CHICAGO. Chicago, Aug. 14.-Sentiment in the wheat pit during the early trading today was quite builtsh owing to showers throughout Minnesota and North Dakota and to an advance of 3% to 1 pence at Uverpool. An improved demand for the cash grain also had a strengthening in-duence. Opening prices were 360% to 3% ingher, with Septembor at 383% to 93% and December at 960%. For a time the opening range. — Atthough the Northern section of the opening range. — Atthough the Northern section of the orn belt had been visited by rains dur-he last 24 hours, numerous com-plaints were received today from other districts telling of the continuance of druth. These advices caused considera-ble firmness in the corn market during the early part of the day. September opened ½ to ½ higher at 65½ to 65½ and advanced to 65%. — Market September opened a shade to 34 higher at 37% to 355 % and sold with-the opening range early in the see-sion. — Provisions were quiet and steady. Lofor his release from jail, T. H. Patten was arrested this afternoon by Detec-tives Ripley and Curran, on a tele-graphic warrant from Buite. According to the advice to the local department Patten is wanted in Butte for robbery, and is said to be a clever "dlp" and pickpocket. His confederates, named Clayton and Wilson, were caught in Butte, and the whereabouts of Pat-ten learned by his telegraphing yester-day \$100 to Clayton. Clayton received the hundred, which was not sufficient and wired Patten to send an additional \$50. The interchange of telegrams was known to the Butte police, who inform-ed the local department, and the officers laid in wait for Patten at the telegraph office during the forenoon. He called at the office shortly after noon, inquir-ing for a telegram, and was placed under arrest.
