HAS TERRY IMPROVED. He is Acquiring More Confidence in Himself.

In spite of the wonderful success that Terry McGovern has had in the ring he has not improved greatly as a scientific boxer. His style is still of the hurricane order. Some day the youngster will meet another chap about his weight, and with something of his mettle and McGovern will have no easy task to defeat him. Sam Harris, McGovern's manager, says the boy is getting better all the time. In one way he is, He is acquiring more confidence, because there appears to be no one who is able to meet him without being badly punished. If, however, he should be compelled to face a proposition that had comething more to it than 120 pounds of flesh and a weak heart perhaps he might be badly stumped for lack of a little of the knowledge that is neces-sary for the best of the boxers. In McGovern's fight against Tommy White he "laid himself wide open" time and time again, according to the re-ports that come from Chicago, and had White been strong enough to land a knockout blow it is not the least im-possible that he might have floored the champion for keeps. Perhaps that would not have meant that he could whip McGovern in a battle where both men were contesting for big money and

New York Will be Democratic, and He Will Sweep the Country.

ELLIOTT DANFORTH'S VIEWS

But It is All Based on Democratic Harmony and Giving Silver a Back Seat.

[Early Dispatches.] New York, April 26 .- Elliot Danforth, chairman of the Democratic executive committee, says that he feels confident that New York will go Democratic next fall and that Mr. Bryan will easily sweep the country if he will agree to a platform as outlined in his recent Kansas speech. Every day, he said, he reeived assurances that men who aban-loned the party four years ago were returning now, because of the attitude of the dominant party in relation to trusts and imperialism, and their con-fidence that the silver issue would be relegated to the rear in the coming campaign. If sufficient assurance could be given that Mr. Bryan would be willing to conciliate Eastern Democrats by making trusts and imperialism the prominent issues, he said, he felt sure that fully 75 per cent of those who balked in 1896 would return to the party this year, and that the other 25 per cent would be more than compensated for by dissatisfied Republicans and Independents,

None of us expect that Mr. Bryan will abandon the Chicago platform,"
Mr. Danforth said, "but we have been hoping that he and the other national leaders would recognize the fact that other issues have come to the front since 1896, and that due importance should be given to them. If this is done there is not any doubt that Democrats all over the country will get together, and that means a Democratic victory next fall. New York State is never doubtful when the party is united. At every election during the last fifteen or twenty years, it has been shown con-clusively that there are more Democrats ban Republicans in the State, and that Democratic victory is entirely depend-

ent on Democratic harmony. In relation to the attitude of the coming State convention, Mr. Danforth said that it was unlikely that it would instruct the delegates to the national convention to vote for Mr. Bryan's nomina-Terry has not learned discretion, and that he has not learned, either, how to handle those powerful fists of his so as to get the most out of them.—Denver Post.

OUTRAGE BY WILD WAS. Englishmen Stoned to Death by

Chinese - British Reprisals.

Vancouver, B. C., April 25.—Details of the Kiddle-Sutherland murders were received from Burmah today by the steamer Empress of China, twelve days from Yokohoma.

The aggressors in this outrage were the Was, or "Wild" Was, as they are commonly called, flying in Mengkaus, A party including Dr. Kiddle, Sutherland and J. H. Lytton, with an escort in charge of a Chinese non-commisin charge of a Chinese non-commis-sioned officer, were suddenly attacked from ambush by the Was, who were armed with cross bows, stones and ar-

united British and Chinese forces attacked the Was, and a sharp encounter took place, the entire spur of the Was stockades being cleared. The group of Was villages implicated in the original attack were then made objects of at-tack by the British-Chinese forces, and as a result 2,000 houses were burned and sixty Was were killed. In this second fight four Chinese were killed and twenty wounded, while of the British force one Gurkha was killed

LABOR RIOT IN CHICAGO. One Man Killed, Six Injured-Waylaid Non-Union Men.

Chicago, April 25 .- In a labor riot to-

night at Racine and Wellington avenues, Peter Miller was shot through the head and killed and six other men were more or less injured. Miller, together with John McGuire, William Pottger, Louis Jackiske and James Gibbons, all of them union printers, waylaid three non-union men who had taken their places in the Ba-ker-Sawter Printing company's office, and attacked them. H. C. Baster, the company's superintendent, who was one of the men attacked, opened fir on the assaliants with a revolver. Miller was instantly killed and McGuire was shot twice and badly hurt. Policemen quickly surrounded the fighting men and arrested all except

Gibbons, who escaped. Two of the union men wore brass knuckles and the others carried-clubs.

After the arrest of the combatants Chief Kipley expressed the opinion that Baster was justified in shooting. The chief declared that these assaults upon non-union men must stop, and he issued orders demanding greater ener-

offenses. BLUFF ON RUSSIA. Suggestion That it Will Prevent Turkish Payment.

United States to enforce payment." Berlin, April 25.-The Berlin papers publish a dispatch from Washington announcing that the sultan of Turkey has yielded to the demand of the Unit-ed States in the indemnity claim. The Vossische Zeitung, discussing the mat-ter, points out the ill success of Eu-

ropean powers in getting money from Turkey, and adds; "Through the payment to the Ameri-can missionaries the sultan is reminded that a new element, expressing itself in unaccustomed forms, has entered into nternational intercourse, The Berliner Tageblatt thinks that

the United States, fearing Russis, will be satisfied with the sultan's acknowl-edgment of the indebtedness and will not force payment. Wolcott Temporary Chairman. The "Tipton Slasher." Once more let us draw attention to Benny Yanger, who is labeled the "Tip-ton Slasher" at Chicago. He has not been at the business long but he has been busy and he has been a remarkably good winner. Yanger has the right kind of ring about him to be a good fighter. So far he has been going at the same rate and in the same style that Terry McGovern followed until he got to the top. Yanger is a real fighter and depends more on that than he does on his boxing. It seems certain that he will face McGovern sooner or later,— Pittsburg Dally News.

Corbett's Confidence.

James J. Corbett made the following statement the other day at Lake-wood, his training quarters, regarding his coming contest with the champion: "I am better today than I ever was in my life. If Jeffries can beat me in my present condition, why, he could have beaten me at any time in the past. I firmly believe that Jeffries made this match thinking I was an easy mark, and no doubt others agree with him. He and his friends think I have gone back, but they will be badly fooled if they figure in that way that I am the sick man of the East. Mark what I tell you, I will whip Jeffries without getting so much as a black eye from his hand."
