

LOCAL AND OTHER MATTERS.

THEATRICAL.—The excellent bill presented at the Theatre on Saturday evening drew a very good house. The fine comedy of "The Wonder, or Woman Keeps a Secret," was again well played, the company appearing to greater advantage in this comedy, both times that it has been represented, than any piece of a like character they have hitherto attempted.

The "Grecian Bend" was encoined; the piece of "Mary Queen of Scots" was well played, and the afterpiece, "A Wolf in Sheep's Clothing," gave as much satisfaction as when played previously.

To-night Mr. Tom Taylor's beautiful comedy "An Unequal Match" will be presented for the first time here.

While upon this subject we wish, in a very friendly spirit, to drop a word or two of criticism upon the performance of one of the actors, namely, Mr. Hyde. On his first appearance here a number of his friends entertained hopes that he would become a very useful, if not a leading member of the company. Those expectations have not been fulfilled, and he never appears to learn any advantage from his personating an old man. All his old men, whether the Irish peasant farmer, as in "The Shingaw," or the Spanish Don, as in "The Wonder, or Woman Keeps a Secret," are the veriest dotards and babblers; their only business seems to be to talk 50 miles an hour and to shake their heads like an aspen leaf in a gale of wind. Now Spanish Dons are noted, the world over, for their pride and dignity; but Mr. Hyde, while personating that character on Saturday evening, evinced less dignity than might be expected on the most ordinary occasions from a tavern keeper. We recommend this gentleman to study his parts and endeavor to form more correct conceptions of the characters he tries to represent.

CONCERT AT CEDAR CITY.—By Deseret Telegraph Line we are informed that on Saturday evening a concert was given under the direction of Bro. John Chatterley, which elicited much applause.

ST. HELENS.—On Saturday afternoon, Henry Dumar, a German, who arrived in this city from Cheyenne about two months ago, and who has been boarding for sometime at Southworth's saloon, took arsenic while laboring under delirium tremens, he having been drinking for the last three weeks. Medical aid was procured as soon as his condition was known, but all efforts to save him were ineffectual and he died about 4 o'clock.

FAIRVIEW.—Bro. A. Petersen, writing on the 4th instant, says the health of the people is good; the weather is fine, but there is six or eight inches of snow on the farming lands. The intention is to sow a large amount of grain if seed can be procured, but it is rather short in the settlement.

POLICE.—On Saturday afternoon, at 4 o'clock, Timothy Collins paid \$10 for being drunk, and at 7 o'clock in the evening he was again arrested in an almost hopelessly drunken condition, and this morning paid another \$10 fine.

C. A. Smith and William Jones were fined \$15 each for committing assaults.

CO-OPERATION AT FILLMORE.—On the 4th instant a mass meeting of the citizens of Fillmore was held to take the necessary preliminary steps for the organization of a Co-operative Mercantile Association. During the meeting one hundred and seventy-five shares were taken at \$25 each. A committee of five was appointed to draft a Constitution, when the meeting adjourned until to-day, Monday, at which time the officers of the Association will be elected. Says Brother John Kelly in a letter dated Thursday last:

EASTERN MAIL ARRIVAL.—A mail arrived in this city to-day. As the train which brought it was in the first block there are New York dates to February 11th only. Passengers who left Cheyenne, March last, have arrived also. One hundred and thirty-six miles of the road between Rollings and Percy's is in a doubtful condition. It is not known when a through train will arrive. A large amount of mail and express matter lies at Laramie.

NEWS FROM HEBRON.—Brother John Pulsipher, writing from Hebron, Washington County, on the 16th ult., says "We are getting along quite comfortable and happy in our small settlement. We are few in number but they are very good people; we increase in numbers and the Lord is blessing the country for us. When four of us located here six years ago, as stock raisers, we supposed the place good for nothing else on account of scarcity of water. Now we number upwards of one hundred, do considerable farming, and water is increasing faster than we can use it. We are moving out of our fort on to our city lots in the pleasant town of 'Hebron' lately located on Shoal Creek. Our Indian neighbors are peaceful. The winter season is fine and pleasant, cattle are fat. The health of the people generally is good.

Meetings and schools are well attended, especially the Sunday school. The little souls rejoice much in their annual presents of books as a New Year's gifts. Father Pulsipher's health is good; he stands it well for one that has passed through what he has. He was 70 years old last June, and is a hard-laboring, active man yet and is raising another family of young children."

Good for father Pulsipher!

CORRECTION.—In Saturday's issue we announced Bishop Proctor's lecture at the Tenth Ward Schoolhouse for Friday evening. It should have been stated Tuesday (to-morrow) evening.

POISON SEAGERS.—While out at play with other children on Saturday, a little daughter of Bro. Robert Patrick, of the 20th Ward in this city, ate some poison seagoes which some of her companions had dug and given to her. The child very shortly after returned home and was taken very sick. Her extremities turned blue and cold and she appeared to suffer acutely. An emetic of salt and water was administered to her, but not producing the desired effect, a rather powerful dose of lobelia tea was given which in a short time emptied her stomach of its contents, and she soon began to amend, and yesterday was enjoying her usual health. Now that Spring is coming and the youngsters are able to be out doors considerable care and caution is necessary to prevent them running such risks as this.

