FINAL PLANS FOR TAFT RECEPTION

Party to Greet President is Selected for Trip to Helper.

MAY PASS THROUGH LOGAN

Schedule Will Probably Not Permit Him to Stop There to Deliver Address as Planned.

FRIDAY'S PROGRAM

11:30 a. m.—Utah party meets president's special at Helper, where private car "Cyrus" will be attached.
1:30 p. m.—Arrival at Provo.
2:30 p. m.—Leave for Salt Lake.
3:30 p. m.—Arrive Salt Lake; met by military escort composed of mounted orderlies from the Fifteenth Infantry, four companies of the National Guard of Utah, and High School cadets and band. Inspection and reviews. Fifteenth Infantry at Fort Douglas, returns to Knutsford for the night.

The Utah committee, composed of Governor William Spry, United States Senators Reed Smoot and George H. Wetmore, Congressman Joseph H. Ball, Colonel D. C. Jackling, Major William T. May of the Fifteenth Infantry and Colonel Edward L. Lusk of the National Guard, will meet at 5 o'clock tonight in the "Cyrus," the private car of D. C. Jackling, for the purpose of meeting President Taft. The special train bearing President Taft on his westward tour will arrive in Helper at 4:30 Friday morning. As soon as President Taft is extended a welcome from the committee the private car will be attached to the special and the next stop will be at Provo, where a great reception will be given to the president. The president's party will reach Salt Lake at 4 o'clock Friday afternoon and the program for the three days' continuous ovation will begin.
The general committee finished up every detail of their work yesterday afternoon in the governor's office, where they were in session several hours. The sub-committees also reported that every order had been carried out. It is expected that the program will be carried out without a hitch.

Reed Smoot received a telegram from President Taft's secretary advising that the time should be taken up with him and other features during the trip. There has been found necessary in other cities and some special features will be arranged in order to grant the request.

The committees took no action on the program submitted by the Salt Lake Ministerial Association, asking that the program be changed on Friday. The program for Sunday has been completed and approved by President Taft and no changes will be made.

An error was made yesterday on the part of railroad officials as to the time President Taft will leave Salt Lake Sunday. It was reported that he would leave here at 2:25 o'clock in the afternoon. According to the correct arrangement he will leave at 11 o'clock after reviewing the living and children in South Temple street. He will stop in Ogden for two hours, but it is probable that he will be unable to go to Logan.

AT PROVO

Everything is now in readiness for the visit to Provo of President William Taft. The committees report that all arrangements have been left undisturbed and that the president's party will be in the best possible shape to make his advent into the city a pleasant one. At the depot a luncheon will be placed, "Provo Greetings" will be given, and the president will be met by the Utah committee. At the intersection of Center and Main streets will be placed a band. "Our President," "Long Live President Taft" will be the banner at the other of the B. Y. C., while the "Utah Greetings" will be read by the "Our President." This will be placed at the east end of the tabernacle directly in line with the public address which the president will make his address. Accompanying the banners will be placed in conspicuous places along the line of march will be more than 200 portraits of the president. The streets will be lined with flags and the tabernacle will be decorated with bunting and flags and the decoration of the tabernacle is in the hands of Prof. E. H. Raymond and Fred A. Hinch, who will cut flowers and potted plants in connection with the decorations.
George M. Fennel, chairman of the ovation, has arranged to cater for the party, members of the presidential party and dignitaries of the state, as

well as members of the committees and body guards of the party, who will of necessity be later than the public generally in entering the tabernacle.

A force of men is at work on the streets and sidewalks preparing them and residents along the proposed line of march are cleaning their surroundings and making ready for the celebration.

The committee in charge of the reception to President Taft met last night. It found it would have eight automobiles at its disposal. The Provo band will play "The Triumph of the Blues" at the depot while the president is disembarking and will march with the parade to the tabernacle grounds, where more selections will be rendered.

At Temple Hill the president and party will be met by Brigham Young University band, which will render "Columbia" and other selections.

The committee was informed that schoolchildren from Charleston, Heber and the country schools in the upper valley will come to Provo to join in the reception.

The committee men say everything is in readiness for the reception.

When a man or woman finds sickness coming on, such as indigestion, weak eyes, kidney trouble, etc., it is time some attention is given to the subject of food and drink.

In practically all such cases where coffee or tea is the drink, one can obtain relief by quitting the coffee or tea and taking Postum, for he leaves off a drink that is an active producer of disease and takes in its place a powerful liquid food that contains elements for re-building the nerve centers which have heretofore been torn down.
