

## TAMMANY LEADER COMING TO UTAH.

Bourke Cochran Will Deliver  
Speech Here on 24th En Route  
To the Coast.

### BIG MEETING BEING PLANNED.

One of the Ablest and Most Eloquent  
Champions of Democracy—How  
The Campaign Wages.

Bourke Cochran, the great Tammany leader, is scheduled for a speech here on the 24th. While arrangements for his appearance are not perfected, his services are at the disposal of the Democratic state committee and Chairman Bamberger says that a big meeting will be planned, with the distinguished orator as the principal speaker. Mr. Cochran is known from one end of the country to the other and is regarded as one of the ablest champions of Democracy in the United States. His coming will be hailed with delight by party workers as they think it will do much to strengthen the outposts before election day. Mr. Cochran is on his way to the coast where he will take part in the campaign as a representative of the national committee.

### AS MOYLE SEES IT, Democratic Nominee for Governor Talks of the Campaign.

Hon. James H. Moyle, Democratic candidate for governor, was in town today. To a "News" reporter with whom he conversed at headquarters, the gentleman gave some rather ecstatic views of the campaign now being waged in this state by Hon. William E. Smythe of California and Z. L. Cobb of El Paso, Tex. Said he: "Mr. Smythe is a clean, dignified, forceful speaker and presents an argument well nigh incontrovertible. Besides, he knows Utah and her people, and in his remarks on irrigation does not forget to place the credit where it belongs. Mr. Cobb is a veritable young cyclone, and a most excellent story teller. Last night at Springfield, when the people had nearly been talked to death, he took the platform and in a few minutes had his audience in an uproar, and so captivated that he could have kept them there all night had he so desired."

### JUDGE BARTINE HERE. Talks of Political Conditions in Nevada—What He Says.

Judge H. F. Bartine, a former resident of Utah, but now one of the stalwarts of Democracy in the sagebrush state, was a caller at party headquarters today. The judge is a candidate for the supreme bench on the Democratic ticket, and is here en route to Lincoln county, where he and Gov. Sparks will open up the campaign. Speaking of conditions politically in Nevada, Mr. Bartine stated that notwithstanding internal dissensions he believed the state would go Democratic by a slightly reduced majority, as compared with four years ago. This was due to the strong silver sentiment in that state, many refusing to support Parker and Davis, because of the former's pronounced attitude on the money question. A faction of the Democrats in that state have nominated Watson electors and this will likely do much to hurt Parker. However, the judge is sanguine concerning the outcome and expects Democracy to triumph with a majority of perhaps 2,000, based on total voting strength in the state of between 11,000 and 12,000. The judge will remain here until Sunday, when he and Gov. Sparks will leave for De Lamar and adjacent points.

### COST OF MILITARISM. Smythe of California Tells Utah Something Concerning It.

(Special to the "News.") Springfield, Utah, Oct. 13.—In his speech at the Parker and Davis meeting here last night, the Hon. William E. Smythe of California, arraigned the Republican party for its alleged extravagant military and naval policy, which he declared to be distinctly European instead of American. He said that though we were at peace, the cost of the Roosevelt administration already exceeds that of McKinley's during war time, by \$11,000,000. But if the country is to adopt the methods outlined in the president's letter to Elihu Root on the occasion of the Cuban anniversary, regulating the affairs of South American republics whenever they fail to keep order to pay their debts or to continue prosperous, then we must have a military and naval establishment far in excess of our present equipment. The speaker quoted the recent address of John W. Foster, who succeeded Elihu as secretary of state in Harrison's administration, in which this distinguished Republican said he looked with deep concern upon the increase in the navy and hoped Secretary Morton had not been correctly quoted in saying that we were to go on with this amazing increase until we have the greatest navy in the world. Mr. Foster declared that we ought to give our thoughts to other and far more peaceful pursuits, instead of rivaling Europe in making instruments of destruction and death.

"The cost of the navy in 1891," said Mr. Smythe, "was \$32,000,000. The highest point reached in the Spanish war was \$64,000,000. In the last year of McKinley's rule there was a decrease of several millions, but this year the navy item reached to \$38,000,000, and still the cry is for a 'bigger armament' until at last we have the biggest."

"For irrigation, we have about \$25,000,000 accumulated from three years' public land sales. In other words, we are spending a little over \$8,000,000 in making homes for the army of peace, enlisted for the building of the republic, while we spend nearly \$100,000,000 on a single branch of the army of war, enlisted for the building of empire. Is it not maddening to behold this waste of the people's treasure when so much needs to be done for humanity here at home?"

The speaker declared that the over-

shadowing issue of the campaign is the heavy spirit which cleaves the United States as a world-power after the European fashion, instead of a great peace-loving republic whose mission it is to work out on this continent the highest civilization for our own race and nationality.

### SMOOT OR KEARNS? To Whom Belongs the Credit for Rural Free Delivery?

Under the heading, "Read Between the Lines," last night's Provo Enquirer had the following:

The Kearns subsidized press, which has such a happy faculty of mentioning every little thing with which Senator Kearns's name may be mentioned, recently contained the following:

Senator Thomas Kearns today received the following letter from the postoffice department at Washington:

"I have the honor to advise you that rural free delivery service has been this day ordered established from Provo City, Utah, with one carrier, to commence Nov. 1, 1904. Very respectfully yours,  
"J. L. HIRSTOW,"  
"Fourth Assistant Postmaster-General."

The above item appeared not only in the Telegram and Tribune, but in the Herald as well, evidently seeking to advertise Senator Kearns in connection with something that he had nothing to do with commencing.

Senator Smoot also received a letter, and by reading his, in connection with the letter of the senator, you may see how the route came to be established.  
"Washington, D. C., Oct. 3, 1904.  
"Hon. Reed Smoot, Provo City, Utah.—Sir:—Replying to your letter of Sept. 18, you are advised that the proposed additional route from Provo City has been assigned for establishment on Nov. 1, 1904.  
"Very respectfully,  
"J. W. BRISTOW,"  
"Fourth Assistant Postmaster-General."

### ROUSING RALLY. Republicans Hold One at Heber, Wasatch County.

Special Correspondence.  
Heber City, Wasatch Co., Oct. 10.—The political ball was set rolling in Wasatch county by a very enthusiastic Republican rally held in the Heber Opera House tonight. Speeches were made by Frederick Rushand, candidate for state senator in the fifth senatorial district, Hon. James B. Wilson, a member of the Utah Legislature, Congressman Joseph Howell and Col. George B. Squires.

Their speeches were received with much enthusiasm, and the rally was well attended. Several musical selections and songs were rendered by the Musical Band, the Mandolin club and the Republican quartet of Heber. Considering the inclemency of the weather, it was felt that the Republican rally in point of attendance as well as enthusiasm was exceptionally successful.

Representative Howell leaves tomorrow for the south, while Col. Squires goes over into Summit county.

Smythe, Ferdinand Erickson and Judge Cherry, at Fairview, Sanpete county; George E. Blair and E. B. Hammond in Wayne county, and Messrs. Moyle, W. H. King and Z. L. Cobb at Farmington.

Owing to the inclement weather, yesterday's registration was not so heavy as the day before, reports showing between 6,000 and 7,000 on the books. This is about one-fifth of the Salt Lake county vote, so that during the remaining days party workers will have to be active in order to get the vote ready for election day. The next day for registration is Tuesday, Oct. 18, and the closing days are Nov. 1 and 2.
