

MORE VACCINE FOR SANPETE.

Dr. Beatty Sends a Large Quantity
Down There Today.

NO NEW CASES REPORTED.

The Doctor Will Also Dispatch an
Expert to the County in a
Few Days.

Dr. Beatty of the State health board said this afternoon that he was entirely satisfied with the manner in which the smallpox epidemic was being handled in Sanpete county. That the authorities and people there had taken hold of the trouble in perfect good will and that he expected it would soon end. No new cases were reported today though he received a request for more vaccine matter, which will be sent in large quantity on this evening's train. In a few days the doctor will send an expert disinfecter, a young man who has had much experience with the disease in Cuba, to Manti, Sterling and Ephraim to disinfect the homes that have been invaded by the malady.

UNDER QUARANTINE RULE.
Schools and Churches Closed at Gunnison and Public Gatherings Prohibited.

Special per Deseret Telegraph.
Gunnison, Nov. 23.—In compliance with instructions from the county commissioners, the town board of health issued an order this morning closing schools, churches and public gatherings of all kinds, and directing parents not to permit children to be on the streets except when sent upon some definite errand.

The small pox scare has somewhat subsided. No cases have broken out at this place as yet and by a strict compliance with the above order of the board of health, it is hoped the community will escape the contagion.

ONE NEW CASE AT MANTI.

All of Them at that Place are Now Under Complete Control.

Special per Deseret Telegraph.
Manti, Nov. 23.—Readers of the News will be pleased to learn that the dread disease, smallpox, is quite well under control. But one additional case is reported today, and that one, Louis Skovbye, was under detention. John Crawford, of Manti, is quarantined, but nothing else new has developed.

AMUSEMENTS.

The full Shenandoah company arrived in town early this afternoon and a regular army of men is at work on the stage putting up the scenery and rehearsing the battle effects for tonight's performance. The sign in front of the theatre 100 men wanted attracted a great number of would-be Thespians to the rear door, and from the ranks of the applicants the stage manager was busily engaged this afternoon sorting out the men who are to enact the role of Shenandoah's veterans in the battle of Winchester.

WARD ENTERTAINMENTS.

A unique and interesting entertainment is under way in the first ward. It is by the officers of the Primary Association and will be given in the ward meeting house. There will be three performances. The first is scheduled for tonight and tomorrow night and Saturday matinee. The production is "Elmira" and the cast of characters as follows:

The Mortal Miss Hattie Woodbury
The Fairy Miss Sadie Braby
Fairy Queen Miss May Vowles
Fairy God Mother Miss Edna Evans
Puck Master John Thorup
Flays and Elves.
Little Boys and Girls.
Singing, Dancing, Pretty Costumes.

The Twenty-third ward M. I. Association held their annual social in the meeting house last night, at which a most enjoyable time was had. About 200 persons participated. Interesting remarks were made by Presidents R. R. Lyman and Mrs. Nellie C. Taylor of the Stake presidency. Y. P. M. I. A.

One of the most amusing features of the evening was the election of a popular lady, popular gentleman, handsome lady and ugly gentleman, the latter getting a leather medal. The other prizes were: A cake, ladies' dressing case, three silk handkerchiefs.

The dressing case and cake were won by Miss Annie Fernstrom, and the ugly man's prize and also the popular prize by Mr. D. P. Felt, the president of the association.

PERSONAL.

John Sullivan, of Park City, is staying at the Walker.

Mr. and Mrs. T. J. Sherman, of Butte, are staying at the Cullen hotel.

J. F. Shields and C. H. Douse, representing Chicago houses, are quartered at the Knutsford.

W. A. Bouton and A. R. Brandenburg, of Bellwood, Neb., are staying at the White House.

J. C. McCartney, of Gardiner, Mont., is numbered among the latest arrivals at the Kenyon.

Mr. and Mrs. David Keith, and family came in from the east last night and registered at the Kenyon.

Father Kiehl left yesterday for Chicago where he will buy interior fittings and furnishings for the Kearns' St. Anne's orphanage.

