

TO SUMMON JURORS IN THE RUEF CASE

Does Disqualification of Sheriff As to Custody of Defendant Extend to Other Duties?

PRESENT PANEL EXHAUSTED.

Special Prosecutor Johnson Gives Notice of Motion for Re-disqualification And Appointment of an Elisor.

San Francisco, April 11.—One of the most interesting questions—from a material as well as a purely legal standpoint—to be evolved out of the Ruef trial was projected today by the prosecution, and will be determined tomorrow by Judge Dunne. It is, briefly stated, whether the act of the court in disqualifying the sheriff from having the custody of Ruef had and has the effect of disabling the sheriff from now summoning a fresh venire from the regular jury list of 2,400 names and thereby necessitate the appointment of an elisor to summon a special venire from the body of the county.

he had been approached as a juror by a man he did not know. Ach suggested that Johnson might be able to tell this person's name. Johnson returned the compliment in kind, and a wordy war ensued.

Its Motion to Quash Indictments for Rebating Denied.

Los Angeles, April 11.—Motions to quash the indictments for rebating returned against the Santa Fe railroad by the federal grand jury Feb. 8 were denied today by Judge Olin Wellborn in the federal court. The motions to quash the indictments against John I. Schirm and the grand Canyon Lime & Coal company of Arizona, to whom it is alleged, the rebates were given, were also denied. INCITING TO REBELLION.

Able Jouin Charged With Offense in Paris Police Court.

Paris, April 11.—The Abbe Jouin, rector of the church of St. Augustine, was brought up in a police court today to answer the charge of inciting to rebellion from the pulpit in connection with the taking of church inventories. The court was crowded in consequence of the public expectation that revelations were contained in the documents seized at the principal manufactory and that the prosecuting attorney probably would read them. The abbe declared that he had never transgressed the laws; the prosecutor read letters of Fr. Montagnani which he declared demonstrated that the former secretary of the nunciature was continually intriguing in order to hinder the French clergy from obeying the church and state separation laws and that he acted as real head of the church in France. The court will render judgment April 13.

Some time ago the president took up this question at a cabinet meeting and gave instructions that discriminations against the veterans of their widows should cease. During the call today of Commander Brown and his friends, the president informed them of the instructions he had given and assured them that the old soldiers should be cared for.

RAILROADS MAY NOT DETERMINE COMPETITION.

Washington, April 11.—In an opinion by the interstate commerce commission the principle was laid down that a railroad company cannot arbitrarily determine whether a particular establishment shall compete in a certain market with other localities and that other similar establishments on the lines shall not so compete, particularly where the discrimination is not justified by operating conditions. The decision was applied to the case of the Texas Cement Plaster company against the St. Louis & San Francisco Railroad company, involving a complaint of unlawful discrimination in rates on cement plaster in certain localities.
