

MET TO HONOR THE DEPARTED

Funeral Services Over Mortal Remains of Late Judge James A. Miner.

CASKET TO MARSHALL, MICH.

Immediately after the close of impressive funeral services, the casket will be placed upon Eastbound train.

The funeral chapel of Undertaker S. D. Evans was filled this forenoon with friends of the late James A. Miner, who met to honor his memory. The majority of those present were members of the bench and bar. The services were conducted by Dean Brewster of the Episcopal church, and the beautiful and impressive ritual of that ecclesiastical body was observed.

A quartet, composed of Mrs. Nell Pinkerton Moore, Miss Edna Dwyer, and Messrs. Fred C. Graham and William Squires, sang, Mrs. Mary E. Sunborn, accompanist, rendered a beautiful and the hymns "Whispered Prayers" and "Abide With Me." Following the custom of the Episcopal church, there was no eulogy pronounced, the succeeding Sunday being observed for that part of the services. Tomorrow words befitting the life and labors of the departed will be spoken at the chapel he was wont to attend.

Immediately after the close of the services, the body of Judge Miner was escorted to the depot and placed aboard the train, to be taken to Marshall, Mich., the old home of deceased, for interment. The remains were accompanied by all the members of his family.

Judge Moore today appointed Attys. S. R. Thurman, W. L. Snyder and Frank H. Storer as a committee to draw up resolutions on the death of Judge James A. Miner to be spread on the minutes of the district court. No other business was transacted by the courts today as an adjournment was taken because of the funeral of Judge Miner.

FATHER BREAKS SON'S LEG.

People on Bryan Avenue Wrought up Over the Incident.

Because his boy displeased him C. Christensen, who resides at 1113 Bryan avenue, dragged him from a fence in the lot and in so doing broke the little fellow's leg. Then while the boy was screaming with pain the father beat him unmercifully. This is the story told by neighbors in the vicinity who are considering it as a case of child abuse. They affirm that on Thursday afternoon little Charles was playing with some companions in the lot while the father was at work on the front porch. He called the boy but as his foot was fast in the fence the lad did not immediately come. Then the father went over and pulled him down and jerked him loose thereby breaking his leg. He then dragged the little fellow across the street, heedless of his cries that his leg was hurt, and administered a severe beating. After the incident it was apparent that the boy's leg was in bad shape. Not until the next day, however, did claim the neighbors, was a doctor called in who at once stated that the leg was fractured.

Young Salt Lake Awarded Bulkley Prize at School of Mines.

(Special to the "News.") Denver, Colo., May 23.—After a brilliant record at the Colorado school of mines at Golden, Andrew M. Howat, a young man from Salt Lake City, was graduated yesterday with high honors. He was given the Bulkley prize offered by Frank Bulkley, because of the excellence of his thesis on the Daily Lake mine at Park City, Utah. He received the degree of engineer of mines.

Andrew M. Howat is a son of Judge Andrew Howat of this city.

KENNETH KERR DINED.

Associates of the Press Club Gave Him A Farewell Banquet.

Kenneth C. Kerr was guest of honor last night at an informal dinner given at the Press club rooms by his associates of the past 10 years in the newspaper profession. Mr. Kerr leaves tonight for Riverside, Cal., where he becomes commercial agent for the Salt Lake Route. For the past two years he has been traveling passenger agent of the road with headquarters in Salt Lake, he having been selected for the post after a long career as railroad reporter. On the day to his new position he will pass through the "town" of Kerr, named after him while he was building the road on paper as the owners put it. Though the desert, the "town" lying near another style "Carp" in honor of the railroad reporter who was then fulfilling a similar mission on the "News."

CHANCE TO LEARN.

Mexican Who Claimed Not to Understand English Stays in Jail.

In Judge Diehl's court this morning a swarthy Mexican looked as John Doe, refused to give his true name to the court. He mumbled that he did not understand English but it was apparent to all that he could understand every word spoken to him. Judge Diehl questioned the man for several minutes but the Mexican refused to make reply. Finally, the court ordered him remanded to the city jail until he gets ready to answer the questions. It is believed that the prisoner will learn a whole lot of English between now and Monday afternoon.

