A SURE CURE FOR THE PILES.—You need not suffer from this most distressing disease again in all your life. Emaill's Balm acts as a poultice and lubricator, absorbs the tumors and allays the intense itching at once. No caustic, no acid, no pain. A. McGibbons Esq., 19 Poplar street, Allegheny, Pa., writes: "I had itching and bleeding piles so bad I could not sit, stand or walk without intense suffering. I doctored with many physicians, and tried all the (so called) cures that I ever heard of, in vain (paying out hundreds of dollars), until I used Emaill's Magic Balm, or Ointment. After the first application I enjoyed the best night's sleep I had for ten years, and two boxes have cured me completely." ☞ Wherever introduced Dr. Emaill's Balm takes the lead, and has the largest sale of any Pile remedy in the world. Sold by druggists everywhere or sent by mail. 50 cent boxes. Address: Zion's Co-operative Mercantile Institution, Salt Lake City. d&w (2)

CRITICAL ANALYSIS.

UNIVERSITY OF DESERET,
Salt Lake City, June 8th, 1887.

By carefully examining DeLand's Chemical Baking Powder with the microscope and with chemical reagents, I find that it is free from **Alum, Starch, Flour, Bone Ash, Ammonia and White Earth**; and that it consists essentially of Cream of Tartar and Bi-Carbonate of Soda.

The Baking Powder examined I purchased at Barnes & Davis, in this city.

J. T. KINGSBURY, Chemist.

MANUFACTURERS, CHEMISTS, GOVERNMENTS, PRINCIPALITIES OR POWERS

are unable to disprove the Statement on every can of DeLand's Chemical Baking Powder "**Made of Pure Grape Cream Tartar and Bi-Carb Soda only.** No filling whatever."

☞ CAUTION—Use one fourth less of this Baking Powder, and one-half less shortening with all recipes than with other Brands. d

EVENING NEWS.

Wednesday, - - August 24, 1887.

BANNOCK STAKE CONFERENCE.

Stake and Ward Officers Chosen—An Interesting Occasion.

REXBURG, BINGHAM CO.,
I. T., August 22nd, 1887.

Editor Deseret News:

The Bannock Stake Quarterly Conference convened here on Saturday and Sunday the 20th and 21st inst., and the good news of Apostle Lorenzo Snow being present on the occasion, created a great desire in the hearts of the people to congregate together to be instructed in the plan of life and salvation. The result was that our meeting house which has recently been so enlarged as to hold more than twice the number that it formerly would, was crowded to its utmost capacity, many being obliged to seek seats on the outside of the building.

EVERY WARD

in the Stake was represented by the respective Bishops who reported them in a very fair condition spiritually, and better financially than ever before. Statistics of crops show that there were under cultivation in the Bannock Stake nearly 8,000 acres of land, which will yield far better and larger crops than any previous year, since its settlement.

The general authorities of the Church were all presented and sustained in their respective positions.

Presidents R. L. Bybee and James E. Fogg who have been acting temporarily in the Bannock Stake Presidency, were honorably released, and a vote of thanks extended them for their services.

THE STAKE OFFICERS

were then presented and unanimously sustained as follows:

Thomas E. Ricks, President; Wm. F. Rigby, First Counselor, Francis C. Gunnell, Second Counselor.

Patriarch—Thomas S. Smith and Aziza E. Hinckley.

High Council—Austin G. Green, David Robison, A. N. Stephens, James H. Mason, Brigham Ricks, Heber Ricks, Phineas Tempest, Wm. Troop, James Pincock, Thomas Brown, Geo. D. Black and James E. Fogg. Alternates—Andrew A. Andersen, Wm. J. Young, Chas. Keppner and Edmund Paul.

Presidency of the High Priests' Quorum—Henry Flamm, President; Joseph R. Poole, First Counselor and Andrew A. Andersen, Second Counselor.

Bishop's Agent—Thomas E. Ricks, Jr.

Presidency of the First Elders Quorum—Fred Smith, President; Robert Archibald, First Counselor; James G. Stuart, Second Counselor.

Rexburg Bishopric, First Ward—Thomas E. Ricks, Jr., Bishop; Jno. L. Roberts and Andrew S. Andersen, Counselors, and Joseph Morris and Christian Ayling, Acting Counselors.

Rexburg Second Ward Bishopric—Casper Steiner, Bishop. Counselors not chosen yet.

Menan—Wm. N. Stephens, Bishop; Oscar Green, First Counselor; Spencer Raymond, Second Counselor.

Lyman—Samuel A. Wilcox, Bishop; Counselors not chosen yet.