SMALL POX.—We were told, a day or two since, by Major D. B. Huntington, Indian Interpreter, that he had heard a report of the death of an Indian child from small pox, at the Point of the Mountain. The Major was by no means certain of the truth of the report, and we are of the opinion that his information was not very reliable. If the reports, which have been circulated in our contemporaries from various quarters where the small pox has been raging, be at

all reliable, the Indians seem to be favored with a remarkable exemption from the attacks of this terrible malady. The *Territorial Enterprise*, published at Virginia City, Nevada, where the ravages of this disease have been somewhat severe, says:—"It is rather singular that not a single Indian has thus far during the winter taken the small-pox. Both squaws and bucks are numerous about the town and are constantly poking about in all sorts of narrow lanes and by-places, yet somehow they have thus far escaped the scourge which is being so severely felt by the whites. A great number—perhaps all now in this vicinity—were vaccinated some three months since, since which time they appear to have no fear of small-pox. In conversation with one of their head men, the other day, he told us that they had no fear of the small-pox, 'but,' said he, 'if you get the measles here, you will see all the little boys get up and dust their heads. The measles broke out among the Putes some two years since at Pyramid Lake and swept away whole families, hence their great fear of the disease. They inquire almost daily whether the measles have broke out in town. A case of measles would cause a grand and general stampede of the Putes now encamped about the city."

Since the above was written we have been informed by Dr. Clinton, the City Quarantine Physician, that the Indians have informed him that the child referred to above is one that was sick with the erysipelas when he visited their lodges on the hill, near the city wall, when it was reported as a short time ago that they had the small-pox among them.

[PUBLISHED BY AUTHORITY.]

AN ACT.

Supplementary to the Act Regulating the Mode of Procedure in Civil Cases in the Courts of the Territory of Utah.

Approved December 30, 1898.

SEC. 1.—Be it enacted by the Governor and Legislative Assembly of the Territory of Utah: That in all actions where any person is severally liable or jointly liable with another person, suit may be brought in any County or District where the cause of action accrued, or any defendant may reside, and the Court wherein the suit is brought shall have power to issue the first or any mesne process directed to the Sheriff or proper officer of any County in the Territory wherein any defendant shall reside or be found and it shall be the duty of such officer to serve the process on any defendant in his County and return the writ to the Court issuing the same.

SEC. 2.—In any suit where the title to land or the right to the possession of land is involved or in issue, or where a sale thereof is sought in equity, the suit may be brought in the County or District where the land is situated and the process may be served on the person in possession, and also on any other person having or claiming to have in law or equity any interest therein or any part of it, and if necessary, the Court may issue process to the Sheriff or proper officer of any other County or District and he served as provided in the preceding section of this act.

SEC. 3.—In suits against any incorporated city, service shall be made on the Mayor and Recorder. In suits against any county, service shall be made on the Probate Judge and Clerk of the County Court. In suits against a School District, service shall be made on the Trustees. In suits against any Irrigating Company, service shall be made on the Superintendent or Water-master. In suits against any other corporate body, incorporated under the laws of this Territory, service shall be made on the President or chief officer, and on their Secretary or Clerk, if they have such Secretary or Clerk. Where the defendant is a foreign corporation that has an acknowledged agent in this Territory, service may be made on such agent, or if no such agent is found, on any person in its employ or who has any of its property in charge.

SEC. 4.—If any defendant is a non-resident of the Territory, and has an agent in the Territory, service may be had upon him, by serving the same upon his agent, by leaving a copy thereof at his usual place of business, with any person in charge thereof. Where any defendant is a non-resident or his residence is unknown, and has no known agent or place of business in this Territory, service of process may be had by publication in some newspaper printed in said Territory. Said publication must contain the names of the parties plaintiff and defendant to the complaint; a statement of the object thereof, the name and style of the Court in which the same is filed, and also notify the persons thus to be served when they are required to answer. Said publication shall be inserted four times consecutively, the first insertion to be at least forty days before the time of answer, and a copy of which shall be immediately deposited (post paid) in the Postoffice, directed to the defendant or defendants at their last known place of residence or business.

SEC. 5.—In suits on joint contracts where the Sheriff or other officer shall return the first process served to any defendant therein and not served as to any other defendant, the complainant may cause an entry to be made in the record of such service and proceed to final judgment and execution. If satisfaction be not thus obtained, suits may be brought on such judgment against the persons not served; but the complainant shall be against such last named persons, make the same proof as on his original suit, and the defendant may set up any defense thereon which could have been made to the original agreement.

Approved Feb. 19, 1899.

SECRETARY'S OFFICE, UTAH TERR.

Salt Lake City,

March 8, 1899.

I hereby certify that the above act entitled "An Act supplementary to the act regulating the mode of procedure in civil cases in the Courts of the Territory of Utah, approved December 30, 1898," has been carefully compared with the enrolled Laws on file in my Office, and found to be a true and literal copy thereof.

Witness my hand and the Great Seal of the Territory hereunto annexed, this eighth day of March, 1899.

EDWIN HIGGINS, Secretary Utah Terr.

PROCLAMATION.

EXECUTIVE DEPARTMENT UTAH TERR.

Salt Lake City, March 4, 1899.

To whom it may concern:

Know ye, that whereas, by virtue of authority vested in the Governor of Utah Territory by an act of Congress, entitled "An Act relating to the District Court of Utah Territory," approved July 27, 1898, the Governor of said Territory having appointed the second Monday of March of each year on which to hold the first term of the District Court of the third Judicial District of said Territory, and designated Chief Justice Wilson as the Judge for said Judicial District, and

Whereas, it having been made known to me that the said Chief Justice Wilson is absent from the Territory, and that such absence will be continued beyond the time of the present year so appointed by the Governor for holding the first term of said court of said year,

Now therefore, I, Edwin Higgins, acting Governor of said Territory, by virtue of the authority vested in me by the act of Congress aforesaid, do hereby appoint the Fourth Monday of April, A. D. 1899, at 11 o'clock, a.m., as the day and time for holding the first term in said year of the District Court in and for the third Judicial District of said Territory.

In testimony thereof I have hereunto set my hand and affixed the great seal of said Territory, the day and year first above written.

EDWIN HIGGINS, Acting Governor Utah.
