LOCAL AND OTHER MATTERS.

Expected this Evening.—President Taylor and party are expected home from San Francisco this evening.

Monotonous.—And now it's the Junction that has failed to come to hand for the last two or three days. We shall soon begin to lose confidence in the human race.

Notice.—There will be a meeting of the Firemen's Mutual Aid Association, to-morrow evening at half past seven. J. A. RYDER, Secretary.

Talked Of.—A railroad from this city, through Paria's Canyon to Park City, is the latest current rumor. Many place but little dependence in the report, or faith in the success of such a project, though some of the leading mining men of this community are the ones who have the scheme under consideration.

Bar Meeting.—The continuation of the meeting held by the legal fraternity of Ogden, a week or two ago, will be held this evening, at 7 o'clock, at the Law Office of Richards and Williams, in that city. A petition to the legal authorities at Washington, for the desired reformation in Territorial judicial matters, has been drafted and will be presented for discussion.

The Mining Editor.—Col. Richard J. Hinton, mining editor of the New York *Mail*, is spending a few days in this city, previous to continuing on his travels south through Arizona. He is the author of an interesting work descriptive of Arizona, and has taken great interest in the mineral matters of Utah and the great west. We welcome the gentleman to Utah and trust his stay may be pleasant and profitable.

Desert Captured.—Just before Sheriff Brown was taken down with rheumatism, he was notified by the military authorities at Rawlins, Wyo., that a certain individual had deserted, and was on his road to Ogden. Nothing was heard of the deserter, however, until yesterday, when the sheriff, who has only been out a day or two, caught sight of him, arrested him and telegraphed for the proper authorities to come and get him. The gentleman will be held in duress until the arrival of those who have his welfare most at heart.

The Firemen's Series.—And now it is the Firemen's Mutual Aid Association that will give a series of six, select socials during the winter season, in Firemen's Hall. The first will take place on Thursday evening, the 27th inst. (Thanksgiving Night); the second, Dec. 11th; the third, Dec. 25th; the fourth, Jan. 1st, 1880; the fifth, Jan. 15th; and the sixth, Jan. 22d. The committee are Messrs. W. H. Hooper, T. F. Manning, R. H. Hardy and A. Jacobson. Floor Manager, R. Simpson. Tickets for series, \$2.50; single dance, 75 cents. Dancing to commence at 7 p. m., and close at 12.30 a. m. Invitations are not transferable.

Executors to be Released.—Pursuant to the published notice, the matter of the petition of the late President Brigham Young, praying for the settlement of their accounts, and their discharge from further duties as administrators, came up in the Probate Court yesterday.

The result was, that when the executors have complied with an order of the court to be issued, directing the distribution of certain property among the heirs, over and above that reserved for the support of the widows, and their showing is presented to that effect, they will be discharged from all responsibility.

Cattle Stealing.—Last Wednesday, 15 head of cattle were missed from the Church herd, pastured on the Farm, a few miles below this city. The loss was reported to the Chief of Police, Saturday evening, by Mr. Brookbank, who, with Bishop Sheets, has charge of the Church stock.

It being evident that the cattle had been stolen, steps were immediately taken for the apprehension of the thieves and the recovery, if possible, of the property. Information reaching the officers that a certain number of cattle, answering the description of the missing stock, had been driven along toward Bingham Canyon, a day or two before the theft was discovered, the necessary papers were issued and given to Constable Alex. Bart and his assistant, N. Y. Jones, who proceeded to Bingham on Saturday night. Searching the premises of one Keyser, a butcher of that place, the officers found two pairs of horns, branded C. C.—the Church horn brand—and on the person of one of the butchers, a metal ear tag used on the Cache Valley cattle. This evidence being deemed sufficient, Keyser and a young man named Hillman were arrested and brought to the city by Constable Bart, while Jones remained behind to search for other evidence. On Monday, Keyser and Hillman appeared before Justice Horn, of the Second Precinct. Hillman was discharged as having no complicity in the theft, but Keyser was held in \$500 bonds. Soon afterward, a young man named Ike Hunter, was arrested here as answering the description of the man who had been seen driving off the cattle, and being taken before the Justice, also gave bonds in the sum of \$500.