ONE THOUSAND DANCED.

Streetcar Men's Union Ball Was a Great Success.

More than 1,000 persons were in attendance at the streetcar men's union annual ball given at the Auditorium last evening and a most enjoyable time was spent. Probably 1,500 tickets were disposed of, but the rain had the effect of keeping some away. Twenty-four prizes were awarded for various events and there were many pleasing features. The big building was last fully decorated for the occasion with plants, flowers, American flags and bunting. The floor was in excellent shape for dancing and an enlarged orchestra furnished fine music.

In some manner unknown to the management of the rink, the impression had got abroad that the Auditorium closed its doors last night for the season. President O'Mara of the association states today that this impression is wholly wrong as the rink will be open afternoons and evenings as usual until Decoration day.

DRY FARMER'S SMILE.

Storm Responsible for Two-Inch Rainfall—Clear Tomorrow.

A peculiar barometric condition exists today, the entire country being under one low area, centered on the Missouri river. But the weather is clearing, as a high area has reached the northwest coast from the Pacific, and tomorrow will be clear, with a rising temperature. There was an additional fall of rain last night of .40 of an inch, making the total precipitation here for the storm of nearly two inches. This is what is making the dry bunch farmers smile.

WORK RESUMED AT THE SMELTERS

All Laborers Are Back at Their Posts at Bingham Junction This Morning.

MADE NO DEMONSTRATIONS.

None of the Men Remained Away From Work Through Disaffection—Three More Arrests.

The United States smelting company's plant at Bingham Junction resumed work this morning, with all laborers back at their posts. It will be several days before the full capacity is reached on the lead and smelter furnaces, as it will take some time to fire up, but it is planned to have them all running by the end of the week.

Traffic Manager Heintz held today that orders had been issued to cease shipping ore to Colorado and California points and bring it in again to the smelter plant. No demonstration accompanied the reopening, and none of the men remained away from the works through dissatisfaction. Three more Austrians during the week 21 cases of contagious disease were reported during the week, 16 males and 5 females; 21 deaths were reported during the week, 16 males and 5 females (6 were shipped here for burial). There were reported during the week 1 case of smallpox; 7 cases of scarlet fever; 2 cases of diphtheria; 7 cases of measles; 2 cases of whooping cough; 1 case of meningitis; 2 cases of small pox; 8 cases of scarlet fever, and 10 cases of diphtheria remain in quarantine.

BOYS AND GIRLS TIE.

Equal Number of Each Born During Past Week in This City.

The boys and girls born during the past week tied; neither can claim the lead, as 14 baby boys and the same number of girls were born. This and other items presented in the weekly report of the city board of health follow: 38 births were reported during the week, 19 males and 19 females; 21 deaths were reported during the week, 16 males and 5 females (6 were shipped here for burial). There were reported during the week 1 case of smallpox; 7 cases of scarlet fever; 2 cases of diphtheria; 7 cases of measles; 2 cases of whooping cough; 1 case of meningitis; 2 cases of small pox; 8 cases of scarlet fever, and 10 cases of diphtheria remain in quarantine.

HUSBAND'S BLUFF.

He Pretends to Take Poison and Scares His Wife Badly.

Police officers had an urgent hurry-up call to the neighborhood of Seventh and Fourth streets, where some three hours before last midnight, when word was received at headquarters that a man had committed suicide by taking a big dose of carbolic acid. The patrol wagon and a load of officers were sent to the scene with instructions to remove the body and notify Justice Dana T. Smith. But there was no corpse to find, and there was no immediate prospect of there being one. The name of the supposed suicide was not learned by the police, and even if they knew it they probably would not tell.

It appears that a man and his wife became involved in a family row, and hubby then made a big bluff. Taking a bottle containing poison he almost emptied it. But the contents went on the ground and not into his stomach. Word spoken to him, Judge Diehl questioned the man for several minutes but the Mexican refused to make reply. Finally, the court ordered him remanded to the city jail until he gets ready to answer the questions. It is believed that the prisoner will learn a whole lot of English between now and Monday afternoon.

REALTY DEALS.

