

WAY DOWN IN A DEEP CANYON.

Great Northern Robbers Cornered in One by the Sheriff.

PLACE IS A VERY FORTRESS

It is Full of Caves, and Bandits Can Hold an Army at Bay If Not Ho.

Minneapolis, Minn., July 9.—A special to the Times from Great Falls, Mont., says: In a deep canyon, about six miles south of Malta, and five miles north of the Missouri river, Sheriff Griffith has at last cornered the Great Northern robbers. The canyon is a veritable fortress, and it is full of caves where the robbers can hide and hold at bay an army if need be.

This news left the camp of the posse at an early hour yesterday morning.

Great Falls, Mont., July 10.—It is known definitely that the Great Northern train robbers crossed the Missouri river about seven miles above Fort Peck about 7:45 Monday evening, and that they are now on the south side, Sheriff Griffith and posse have been notified, but by the time the messenger reaches him and he reaches the point where the robbers crossed the river he will be forty hours behind them.

It is said the robbers are now in the territory covered by William Smith, with a posse from Miles City, which is conceded to be very dangerous territory for the robbers. The report that Sheriff Griffith is surrounded near Rocky Point, and that a fight was in progress is discredited.

Sheriff Griffith has returned to Glasgow, and says he thinks he knows where the robbers are, and he wants more fighting men. If he wants can secure a sufficiently large posse he will return to the chase in the morning. Sheriff Crawford of Chouteau county, with a large posse, will join the chase.

CHAIRS IN CENTRAL PARK.

Permit to Spate to Introduce Them to be Revoked.

New York, July 10.—President George C. Chauncey, of the Park board early this morning issued the following statement announcing that he would revoke the Spate pay chair permit:

"When I granted the privilege of renting chairs in the park, it was understood that the matter was entirely experimental and might be discontinued at any time. When the privilege was granted I was firmly of opinion, as I am now, that the system would be for the public good and especially for the benefit of women and children whose means would not permit them to leave the city during the summer, but who were anxious to see the benefits of the park.

"The park department is in receipt of hundreds of letters from ladies and gentlemen commending it for inaugurating the system of paid chairs, but the great public of New York, so far as may be picked from the majority of great organs of public opinion, seem to condemn the innovation, and such as I believed in it and still believe in it, I hold it to be the duty of a public servant to bow to the public will.

"Above all things, I am of the mind that right or wrong, nothing should be done to endanger the public peace, and of course, it is not to be supposed that public property must be maintained for the use and enjoyment of all the people in the parks, as elsewhere.

"Further than this, it is obvious that such a system, which should be done for the benefit of the public, is not to be introduced into the park, no matter how produced, must be stopped at any cost.

"In this view without referring, as I have done to the pending motion, I have been maliciously and covertly directed against a fair trial of the plan of pay chairs, it only remains for me to revoke the privilege of renting chairs in the park, which shall be done for the benefit of the public I propose to purchase the chairs now placed in the park and to present them to the city and confine their use to women and children."

NEGRO POPULATION.

It Has Not Decreased in Proportion to the Whites.

New York, July 10.—A special to the Herald from Washington says: The figures based on the census of 1900 show that the negro population of the United States would gradually decrease in proportion to the total population are not borne out by the statistics of the present census.

The negro population in the United States in 1890 was 11.93 per cent of the total, a decrease from 13.12 per cent in 1880. This year the percentage will be somewhat less than 11, though until the completion of statistics has been more nearly completed it will be impossible to give exact figures.

In some of the southern states the negro population is increasing faster in proportion than the white. In the border states there seems to be a little falling off, and in the northern states, to which the tide of European immigration is increasing more rapidly, though this does not hold good in some special localities such as cities in which negro servants, especially in hotels, are rapidly displacing white men and women.

EDGAR WALLACE'S LETTERS.

British War Office Will Have Hard Time to Refute Their Facts.