B. H. Wynter, of New York, and C. F. Lasse, of San Francisco, are staying at the Kenyon while they transact business in this city.

Abe Hanson, Jr., leaves tomorrow for a visit to New York, Philadelphia and Boston. He expects to return about holiday time.

Senator Rawlins left on the 11:45 train this morning for Washington. Before leaving he signified his intention of eating his Christmas dinner in Salt Lake City.

Orson Smith, of Logan, was on the streets of Salt Lake this morning shaking hands with many old time friends who had not seen him since his return from Alaska.

Manager Thomas R. Cutler, of the Utah Sugar Company, goes to La Grande, Oregon, tomorrow to attend a meeting of the board of directors of that institution. The run for the season is now finished and the board will

"Better Be Wise Than Rich."

Wise people are also rich when they know a perfect remedy for all annoying diseases of the blood, kidneys, liver and bowels. It is Hood's Sarsaparilla, which is perfect in its action. It so regulates the entire system as to bring vigorous health. It never disappoints.

Rheumatism.—"My mother, eighty years old, has received much benefit from taking Hood's Sarsaparilla for rheumatism, and recommends Hood's to others." Agnes D. Derby, Jamestown, N. Y.

Catarh in Head.—"My daughter had catarh in the head and Hood's Sarsaparilla cured it. We take it as food medicine and tonic and it keeps us well all summer." Mrs. Ed. Peterson, Kibbey, Mont.

New Life.—"As a spring tonic and blood purifier Hood's Sarsaparilla overcomes that tired feeling and gives our whole family new life." Wm. Ringel, 615 5th Ave., Peoria, Ill.

Grip Cold.—"My boy had a terrible grip cold and was very much run down. Hood's Sarsaparilla made him well; it is growing strong and fleshy." Mrs. Thos. S. Osborn, Norwalk, Ct.

meat to receive the reports of the management. Mr. Cutler expects to return on Monday morning.

"As to politics, there is little in and around Dillon," says E. L. Hall who is staying at the Cullen. "Our people are inclined to laugh at the row between Clark and Daly. Of course Daly will do all he can to shut Clark out of the Senate, but he will not succeed, for Clark is bound to get his seat at least that is the way it is regarded up in our country."

"Silver City has now a population of 1,000," said A. A. Getchell, postmaster of Silver City, Ida., at the Cullen last evening, and as new people are moving into the camp and additional capital is showing, there is promise of a great year in 1900. The Cumberland people are backed with Canadian capital, the Empire company has New York backing and the Trade Dollar Company is backed by Pennsylvania capital. We are twenty miles from the railroad, and though a tramway would be convenient, we are still relying on the ordinary road methods of hauling and conveyance.

Mrs. J. J. Healy, the first woman who braved the rigors of a Klondike winter, is staying at the Kenyon. According to the lady a woman may reach Cape Nome much more easily than Dawson, for there is no shelling over the ice and there are no transfers to make. The steamers from Seattle will land her and her goods right at the cape. She may live there after she has a cabin or any place of shelter for probably 31 a day by doing her own cooking and purchasing groceries at the stores. To live at a hotel or restaurant would cost her several times as much. But no woman should go alone, expecting to find work. Cape Nome has too many such now.

PAT'S LURID TALE.

O'Connor Gets Terribly Mixed Up Before Justice Timmony.

Pat O'Connor this afternoon was given a preliminary hearing to show cause why he should not stand trial before the Third district court for the crime of entering room No. 19 at Ford's hotel and stealing two pairs of trousers and a coat, the property of C. E. Houder, a roomer at the house.

Mr. Ford, Mrs. Maudie Jenkins and Mrs. Della Menon were examined by the prosecution and cross-examined by the defendant, who showed a marked familiarity with legal procedure. The last named witness said she met a man who looked very much like the accused coming out of the room in question, at 5 o'clock Monday evening, with some clothing over his arm.

