ANOTHER VICTORY.

Silver King Mining Company's Petition is Granted.

THE RIGHT OF WAY CONDEMNED.

Commissioners Will Be Appointed to Assess and Determine Defendants' Damages.

Judge Norrell gave his decision this morning in the case of the Silver King Mining company vs the Baltimore Mining company, James McGregor and others, giving the Silver King company the right of way over the lands of the Baltimore Mining company, in Summit county, as sought for in a petition for condemnation.

An order will now be entered appointing commissioners to assess and determine the damages to be paid the respective defendants. The court in its decision expressly reserved the question of the ownership of the waters of the Shadow lake and refused to pass upon or determine the ownership of the waters, as being without the issues raised in the pleadings of the proceedings before him.

The case will in all probability be taken before the Supreme Court before it is finally disposed of. The commissioners will be selected as follows: One by either side and the third by the court. Should the parties fail to appoint within a certain time, the court will name two, who will select a third. Judge Ellis, representing the petitioner, will prepare the findings in accordance with the court's decision.

SUNDAY SCHOOL WORKERS.

They Have an Interesting Time at Ison, Idaho.

Iona, Idaho, Aug. 10th, 1897.

To the Editor:

The Bingham Stake S. S. conference convened at Iona, Aug. 7th.

The weather was fine and the Saints and Sunday school workers in the best of spirits. We were blessed with the presence of Elder Geo. Goddard, first assistant general superintendent and member of the board of Deseret Sunday School Union, and Jos. W. Summerhays, also a member of the same board. Besides these brethren, our stand was graced with the presence of Stake S. S. Supt. Chas. S. Crabtree, Second Assistant E. H. Brown, the stake presidency and a number of Bishops and ward superintendents of schools. The congregation was not as large during the first day, but on Sunday the house was filled to overflowing.

The conference was presided over by Superintendent Crabtree and the singing was ably conducted by Stake Musical Director Harry Wilson, while Miss Minnie Bybee presided at the organ.

Saturday 10 a. m.—After the devotional exercises Elder Summerhays made a few opening remarks, in which he prefaced a good time and the blessings of God upon us.

Supt. Crabtree gave a short address of welcome, and a number of schools were reported by their respective superintendents, or representatives, as in very creditable condition.

The report of the Ammon school is worthy of special mention as all of the questions submitted were answered in the affirmative. Elder Goddard remarked that this was the first time in all of his travels that all of those questions had been answered in the affirmative.

A class exercise, "Good Manners," by the primary department of the Ammon school, reflected much credit on the teacher.

The rest of the meeting was taken up by Elders Summerhays and Goddard, both of whom spoke very encouragingly to the young in a personality, order, the Word of Wisdom, Monthly Teachers' meetings, tithing, and some other subjects of great importance to Sunday schools. Elder Goddard closed his remarks by singing "In Our Lovely Deseret," which greatly pleased the children as well as the grown people.

2 p.m. A much larger congregation met in our appointed hour and the Spirit of God was enjoyed by the faithful Saints. The singing was greatly improved by the presence of a large number of singers. The exercises were similar to those of the forenoon session. Reports were heard from various schools and an exercise was given by the first intermediate department of the Iona school.

Second Assistant E. H. Brown spoke of his ordinary school work as a pleasure, and was determined to do his duty.

The annual statistical and financial report of the Bingham Stake Sunday schools was read by the secretary H. H. Fox.

The time was then given to our visiting brethren who encouraged us with their spirited remarks. They spoke of the nickel fund and the necessity of keeping up the same, and explained what it is for. Elder Summerhays explained the Deseret S. S. Union board and the duties they have in helping to develop the Sunday school cause.

Sunday 10 a. m. found the house overflowing with eager listeners. The services began promptly by the combined schools singing Do Not Weary by the Way. According to roll call eighteen schools were represented. Mary S. S. reports were heard, and President B. L. Byber once a few remarks pertaining to the Sunday school labors in his country. At this time he had charge of all of them and was the first to organize schools in a number of places.

A class exercise, Church History, was given by the Grant school.

Elder Summerhays again occupied a portion of the time; spoke of the small attendance at some of the Sunday schools; and remarking must be wrong. He spoke of the Sacrament, Sabbath breaking and the tobacco habit.

Elder Goddard made a multitude of good remarks which were instructive to old and young. He closed his remarks by singing, Who's on the Lord's side?

President J. E. Steele made a few remarks and the session closed.