New York, July 10.—The London correspondent of the Tribune declares that Edgar Wallace, the correspondent in South Africa of the Daily Mail, whose articles touching the conduct of the war are attracting attention, is known as a painstaking correspondent, and the war office will not find it easy to invalidate his testimony. The colonies, and the Tribune's correspondent continues, are especially interested in his exposure of senseless vagaries of censorship, since some of the principal effects of the mutilation of his dispatches was an injustice in withholding credit from the colonial troops.

TEACHERS FOR PHILIPPINES.

Arrangements for Their Departure Are Being Pushed.

New York, July 10.—The Washington correspondent of the Press telegraphs: Col. Edwards, of the department of insular affairs in the war department, is pushing the arrangements for the departure of teachers for the Philippine Islands. Up to date the department has completed arrangements for the sailing of 500 persons on the Thomas on July 23.

Prof. Atkinson, who is at the head of the educational work in the Philippines, has made most of the appointments directly, but in doing so he has been through the insular bureau invitations to the leading colleges, universities

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure, and apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs or the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from a derangement of the kidneys, and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both Home of Swamp-Root, sent free by mail, Address Dr. Kilmer & Co., Binghamton, N. Y. They have writing mentions reading this generous offer in this paper.

ties and normal schools of the country for recommendations. The salaries of the teachers will range from \$75 to \$125 per month and before starting they will sign contracts for three years.

The Insular Bureau has co-operated to a certain extent with the war department in obtaining teachers, and six of the best instructors in the Indian service have accepted places, and will go to the Philippines. They have been selected in the belief that their experience with the red men of the West fits them peculiarly for dealing with the Filipinos.

The Insular Bureau a sample of the text books which will be used in the islands has just been exhibited. It contains a 3,000 word history of the United States, the constitution and the Declaration of Independence and a map of the country. The pages are printed alternately in Spanish and English.

THE ISTHMIAN CANAL.

No Negotiations With Great Britain Regarding It Are Now On.

New York, July 10.—No negotiations, says the Tribune's London correspondent, are now in progress between the American embassy and the British foreign office regarding the revival of an isthmian canal treaty.

Lord Lansdowne has lumbago and is not in a good temper for conciliatory diplomacy. It is not improbable that Lord Pauncefote has conferred with Lord Salisbury and Lord Lansdowne on the subject and the results may be disclosed when he returns to Washington. Lord Pauncefote has not been idle since he came here from Cleveland to take charge of the operation and construction of an independent telephone system in New York and Boston. Plans are also being laid for the construction of a long distance trunk line between the two cities. It is the intention of the telephone, telegraph and cable company to pursue an aggressive policy in the East, where the independent telephone movement has been practically neglected. The construction of a system in New York and Boston will cost about \$3,000,000.

INDEPENDENT TELEPHONE CO.

Will Construct a Great System in New York and Boston.

New York, July 10.—President Thomas, of Cleveland, Ohio, the newly elected president of the Independent Telephone Association of America, said:

"I came here from Cleveland to take charge of the operation and construction of an independent telephone system in New York and Boston. Plans are also being laid for the construction of a long distance trunk line between the two cities. It is the intention of the telephone, telegraph and cable company to pursue an aggressive policy in the East, where the independent telephone movement has been practically neglected. PORTO RICO'S TREASURER.

J. P. Hollander Sails for New York and May Resign.

San Juan, P. R., July 9.—J. P. Hollander, treasurer of Porto Rico, left here today on the steamer San Juan for New York. William Hunt, the insular secretary, says Mr. Hollander will not return to Porto Rico and Mr. Hollander, in turn, questioned on the matter, remained silent. It is reported here that Mr. Hollander has resigned his position of treasurer and that he may go to Manila to draw up tax laws similar to those he has drafted for Porto Rico.

Washington, July 9.—If Mr. Hollander intends to resign his position of treasurer of Porto Rico he has not commuted the fact to the officials of the state department. Still such a step is not at all unlikely, as when he went to Porto Rico, it was Mr. Hollander's expectation to remain in the service only temporarily. He is a member of the faculty of Johns Hopkins university of Baltimore, being loaned to the war department by President Gilman. Now that the island is on a self-supporting basis it would not be surprising if Mr. Hollander should sever his connection with Porto Rico.

