

Board of Health Investigates Prevailing Accommodations and Decms Radical Changes in Order.

Unless L. J. Bowers, who has leased the Continental Hay market for a city markets keeps the place in a sanitary condition, he will not be allowed to operate the place. Mayor J. S. Bransford, who is president of the

lowed to operate the place. Mayor J. S. Bransford, who is president of the board of health, visited the old market this morning, with Dr. M. R. Stewart, health commissioner. When they saw Bowers plans they fold him that his place we uld never do. Bowers' propo-sition seems to be to make all the money out of it that he can from the farmers who bring produce into the city to sell and establish a feed yard. The health board will meet in a day or was passed by the council and re-ferred to the health board with pow-vit. Some of the members of the board are in favor to compelling Bow-ors to lay cement floors and put up fine stalls and then flush every inch of the place out once a day. They are opposed to having a feed yard in the same block because of the files. The board is in favor of having a market owned by the city and then opposed by the city and then they in sudal the farmers who come here to sell produce to rent astall. The members think that it would be make that that would be enought, it could be kept in such a condition, under the city so that it would be a pleasure to residents to go to the market and put heir vegetables. The board will probably make its report to the coun-cit Monday night.

PRELIMINARY HEARING.

Citizens' Investment Co. Answering Stockade Case Before Justice Hanks.

Before Justice Stanley Hanks this afternoon at 2:30, o'clock, the Citizen's Investment company is answering for maintaining and conducting premises used for lewd purposes, an indictable misdemeanor under the new state law. Belle London, who is president of the company and its general manager, is also charged with a similar offense. The prosecution is presenting George

When 63 Years Old Eye-Balls and Lids Became Terribly Inflamed-Was Unable to Go About - Home Remedies and Professional Treatment were Equally Unsuccessful.

TOOK FRIEND'S ADVICE: HAS NO MORE TROUBLE

"About two years ago my eyes got in such a condition that I was unable to about. They were terribly inflamed, both the balls and lids. I tried home remedies without relief. Then I de-cided to go to our family physician, but he didn't belp them, Then I tried two more of our most prominent physicians, but my eyes grew continually worse. At this time a friend of mine advised using it about one week my eyes were considerably improved and in two weeks they were almost well. They have never given me any trouble since. I was then sixty-three years old and am ov sixty-five. I shall never fail to speak a word of praise for the Cuticura A framedies when I have an opportunity, and I trust that this letter may be the means of others being cured as I have been. G. B. Halsey, Mouth of Wilson, Grayson Co., Va., Apr. 4, 1908."

Q. Morris and Probation Officer Guar-dello Brown as witnesses, while it is stated that the defense will offer no stated that the defense will offer ho witnesses. It is currently stated that the case will be presented to the dis-trict court for trial, upon the consent of the defense to be bound over without opposition. As the case now stands, the complaint has been filed, a demur-wer oversuled a change of venue taken rer overruled, a change of venue taken from Justice Bishop's court to Justice Hanks' court with the hearing on this afternoon.

FIVE MEN AT WORK TODAY.

Board of Governors is Attempting to Effect Settlement.

The Commercial club's board of governors is meeting this afternoon in an effort to bring about a settlement of the strife of the iron workers upon its new building in the Newhouse district. The outcome of the meeting is in doubt, though the club insists that the work go ahead and is making every effort to have this condition brought about. The

have this condition brought about. The club is dealing entirely with the gen-eral contractors, James Stewart & Co., who in turn are suing for peace with J. E. Holstrom, superintendent for the Minneapolis Steel & Machinery com-pany, and Jack Munsey, business agent for the striking union men. Today there are five men at work in the building and no molestation has been in evidence. Last night a room at the Kenyon hotel containing 12 beds, was engaged with the expectation that 12 men from the east would arrive last night to occupy it. The men did not get here, however, and it is thought in they will be here tonight in time to go to work tomorrow. Chief of Police Barlow was sent for this morning to investigate the situa-tion with the end in view of securing police protection for the workmen. He did not find conditions to warrant po-lice interference and none will be at-

did not find conditions to warrant po-lice interference and none will be at-tempted. Carson, a striker who claims to have been set upon by union men and beaten, and who was discharged from police court yesterday on the charge of carrying concealed weapons, was again at work today. Everything is extremely devoid of disorder at the building site and the work is progressbuilding site and the work is progress-

