyable meeting on Tuesday evening, an interesting address being made by Mrs. J. C. Royle. The next meeting will be held at Miss Jessup's home and will be a musical evening.

The program for the next meeting of the Reviewers will be a book review by Mrs. Druehl.

The program at the Woman's club this week consisted of a paper on "Recent Measures on Books" by Mrs. Easton and "Gov. Pingree's Reforms," by Mrs. Jones.

Mrs. Charlotte Perkins Stetson, the noted author and lecturer, will arrive in Salt Lake on Wednesday and on Thursday evening will deliver a lecture upon one of the many economic subjects in which she is well versed, at Assembly Hall.

It's a Chicago club woman, of course, who is first in the field with a completed program for the big Milwaukee biennial.

al. This woman is Mrs. Herman J. Hall, chairman of the art committee of the General Federation of Women's clubs. Here's guessing, more over, that the two art sessions as arranged by this General Federation of Women's clubs, attraction of the convention.

The stage for Wednesday evening of biennial week is to be set to represent a sculptor's studio, and Mrs. Zulime Tait-Garland of Chicago will give a talk on "Possibilities of Sculpture in Our Cities and Towns." Mrs. Garland had her early artistic training under her brother, Lardo Tait, and later studied under Frederick MacMonnies, M. Collin and M. Merson in Paris, so she is particularly fitted to carry out this most unique plan. The music for the evening will be by the European choir of Milwaukee. There will be souvenir programs for this session.

The second art session on Thursday afternoon will have as its theme "Municipal Art." The chief speaker will be George Kriehn, Ph. D., who is doing original work at the University of Chicago. Dr. Kriehn received his degree at Strasbourg university and after extensive research in Europe was professor first at John Hopkins university. He is an honorary member of the British National Society for Prevention of Abuse in Public Advertising, and was one of the principal speakers at the recent municipal art conference in Baltimore. Dr. Kriehn's subject for his illustrated lecture at the convention is "Municipal Art in America," which is to be supplemented with talks by distinguished Milwaukee citizens.

The opinion of Mrs. Ellen Henrotin on the much-mooted question of reorganization, about which leading club women hold such diametric views, is particularly pertinent. As the president of the General Federation of Women's clubs during the four years when it increased from five to thirty-four State federations—distinctly its formative period—she is unquestionably qualified to point out the benefits of reorganization at this time.

"I favor reorganization of the general federation," said Mrs. Henrotin yesterday morning, "into a federation of State federations and other national organizations. I feel that this only carries out the logical development of the federation, which stands for conservation of energy and the centralization of administrative power."
