

## DEMOCRATS TALK; THEIR STATE TICKET

Names that Were Put Forth by  
Way of Suggestion at Young  
Men's Club.

### EULOGIES AND OBJECTIONS.

Cover Every Office from Governor to  
Congressman and Presidential Elec-  
tors—Other Political News.

An informal discussion was in progress last night at the headquarters of the Young Men's Democratic club as to candidates and possibilities for state offices. It was extremely interesting to hear the objections and eulogies indulged in by the party men as each name was proposed, but at the same time the talk left the impression that the Democrats are not without timber. Here are some of the suggestions made for the state ticket:

Governor—James H. Moyle, Wm. M. Royance or Col. E. A. Wall.

Secretary of State—Noble Warrum, Jr., E. H. Snow, Washington county; Tillman Johnson, Weber county; Thomas Taylor, Utah county.

Supreme Court—R. N. Baskin, H. H. Rolapp, Weber; C. S. Varian, F. S. Richards, H. W. Young, W. L. Maginlis, Weber.

Attorney-General—A. J. Weber, Weber; C. C. Day, F. K. Nebeker, Cache; S. A. King, H. J. Dinnity, Frank E. Stephens, County Attorney Morris, St. George; Daniel B. Shields, Summit; C. A. Callister, Summit.

Auditor—George Christensen, Sanpete; George Whitmore, Jr., Juab; Walter Jennings, George H. Wood, Salt Lake.

Treasurer—E. W. Wilson, Elias A. Smith, S. A. Whitney, Steve Lynch.

Congress—O. W. Powers, Aquila Nebeker, L. R. Martineau, Cache; J. R. Letcher, George Whitmore, Juab; Waldemar Van Cott, H. P. Henderson.

Electors—John T. Caine, R. C. Lund, St. George; Aquila Nebeker, Rich.

### POLITICAL POINTERS.

George A. Udall of Mammoth will be a candidate for the office of district attorney for the Fifth judicial district.

Fred J. Kiesel of Ogden, who is mentioned not infrequently as a Democratic gubernatorial candidate, was in town part of yesterday, mixing among the politicians.

Tomorrow is the day of the Young Men's Republican club outing at Calder's park. A vast crowd is assured from the number of tickets already sold. Several influential members of the party have purchased bundles of tickets and instructed the committee to distribute them free.

Henry Kearns of Gunnison, who is prominently mentioned for the Legislature from Sanpete, is in the city.

Charles W. Watts of Fillmore and C. W. Aldrich of Cedar Lake are the leading contestants for the Republican nomination for state senator in Millard county. Virgil Kelly, who was first named, has withdrawn.

Among the Salt Lake visitors yesterday was Louis Larson of Mantoloking, who is the Republican nomination for county attorney of Sanpete.

There was no little talk in Democratic circles today over the sudden launching of a gubernatorial boom for Col. E. A. Wall. It is understood that some of the warmest personal friends of the colonel, and it threatens to grow to more than life-size proportions. It is not known whether Col. Wall could be induced to accept the nomination, but he tendered him, but the men behind the movement in his favor are sufficiently confident to "feel out" party leaders up and down the street and around headquarters.

The one topic of discussion among Republicans today is the candidacy of John C. Cutler for governor. It came as a decided surprise to most of the politicians. "One interesting result is the peculiar situation in which the candidacy places Senator Kearns," remarked a well known Republican. "The field now consists of Wells and Cutler, since Callister is out. The senator, however, does not seem to object to them, and he is placed in such a way that he cannot support either. It means that he will not take any active part in the gubernatorial contest, but will confine himself to the legislative campaign."

The fourth precinct Republicans caucused last evening on subjects of importance to the party; the nature of which the participants are reluctant to divulge. One thing intended is to get the party workers out early. All the precincts will hold similar meetings.

### COPPER PLANT RUMORS.

Has a Railroad Company Secured It?—  
Utah Fuel Company Report.

