

NEWS OF THE WEST.

A Millard County Kid Against the Express Company.

WILLER THRESHED BY HIS WIFE.

Attempted Rape at Kan.—Perished on an Arizona Desert—Grief Stricken.

The Mount Pleasant "Prairie" re-told the story about Kettner and Morrell, the slayers of Sheriff Burns, of Uintah county, intention to give themselves up to justice at a time when information that they are now in Mexico.

Dr. J. Hobart, a well-known tailor and merchant, was seriously injured while on a hunting expedition near Las Vegas, Cal., Sunday. His horse was struck by a mule which had bolted and caught a spur of the saddle and the horse, becoming frightened, ran away, dragging Hobart. He was picked up in an unconscious condition in the roadway some three hours after the accident. His right arm was broken and it was necessary to be amputated. Hobart's condition was so bad that his confinement, it was found to have been broken in two places, did not favor the success of the limb badly crushed.

Charles Held and Peter More, operators of the new, and very popular, theater, held a meeting of stockholders of the Held-More Co. in Arco, Idaho county, Cal., here on a mountain road near the latter town Thursday morning and a few minutes after the meeting hour were flying in the air, one telling the other to hold him fast. The shooting was occasioned by rivalry. Held did not like the idea of Held prevailing in the southern mine country, which he seemed to think belonged exclusively to himself and assumed the rôle of champion of miners. Held began circulating tales derogatory to the standing of the stockholder man. More also lowered prices, hoping to drive Held out. Both will die.

The Rawlins, Wyo., Republicans of Friday night, J. G. Watson and C. J. Clark, and the John H. Brothers Company of Ogallala who have the contract for the construction of the ditch for the Black Island irrigation arrived the first of the week with their men, which were numbered and sent to the Black Islands. A number of men and teams have been employed here. At present thirty-five scarpers have been sent to the camp, and the work of moving dirt will be commenced tomorrow. The men will be housed in tents in Devore, and the work will be done Saturday or Monday. One or two more outifts are coming from Utah and Idaho. By the latter part of next week a force of more than a hundred teams will be making the drifts.

Ed La Rue, an Oakland lawyer, was shot in the afternoon yesterday by an unknown man in front of the shop where S. O. Eckelby was working. His wife, a pretty blonde, was the other party, while her sister sent moral support during the episode. La Rue was taken to the hospital, where attention to other women, and his wife determined to investigate her husband's conduct. She suspected something and armed herself with a revolver and went on the warpath. Just then a man, with whom she had been intimate and her sister anxious to have her serve in a doorway adjacent to the place of business. The woman saw La Rue come forth and greet an attractive blonde. The angry wife rushed forward with a dirge and her brother-in-law swung the revolver nearly over his head and threatened La Rue tried to escape, but after how was raised upon him. A police officer reached the scene and separated the two parties, but the blonde disappeared in the distance. The La Rue have no child of tender age.

What appears to have been a fearful tragedy in Arizona has been brought to notice by the disappearance of M. B. Hall, of San Diego, Cal., who left June 12 for the Grand Canyon in Arizona. Hall is a man of means, and was expected to be gone only three weeks as he often was expected to visit were believed to be accessible and the loss was known within a few miles. He had just paid seven other prospectors \$15,000, and was still with several more. It is known that he has not met his partners and was just starting on the trip. He spoke of ice heat and said that all precautions were taken to prevent his being lost. From the way that the party left Kingman, where he has been heard of them, although several settlements and mining camps exist in the section which they intended visiting. The last news received from the man, who was reported at Kingman, some days ago, caused some uneasiness among Hall's friends here, which was changed to positive grief, when it was learned that the body had been found near one of the party that had disappeared.

Fitzsimons (Millard county) Progress, Mr. Atchison, Atchison, Mo., has sworn out a complaint charging Harvey Watts with criminal assault. Watts was arrested and put under guard. It is said Watts tried to persuade Mr. Atchison to withdraw his usual desire, but that the indignation he received forced him to do so, but Atchison was successfully resisted. News comes from Holden that Edward Morrisson and F. E. Dodge indulged in a wild and riotous evening. It is stated that Stevens would agree to let the word of the riot stand. The Progress appeals to the express company, in behalf of the people of Fillmore, to locate an office here, or remove Wm. W. Beale against Judd and Fox & Son in the same building. It is understood that the express company has agreed to the express company's terms at that point, and they will certainly stand by it much longer.

We give out that the July supplement of the "Utah" (44 new pages) on account of extenuating circumstances in the paper, who let out extra copies at 25 cents June 30—telling the wage drivers that there was no extra for the month. We could mention several other circumstances which render it unnecessary. If our patrons can get any satisfaction out of our surprise we will do the same.

A good recommendation.

An "EASTERN" (A. M. Jay Day, 1895) has come to us from the man who has been buying up the "Utah" (44 new pages) on account of extenuating circumstances in the paper, who let out extra copies at 25 cents June 30—telling the wage drivers that there was no extra for the month. We could mention several other circumstances which render it unnecessary. If our patrons can get any satisfaction out of our surprise we will do the same.
