KOYLE OYLE 50c. per gallon at Reid & Kinsey's.

IT IS A FACT that many grocers sell Dr. Price's Baking Powder at the same price they do the cheaper kinds, and as they have to pay more for it, make less money, hence they never sell it unless the purchaser demands it. They place it out of sight, and urge their customers to take the common kind because they are more profitable. Let consumers become acquainted with the fact that it is only necessary to mix one part flour to two parts Dr. Price's Baking Powder to make a powder as perfect in its results as other kinds, and there are few who would pay the same price for the adulterated articles as for Dr. Price's, not when flour costs less than six cents a pound. Dr. Price's powder is not sold in bulk.

CHAMBER'S ENCYCLOPEDIA.—Messrs. J. B. Lippincott & Co., of Philadelphia, announce that, by a recent purchase, they have become the sole proprietors of the American Revised Edition of "Chamber's Encyclopedia," and are thereby enabled to offer the work at much lower rates than hitherto. In the course of its recent thorough revision, the American edition was edited with the special view of supplying the wants of American readers. It also possesses a special attraction in containing a series of over seventy-five full-page engravings not contained in any other edition. d50

GREAT inducements offered to wholesale purchasers in Lamps, Coal Oil, etc., at Reid & Kinsey's.

BUY your Coal Oil of Reid & Kinsey, opposite Walker House, reduced to 50c. per gallon.

IMPORTANT TO THE TRAVELING PUBLIC.

It is the duty of all persons before starting on a journey to ascertain by what route they can reach their destination with the least trouble, and if there are two or more roads leading to the same point, to decide which is the safest and most pleasant to travel. We take pleasure in stating, that the CHICAGO & NORTH-WESTERN RAILWAY is the oldest, and several miles the shortest, route between the Omaha and Chicago. Within the Omaha and Chicago, the road has been put in admirable condition, and almost the entire line has been re-laid with steel rails. The Depot in Chicago is centrally located, and as their trains arrive there thirty minutes in advance of all other lines, passengers can be sure of making Eastern connections.

Close connections are made at Chicago with the Great Northern, Michigan Central, Baltimore & Ohio, Pittsburgh, Fort Wayne & Chicago, Kansas City Line and Pan Handle Routes, and all points EAST and SOUTH-EAST.

If you are going to Chicago, or East, you should, by all means, purchase your tickets by the Old Pioneer Route.

The Chicago and North-Western.

You will find on all through trains Pullman Sleepers, new and magnificent Day Coaches, and the best Smoking and Second Class Cars now on any road in the United States.

Particular information with maps, time tables, etc., may be had at any of the Through Ticket Offices in the West, or upon personal or written application to the Agents of the Chicago and North-Western.

Agents: A. H. Earl, Ticket Agent at Omaha, or J. L. Mountain, Western Traveling Agent, Omaha, or W. H. Stannard, General Passenger Agent, Chicago. d54

PRICE OF GOLD.

Corrected daily by Deseret National Bank. SALT LAKE CITY, May 11, 1875. Buying at \$1.18 1/2; selling at \$1.19 1/2.

EVENING NEWS.

Tuesday, May 11, 1875.

Local and Other Matters.

Thermometer 63 degrees F in the shade at 1 p.m. to-day. Fine.

NOTICE.

The Bishops of this city and neighborhood, and their Councilors, and the Home Missionaries, are requested by the Twelve Apostles to meet at the City Hall, of this city, at 10 o'clock a. m., on Thursday next, May 13.

Frost.—The sky being clear, there was a sharp hoar frost last night.

There is a message at the Deseret Telegraph office for Mrs. F. F. Miller.

Eastern Mail.—The U. P. western bound train is one hour and forty-five minutes behind time.

Notice.—The Members of the High Council are requested to meet at the City Hall, to-morrow morning, May 12, at 10 a.m., Salt Lake City, at 10 o'clock a. m., on Thursday next, May 13.

Committee.—C. C. Patterson, the horse thief, brought in from Rush Valley yesterday, had an examination before U. S. Commissioner Kimball. He pleaded guilty and, in default of bonds, was committed to jail, to await the action of the grand jury of the October term.

The Honor of the Profession.—Now that the alimony pendente lite question has been decided in favor of the defendant, a friend at our elbow wonders whether the plaintiff's attorneys have sufficient bond to refund the \$3,000 paid on the order which was yesterday declared void, and refund it without the necessity of proceedings of a compulsory character. The order being void, they certainly have no right to the money.

Information Wanted.—Of Mrs. Ann Mitchell, emigrated to Utah in April, 1862, from Arnold. Any information from her, addressed to her brother William Clayton, 15 Willoughby Street, New London, near Nottingham, England, will be thankfully received by her aged and anxious mother.

Benjamin Hancock, 33 Elton Street, Walker, near Sheffield, England, wishes to hear from Geo. Smith, who emigrated from Sheffield, May, 1854. *Millennial Star.*

A Difficult Job.—Mr. Feramors Little has just had a large barn on his lot removed about a hundred feet from the position it recently occupied. The building is of frame and lath and plaster, weighs probably not less than fifty tons, was erected on the foundation without sills under it, and therefore the task of removing it entire was one requiring considerable ingenuity and skill. Messrs. W. Folsom and Frank Armstrong being the parties who did or rather directed the removing.

Everybody Busy.—To-day we met a gentleman from Brigham City and on inquiring how matters were thereabout he drew a very different picture from what can be truthfully said of a number of other places in the Territory, this city among them.

He states that everybody was busy doing something, everybody had plenty to eat, drink and wear, there being no actual poor in the place. The reason for this was that the policy of self sustenance, the foundation of genuine independence, was being there developed and carried out.

Brigham City, or rather Box Elder County, has recently added another to her already numerous home industries, in the shape of a co-operative brickyard, with a competent English brickmaker to superintend it.

A quantity of additional machinery has arrived for increasing the capacity of the woolen mills.

The people of Brigham City, under the wise direction of Elder L. Snow, are demonstrating what can be done by a judicious application of the principles of co-operation.

Ottiger's Last Picture.—Mr. G. M. Ottiger has just finished a very fine large picture, which possesses an interest even beyond its merits as a work of art, which are excellent, the subject having a local bearing. It is entitled "Struck II," and shows in the foreground a couple of prospectors who have been digging into a ledge of rock, have broken up some pieces, and one of them holds a lump of it in one hand while he views through a glass the glittering argentiferous particles in it, his browed face being lightened up with a significant gleam of satisfaction at having at length reached the goal of his golden, or rather silver, dreams.

The other, an old hand at the prospecting business, who has often before thought he had "struck it," but hadn't, looks on with keen interest, but his expression is strongly tinged with dubity. Even the old prospector seems to look on with solemn gravity, as if he expected to get a few feet in the new claim. The landscape and general details of the picture are vivid and attractive, but the great interest of the obsequy centers at once upon the two prospectors, who are so life-like that one fancies he has seen lots of such looking men about this City and the mining camps in the vicinity. The picture is on exhibition at Savage's gallery, is worth seeing, and should sell for a good price.

Deputy Sheriff Herring Missing.—We understand that Deputy Sheriff Samuel D. Herring has been missing by his family and friends for about
