

DESTRUCTION OF MONOPOLIES

Judge Taft Says Republican
Party Believes in it Just as
Much as Democratic.

BUT WON'T HURT INDUSTRIES

Its Policy Is to Go Directly After the
Evil by Punishing Men Who
Are Continuing It.

Troy, N. Y., Oct. 27.—The industries of the cities and towns which line the banks of the picturesque Hudson from Greater New York to Troy were made the text of the speeches of William H. Taft today to the people of these cities and towns.

Yonkers smiled on the big form of the Ohioan through a heavy shower. He talked at length to as many as could get into the largest theater, and then addressed those who had stood and waited in the rain, whose number was even greater.

Mr. Bryan spoke in Yonkers yesterday, and saying he understood his distinguished opponent had charged that the Republican party had done nothing for labor, Mr. Taft first asserted that the policies of the Republican party had been chiefly devoted to the interests of labor, and then pointed out that with protective policies the sugar refining industry was made possible, the chief enterprise of the city.

"Certainly Mr. Bryan was a bold man to advocate such views in a town like Yonkers," continued Mr. Taft, "which I believe is one of the greatest manufacturing towns in proportion to its size in the state of New York, and is dependent upon the protective system."

As a sample, Mr. Taft said of the utterly impractical, destructive character of Mr. Bryan's recommendation with reference to economic reforms, he would cite what Mr. Bryan would do with the Yonkers sugar refinery, assuming for argument, that the refinery was in a "trust."

Mr. Taft said: "He would take off the differential on sugar—that protection which is necessary to enable us to have any sugar refineries in this country. It would cause the establishment of refineries in Germany, and all of your population here dependent on this refinery would be affected. And not only would it destroy the trust, but with it the independent refiners."

"The Republican party is just as much opposed to monopoly as the Democratic party," announced Mr. Taft later. "It passed and enforced the anti-trust law. It believes in going directly at the evil of monopoly by punishing men for continuing it, rather than by destroying the industries and the great combinations of capital that have the wage earners. It believes in stamping out the evil and not stamping out the corporation."

Tarrytown, Peekskill and Fishkill Landing listened in the rain to short speeches, delivered by the candidate from the rear of his car. The dampness did not seem to dull the ardor of the citizens. When the Taft special reached Poughkeepsie at 1 o'clock the rain had just ceased and the sun came out brightly. He was driven to the Collinwood opera-house, which was crowded to the very doors.

A class of girls from Vassar college

tried to "get" Judge Taft's speech in shorthand, and an enthusiast in the gallery attracted brief attention by shouting:

"He surely wears the smile that won't come off."

"It will still be there next Tuesday," rejoined Judge Taft, and in his hope the audience seemed to cheer. Here the Republican candidate reverted to Mr. Bryan's issue, "Shall the people rule?"

"Shall the people rule?" has stranded," he declared. "The truth is that the proposition that the people had not ruled up to this date met with so much ridicule that it has faded out as an issue."

Mr. Taft was so much in demand by the immense crowd outside the theater when he emerged that he made a second speech from the steps of the Republican headquarters building.

Another brief speech was made at Hudson, after which the special ran to Schenectady, where nearly three hours were occupied by the candidate in the delivery of three speeches, all predominant with the labor issues. The employees of the American Locomotive works were spoken to first, receiving the candidate with much show of enthusiasm.

CANADIAN LIBERALS WIN GREAT VICTORY

Toronto, Oct. 27.—The results of yesterday's election show that the Laurier government has been sustained with a majority of 56, with several elections yet to be held. All the ministers were re-elected, while seven of the opposition's chief lieutenants were beaten. The result by provinces is:

Province.	Liberal.	Conservative.
Ontario.....	43	41
Quebec.....	51	12
Nova Scotia.....	11	7
New Brunswick.....	11	2
Prince Edward Island.....	3	1
Manitoba.....	2	6
Saskatchewan.....	8	1
Alberta.....	4	3
British Columbia.....	1	3
Totals.....	132	82

The standing at the dissolution of parliament was 139 Liberals and 75 Conservatives, a majority of 64.

