

## ON TO THE ATTACK.

"The Unemployed" in Salt Lake Ad-  
vice of the Governor.

## PROTEST AGAINST HIS ACTION.

They demand that the Troops Beut a  
Hasty Retreat from the Junc-  
tion City.

Governor West and militia were re-  
ported today to meet a force from a  
new direction. Whether this new  
force will have the effect of stiffen-  
ing the Governor and causing him to  
retract from the bold course he  
is now taking, the latest news from the  
front of war, however, does not indicate  
any change in the commander-in-  
chief's policy yet. The proceedings  
seem to be on the part of the un-  
employed to the last, the best they  
can do is to induce the Governor to permit  
Confederates at Ogden to proceed at  
will.

It was given out that a demonstration  
to this end would be made today,  
but it would not be possible to say  
when or where it would be made.

There are now about 1,000 men  
in the ranks of the movement, and  
it is to be expected that a smaller  
number will be added to the ranks.

There was a procession this fore-  
noon to Washington, D. C., in the  
work part. They walked through  
parts of the principal streets, two  
men, called at the Post office all to  
give three cheers, and proceeded on  
their way to the capitol. Western  
and Eastern men were present.

The column was mostly composed of  
proletarians, supporting men. They  
invited no one to go with them and  
abstained. There were a few of them  
who were not wage earners, however,  
but they were exceptions. There  
was but one man who was known  
to be an anarchist.

The column was an example to a com-  
munity of four who proceeded to Ogden  
to-day to protest against the  
action of the Governor in relation to the  
Confederacy's action in relation to the  
Union army at Ogden. They will de-  
mand that the Governor change his  
position, withdraw the troops, and allow  
the Union army to proceed at will.

It is believed that within the  
last twenty-four hours not less than  
one hundred unemployed men have  
come into town, and that at least  
one of the camped there.

The population of Salt Lake has been  
materially increased by additions to the  
unemployed and transient classes.

Today there are scores of men in town  
who were not here a week ago. Some  
of them are ragged, and nearly crippled  
all of them hungry. Many of them  
put in their time today, begging food  
and money.

AGAIN AFTER BLAZER'S SCALP.

Fred McMorris brings a suit in Dam-  
ages to the sum of \$7,000.

When Justice J. H. Blaser took his  
temper the other day and caused his  
wrath upon Fred McMorris, he little  
realized that trouble would bring his  
fortune for so long afterwards. It  
now seems that the proceedings initiated  
in Commissioner Osgood's court, where Blaser was indicted in the  
sum of \$5,000, were but the beginning of  
the litigation springing out of the  
assault. Mr. McMorris has now opened  
a law office in another city, and another  
attorney has joined him in the practice.  
The Third district court is now engaged  
in settling substantial damages.

In his complaint, which reached  
the files of the court this afternoon,  
the plaintiff states that  
he was but the innocent victim of  
assault, now to himself and  
indiscriminately striking him in the mouth,  
knocking out two of his upper front  
teeth and cutting his lip. Damages for  
loss of time of business and medical  
expenses are asked.

AMUSEMENTS.

last evening. That office this depart-  
ment remained closed today.

The above mentioned went to  
the jury shortly after noon, and  
shortly after 2 p.m. they returned  
with a verdict, for the plaintiff,  
assessing the damages at  
\$1,000. The trial was allowed  
no time to stay to present statement  
or motion for a new trial.

In the case of Adolph P. Miller vs.  
Andrew F. Kuhn et al, default was  
entered, and judgment of foreclosure  
in the case of Charles P. Bailey vs.  
John A. Miller, the defendant was allowed  
no time to answer.

C. G. Anderson and Oliver Oster,  
postmen, were exonerated for the  
time. It is a postmaster and the  
latter a guard of the postoffice.

An Important Meeting.

A special meeting of the board of  
directors of the manager of commerce  
will be held tomorrow at 4 o'clock.  
This is a question pending from  
the board. Manufacturers, company  
which proposes to establish two factor-  
ies and give employment to not  
less than 200 men, provided it can  
secure any help support.

MOVING ON SALT LAKE

Troops Heading This Way in Large  
Bands.

People Need to be on the Alert—They  
May Have to Feed Many Hungry  
and Desperate Men.

The communistic army at Ogden  
has diminished considerably during the  
past two days, and at the same time  
the population of Salt Lake has been  
materially increased by additions to the  
unemployed and transient classes.

Today there are scores of men in town  
who were not here a week ago. Some  
of them are ragged, and nearly crippled  
all of them hungry. Many of them  
put in their time today, begging food  
and money.

It is believed that within the  
last twenty-four hours not less than  
one hundred unemployed men have  
come into town, and that at least  
one of the camped there.