Officer Simpson related the circumstances surrounding the arrest of O'Connor in the Klondike saloon. Witness stated that when he entered the "wine room" of the den on Monday night, there were half a dozen men seated around the table drinking beer out of a can and three bundles lay upon the table, witness picked up one bundle, he saw the man who looked like the accused, O'Connor said "you leave that alone, it is mine," subsequently O'Connor denied the ownership of the parcel which contained the property produced in court.

O'Connor then took the stand and told a story in which he was the hero and a victim of mistaken identity; he further hinted at the possibility of an alibi. Attorney Gunter took him in to town and taking him by the hand, so to speak, he led him to the green pastures and beside the still waters until O'Connor made a mistake and floundered in the mire of romance and the harder he led the deeper he got, until the situation became absolutely painful for Patrick.

O'Connor was an honest Butte miner and had worked for four years at his vocation; further back O'Connor would not go, why dig and delve in the misty past? Then O'Connor asked to whom Mr. Bishop, an assayer, who wore a clean shaved face, a full beard also a goatee. He gave him 50 cents and he spent it for beer. Later O'Connor raised the ante two dollars and his friends gave him six beers, seven bottles and a bottle of alcohol and incidentally, they revoked the order and spent his substance in riotous living—no, he didn't he simply "blew de fifty cents fer grub." Judge Timmony took pity upon O'Connor's embarrassment by placing his hands at 7:50 and turning him over to the sheriff to answer to the charge of housebreaking.

In the police court A. S. Riley and C. Hughes, two recent drunks, who had never been arrested before, were allowed to depart on promising instant reformation. Eighty dollars in fines from Commercial street constituted the balance of the docket.

\$750 A FRONT FOOT IS PAID.

Amount Given by Mrs. Judge for
James P. Freeze Property.

WILL BUILD BUSINESS BLOCK

H. K. Thomas Takes a Lease Upon It
for Five Years, with a Privilege of Ten.

James P. Freeze has sold his Main street property, on which stands the Thirteenth ward store, to Mrs. Mary A. Judge. The price paid was \$750 a foot which, as the frontage is 23 1/2 feet, aggregates over \$17,500.

Mrs. Judge has now, with the adjoining property occupied by the David James Company, a frontage on Main street of about 41 feet with a depth of 100 feet 6 inches. On this lot Mrs. Judge proposes to erect a modern two-story building with a handsome front. R. K. Thomas, the well known dry goods merchant, will occupy both floors, he having secured a lease on them for five years with the privilege of renewal for ten years.

Mr. Freeze does not intend to go out of business but will move across the street into the store at one time occupied by Robinson brothers.

ANOTHER BIG SALE.

It is Made by W. E. Hubbard to a Montana Man.

Seventeen thousand dollars was the price W. E. Hubbard, got for the piece of ground he sold yesterday for H. H. Spafford. The ground is located on the corner of State and Fourth South streets, having a front frontage on State and facing the city and county building, and 132 feet fronting north on Fourth South.

James Murray, the wealthy mining man of Montana, was the man who bought the property, but the deal was drawn up for M. M. Murray, of Pocatello, Idaho, a relative of the buyer. It has been stated that the property was bought and presented to Mr. Murray of Pocatello as a gift.

A year ago Mr. Hubbard took an option on this property, with the intention of carrying it fifty years, if necessary, at 6 per cent interest. It is said that the deal, netted him something like \$6,000. It is generally believed that improvements will be made on the property by next year, but the nature of them has not been given out.

Mr. Murray, the man who purchased the property, is extensively interested in Salt Lake realty.

MRS. GAYLORD SUES FOR DIVORCE

Daisy V. Gaylord instituted divorce proceedings against Frank I. Gaylord in the Third district court this afternoon, alleging desertion and failure to provide as the grounds upon which she demands an annulment of the marriage ties.

The complaint alleges that the marriage took place in Ogden on December 18, 1897, the defendant "disregarding the solemnity of his marriage vow, willfully and without cause deserted and abandoned plaintiff" and ever since has continued to live apart from her. There is no issue of the desertion. Plaintiff prays for an absolute decree of divorce; that she be restored to her maiden name and for all other relief.

