SESSION OF CITY COUNCIL

Motion to Reinstate Deposed Policemen. Who Were Laid Off To Curtail Expenses.

CITY AND COUNTY OFFICIALS

Of Four Counties Will Meet in Convention—Burch Creek Water Franchise Given.

Ogden, July 7.—In the city council last evening an old question concerning religion and politics was revived when Dr. Powers, member from the Second ward, introduced a resolution asking for the re-instatement of Ica Ternes and Ed Morrissey as members of the police department.

In support of his resolution, Dr. Powers said that the two men had been deprived of their positions without any apparent reason and had not been given any sort of hearing. The resolution was referred to the police committee.

It will be remembered that about two months ago when the retrenchment steps were taken by the city, Morrissey, Ternes and Kellier of the police department were dropped from the police force. The question then arose over the dismissal of the men on account of the fact that all three were Catholics. The question was the cause of much discussion and controversy in the council, and an effort was made to have the council reconsider its action. But this was lost and the agitation was dropped until the present time.

Three ordinances creating side-walk districts in different portions and providing for a special assessment on the property in each district, passed their first reading and were referred to the law committee.

Bids submitted by the Wheelwright Construction company and W. J. Moran on proposed sidewalks improvements were opened as follows, in district 20, Wheelwright Cons. Co., \$3,136.42; Moran, \$2,590; district No. 3, Wheelwright, \$272.34; Moran, \$240; district 14, Wheelwright, \$552.91; Moran, \$460.

Monthly reports from all of the city officials were received and referred to the different committees.

Municipal Judge Clerk Jensen reported \$3,052.11 collected in fines, forfeitures and other ways in the office during the month of June.

Before adjournment, Councilman Austin called attention to what he termed a deplorable condition existing on Lincoln avenue between Twenty-fifth and Twenty-seventh streets, due, he declared, to excavations made by the Bamberger road. The city recorder was instructed to notify the Bamberger people to correct the evil at once.

The choir rendered sweet music, and there were many flowers. The speakers were Elders R. C. Larsen, Martinus Larsen, William Givoleg and Albert Svensen, all spoke of her as a dutiful and loving wife and mother, and a most devoted Latter-day Saint.

Mrs. Miller was born in Spanish Fork, May 9, 1860, her father's name was James Hansen, one of the early pioneers of this place.

Accidents Mar the Pleasures of the Fourth.

Spanish Fork, Utah Co., July 5.—Independence day was held here in grand style, not a firecracker or squib was seen or heard. The Mammoth folks who came here accompanied by two silver bands, were met at the railroad station and escorted to the city pavilion, where the exercises of the day were held. B. H. Roberts delivered a most eloquent oration.

Sports occupied the afternoon at Pioneer square.

Two accidents marred the afternoon's pleasure when Cyrus Snell, the 25-year-old son of John W. Snell, and William Thibault, about 20, of Mammoth, were riding about the race track. They were thrown from their horses and rather badly hurt and bruised, requiring the doctor's care.

Special Correspondence.

Parowan, Iron Co., July 4.—The nation's birthday was celebrated here in the usual way. A patriotic meeting was held and an appropriate program rendered. J. S. Hanks was orator of the day.

Mr. F. E. Kennedy, Jr., and sister gave a song recital here in the meeting-house on the evening of the 3rd which was very much appreciated by the audience. Mr. Kennedy is a baritone of considerable merit and his sister is one of the best pianists that it has ever been the good fortune of the people of Parowan to listen to. Half the proceeds of the entertainment was given to the Relief society.

An information has been filed in the district court charging Nathaniel P. Pryon of Cedar City with burglary in the second degree and petit larceny. The defendant is accused of breaking into the drug store of Geo. C. Goddard in the night time and carrying away some wine and brandy.

Dry weather still continues with no apparent prospects of rain and crops are beginning to need it very much. The hay crop is very light owing to the dry, cold spring and unless rain comes soon the second crop will also be light as there will be insufficient water to irrigate in time to make the crop.
