MANY HOSPITAL CASES.

Millville Home Destroyed by Fire—Commercial Club Trustees.

Special Correspondence.

Logan, Utah, Jan. 9.—John Pearson was brought down from Smithfield Sunday, suffering from a strangulated hernia. He was taken to the Cache Valley hospital, where he was successfully operated upon and is now doing nicely.

Miss Josie Jensen, the nurse, is at the hospital in a very critical condition, suffering from uremic poisoning and Bright's disease.

Helmer Peterson of the Sixth ward is recovering from the advent of a fine baby girl at his home Monday.

Preston Thatcher was absent from his place in the bank on Monday, the occasion being the arrival of a 10-pound girl at his home.

John Whitaker of Downey, Idaho, who had his left eye removed at the C. V. L. D. S. hospital several days ago, is so far recovered that he returned to his home Monday.

The many friends of Mrs. Carl Peterson of the Seventh ward, who has been critically ill, will be pleased to hear that she is now considered out of danger, and that her recovery is only a question of a few days.

The stork called at the home of W. G. Workman of the Independent Telephone Co. on Friday evening and left a fine son.

While skating at the ice rink on Saturday night, Seth Hansen of the Fourth ward had the misfortune to collide with another skater, and had a blood vessel in his left foot severed. He lost a great deal of blood before he found a physician to dress the wound, but was not seriously hurt.

There is considerable croup, bronchitis and pneumonia prevalent among the younger population of Logan at the present time.

COMMERCIAL CLUB TRUSTEES.

The members of the Commercial club met at the club rooms last night and elected E. W. Robinson, L. S. Cardon,

WILLARD.

DEATH OF GEORGE COOK.

Pioneer and Veteran Closes Honored Career at 78.

Special Correspondence.

Willard, Boxelder Co., Jan. 7.—On Monday night, Jan. 7, 1906, Geo. Cook died of general debility at the home of his daughter, Mrs. Mary Brunker.

Deceased was born Jan. 28, 1828, at Brabourne, Kent, Eng. In 1859 he accepted the Gospel and was baptized. In 1861 he married Hannah Burrows and the same year they emigrated to Utah.

While sailing up the Mississippi river, the cholera broke out among the com-

ENORMOUS CROPS ANTICIPATED.

By Reason of Heavy Snow—Visit of The Stork.

Special Correspondence.

Garland, Boxelder Co., Jan. 7.—During the past week the stork and Garland county have extended visit, and ere he took his departure the population of Garland had increased to the extent of two fine bounding baby boys and one fine baby girl. Tuesday evening Jan. 2, Mr. and Mrs. Joseph Wallis were presented with a beautiful baby boy; Thursday night, Jan. 4, Mrs. Campbell gave birth to a fine baby boy; and Friday afternoon, Jan. 5, Mrs. Chase Gleason gave birth to a baby girl. All well.

Sleighing in and around Garland, and in fact all over Boxelder county, is better than it has been for the past six years. Wagons and buggies are almost entirely done away with, and traffic of all kinds is carried on by means of bob-sleighs almost entirely. As a result of the beautiful snow storms which have prevailed the farmers of Bear River valley are in a high state of jubilation, especially are unanimous in their predictions of an enormous crop yield the coming summer. Agents of the Utah Sugar company are busy securing best contracts for the coming season.

Dr. C. R. Snowden, of Ogden has opened up fine dental parlors in Garland, and it is reported that he intends carrying on business permanently. It is understood that he has purchased one-half interest in the Fryer Livery barn.

The little folks love Dr. Wood's Norway Pine Syrup. Pleasant to take; perfect for all ailments, especially for coughs, colds, bronchitis, asthma.

pay and many died. After many hardships incident to crossing the plains with ox teams they reached Utah in the fall of 1854. The first winter was spent at Bountiful. In 1855 they moved to Ogden and in 1859 settled in Willard, where deceased has since resided. For nearly 50 years he was a faithful teacher in the Willard ward. He was the father of eight children, five of whom and his loved wife preceded him to the grave. Deceased was of a most gentle and loving disposition, even his nearest friends never saw him angered. His warm and genial nature endeared him to all.