The column was an example to a com-  
munity of four who proceeded to Ogden  
to-day to protest against the  
action of the Governor in relation to the  
Confederacy's action in relation to the  
Union army at Ogden. They will de-  
mand that the Governor change his  
position, withdraw the troops, and allow  
the Union army to proceed at will.

Or get out what would be re-  
quested of the Chamber of Commerce  
in this matter. Mr. Bryan stated that  
the board would be expected to appoint  
some one to attend the business of  
the chamber, and to act as its  
representative, and to collect  
funds to assist the movement.

Mr. Bryan thought the proposition  
should be referred to the representative  
address the meeting of the chamber  
tomorrow afternoon at 4 o'clock. It is  
expected that some action will then  
be taken in regard to the matter.

HELPING HOME INDUSTRY

Is a Contract for Work at the Joint  
Cir and Cosy Building.

The land city and county building  
committee is in full hand in the  
home industry movement. The  
lawn contract for hill work, or lawn finishing,  
has been canceled and a new  
contract for lawn mill, the Henn  
Henne Lumber company, Taylor,  
Hammon & Armstrong and the Salt  
Lake Building & Manufacturing Co.

McMorris' furniture have also  
been lined up accommodations. One  
by the general himself was built that  
the assault was unopposed, and that  
the general, warning, that Mr. Mc-  
Gurie was looking another way.

McGurie's furniture have also  
been lined up accommodations. One  
by the general himself was built that  
the assault was unopposed, and that  
the general, warning, that Mr. Mc-  
Gurie was looking another way.

Young Ladies' Guide Class.

The members of the late Guide class  
are requested to meet at the Lander  
Masonic College on Friday, April 13, at  
8 p.m. Mrs. ANITA DUNN, President.

Will Be Arrested.

A warrant has been issued for the  
arrest of Messrs. Wm. Tuddenham and  
C. J. Brinkley, well known contractors.

The contractors are accused of building  
the house of H. D. Wilson, who charged  
the contractors with having constructed  
a building without having obtained  
the necessary permit. The parties are  
being heard for this afternoon and  
will doubtless be given a hearing  
until 10 o'clock.

The Fire and Police Board.

The members of the fire and police  
commission arrived at 10 a.m. to  
conclude concerning anything at  
the meeting held by them yesterday  
afternoon at the State seat to press,  
and an enforcement was taken till this  
morning at 10 o'clock.

The session this morning was  
mostly over and a sentence right  
was pronounced for the violation of each of  
the orders for the protection of each of  
the courts. The sentence was to be  
imprisoned in the city jail for 10 days  
and to pay a fine of \$100.

J. Dunbar, a tramp, was  
detained for the same charge, will also be  
held at 10 a.m. to-morrow.

Clark Jones had the morning with  
Clerk Dunn, of the Third district  
court, the transcript in the case of  
Harr and Dunbar. This is very  
peculiar work.

John George, an Englishman, was  
sentenced yesterday to five days  
in jail on a charge of drunkenness.  
He got off with a fine of \$100.

George E. Felt, and his appointment  
as constable to give general service.

The resolution submitted by Herring  
last night to the City Council, with  
the action of the Mayor and  
chief of police in suspending the  
defendant of police at Ogden, and which was  
voted down by the majority, was brought  
to the attention of the city authorities, and  
they are to be informed as to what is to be done  
in their course of action concerning it.

This was all the business transacted, it  
is said, and an adjournment was taken  
till tomorrow afternoon at 3 o'clock.

The Probate Court.

Several cases were set down for hear-  
ing before Judge Blair today, but as  
the parties concerned were unable to  
attend, a continuance was taken in  
each instance.

The District Court Today.

The Third district court today pre-  
sented almost a holiday aspect. The  
court in Justice Miller's court was  
taken up with the legal arguments in  
the case of the Salt Lake Bill  
and Electric Co. vs. Farns & Lynn,  
the hearing of which began yesterday  
morning. Judge Miller is still in  
Ogden, whence Justice Miller, after  
leaving court here yesterday, returned

## TO REDUCE POSTAGE.

An Important Movement to be Considered  
by the Chamber of Commerce.

The object of the National Associa-  
tion of Business Men for Postage  
by Air Express.

Mr. L. A. Bryan, of Chicago, Ill.,  
representing the business men of the  
United States' association, served for  
the purpose of securing a reform in the  
postage charge as at present main-  
tained, is in the city.

The negotiations of the association  
at Chicago had seventy-five of the  
leading business men in the United  
States at its head. The principal  
object of the organization was to  
effect a reduction, by which a great  
deal of labor and saving through  
the use of yellow-mail, airmail, express,  
air mail, and other forms of  
expedited delivery, could be  
secured at a lower postage rate.