Mr. Chris-tensen says he was proceeding along tensen says he was proceeding along Sixth avenue last night when the ac-

It is a curious but satisfactory fact that chronic Bright's Disease, which, according to medical authorities, is an

according to mencal attentions, is now ac-fincurable and fatal disease, is now ac-tually being cured. We have not at-tached importance to the statements of recoveries we have seen in the papers from the States, but that they are not all rumors is now evident from several recoveries here.

all rumors is now evident from several recoveries here. A. H. Otis of the Honolulu Drug Co. tells us of two interesting cases. One was swollen with dropsy due to ad-vanced Bright's Disease, and both the patient and his physician had given up hope. Otis kept urging a trial of the new specific until the patient finally consented. Recovery was complete, the patient leaving a few months later for California, where he now resides. Another case was that of an officer on one of the Island steamers. He was in a hospital and considered hope-less when put on the treatment. He has now been back at his post for some

time. The specific that was employed is called Fulton's Compound for Bright's Disease. It seems to be a genuine dis-covery. Otis says there are very few failures, but that it requires patience.-

Honolub Bulletin. We are agents for this Compound. F. J. HILL DRUG CO. When to suspect Bright's Disease-weakness or loss of weight; dropsy; puffy ankles, hands or cyclids; Kidney tooble, after the third month, using trouble after the third month; urine may show sediment; failing vision; drowsiness. They both rushed to the place, where they found the girl in Ryan's overpowering embrace.

powering embrace. In telling her story of the affair, the girl, who is employed **as a** domestic at 343 east Fourth South street, said she had been dancing with the man, when he asked her to go outside. They sat on the steps for awhile. Then, she says, he dragged her to the place where the officers found them. Ryan is sumessed to have a wife in Ryan is supposed to have a wife in he city. The parents of the girl live

in this city.

NEW INCORPORATIONS.

The Progressive Telephone company of Lincoln, Tooele county, filed its articles of incorporation yesterday with the secretary of state. Its capital stock amounts to \$3,550, divided into shares of \$10 each. The officers are: J. W. W. Whitehood, president; Har-riet W. Sagers, vice president, and Henry W. Droubay, treasurer, and Henry W. Droubay, treasurer, and Charles Hanson, secretary. The com-pany has taken over the telephone line from Troele City to Erda, a dis-tance of eight miles.

SACCHARINE IN SODAWATER.

State Chemist Herman Harms is examining sample bottles of soda water manufactured here, containing saccharine as a sweetener instead of sugar. The chemist says that while there is nothing particularly deleter-ious in saccharine, still it is a fraud in that it is not a food while sugar is. The advantage to the manufactures is in the fact that 15 cents worth of saccharine will do as much work in sweetening as a whole sack of sugar.

YOUNG VETERAN WOUNDED.

Capt. W. C. Webb Survives Many Battles to be Hit at Target Practise.

"I have been in 40 battles of one kind and another in the Phillipines, and never received a scratch, and I

ground of cruelty in a complaint for divorce filed yesterday in the Third dis-trict court. In ther complaint she de-clares that Scals has attacked her so many times that she could not remem-ber all of them. On one occasion she says that he drove her out of the house and threatened to kill her with a shovel. They own a house and lot in Sait Lake valued at \$1,500. She asks for a division of property and \$33 a month alimony, together with suit money and attorney's fees.

Sixth avenue last night when the ac-cident occurred, which threw his ma-chine out of business. He then ran it into the ditch for the night, intending to call for it this morning. On his ar-rival there this morning, he was much sumplication of and his machine. These surprised to find his machine "non est." It was a one-seated Reo. SCREAMS ATTRACT POLICE.

and never received a scratch, and I have come through them all to be shot at a target practise." Such was the joking remark of Capt. William C. Webb, to Dr. Benedict as the doctor was conveying him to his home in an automobile last night after an acci-dent at the armory. The accident was caused by a splinter from a bul-let entering his eyelid. At first it was feared that the eye was affected, but investigation showed that such fears were groundless. The captain was standing in the place usually occupied by scorers when the accident occurred, and the accident is most unusual. To-day he is with the high school cadets at Wandamere, this being their field day. Alfred Ryan Arrested at Salt Palace day.