J. D. Wood and Frank J. Hagenbarth Buy on Thirteenth East.

J. D. Wood and Frank J. Hagenbarth have bought three pieces of property on Thirteenth East street between Sixth and Eighth South streets, the consideration being \$10,000. The deals were negotiated by Stowe & Palmer and W. J. Haloran. Joseph Nelson sold one piece 26x20 rods, E. R. Wicks, piece 5x20 rods and the Utah Savings & Trust company a piece 5x20 rods. Stowe & Palmer have also closed the deal for the sale of Kenneth C. Kerr's home on Eleventh East street to Scott C. Elton for \$3,700. The firm reports a number of sales of homes during the week, varying in price. There is a steady demand for houses and building sites. The George M. Cannon company sold to Philip Kopp, today three lots in Block 1, Forest Dale, for \$255.

GUN CLUB VS. FARMER.

Both Want Jordan River Water—Sorenson Files Denial.

John P. Sorenson today filed a demurrer in the district court to the complaint filed against him by the New State Gun club to enjoin him from using certain waters of the Jordan river appropriated by him for agricultural purposes. The complaint alleges that the water has been appropriated by the club for use on its ranch, and that without it the property will be valueless for gaining purposes. One of the grounds of demurrer set forth by Sorenson is that it does not appear from the complaint that there are any wild geese or ducks in the vicinity of plaintiff's land or that there ever will be, or that any of the old gunners sought to be appropriated or that plaintiff has done anything to encourage the growth of fish in the waters alleged to be upon the land. Another ground of demurrer is that the complaint does not show that the club was organized for the purpose of raising wild ducks or geese and that

the complaint does not allege that wild geese or ducks or fish would not habituate the waters of the Jordan river without the aid or encouragement of the club.

WM. REINBURG DEAD.

Brother-in-Law of A. L. Thomas Dies At Post in Washington.

(Special to the "News.") Washington, D. C., May 23.—Wm. Reinburg, an employee of the government printing office died very suddenly of acute indigestion while at his desk yesterday. Mr. Reinburg has been a life long resident of Washington. Was known as a man of irreproachable character and was held in highest esteem by his associates. He was a great shock. The deceased was brother-in-law of Ex-Gov. Arthur L. Thomas of Utah. He leaves a wife and six children.

AMUSEMENTS.

Theater—A new star and a new play tonight at the new theater. White-side, who has long had a high reputation in the east, made his bow in Salt Lake in the romantic play of "The Magic Melody." Both the actor and the play were enthusiastically greeted and Mr. White-side's managers, who sent him west on a venture, need have no fear as to his reception in the future. He is an actor of quiet, but feeling and polished methods, and his delineation of the role of the German violinist made a picture most effective from its very naturalness and simplicity. In the one scene of the play, where the father, he showed, too, that he is capable of rising to strong dramatic heights; he was called before the curtain again and again. The one respect in which Mr. White-side needs training is in that of his accent. In his moments of excitement he forgets the accent of the German which he imports at other times to his speech. The supporting company is admirable throughout. That excellent actor, Mr. Howard, gave a character moulded on John Burckett Ryder in fine fashion. Mr. Bergman, as the vengeful Italian, showed himself a character artist of rare attainment. Mr. Kenyon, was excellent in the part of the British swell, while Miss May Buckley was altogether charming in the role of "Lola." The play is romantic, interesting and intense. While its author undoubtedly gained some of his inspiration from Wardell's "Boy in the Wood" and "The Lion and the Mouse," yet his theme is original and well worked out, in spite of something of a mistiness regarding the marriage and the desertion of the artist's mother. The engagement closes this evening.

SOCIAL AND PERSONAL.

Mr. and Mrs. A. E. Hyde announce the postponement of their daughter's marriage to Mr. Rollin Wilbur Dole, the wedding to take place early in June.

Mr. J. D. Spencer left today to join Mrs. Spencer in Oakland for a short stay, after which they will return together.

At the residence of Mr. Tony Jacobson last evening, a pleasant musical recital was given by Prof. Carles and his pupils, Adeline and Katherine Jacobson. The former played a piano, the latter a violin student. Miss Adeline is also a vocal pupil of Madam Swenson, who was also present. Prof. Carles played several numbers and the evening was voted one of rare pleasure.