Has the old copper plant in North Salt Lake been sold? A well known real estate dealer yesterday afternoon was questioned today by a man who had information in his possession to the effect that the property had been leased to a railroad company for other purposes. He said he was unable, however, to give the name of the road involved in the transaction. He was, however, positive to believe that it was either the Western Pacific or the Moffat line.

One story is that the plant has been taken over by the Utah Fuel company, and that it was to form the nucleus for a large steel and iron works. General Manager Williams of the Utah Fuel was seen by a representative of the "News" and that gentleman declared that he had not heard of any such deal being made, nor that anything of the kind had been contemplated.

Col. S. E. Miller, who owns a big end of the iron fields in Iron county, declared that he had entered into no such scheme and characterized the story as baseless foundation. It had come to him, however, that the property had been leased to a representative of one of the railroad companies.

The copper plant was erected about 25 years ago at a cost of approximately \$150,000. It was well equipped with machinery, but was never placed in commission. A few years ago the property passed into the possession of the Lewisohn Brothers of New York, who purchased it at a bargain sale, intending to use the plant for the treatment of the ores of their Copper Mountain mine in Boxelder county. Arrangements were practically completed one time for the overhauling of the plant preparatory to placing it in commission. The local manager of the Lewisohn interests made this announcement. Shortly after this he was suddenly ordered to proceed no further and the general belief was that an understanding had been reached with the American Smelting and Refining company, which was organized about this time. Had the Lewisohns started the plant they would have entered into competition with the American for certain classes of ores which was not desired. Until the building of the several independent plants in the valley the American had a complete monopoly of the local ore situation.

The story that the railroad has been figuring for the property seems plausible.

## HARRIMAN DEFEATS THE HILL INTERESTS

Gets Preliminary Injunction Re-  
straining Distribution of North-  
ern Securities Assets.

### MAIN POINTS NOT DISPOSED OF

J. J. Hill is Absolutely Mum and J. P.  
Morgan & Co. Do Not Care to  
Discuss Decision.

Trenton, N. J., July 15.—Judge Bradford today granted a preliminary injunction in the suit brought by Edward H. Harriman, Winslow Pierce and others to restrain the proposed pro rata distribution of the assets of the Northern Securities company. This is a defeat for the Hill interests. The opinion is 50 type-written pages in length.

The decision of Judge Bradford does not dispose of the main points at issue in the case, which were whether or not Harriman and Pierce should have returned to them the stock of the Northern Pacific company, which they put into the Northern Securities company, or whether they should have distributed to them the stock of both the Northern Pacific and Great Northern companies on the pro rata basis provided for by the directors of the Northern Securities company.

Judge Bradford devotes most of his opinion to the discussion of a legal question as to whether he should grant a preliminary injunction, and he takes the position that as long as there is any doubt in the case and no injury can come to the complainants, a preliminary injunction will be granted. He says, further, that the failure to grant a preliminary injunction would permit the distribution of the stock in the Northern Pacific company to which Harriman and Pierce claim title, and put the complainants in a position where they would be able to secure relief to which they were entitled should the case be decided in their favor on final hearing.

The litigation turned largely on the question as to the title to the Northern Pacific stock which E. H. Harriman and Winslow S. Pierce put into the combination, and which amounted to about \$7,000,000. The contention of the Northern Securities company was that the stock had become the absolute property of that company, and that it was perfectly legal for the Northern Securities company to carry out the pro rata plan of distribution upon which the company had agreed. Harriman contended that by reason of the corporate and legal declaration by the United States supreme court, title had not been passed from Harriman and Speyer, and in consequence they were entitled to have returned to them the stock of the Northern Pacific, and the combination, and which involved control of the Northern Pacific company.