NEW HUSBAND.

Quite an Improvement on the Old.

"I have been compelled to stop drinking," I said to the friend who asked me to strengthen up on a cup of her good coffee. "Well," she said, "that needn't bother you, for I have Postum Food Coffee here, which completely cured a friend of mine of sick headaches." I tried her coffee, and it was very good, but when I tried to make it at home, I was disappointed. I soon found that I was not making it correctly, but by putting two heaping teaspoons of Postum for each person and letting it boil twenty minutes, it was delicious.

I had at that time been an invalid for several years, but did not know my trouble was caused by coffee drinking, of which I was very fond. I immediately began to feel better after leaving off coffee and using Postum, and I was troubled the same as I was, and whose appearance on the street really shocked me, for she was so emaciated. She exclaimed in surprise at my improved appearance, and wanted to know what I had been doing. She asked me if I had had a heater of any kind, I said, "Yes, I have allowed Postum Food Coffee to work the almost complete miracle of curing me."

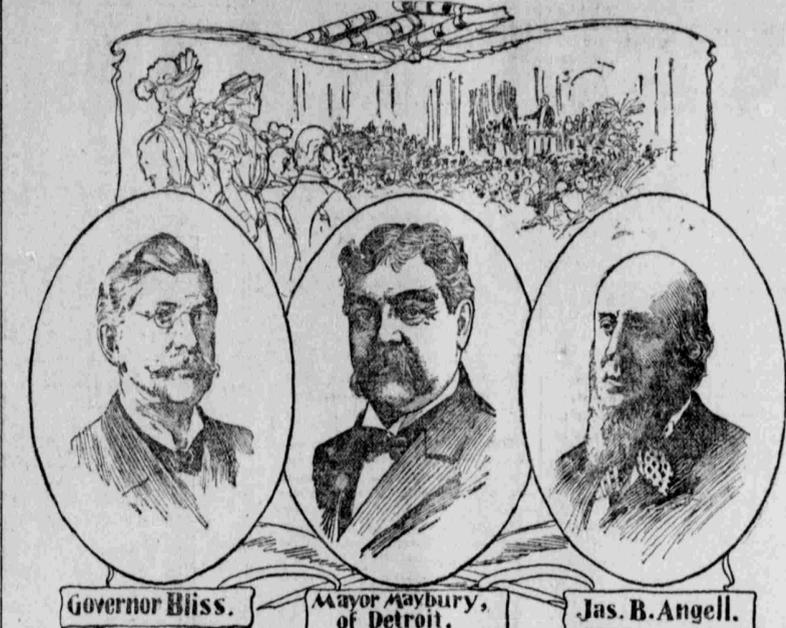

My husband has been absent in Georgia for some time, and has been in wretched health, having been in the hospital twice for indigestion. I wrote him to stop using coffee and try Postum, and he told me just how to make it. Yesterday I received a letter from him in which he says, "I am feeling very much better, thanks to you and Postum. I sleep better, eat better, and in fact, my dear, am quite an improvement on the old husband." Alice L. Gilson, 305 Park Ave., Salt Lake City, Utah.

Eight Articles of Platt Amendment Appear as an Ordinance Appended to the Instrument.

Transport Rawlins to be Sold.

New York, July 10.—The United States army transport McClellan is scheduled to sail for Manila today. She will be in charge of Captain Putnam Bradley Strong and probably will remain in the Philippines for inter-island communication.

The transport Rawlins will be sold at public auction tomorrow at Brooklyn. The vessel has been appraised at \$250,000, and no bid under that sum will be accepted. The Rawlins was formerly an Old Dominion steamer. She was bought by the government for an auxiliary cruiser and renamed the Resolute.

The government paid \$47,000 for her. At the admiralty building it was held that the Old Dominion authorities had called to ask about the sale and had expressed a desire to obtain possession of the vessel.