In the meantime officer Jones, at Bingham, had ascertained from some of Keyser's men that the cattle were brought there on Monday by Ike Hunter, and that two freighters, named St. Lees and Oliver Oster, had left there with the hides on Wednesday, for Salt Lake. These details were telegraphed to Captain Bart, and after Hunter's arrest, proceedings were set on foot for the recovery of the hides. The leather and hide houses of the city were searched in turn, and finally at Mr. Pickard's the hides were found. Mr. Pickard candidly telling the officers that they were there, and also when and by whom they were brought there and sold. The hides were marked with a cross, the regular Church brand. Lees and Oster were now sought and interviewed singly, but each strenuously denied bringing any hides from Keyser's place that day or delivering any to Pickard. But such barefaced lying in the face of the most unquestionable proof, was not to be trusted, and the two were taken into custody last night, and lodged in jail. Today, at one o'clock, they were taken before Justice Horn, and gave bonds for their appearance on Thursday for examination. Officers Bart and Jones went back to Bingham last night, to apprehend other parties who assisted Hunter to drive off the cattle.

A Grand Juror's Experience.—A grand juror of the First District, sends us a serio-comic recital of his experience during the September term of that court, from which we glean the following: He served on the jury seven days, two of which were in the service of the United States, for which he received \$18, cash; while the remainder of the time was devoted to Territorial business, for which he received a certificate for \$38. This included mileage, which in our informant's case was 120 miles each way. After paying his board bill, which was \$14.60, he took the train for home, 120 miles at 5 cents per mile, \$6. Cost of coming the same \$2. These sums, deducted from the \$18 in cash, he had received for his services, left him financially at the nominal figure of \$14.60. But his Honor, the Judge, had said: "The grand jury will be held over to attend court on Monday, Nov. 10th, unless released in the meantime." Our informant, again started for Provo, 60 miles by pony, 60 miles by railroad, cash expenses \$3. Arriving at destination, he served four days. No U. S. business this time, hence, no cash. Traveling expenses and board bill to pay, and nothing to pay with, nor to purchase ticket for his return journey. According to his story, he would either have to pawn a watch to get money to return, or else start off on foot. His situation is the spongy south. His attitude is, certainly one to elicit condolence, which we freely impart, but in the words of one of the Presidents of this great Republic, "a never-to-be forgotten occasion: 'Your cause is just, but we can do nothing for you.'"

Avoid Extremes.—A word or two to our farmers, on an important, practical subject, may not come amiss just at this time. It has been the custom with them for some years, to store up nearly all their potatoes for the spring market. The result has been that when potatoes should have been the cheapest, and everybody was desirous of purchasing for the winter, they have been scarce, and hard to obtain; while in the spring the market has been flooded with old potatoes, and many bushels thrown away on account of having become rotten and worthless. Other years, farmers have disposed of nearly all their vegetable crop before winter sets in, and in the spring have had scarcely enough for themselves and none to sell. It is better to supply the general want in the season thereof, at a fair price, than to speculate and by so doing not only oppress the poor, but waste a great deal that might have been saved if disposed of at the right time. On the other hand, it is good to be prudent and in times of plenty, lay up for a season of scarcity. Act with wisdom both ways, and run neither to one extreme nor the other. Such a course will be both sensible and profitable.

Nothing Doing.—Nothing doing to-day, either at the District Court or the Police Court.

BY TELEGRAPH.

NEW YORK, 15.—There are but few new developments regarding the Southern boom for Grant. The Tribune ridicules it, saying: A large number of "Southern Democrats" are quoted as favoring Grant's candidacy for a third term, but nearly all of them request to have their names withheld. Those who allow their names to be given are undoubtedly the most estimable persons in their respective localities, but the American public has now the rare pleasure of resting its eye upon their names for the first time.

The Sun has a long article on a counter scheme by the Republicans to get rid of Grant altogether by giving him the presidency of the inter-oceanic Canal Company. This was originally the project of Admiral Ammen. The Sun's article closing thus: There is a great intrigue going on to take Grant out of the picture, and to make sure that Grant's third term boomers are concerned about it. They fear Grant may be caught in what they indignantly term Ammen's fly-trap, and they have warned him that the men who are engineering the job have always been his enemies, though Ammen is unconsciously their tool.

Continues.

The excitement in stocks continues, and yesterday's recorded transactions were in the neighborhood of half a million shares.

Civil Engineer Meeting.

The American Society of Civil Engineers, meets to-morrow, when a paper on the "Inter-oceanic Canal" is to be read by A. G. Menzies.

