LOCAL BRIEFS.

Another New Citizen—Judge Armstrong has admitted James Vitta, formerly of Italy, to citizenship.

Applied for Green—Henry L. Green and A. L. Green of Vernal have filed application with the state engineer for a flow of six acre feet from the Green river to irrigate 320 acres of land.

Pike's Peak's Birthday—An invitation was received today by Gov. Cutler to attend the centennial celebration of the discovery of Pike's peak. The celebration will be held at Colorado Springs from Sept. 24 to 29.

Teams Are Needed—The health department of the city is in need of teams and Health Commissioner Stewart states that four men with teams can find employment by applying at the health office in the City and County building.

Officers Chosen—The Utah association of Optometrists met last evening, in the Atlas block, where three officers were chosen: F. J. Alexander, president; J. H. Knickerbocker, vice president; W. B. Rumsen, second vice president; H. O. Jensen, treasurer, and J. E. Broadbent, secretary.

Headquarters Wanted—An effort is being made to locate the headquarters of the Utah Art Institute at the Swan building where are located the headquarters of the three associations. It is believed, would bring all the paintings belonging to the institute to the Swan building for permanent exhibition.

Holt Bound Over—The preliminary hearing of Frank A. Holt, who is charged with a serious crime, was held before Justice of the Peace Holm at Murray yesterday and the defendant was bound over to the district court. Holt was held at \$2,000 in default of which he was taken to the county jail to await trial.

Dog Case Again—Mrs. Loomis, who was before Judge C. B. Diehl yesterday afternoon on a charge of keeping a vicious dog, was given one week in which to dispose of the animal. The stay of judgment was asked for by Mrs. Loomis, and if the instruction of the court are carried out there will be no further action in the case.

Winter Roller Skating—The executive committee of the D. A. & M. society met yesterday afternoon, and accepted a proposition from C. O. Harris and others to rent one of the city buildings for roller skating purposes. The exhibits will be removed and a new floor, \$8,150 feet will be put in. Mr. Harris is also interested in the rink that is to be opened at Salt Lake.

Trout Company—A copy of the articles of incorporation of the Crystal Springs Trout company of Morgan was filed with the secretary of state today. Its capital stock is \$10,000, divided into 10,000 shares of \$1 each. C. A. Taggart, vice president; H. B. Crouch, secretary; P. B. Critchlow, treasurer. The company will operate a trout hatchery.

Differences Adjusted—The differences between the Utah Fireproofing company and the board of public works have been again commenced work on its cement sidewalk contract in the city. A gang of men was put to work yesterday at Ninth South and State streets, where the paving has been laid over since the troubles arose.

Investment Company—The Knight Investment company of Provo filed a copy of its articles of incorporation in the secretary of state's office today. The capital stock of the company is \$100,000, divided into shares of the par value of \$1 each. Jesse Knight is president; Amanda M. Knight, vice president; W. L. Mangum, secretary and treasurer. The company will engage in a general mining and investment business.

Suit for Asphaltum—D. C. Holcomb has filed suit against Milo Clark before the register and receiver of the asphaltum to secure title to the asphaltum deposits near Thistle known as the War Eagle and St. Louis claims. The plaintiff contends the entry should have been a placer location and not a lode location. The city sometime ago paid Clark \$2,500 for rights to the asphaltum, so that the city is much interested in the outcome of the suit.

Collided With Buggy—Brice Gracie, aged 17, of 170 West South Temple street, while trying to avoid a street car last evening, ran his wheel into a buggy, at First South and Main streets, and was thrown to the ground. The boy was picked up and carried into the nearest drug store and cared for after which he was removed to his home. The bicycle was badly broken. The occupant of the buggy hurried away, and was not recognized.

Will Make Improvements—The committee on building and grounds of the city board of education has authorized a number of improvements in the Waterloo school building which is located in the district recently annexed to the city. The building will be thoroughly fumigated and cleaned and new floors will be put in all the rooms. The work will be completed by next Monday when all the schools of the city will open for the term.

Bridge Contract—The county commissioners yesterday awarded the contract for the construction of a concrete bridge across the Jordan river at Fourteenth South street to Palmer & Tate of this city upon their bid of \$4,200. The same firm's bid of \$200 for the construction of a temporary bridge was also accepted. Other bids received on the concrete bridge were: Pueblo Bridge company of Pueblo, Colo., \$5,045; C. G. Sheely, Denver, \$3,143; C. A. Fisher, Salt Lake, \$4,450; Parker & Bullen, Salt Lake, \$5,115.

Papfranks Held—Justice of the Peace Holm at Murray yesterday bound Gust Papfranks over to the district court upon the charge of receiving stolen property. Papfranks is accused of having received a lot of the goods stolen by Frank Beatty from various houses, stores and churches near Bingham Junction. Beatty pleaded guilty to six charges of burglary and was sentenced a few days ago to 10 years in the state prison. The bond of Papfranks was fixed by the court at \$500 in default of which he is now in the county jail.

AMERICAN CAUCUS EXPENDITURES

"Americans" Discuss Scheme to Spend Thousands of Dollars.