Eagle Rock—James Thomas, Bishop; Wm. Thomas, First Counselor, John D. Evans, Second Counselor.

Burton—Geo. N. Smith, Bishop; counselors not chosen yet.

Relief Societies—Temperance Hinckley, President; Sarah A. Gunnell, First Counselor, Tabitha Helm, Second Counselor.

Y. M. M. I. A.—Edmund Paul, Superintendent; Thomas E. Bassett, First Assistant, John R. Paul, Second Assistant.

Y. L. M. I. A.—Susannah R. Lawson, Superintendent; Mary A. Ricks and Mary A. Raymond, Assistants.

Sunday Schools—Wm. J. Young, Superintendent; Alma Jensen and Jas. T. B. Mason, Assistants.

Primary—Fanny E. Paul, President; Emily C. Andersen and Margaret A. Edlefsen, Counselors; and Sarah A. Barnes and Sarah E. Ricks, Acting Counselors.

A number of Home Missionaries were then called and sustained.

Recorder and Clerk of Conference—Thos. E. Bassett.

The instructions and remarks of Apostle Lorenzo Snow were principally that while we were being so greatly blessed temporally we should not forget our covenants to our Heavenly Father, nor to observe the requirements made of us as Saints of God. He dwelt for some time upon the duties of Bishops and the responsibilities devolving upon them. His remarks were listened to with much attention and were highly appreciated.

Taking all into consideration our Conference was a grand success, the weather was lovely and a general feeling of improvement was manifested.

All that we lack in this country is settlers. Although our statistics show that we have in the neighborhood of 3,000 in population, we haven't one quarter enough. We have all the natural facilities required for making comfortable homes for thousands of families, plenty of land, water and timber of the best kind, and the longer we live here and the more we test the land, the more we are convinced of its productiveness.

The wheat crop will average on the aggregate about 25 or 30 bushels to the acre.

Experience has proven this reason that early kinds of sugar cane will do well here also.

The county has appropriated $4,700 for the construction of a bridge across the South Fork of Snake River, which is contemplated to be built shortly, and which will add materially to the settlement and development of this section of country.

There has been quite a number leave here for the summer months to work on the railroad, in the mines, etc., and the general feeling is that had they stayed at home and attended to home affairs they would have done a great deal better, as our labors at home have certainly been crowned with success.

Respectfully,
THOMAS E. BASSETT.

The Progress of Warfare.

The whole German infantry force will be armed, it is said, by October next with repeating rifles. Their effective force will thus be greatly increased. Some experts can load and fire single breech-loaders almost as rapidly as other experts can discharge the magazine guns; but this is the exception, not the rule. The ordinary soldier with a magazine gun or a repeating rifle will have at instant command from half a dozen to a dozen loads, which he can discharge as quickly as he can cock and fire the gun. A charge like that of Picket's division at Gettysburg against a body of troops thus armed would be simply impossible. Instead of one round being fired at close quarters, a dozen could be discharged while the assaulting party was within pistol range. The French, too, are getting ready a new weapon which is described as something remarkable. It is of small calibre, but of great range, and has the advantage that each soldier can carry at least five times the number of rounds of ammunition allotted to privates during the war of the rebellion. The next great European war will probably show that improved weapons have completely changed the condition of battle. Contending armies will hardly be able to get within a mile of each other.—*Philadelphia Ledger.*

A TOURIST'S ADVENTURE AT KILLARNEY.—*United Ireland* has stated that Mr. Dickens, an American tourist, a few days ago, when visiting near Killarney, fired a shot from a revolver to try the effect of the echo in the gap of Dunloe. Immediately after the report, as though it had been a summons from Aladdin's lamp, two genii in the shape of policemen appeared, and in spite of explanations Mr. Dickens was arrested, and after three hours' detention sent off under escort to Killarney. After a further delay of two hours he was taken before the magistrate, who discharged him, being satisfied that he had fired his revolver for no illegal purpose.—*Pall Mall Gazette.*

SIMMONS LIVER REGULATOR

BILIOUSNESS

Is an affection of the Liver, and can be thoroughly cured by that Grand Regulator of the Liver and Biliary Organs,

SIMMONS LIVER REGULATOR

MANUFACTURED BY

J. H. ZEILIN & CO., PHILADELPHIA, PA.

I was afflicted for several years with disordered liver, which resulted in a severe attack of jaundice. I had as good medical attendance as our section affords, who failed utterly to restore me to the enjoyment of my former good health. I then tried the favorite prescription of one of the most renowned physicians of Louisville, Ky., but to no purpose; whereupon I was induced to try **Simmons Liver Regulator.** I found immediate benefit from its use, and it ultimately restored me to the full enjoyment of health.