Funeral services were held on the 4th inst., and were largely attended. Relatives from Idaho and Ogden, and the president of the stake and others from Brigham attended.

LEHI.

SUGAR MILL CLOSES RUN.

Large Acreage of Beets for Next Year—Shaw-Broadbent Nuptials.

Special Correspondence.

Lehi, Utah, Jan. 9.—The Utah sugar company finished cutting beets at 9:45 this morning at the Lehi plant. The Spanish Fork Provo and Springville cutting stations have been shut down, completing their work in the order named. It is expected that all the juice will be run through the house and the mill closed up by Saturday evening. The Steffens plant, however, may be kept running for some few days yet to work up what low grade juice is left. While a very short time a dance and assembly will be given here by the managers of the sugar company to the employees, the date of which has not yet been set.

While in some of the towns the long-ages of sugar beets fell short on account of the blight, there is every indication that a larger acreage will be planted next year with the very best results, as it is hoped that the heavy snowfall and excessively long cold spell will kill all disease germs. It has also been the custom of the beet raisers that beet blight will not follow two years successively. Social will be given here by the managers of the sugar company to the employees, the date of which has not yet been set.

Roy Eccles, superintendent of the Lewiston sugar factor, and Mr. Taylor, superintendent of the Logan sugar factor, were in Lehi today inspecting the beet plant.

Elmer B. G. Webb returned home Saturday.

including Eugene Bert of the Pacific Coast league, re-elected. Heretofore the board has been composed of but five directors, but at today's meeting it was decided to add two members. An effort was made to change the voting power of the members of the organization according to their class, but it was defeated. The proposition was to form a new class, known as "A," to be composed of the Pacific Coast league, the American association and the Eastern league, and give this class voting power of one, and all the other classes composing the association only a third of a vote each. This plan met with much opposition, and the proposition was withdrawn without submitting it to a vote.

"HANK" HARRIS QUILTS.

Leaves San Francisco Baseball Club—Successor Not Named Yet.

Special Correspondence.

San Francisco, Jan. 9.—The Bulletin says that Manager Henry Harris, who has been a conspicuous and influential figure in baseball for twenty years, has resigned, and the San Francisco baseball club will have another man at its head this season. Already several men have been suggested for the position. At present among them are James W. Coffroth, others named being Eddie Grady and Jack Sullivan.

The change was brought about by Theodore Goodman, secretary and treasurer of the Pacific Coast league, and his interests were looked after by President Bert. Before the death of Harris and Goodman and their intimate friends owned 50 per cent of the stock of Recreation park and the San Francisco club. After the death of Harris and Goodman, the club was sold to them, and now Clunie and Bert have nearly 100 per cent of the stock.

"I am out of baseball," said Goodman. "I just sold my stock to Andrew J. Clunie, who has always had an interest in the club, and of course I will resign my office at the coming election of the league."

Manager Harris had few words to say on the new turn in the baseball situation. "You can say what you like," he remarked. "Mr. Goodman has disposed of his interests to Mr. Bert control. I still retain my stock, but whether I will sell it I can't say."

Vinol is fast superseding old-fashioned cod liver oil and emulsions because, without a drop of oil or disagreeable feature, it contains all the medicinal elements of cod liver oil, actually taken from fresh cods' livers. By our process the oil, having no value either as a medicine or food, is separated from the medicinal elements and thrown away. Unlike old-fashioned cod liver oil and emulsions, Vinol is deliciously palatable, agreeable to the weakest stomach, and therefore unequalled as a body builder and strength creator for old people, puny children, weak, run-down men and women, after sickness, and for all pulmonary diseases. Everything Vinol contains is named on the label.

OUR GUARANTEE.—We have such faith in VINOL that if you will take it we promise if it does not benefit or cure you we will return you your money without question. We take all the risk.

Cured Lumbago.
A. B. Cannon, Chicago, writes March 1, 1905: "Having been troubled with lumbago at different times and tried many a physician after another; then different treatments and treatments, gave it up all together. I tried Dr. Williams' Pink Pills for Pale People, and after taking a bottle of Hallard's Snow Liniment, which gave me instant relief, I can cheerfully recommend it to all who are troubled with lumbago."