The announcement of the Northern Securities decision caused a convulsive bound in Union Pacific to 95%, and Southern Pacific to 51%. Both stocks then ran off, the former 1/4 and the latter a point. The decision had been so accurately and confidently foreseen for three days past that the disposition was to take profits in the market after the announcement, and prices yielded all around under this influence. The enormous absorption of Union Pacific convertible bonds was a feature of the trading. On the curb Northern Securities, after selling at 103%, dropped abruptly to 101.

HILL IS MUM.

New York, July 15.—At the office of the Northern Securities company in this city, it was said, that President Hill would say anything on the subject, until at least after he had read the judge's decision.

Representative of J. P. Morgan & Co., and E. H. Harriman said they did not care to discuss the decision until their attorneys had read it in full. It was said at Mr. Morgan's office, however, that an appeal would be taken.

### Jap Losses Not Confirmed.

## JUDGE PARKER IS VERY MODEST.

When People Go to See Him Take  
A Dive He Always Retires  
to the Boat-house.

### MILES CONGRATULATES HIM.

Sends Him an Autograph Letter—He  
Is Receiving Letters from All  
Parts of the Union.

Esopus, N. Y., July 15.—The heaviest mail in the history of Rosemont came in for Judge Parker today, and an enormous number of letters went out. Almost every state in the Union was represented in the mail.

Judge Parker allows nothing unpertinent to interfere with his early morning swim, and bright and early he was in the Hudson. The early trip of the steamer Mary Powell some times brings her past the Rosemont wharf just as he is taking his swim, and the passengers try to see the candidate at his diving. He is an expert, but he always retires to the boat-house until the steamer is gone.

Judge Parker was unusually early in starting for his horseback ride, going away before he had read his mail. He glanced over the New York papers at breakfast, but did not see Mr. Bryan's last statement relative to the Democratic platform, when he was asked about it as he was starting for his ride.

Judge Parker received a letter today from Gen. Nelson A. Miles. The entire letter is in Gen. Miles' own handwriting, and is as follows:

"St. Louis, July 10.  
"Hon. Alton B. Parker, Esopus, N. Y.  
"Dear Sir—Safety for the good ship of state is of first importance.  
"At a time when a national crisis is pending, when Democratic institutions are in peril, when great evils should be eradicated, when important political questions must be decided, it is fortunate that the Democratic party have given to the country a candidate for president in whom that great council of representative men have every confidence, and we have the best of reasons for believing that that confidence will be confirmed by the intelligent patriotism of the people of the country.  
"We all do know that the instincts and traditions of the American people in sacred regard the Constitution and the faithful interpretation and execution of laws. Hence we believe that under your administrations its laws will be administered with fidelity and integrity. I believe you will be elected and thereby have an opportunity of rendering our country a service of immeasurable value, that will redound to the honor of the Democratic party and the glory of the republic.  
"I have the honor to remain,  
"Very truly yours,  
"NELSON A. MILES."

## PRESIDENT AND PLATT CONFER.

Senator at Oyster Bay to Consult  
Regarding Political Outlook  
in New York.

### MANY LEADERS CONSULTED.

Some He Sees Personally While With  
Many He Exchanges Views by  
Correspondence.

Oyster Bay, L. I., July 15.—United States Senator Thomas C. Platt of New York arrived here today and had a conference with President Roosevelt. The senator came by invitation of the president, who desired to consult him regarding the outlook of political affairs in general, and in New York state in particular.

President Roosevelt is seeking the counsel and advice of Republican leaders throughout the country of men whose political sagacity and wisdom he has confidence in.

Some of these men he sees personally, if a conference can be arranged without too great inconvenience, but with many he exchanges views by correspondence. His personal mail, aside from purely official business, is very heavy and he devotes much time to it every day.

Through Secy. Loeb the president is in receipt of a telegram from D. J. Davis of Wilkesbarre, saying that it will not be possible for him to come to Oyster Bay today or tomorrow, but the committee would come early next week if that be satisfactory. Mr. Davis' telegram indicated that the committee which was to present the "Colorado" petition would be appointed at a meeting of miners to be held next Monday.
