S. P. ROADMASTER ALLEN DROPS DEAD

Sudden Summons of One of Ogden's Oldest Railroad Employees.

JUDGE ROLAPP HOME AGAIN.

Returns With Family from Five Months European Trip and Reports Conditions on Continent.

OGDEN, Aug. 28.—While C. R. Allen, the roadmaster for the Southern Pacific stood at the entrance at the union depot last night, talking to some friends, and while in the act of raising his hand in a "good night" salute, he was stricken with heart failure and dropped dead.

Mr. Allen had just returned by a Southern Pacific train from a trip over the road into Nevada. He had stopped a moment to talk with friends in the depot lobby, and was starting for his home when the seizure took him. He was dead before he could be raised from the ground. The case was pronounced one of heart failure, and the body was removed to the Ritchie undertaking establishment.

Mr. Allen was one of the oldest employees in point of service on the Southern Pacific. He had also been employed by the Oregon Short Line. He was 55 years old, and leaves two daughters, who are now in Los Angeles, and a son living in Salt Lake. Ad Ogden.

SUGAR FACTORY IN MONTANA.

OGDEN, Aug. 28.—David Eccles, president, and H. H. Rolapp, secretary, of the Amalgamated Sugar company, have arrived in the city from Harlem, Mont., where they have selected a site to build a beet sugar factory in the vicinity of the river from the Crow Indian reservation. Supt. L. R. Eccles and Field Supt. Job Pingree, who accompanied Mr. Eccles to Harlem, remained in Savoy to supervise the preliminary work and the beginning of the foundations for the big plant.

JUDGE ROLAPP RETURNS.

OGDEN, Aug. 28.—Judge and Mrs. H. H. Rolapp and daughter Mabel and son Walter have returned to Ogden from a five months' tour of Europe, during which time they visited all the principal countries. After leaving Ogden last April, they proceeded to Naples, where they were joined by their son Frank Rolapp, who is working in the Swiss and German mission field, and he made the tour with them. Judge Rolapp stated that they met many Ogden people while abroad among whom were Bert Hadley and Dr. H. B. Forbes, who are touring the continent, and the following missionaries: Louis Perry, Oregon; Douglas, Charles West, William Wright, D. R. Shurtliff, Grant Brown, Harold Chambers, Royal, Roland and John Eccles, John Watson, J. E. and William McKay, Clarence Wright, William Driver, Jr., and Henry Volker. All the boys are enjoying excellent health and doing splendid work for the Church. The young men are a credit to Ogden and the state.

In speaking the conditions in Europe, Judge Rolapp states that the entire country seems to be suffering under a financial depression which appears to be a reflex of the panic had in America nearly two years ago. The crops of the countries visited and the health of the people seems to be very good.

NEW ROADWAY TO CACHE.

OGDEN, Aug. 28.—Negotiations have been opened by the commissioners of Weber and Cache counties for the building of a road from Ogden valley over the mountains to Cache valley. The final arrangements for the road will be made at a meeting to be held between the commissioners of the two counties some time during next week.

ALL RUN DOWN.

I Was Just Miserable When I Began Taking Peruna.

To be all run down in health is worse than to be poor.
To be strong and well, full of courage and vitality, is better than to be rich.
Peruna has converted a multitude of discouraged people to prosperity.
For instance, take the case of Mrs. Charles Anspaugh, of Pierceton, Ind. In a few words she tells a wonderful story. She says:
"Peruna has been a godsend to me. I can feel safe in saying that it saved my life, as I was all run down and was just miserable when I commenced taking your Peruna, but am on the road to recovery now. I cannot thank you too much."

RAILROADERS' OUTING.

OGDEN, Aug. 28.—The employees of the local Southern Pacific shops, accompanied by their families, are spending the day at Salt Lake today. The employees had two trains placed at their disposal by the railroad company and all the men and their families and friends took advantage to enjoy a day at the capital and its many resorts. The return train will leave Salt Lake City at midnight, arriving in Ogden at 1 o'clock.

The building committee reported that it had visited the new high school building and arranged for the occupancy of the first and second floors by Sept. 13. The contractor was given until Oct. 1 to complete the building. The board authorized the rebinding and repair of 25,000 text books now in use in the various schools. It was decided to abandon the Vest Ogden school, and transportation will be furnished by the board to all pupils below the fourth grade to attend the school in the heart of the city.

J. H. Long of Portland, Or., was elected head of the commercial department in the high school, which was held by O. J. Stillwell last season. Walter Morrison was elected an eighth grade teacher; Viola Clancy, an assistant teacher, and May Bates, Josie Bane and Addie M. Stone, were elected grade teachers.

A bid of \$400 was received from the Eccles Lumber company for 20 tables and 40 drawing desks, to be used in the new high school building. The matter was referred to the building committee, with power to act.

The finance committee reported \$34,429.02 on hand. The clerk of the board was authorized to collect tuition from non-resident students.

AUSTRIAN SHOTS HIMSELF AT MURRAY

Suicide Deliberately Planned. Though No Cause is Given for Rash Act.

MURRAY, Salt Lake Co., Aug. 28.—John Musig, an Austrian 55 years old, and a resident of Murray for six years, was found dead yesterday afternoon on the steps of the old schoolhouse just opposite the postoffice in this city. The dead man had been noticed lying there all morning by some girls working at the school building and it was presumed that he was only asleep as foreigners frequently sleep there. He remained there so long, however, that Supt. Mumford's attention was called to the fact and upon investigation he found the Austrian dead with a bullet through his brain. It is thought that the rash act was committed at 11 o'clock Thursday night, as Musig told a fellow countryman while riding from Midvale to Murray on Thursday that 11 o'clock was the time and the schoolhouse steps and the place where he expected to cross the divide. That he had contemplated such an act for several days is certain, as he had spoken to Deputy Marshal Whitte several days ago on the matter. Musig was interpreter in the city courts here and spoke eight different languages.

MERCHANTS PETITION COUNCIL.

MURRAY, Aug. 28.—The merchants of Murray petitioned the city council to impose a higher license on vegetable and merchandise peddlers, and ask that the license be fixed at \$40 and \$60 respectively per year. The petitioners set forth that they are discriminated against, that the present license is higher proportionately than the license offered to peddlers. Referred to the license committee.

Milkmen were also given consideration. It was discussed whether or not individuals who keep a cow or more and sell milk should pay a license. Some members of the council were of the opinion that such parties should be termed milk dealers and should contribute to the city treasury. Recommendations relative to this matter will be submitted at the next council session.

Justice of the Peace Banks submitted his report for the quarter ending June 30. The proposed franchise of Hyrum Benson and Sons company to construct, maintain and operate an electrical transmission system in Murray to operate a milling and manufacturing concern was taken under advisement. A board of equalization was appointed, consisting of James Godfrey, John Berger, Daniel Smith, Frank C. Howe and P. D. McMillan to consider and make corrections of city taxes.

Next Wednesday, Sept. 1, the Murray First ward Sunday school goes to Wandanere. The officers are busy arranging a program of sports and athletic contests for the afternoon. The evening will be spent in dancing. It is expected the attendance will be very large.

Plans will be formulated for exercises at Murray for Labor day. From present indications there will be nothing elaborate. There will, however, be the usual Labor day exercises, which have always been carried out heretofore. Many of the business houses are contemplating closing in the afternoon, and the day will virtually be a holiday.

The new Miller ward L. D. S. church building at Fourteenth South street is rapidly nearing completion. When all interior decorations have been completed it will be one of the handsomest in the county. The new church greatly improves that portion of the street.