Strike Not Considered Important.

New York, July 10.—The Herald says: The indications in this city are that the officials of the United States Steel corporation do not regard the present strike in the sheet steel mills as of importance. It is charged that some of them were killed; that others lost their property; that nearly all were ruined in business, and that many of them were driven out. The claimants number several hundred.

The outrages date back to 1886, and it is declared that the city council of Butte upheld the rioters and the boycotters; that the state courts upon appeal decided, in language so unjudicial as to be itself a subject of complaint, that the city council was right and finally that relief could be obtained

Edward Will Attend the Prorogation.

New York, July 10.—It is now regarded as practically certain, says the Tribune London correspondent, that King Edward, following the example of Queen Victoria, will attend the prorogation of his first parliament in order to show his approval to the difficult compromise for the civil list provision.

Father Aglipay Seeks Reconciliation.

Manila, July 10.—Father Aglipay, the insurgent ex-priest, has had an interview with the archbishop seeking reconciliation. The result of the interview is not known.

The Twentieth Infantry is being transferred from north Luzon to Camarines province. The Fifth cavalry probably will follow.

NATIONAL BUNDESFEST.

Arrangements for it Progressing on an Extended Scale.

San Francisco, July 10.—The arrangements for the approaching national bundesfest are progressing on a very extensive scale in this city and at Shiloh park. Magnificent portals are being erected at the main entrance to the park. An imposing arch is to span the main drive way midway between the main gate and the pavilion.

Decorations and electrical designs in the two pavilions will be novel and unusually attractive. A floor is being constructed over the creek which runs through the grounds and over it will be built a dining hall, roofed with the foliage of the trees which are abundant on the banks of the creek. The main festival place, surrounding the Palace of Gifts, will be made the most attractive spot in the park.

The festival will be heralded with a torchlight procession and a tattoo next Saturday night, and a street parade on Sunday morning. William Hayes, king of the band, and Fred C. Ross, the former king, are due to arrive here today.

Venezuelan Revolutionists.

New York, July 10.—Consul General E. Gonzalez Esteves of Venezuela says he has received no news of the whereabouts of former President Ignacio Andrade, who he was informed on Monday is in the city. The consul general says, however, that he proposes to keep a sharp lookout for vessels leaving here, and that if at any time his agents report that contraband goods are being shipped he will board the ship himself and make an investigation. His idea is that ammunition for the Venezuelan revolutionists may be sandwiched in between other goods.

Nicholas Hernandez, son of the Venezuelan revolutionary leader, Gen. Jose Manuel Hernandez, who is now held as a political prisoner by President Castro as the result of the failure of the revolution which he fomented, was at the consulate to assure Consul General

Arizona Hot Spell Broken.

Phoenix, Ariz., July 10.—A storm of wide, and in some places very heavy dimensions has swept over central Arizona, breaking the heated spell of unusual length and intensity. In parts of the Salt River valley rain was of sufficient volume to be of vast benefit to grain and fruit crops, and in the mountains to the north the storm was a hard one. In the vicinity of Prescott and as far east as Jerome and south to Mayer telephone wires are down.

Home-seekers on the Move.

Wichita, Kan., July 9.—It is estimated that 2,000 people passed through here today bound for the Kiowa, Comanche and Wichita country. They were nearly all young men and well equipped with guns, ammunition and campers' supplies.

Manchurian Railway.

Russians Will Employ 50,000 Troops for its Defence.

London, July 10.—A dispatch from Pekin says: It is reported that the Russians are rapidly completing the Manchurian railway, and that they will employ 50,000 troops for the defence of the line.

Li Hung Chang proposes to withdraw all the Chinese troops from Manchuria with the object of avoiding all chances of collision with the Russians. If this is done Russian troops will be needed to preserve order in the province, as only Chinese policemen will be employed there according to the definition now given to the Russo-Chinese agreement regarding Manchuria.