The plaintiff's maiden name was Daisy Shields. She is the daughter of Col. William Shields, formerly clerk with the Utah Lumber company on Main street. A few years ago Col. Shields moved to Seattle, where he is now believed to be in business.

The defendant resides in Butte, and is said to be the son of a wealthy mining man.

Judgment by Consent.
The two cases of the Taylor & Brunton Ore Sampling company vs. the Dalton & Lark Gold, Silver and Lead Mining and Milling company were concluded by order of Judge Cherry today for purposes of trial. This afternoon the defendants withdrew their answers and counter-claims and consented to a judgment of non-suit. \$15.40 costs.

The suits were on a note and an account.

LOWER COURT REVERSED.

Supreme Court Decision in the Case of McGarry vs. Tanner and Baker.

The Supreme Court delivered an opinion today in the case of James McGarry, appellant, vs. Tanner & Baker company, reversing the judgment of the trial court, and remanding the same with directions to grant a new trial.

The action was to recover \$250 borrowed by the defendants from plaintiff upon an expressed contract. The particular error cited was the act of the lower court in sustaining defendants' motion for a non-suit, the question being whether the proof introduced by plaintiff established a prima facie case.

The court after receiving the testimony holds that the appellant's proof in the case was of such a character as to preclude a judgment of non-suit.

Justice Justice Barch wrote the opinion and was concurred in by Justices Miner and Baskin.

WARRANT FOR BURGLARY.

Late this afternoon a complaint was sworn to in Judge McMaster's court, by Joseph Williams, charging one Joe Davis with the crime of burglary. It is alleged that on the night of September 27th the accused entered the store of complainant, No. 110 K street, and stole certain goods.

A warrant for the arrest of Davis was issued by Judge McMaster and placed in the hands of a deputy sheriff. The arrest will be made this evening.

MARRIAGE LICENSE.

A marriage license was issued today to Joe Granquist, 25, and Sophia Smith, 22, both of Bingham.

RAILROAD CASE DISMISSED.

The case of the Oregon Short Line Railroad company vs. Joshua R. Nichols was dismissed in the Third district court today, upon motion of the plaintiff. The suit was brought for the abatement of a building, near plaintiff's railroad track.

CATTLE SHIPMENT RECORD BROKEN.

The Utah & Pacific Walks Off
With the Plum.

HANDLED 175 CAR LOADS.

From the 1st to the 15th 120 Cars
Were Hauled Over the Line—Business Steadily Increasing.

The Utah & Pacific carries off the plum for the largest cattle shipments from Utah for the month of November; and it is claimed by officials of that road that its shipments, always this month have broken the record, and that by a good margin. From the first of the month to the 15th one hundred carloads of cattle were hauled over the little line, since the 15th fifty carloads have been shipped, making a total of one hundred and seventy-five cars of cattle handled in twenty-three days. The last shipments were consigned to Bradshaw Bros. and Shelly & Rogers, of South Omaha, Assie from this business a vast amount of ore has been moved and the future outlook is anything but discouraging. With the extension of the Utah and Pacific into Nevada much greater results can be looked for and it is destined to become one of the best paying propositions in the Western country.

PASSENGER MEN COME AND GO.
Rock Island Officials Remain but a Short Time in Salt Lake.

John Sebastian, general passenger agent of the Rock Island; W. H. Firth, general agent of the same road at Denver, and Maj. S. R. Hooper of the Denver & Rio Grande were all here yesterday and after holding a brief conference with Acting General Passenger Agent George W. Heintz of the Rio Grande Western, left for the Windy City. Matters discussed yesterday pertained to general passenger business, and if any changes in train service were suggested, nothing of a definite character has been decided upon.

General Passenger Agent J. Francis of the Burlington arrived in town this morning and had a lengthy conference with Mr. Heintz. It is understood that Mr. Francis will leave for the East tomorrow.

RISE IN SHEEP.

It is Believed that the Mutton Pie Market will be Glutted.