LATE LOCALS.

Ninth Ward—Tuesday evening, May 23, a farrow musical entertainment will be given in the Ninth ward meetinghouse in honor of Johannann Greise and his family. The program is as follows: Sunday School Meeting—The regular meeting of the Sunday school union of the Salt Lake stake will be held tomorrow at 2 p. m. in the hall of the former meetinghouse. Instead of at the Sixteenth ward hall, as announced elsewhere.

A SUCCESSFUL YOUNG ARCHITECT—Henry Mickel, who built the Brigham Young Memorial Hall, the Nurses' apartment at the L. D. S. Hospital, and the 2 top floors of the Scott Bldg. of this city, went through the architectural course of the International Correspondence Schools, with flying colors, and further states that he owes his success and prominence to said schools, and can heartily recommend the system and courses to any ambitious person desiring a higher position or salary. The schools teach 210 simplified courses and have greatly bettered the stock of the nation of 150,000 people. WHY NOT YOU? Call at local office, 78 W. 2 So., and get free catalogue of any course.

STOCKS RESISTED BULL EFFORTS

Room Traders Tried to Put up the Market But Got Very Little Encouragement.

NOT MUCH INTEREST SHOWN.

Late in Session Prices Gave Way Though Bank Statement Was Favorable—Close Was Weak.

New York, May 23.—Only a few stocks were traded in the first few minutes after the opening of the stock exchange. Prices moved sluggishly and irregularly. St. Paul preferred 1/4, Denver & Rio Grande a point, and American locomotive 1/4. Canadian Pacific fell 1/4. Room traders, who had attempted to put up the market by buying New York Central and Northern Pacific, did not get much encouragement. Northern Pacific secured a temporary advance of 1 point and Canadian Pacific 1/2. Very little interest was shown in the market. North American lost 1/4.

The market closed weak. Prices gave way late in the session in spite of the favorable character of the bank statement. Resulting from the report of the Great Northern Ore Certificates 3/4, Southern Railway preferred 1/4, Consolidated Gas 1/4, Northern Pacific and Smelting 1/4, Union Pacific 1/4, Reading and Great Northern preferred 1/4, St. Paul, Erie, Pennsylvania, Rock Island, Colorado Southern and United States Steel 1/4, Anaconda lost 1/4.

PRODUCE.

CHICAGO.

Chicago, May 23.—Improved weather conditions for the crop caused a easier feeling at the opening of the wheat market today. The weather in Kansas and Nebraska was reported a warmer and drier, and lower temperatures are predicted tomorrow. A sharp rally took place soon after the opening, prices advancing strongly. The strength of the foreign markets was a potent factor in forcing up prices. The buying early in the day was more active. July corn opened at 58 1/2, advanced to 59 1/2, and then sold at 59 1/2. September opened 59 1/2 to 59 3/4, lower to 59 1/2, and sold up to 59 3/4 and 1/2. December opened 59 1/2 to 59 3/4, lower to 59 1/2, and sold up to 59 3/4 and 1/2.

The corn market opened firm with a fair amount of trading. The receipts of contract grain were heavy, but did not weaken prices. July corn opened 59 1/2 to 59 3/4, and sold at 59 3/4 and 1/2. September opened 59 1/2 to 59 3/4, and sold at 59 3/4 and 1/2. December opened 59 1/2 to 59 3/4, and sold at 59 3/4 and 1/2.

The provisions market was quiet and prices were easier. The receipts of hogs were liberal. July pork opened 24 cents lower at 15.50, and sold at 15.50 and 1/2. Lard was down 10 cents at 8.50, and sold at 8.50 and 1/2. Wheat—the market closed firm, July 1 1/2, higher at 1.00 1/2, Sept. 1 1/2, and Dec. 1 1/2, and sold at 1.00 1/2 and 1/2.

Corn—the market closed firm, 3/4 cent higher for July at 58 1/2, and sold at 58 1/2 and 1/2. Wheat—No. 2 red, 90 1/2, No. 3 red, 89 1/2, No. 2 hard, 88 1/2, No. 3 hard, 87 1/2, No. 2 spring, 89 1/2, No. 3 spring, 88 1/2.
