A NEW SCHOOL SITE.

The committee on sites and buildings reported that they had examined a number of sites in the First precinct near Third East and Sixth and Seventh South streets and, after carefully comparing the locations and prices of the different sites, recommend the acceptance of the offer of Mr. Thomas Maycock, hereto attached,

for the sale of lot 7, block 19, plat "A," Salt Lake City survey, the same being 10 rods front on Third East and 20 rods deep, for the sum of \$12,000, provided the title be found to be good and clear of all incumbrance. The south line of this lot is midway between Sixth South and Seven South streets.

The committee recommend the plans of the architect for an eight-classroom building on this lot with such modifications and changes as your committee and superintendent of buildings may determine.

The report was adopted.

SALE OF OLD BUILDINGS.

The same committee recommended the sale of the old school building in the Twentieth ward to Messrs. Watson & Miller for the sum of \$50, this being the highest offer received. Adopted.

Mr. Raybould said he had turned in a note by Mr. Greene for \$150 as payment for the old building on the Sixth ward site.

MORE TEACHERS.

The following communication was made by Professor Millsbaugh:

Hon. Board of Education:

Gentlemen—Herewith I have the honor to send you a second list of teachers who have during the past year been employed to the public schools, and recommend them for employment. The list includes those with whom or with whose principals I desired to confer before making recommendations to your committee.

I have had such conference since your last meeting and am convinced that their retention in the schools will be desirable.

These recommendations are made subject to the possession of a lawful certificate to teach by those named.

The list was read and filed.

Bills to the amount of \$207,36 were referred to the finance committee.

Col. Nelson stated that the finance committee had recommended the payment of the bill due to Messrs. Parker & Depue, as contractors for the Sixth building, for \$1343.15. This payment had to be made and could not be brought before the board except by calling a special meeting. He asked

the board to direct as to like cases in the future.

Mr. Dooly moved that the committee on finance be authorized to make payments on contracts when due.

The matter was referred to the committee on rules to report at the next meeting a way to make payments to contractors.

TAKING TIME BY THE FORELOCK.

Mr. Pike moved that hereafter any and all communications addressed to the board and received by any officer of the board be submitted by them to the clerk and by him read to the board.

Mr. Dooly said it was useless, as the board has a private box and no one else would receive them.

Mr. Pike said that the Tonic Sol-fa system of teaching music should be investigated, as the board desired to know what system is the best.

The motion was seconded and carried.

A CLOUD ON IT.

Mr. Dooly said that there was a cloud on the title of the newly purchased site in the First ward, in that there was an unpaid water tax on the lot which was due when the lot was purchased.

Referred to the committee on sites and buildings.

Adjourned for one week.

A REPUBLICAN DEMONSTRATION.

There was a large and enthusiastic meeting of Republicans in the Salt Lake Theatre last night to ratify the Presidential nominations made at Minneapolis last week. The interior of the building was artistically decorated with flags and national hunting, while the circular base of the first gallery bore the following legends in letters of gorgeous colors: "We Recognize the Republican Party and No Other," "The Door is Open, Republicans Welcome!" "The Republican Party of Utah is Endorsed by the Nation," "Welcome Home, Salisbury and Cannon," "We Shall Elect a Republican Congressman in November."

As Held's band marched down the aisle discoursing a national air, the following prominent Republicans took their seats upon the stage: Judge Bennett, Arthur Brown, John Morgan, Arthur Pratt, W. F. James, Governor Thomas, John M. Zane, E. W. Tatlock, George M. Cannon, James Devine, Colonel Sells, Daniel Harrington, Harmel Pratt, Frank J. Cannon, Ben. E. Rich.

HON. JOHN F. LYNCH

was chosen chairman and in substance responded as follows:

I have just returned from Minneapolis where there were such vast crowds of Republicans that I was temporarily impressed with the idea that everybody in the United States were Republicans. (Laughter and applause.) In the enthusiastic demonstrations made there we became imbued with the idea that there should be but one party and that that should be Republican. With Benjamin Harrison at the head of the Presidential ticket victory is assured. From the days of Washington we have never had an administration that called out less criticism than the present one.