It is stated that the Chinese soldiers have combined with bandits to plunder the people and resist the Russians. It appears that no control is exercised over the Chinese soldiery there.

IN SOUTH AMERICA.

Travelers Have a Disagreeable Experience with Quarantine Rules.

New York, July 10.—Letters received by relatives from Ben. Heyman, now traveling in South America, give an account of several disagreeable quarantine conditions to which the passengers of the steamship Yamari were subjected for 13 days off Guayaquil, Ecuador. During that time, the letters state, Perry M. de Leon, United States consul general, and the representatives of other nations at Guayaquil were seemingly unable to do anything for the relief of the passengers aboard.

County Treasurer Arrested.

Alfred Norlin of Kearney Co., Neb., Charged with Robbery.

Minden, Neb., July 9.—Alfred Norlin, county treasurer of Kearney county, was arrested tonight on a charge of robbing the county treasury and setting fire to the courthouse on the night of June 27.

After his arrest Norlin made a full confession and took the officers to a corn field near his home, where in a box was found \$67,775 of the money that he had concealed. His total shortage is \$19,917.

Norlin at the time of the courthouse fire claimed that he had been assaulted in his office, robbed and the building fired. He admitted later that his story was purely a concoction of his own.

Carnegie Building for Alameda.

Alameda, Cal., July 10.—Andrew Carnegie has given this city \$35,000 for a public library building.

Big Price for a Picture.

London, July 10.—The celebrated portrait of Lady Louisa Harcourt, as Hopper, recently secured by Duveen Brothers after an exciting bidding at Robinson and Fisher's sale for \$72,762, has been acquired by the well known collector Mr. Altman, of New York.

THE TRICK.

A TRICK may involve deceit or it may be a display of peculiar skill. There is deceit in some soaps, but there is none in Ivory Soap; it is a display of peculiar skill. It will stand any test and can be relied upon to do all that is claimed for it.

LYNCHED A CHINAMAN.

He Attacked a Woman and Child with a Butcher Knife.

Bakersfield, Cal., July 9.—Young Fook, a Chinese cook, employed at a boarding house at Mount Shasta, California, was lynched in the mountains, was lynched this afternoon by lumbermen.

Shortly before the noon hour the Chinaman attacked Mrs. Kenney, wife of the foreman of the mill, with a butcher knife, inflicting a serious wound on her face. He also struck Mrs. Kenney's little daughter, but the injury is slight.

The screams of the woman brought the lumbermen to the scene. Mr. Kenney was the first to reach the house. He was attacked by the Chinaman and sustained a severe cut on the wrist. The lumbermen knocked the Chinaman down, placed a rope around his neck and hanged him to a tree. It is believed that the Chinaman was insane.

CHINA FILES CLAIMS.

Wants Half a Million for Injuries to Chinaman in Butte.

Washington, July 9.—The Chinese government, through Minister Wu Ting Fang, has filed a claim for indemnity to the amount of \$500,000 on account of alleged outrageous treatment of Chinese at Butte, Mont. There is suggestion of Boxer outrages reversed in the presentation of the case to the state department, the treatment inflicted upon the Chinese at Butte being claimed to have been cruel and oppressive. It is charged that some of them were killed; that others lost their property; that nearly all were ruined in business, and that many of them were driven out. The claimants number several hundred.

The outrages date back to 1886, and it is declared that the city council of Butte upheld the rioters and the boycotters; that the state courts upon appeal decided, in language so unjudicial as to be itself a subject of complaint, that the city council was right and finally that relief could be obtained

Fifty Against Two.

It is not reasonable to expect two weeks of outing to overcome the effects of fifty weeks of confinement.

Take a bottle of Hood's Sarsaparilla along with you. Three doses, daily, of this great tonic will do more than anything else to refresh your blood, overcome your tired feeling, improve your appetite, and make your sleep easy and restful.

Business men who lack the vim, snap and vigor they once had, should use HERBINE. It will purify the blood, strengthen and invigorate the system. Price, 50 cents. Z. C. M. I.