At 12 noon the veterans held an officers' and teachers' meeting, which was well attended. The brethren impressed upon Sunday school workers the importance of their calling; said they must be exemplary, keep the Word of Wisdom, pay their tithing, and keep the Sabbath day holy.

Four missionaries were called to labor in this Stake in the interest of the Sunday schools.

2 p.m., Sunday.—After the devotional exercises the sacrament was administered by the Bishopric of the Iona ward. The General and Stake Sunday school authorities were present and assisted.

President J. S. Mattiner spoke briefly of the good time we had and expressed his gratitude for the blessings we enjoy.

The song, O My Father, by Miss Haycock and choir was much enjoyed.

Elders Summerhays and Goddard again addressed us; spoke in mighty power on our duties as Saints, invoked the blessings of God upon us; and one of the most interesting and instructive Sunday school conferences ever held in the S ake closed.

H. H. Fox, Secretary.

CACHE COUNTY LEVY

Commissioners From the North Before the Tax Equalizers.

TELL WHY THE VALUATION IS LOW.

Decrease of Five Per Cent in the Improvements Over Last Year's Valuation.

Commissioners Hayball, Wolf and Clerk of Cache county were before the State board of equalization today having been cited to appear and show cause why the county was a decrease in the improvement valuation of that county of 5 per cent, or $20,000 for 1897 as compared with 1896.

All three of the commissioners spoke to the question and unanimously agreed that the decrease was due to a general shrinkage and deterioration of values. Their arguments were carefully listened to and frequently interrupted by questions propounded by the State board the members of which were all present except Mr. Booth who was delayed near Draper for several hours on account of a derailed car.

NOT ANDREE'S BALLOON.

Story of a Balloon in the North Sea Not Believed.

Andree's Men Too Heavily Loaded to Float if it Had Collapsed—Andree May Be in Siberia.

CHICAGO, Aug. 13.—Captain John Winslow of San Francisco does not believe the story that Prof. Andree's balloon was soon floating in the ocean by a ship's captain. The captain is visiting his brother, Dr. S. Winslow, of 1253 La Salle avenue.

He has returned from Sweden, where he visited his relatives, among whom is the family of Prof. Andree's brother. The captain said:

"I was in Stockholm when the news arrived that Andree and his companions in his balloon. His family, that is, his brother's—Andree is not married—only believe that he will be heard from. Andree himself told them last if no news was received of him in two months, probably nothing would be heard from him for a year, as he would then have immersed in the Arctic ice. He has no other plan for him and his party towards a locality where they could communicate with the outside world. My own belief is that Andree has struck a southeast wind, as there are the winds that almost usually prevail at this time of the year in the northern latitudes and that he has been carried into Siberia and that it may be months before he will be heard from. As to the story of a vessel having passed a balloon floating in the sea, that is a good yarn for tenderfeet. There is no captain so inhuman, so steamboats without souls, that he would not answer to a boat to investigate the thing; and any how, the vessel and provisions that Andree carried with him would, of course, have saved such a balloon when immersed in water. Never fear, Andree will be heard from. Depend upon it.

In this cell were confined four prisoners held on suspicion of the murder of Alex Godard, an American miner who was waylaid during a saloon row with Americus last Monday night. The to k was after Dominic Ruis, believed to be guilty of the murder. The jailer refused to give up the keys whereupon the mob broke through the bare inside cage. KING DON CARLOS COMING

To the Spnish Throne, Say the Pretender's Friends.

Nothing but Foreign Intervention Will Check Him if He Starts—Carlist Activity in London.

MADRID, Aug. 13.—Great precautions have been taken against a Carlist or republican rising here and at Barcelona and Seville.

LONDON, Aug. 13.—The Pall Mall Gazette this afternoon in a long article upon the increasing activity of the Carlists says it is not generally known that London is one of the strongholds of the Carlists, a thousand enthusiastic supporters of that party being located here. The Pall Mall Gazette adds:

"Their leaders seem to think that the fall of Canovas brings their opportunity nearer. During the past week they have held many meetings to discuss the best means of assisting their colleagues in Spain in the event of a rising occurring."

FOREIGN INTERVENTION ALONE CAN STOP HIM.

The Chevalier Lambye, at the head of the Carlist club, in the course of an interview, is quoted as saying:

"The Carlists are highly organized throughout Spain. When Don Carlos makes a move nothing but foreign intervention will prevent him from reaching the throne. There are ten thousand volunteers in England ready to fight for him."