Two elections are to be held later in Quebec, three in British Columbia, one in Alberta and one in Yukon.

Winnipeg, Oct. 27.—Late returns from western Canada elections show Clifford Sifton was elected in Brandon by 54 votes; W. A. Templeton defeated in Victoria, B. C., by five votes. The election of Ralph Smith, Liberal, in Nanaimo, B. C., over Hawthorne Thwaites, Socialist, is shown by later returns. In Vancouver and New Westminster the government candidates were defeated owing to the feeling that the government had not been firm enough in excluding orientals. The result in provinces west of the Great Lakes is: Liberals, 18; Conservatives, 14.

G. F. Root, who was running in Red Deer, Alberta, was overwhelmingly defeated by Clark Liberal. Root is a cousin of Elihu Root, the American secretary.

WOMAN SACRIFICES HER LIFE TO SAVE OTHERS

New York, Oct. 27.—Mary Farrell, a seamstress, is dying in Roosevelt hospital, having sacrificed her life in a successful effort to save the lives of the scores of people who with her occupied a tenement house in West Forty-third street. While Miss Farrell, who lived alone on the top floor of the building, was preparing supper, an oil

stove on which she was cooking the meal exploded, fearing the house would catch fire from the burning stove, Miss Farrell seized it in her arms and hurrying down the front stairs of the building, crying out to the occupants of the other rooms to close their doors and give her and her blazing burden a clear passageway. Although her light dress caught fire and the flames ate their way into her flesh she did not stop. But at the bottom of the second flight of stairs her foot caught in her skirt, and she fell on top of her fiery burden. She was dragged away from the burning stove, but it was too late for the hospital surgeon who responded to the call to save her. Firemen extinguished the fire after small damage had been done to the house.

FAMILY SUFFERING FROM HUNGER AND EXPOSURE

Chicago, Oct. 27.—Huddled together in a water-soaked hut or straw and sticks in the desolate region on the banks of the Santa Fe road and the canal, a family of four was discovered last night suffering from hunger and exposure. The hut is situated three miles north of Lemont between the tracks of the Santa Fe road and the canal. Every member of the family was clothed in rags. The older of the two children—a girl of three years—was practically naked. She moved restlessly on the wet pile of straw upon which she tried to sleep. Her body was covered only by the rags of what once was an overcoat.

The mother clasped a baby to her breast. Hungry as she was and cold, the mother asked only for milk that she might feed the baby, which cried pitifully and shivered in the damp air.

Early yesterday morning some one telephoned to the Chicago bureau of charities and reported that a family was living—or starving to be exact—at the point mentioned. The case at once as reported to Charles Kruck, supervisor of Stickeny township, in which the place is located.

The man gave his name as Jacob Brunsky.

He said that he was Polish, and that, with his family, he had been in this country but four years. In broken English he told of intermittent employment among other countrymen at the steel mills in South Chicago. Then, some weeks ago, he was discharged. Look where he would, he said, he could find no work. Then somebody said that he could get a job at the mills at the point mentioned. He started to walk to the coveted job. They passed out of the city and into the fields. Then his wife fell ill. Next the nursing baby, without its needed nourishment, became ill. After that Brunsky does not know just what troubles came. There were so many and he was so hungry that he could not say just what happened.

He managed to pick enough decayed pieces of food, which had been discarded by more fortunate workers from the city dump a mile away, to keep life in the bodies of himself and family.

NIGHT RIDERS OUTRAGE SUIT

Henry Bennett of Kentucky Asks
\$100,000 Damages for
Personal Injuries.

LEADING CITIZENS INVOLVED.

Purpose of Action to Establish That
All Members of Organization Are
Mutually Responsible.