The mutton pie market will now be glutted, in spite of the fact that there was a sudden rise in sheep and wool this morning. The "rise" took place just north of the Hot Springs, where the Oregon Short Line passenger No. 8 crashed into a herd of sheep; and it goes without saying that there was an immediate "fall." When the train pulled into Salt Lake the engine was splattered and beamed with blood and wool. The engineer reported the number of dead and wounded between 30 and 40. It was not learned who is the owner of the sheep.

GREAT NORTHERN'S RECORD.

From Wilson to Spokane, 105 Miles, in One Hour and Thirty Minutes.

A dispatch from St. Paul, Minn., Nov. 22, says the Great Northern claims the record for the fastest run on a northwestern railroad. An eastbound Great Northern train was delayed near Leavenworth, Wash., by a landslide. In the delayed train was some important mail. A special train was made up of an engine, mail car and caboose. The mail was transferred and the train started east. Leavenworth is several hundred miles west of Spokane.

In the meantime, finding that the eastbound train would not reach Spokane, another train had started on toward St. Paul in order to fill the vacancy. So it became a stern chase. The special came from Spokane had a start of 20 miles. The tip of the pursuer to Spokane, 205 miles, was made in four hours and thirty minutes. The best time was made between Wilson and Spokane, 105 miles, in one hour and thirty minutes. The pursuer came up with the mail at Blackfoot, Mont., having made up seven hours of delay.

It was the fastest long distance run made by a western road, the distance being 557 miles.

UNION PACIFIC PLANS.

According to President Burt the Road will Have Double Track.

Omaha, Neb., Nov. 22.—President Horace G. Burt of the Union Pacific says his road will be the first west of the Missouri river to have a double track, and that the work of laying the second track, probably between Omaha and Denver, will probably be begun next year. Traffic of all kinds has been heavy the past year that the carrying capacity has been overtaxed and the proposed improvement has been made imperative.

IN FAVOR OF POOLING.

Arrangement Made by the Sub-Committee of Industrial Commission.

Chicago, Nov. 22.—A strong argument in favor of legalized pooling was made by the sub-committee of the industrial commission today by Paul Horton, second vice president of the Santa Fe. He declared that a system of legalized pooling would come nearer to attaining stability of rates than anything yet proposed. He also stated that the system would protect small shippers and small towns to an extent not possible under present methods. He proposed government ownership of railroads, claiming that it would bring about higher rates and inferior service.

"Stability in freight rates is just as essential," he said, "as unflinching import duties." He expressed the opinion that ticket scalpers are the cause of much dishonesty and ought not to be tolerated.

DENONCE LEGALIZED POOLS.

Geo. F. Stone, secretary of the Chicago board of trade in his testimony before the sub-committee of the industrial committee at Chicago today, vigorously attacked the judgment given by Paul Horton at the meeting yesterday on the advisability of legalizing pooling of the tracks for railroads.

Mr. Stone spoke from a lengthy paper which he had prepared, defending open competition and opposing the proposition of making pooling legal. Pooling, he declared, stifled competition and would take from the interstate commerce law its main support.

"The vast Chicago-Omaha pool of 1870," said the witness, "caused business to suffer. Localities and shippers were discriminated against and secret rebates were granted on an extent not equaled either before or since."

HIGHER WAGES WANTED.

Brotherhood of Locomotive Firemen Make the Demand.

Pittsburg, Nov. 23.—The meeting of the protective board of the Brotherhood of Locomotive Firemen held here during the past two days has developed into a demand for higher wages. A committee from the board, called on General Manager L. F. Love of the Pennsylvania lines west, and proposed a higher rate of wages for the firemen. The demand was taken into consideration, and no answer was given, and all the railroad officials are heard from the men will not say what they may do.

RAILROAD NOTES.

General Traffic Manager Eccles of the Oregon Short Line returned from the north this morning.

H. M. Clay, of the Union Pacific, is still seriously ill. His condition today is about the same as yesterday.

Auditor T. R. Ellerbeck, of the Utah and Pacific, is expected home from Nevada tomorrow.

J. Francis, general passenger agent of the B. & M., arrived in Salt Lake this morning.

President A. W. McCune, of the Utah & Pacific, will return from the south Sunday.