DEMOCRATS WERE KEPT OUT.

Proposition to Purchase Certain Lakes in Little Cottonwood Canyon—Tide to Same May Be Defective.

Another caucus on the expenditure of thousands of dollars of the city's funds was held by the "American" members of the city council last night just before the council meeting, at which the matter of purchasing certain lakes in Little Cottonwood canyon from J. M. Thomas was discussed. The "Americans" did not see fit to invite the Democrats present into their conference where the city's business was discussed and the result was that three Democrats, Tuddenham, Barnes and Holley, waited in the council chamber while the caucus was held in the mayor's office until 15 minutes after the time for the regular council meeting to be called to order and they then left the chamber and did not return. The "Americans" were thus left without a quorum to transact the regular council business until Preece, the lone Republican, arrived and then the meeting was called to order.

CONSIDERED BEFORE.

The purchase of the lakes which was considered in caucus was under consideration during the last administration and the matter was thoroughly gone into. Mr. Thomas offered the lakes to the city at that time for \$25,000 but, after a full consideration, it was decided by the administration that the title to the lakes was defective and hence the proposition was dropped. The area in which the lakes are located is now a forest reserve and the government will not permit the location of a reservoir site there that will in any way interfere with the city's water rights.

RESOLUTION BY MULVEY.

The following resolution by Mulvey was also decided upon in the caucus but it was held up and amended by Fernstrom before it was adopted. "Resolved that the board of public works be and is hereby instructed to proceed at once with the enlargement of the water system as provided in the bond money of which \$100,000 is set apart for the same also to proceed with the work necessary on Parley's reservoir."

Fernstrom offered an amendment to the effect that the board be instructed to proceed at once with the work of repairing Parley's reservoir and that the city engineer be instructed to bring in plans for enlarging the watermain in the city.

FRANCHISE ASKED FOR.

A petition for a franchise to construct an urban and interurban electric line over some of the streets of the city was submitted to the council last night by H. P. Clark, cashier of the Commercial National bank of this city. It is said that Mr. Clark represents one of the largest electric companies in the United States and will build a line connecting this city with Gardfield, Murray, Bingham and other surrounding towns.

The petition asks for a franchise from the city over the following streets: "A single or double track beginning on the west line of Main street, at the intersection of Second South street, and running thence west along Second South street to Second West street; thence south on Second West street to Fourth South street; thence west along Fourth South street to the Jordan river, and thence westerly over the most direct line along streets and alleys to the western boundary of the city."

"Also beginning at the northern end of Marion boulevard in Kinney & Jorday's improved city plat, and running thence south along Marion boulevard to Ninth North street, thence east along Ninth North street to Eighth West street, thence south along Eighth West street to the south boundary of the city."

It is agreed that work on the road shall begin within 30 days after the council grants the franchise and that cars shall be running on the line within nine months from the passage of the franchise. The matter was referred to the committee on streets and municipal laws for consideration.

POLICE ASKED FOR.

Health Commissioner Stewart submitted a communication from the Eighth West Improvement league recommending Thomas L. Lively and Peter S. Kroman as special police officers to assist the health department in preventing the promiscuous dumping of garbage in the western part of the city. The men are to serve without pay from the city. The health commissioner concurred in the recommendation of the league and the appointments were referred to the police and prison committee for consideration.

PUPILS MUST REGISTER.

Those Who Attend High School Can Do so Tomorrow.

Pupils who desire to enter the high school should appear at the office of Principal George A. Eaton on Wednesday, September 12, at 10 o'clock a.m. to register.

day, Thursday or Friday of this week, for the purpose of registration. The office will be open from 9 to 12 and from 2 to 4 o'clock on the days named. The high school, as well as the grade schools of the city, will begin the school year on Monday next.

It is expected that the consignment of teachers will have been completed by the committee on teachers and school work by Thursday, and everything will be in readiness for the opening on the 12th.

DR. KRISHNA'S LECTURE.

Interesting and Instructive Talk on People of India.

Dr. Krishna lectured last evening, in the First Congregational church on the people of India, and the speaker said in part:

"Christian people are mistaken when they say Asiatics hate all Christians. The supposed hatred of Asiatic people for Christian people is caused largely by a misunderstanding of the Asiatics, and by the erroneous statements that have been made with regard to their customs and beliefs. As Europeans are not received into the inner life, the home life of the Indian people, these people are misunderstood. It is not true that mothers in India throw their babies to the crocodiles in the Ganges. The Hindu people do not take the life of animals to keep them from starvation. Widows are not burned on the pyre that consumes the bodies of their dead husbands. Just so long as ignorant and unsympathetic missionaries are sent out who do not and will not study and get closer to the inner life of the natives, of these unfortunate people, of these Indian life exist. Intelligent Hindus are endeavoring to eradicate the effect of the rigorous enforcement for 5,000 years of the laws of caste. We need no help from American missionaries to accomplish this task. That is a problem for India to work out. The manners, customs and religious beliefs of the various castes are different, and the people will themselves overcome the training of thousands of years."