Louisville, Ky., Oct. 27.—A suit for \$100,000 damages which was filed in the United States circuit court for the Sixth circuit at Louisville today, promises to become an important factor in the night-rider situation in Kentucky and Tennessee.

The plaintiff, Henry Bennett, on the morning of the 4th of last February was set upon and terribly beaten with clubs and thorned switches, and, as he claims, maimed and badly injured by a band of night riders. At the same time his steamship and tobacco factory and other large valuable buildings were destroyed by the night riders. Mr. Bennett ever since this time has been receiving letters threatening that he would be killed by night riders.

In the suit filed today he is proceeding not only against the actual persons who were present at the time of the destruction of his property and injury to himself, but against a large number of other persons, many of whom are counted among the most prominent and prosperous citizens of the western part of the state, alleging that they were members of a criminal conspiracy known as the night riders' organization or "silent brigade," and that they participated in the meetings which were held throughout many counties.

The purpose of bringing this suit is to establish that all persons who are members of the night riders' organization are bound by the acts of the night riders, all being alike responsible for the conduct and actions of the others, done in furtherance of the general object of the conspiracy, which was to force all independent raisers and handlers of dark tobacco to place their tobacco in the pool controlled by the Dark Tobacco association.

SECRET RY. RATES.

The Pennsylvania Charged With Giving Them to Standard Oil.

New York, Oct. 27.—That secret tariff rates, which were not filed with the interstate commerce commission, were issued by the Pennsylvania Railroad company, and that the Standard Oil company only profited by the alleged illegal rates, was testified to today in the hearing of the railroad phase of the government suit to dissolve the Standard Oil company.

Edward T. Johnson of Buffalo, division freight agent of the Pennsylvania road, who was the only witness called, was on the stand during the entire session.

On cross-examination by Frank B. Kellogg, senior counsel for the government, Mr. Johnson testified that the Standard Oil is the only shipper from Olean to Rochester, a distance of 106 miles, and that the rate, which has never been filed with the interstate commerce commission or posted, as re-

quired by law, is 9 cents a barrel. Independent concerns in the same territory, it was brought out, paid rates as high as 28 cents a barrel for practically the same distance.

Mr. Johnson admitted that the Standard Oil was the only shipper receiving the rate of 9 cents a barrel. He said that he kept the rate secret from the New York Central. Neither road's rates, he testified, had ever been filed with the interstate commerce commission.

GEN. GARLINGTON EXONERATES GOETHALS

Washington, Oct. 27.—Inspector Gen. Garlington of the army, in a report made public today, exonerated Chairman Goethals, of the isthmian canal commission, of the charges made by President Brothers, of the Balanced Crane Cable company of New York, who claimed that unfair treatment was accorded him in the award for furnishing and erecting cableways at Gatun on the isthmus. Gen. Garlington holds that there was no collusion, that the award was made in good faith, and recommends that the contract with the Lidgerwood company be proceeded with. The report was approved by the secretary of war. The report says the device of the Brothers company was not suitable for work at the Gatun plant.

MRS. MAGNESS SEES HUSBAND.

Philadelphia, Oct. 27.—Mrs. Ada German Magness, daughter of the late Senator Gorman of Maryland, came here today and saw her husband, Charles Magness, who is under arrest at the navy yard for deserting the navy. Later before leaving for Washington, she said:

"I have not accomplished anything yet for my husband's release, but I will not abandon my efforts to free him."

A YOUTHFUL SOCIOLOGIST.

"Everything has its cause, its simple and striking and satisfactory cause, if we can but find it," said J. McKee Borden, of the Department of Charities, at a banquet in New York. "Take the question of poverty and wealth. Once, in a miserable slum, I heard two little girl beggars talking. 'Why is it,' said the first, 'that the poor is always more willing to help us than the rich?' 'The second answered promptly and bitterly: 'They want don't mind givin' is the ones wot stays poor.'"