GO to the Mines.

Mayor Howell, of Brooklyn, who unexpectedly disappeared several days ago, is now said to have gone to visit a gold mine in Colorado, in which he has a large interest.

Elopement Denied.

The accounts of the elopement of Gen. Sickles' daughter, continue conflicting. The gentleman who furnished the particulars of the rumor on Sunday, said yesterday he had heard the report from several sources. He also said that the account of the affair had appeared in a Paris daily paper, *Le Gaulois*, and that it had been the chief topic of conversation upon the European steamer at the time. Gen. Sickles, father of Gen. Sickles, when called upon by a reporter, yesterday, indignantly denied the rumor of the elopement by his granddaughter. He said, "Every word of it was a falsehood. Miss Sickles has been an invalid for over two years. She never could stand with her brain. For several months she has been sick and under the care of a physician."

A Pathfinder Story.

A dispatch from St. Louis says: "The friends of Wm. Wise, the ex-senator, were thrown into a state of intense excitement to-day, by the reception of a letter from Zenas Fanner, who resides in the city of Cincinnati, and who had been found in a bottle at a point between Metropolis and Paducah, Ky., on the 13th. The note reads as follows: Pathfinder, Ohio River, Nov. 2, 2.30 p. m. near Paducah, Ky. going at rate of 65 miles, south-east, per hour. P. F. in bad condition. I am almost dead with exhaustion and brought 11 days since Burr's life. Good bye. WISE."

Those who are familiar with the missing man's handwriting say that it was not for the date of the note and the locality in which it was found, they would swear Wise wrote it. He always capitalized the F in Pathfinder, and it is so in the manuscript. It is not probable, however, that the story will be generally credited.

The Candidates.

The *Herald's* Washington correspondent has interviewed Congressman Frye on Grant's candidacy. Frye does not think Grant will be a candidate for the presidential nomination unless at the coming session a question of doubt as to the mode of counting the electoral votes should be made prominent. In that event he believes the people will demand the nomination of Grant, because they think he will assert and obtain his seat when the election is disputed. Otherwise he thinks Blaine or Sherman will be the leading candidate before the convention.

A Cowardly Murderer.

LAWRENCE, 15.—A negro named Browder Hines, confined in a filthy cell, last evening, told some of the details of a murder which he committed in the house of Samuel O'Dell, a colored man, who was killed by which O'Dell sat and fired, killing him instantly. He then threatened to murder Mrs. O'Dell with a butcher knife. O'Dell had made threats against Hines, and Hines claimed he was acting in self defense. Threats of lynching are made.

Will Participate.

RICHMOND, 15.—The Richmond Light Infantry Blues, whose organization dates back to 1793, held a meeting last night, and decided to participate in the unveiling ceremonies of the Thomas statue at Washington on Wednesday. The company will leave here tonight, under the command of Captain John B. Wise, son of the late Gov. Henry A. Wise.

A Fatal Fall.

LEAVENWORTH, Kan., 15.—At three o'clock this morning, Kell, employed in the Leavenworth coal shaft, was struck by a falling mass of rock, and fell with it a distance of 60 feet. He was terribly mangled when picked up dead at the bottom of the shaft. The fall was purely accidental.

Obituary Operator.

ST. LOUIS, 15.—Brown, manager of the Western Union office, refused before the grand jury today to produce dispatches requested of him. He subsequently made a like refusal before the Criminal Court, and was committed to jail for contempt, but was not actually incarcerated, pending an appeal to the Supreme Court.

Settlement of the Gas Bill.

In the settlement of the gas bill, which was decided at the city, the city will have to pay the gas company nearly a million dollars in all. The company will then be able to pay 100 per cent dividend. The stock sold last week for 98, but after the decision was announced 350 was bid for it.

Arrested on Suspicion.

CANTON, Mass., 15.—Eliza Pinkerton, of returning board fame, was arrested on Saturday, charged with murdering her husband, to whom she has been married two years. He died suddenly on Saturday. The coroner is considering the case.

Prison Fire.

AUBURN, N. Y., 15.—A fire in the State prison came near leveling all the shops inside the walls, but active work by the convicts and all the city fire companies contained it to the hardware and furniture factory of Hayden & Smith, whose loss on stock and machinery was \$34,000; insured for \$30,000. The State's loss is \$7,000 on the building.
