

LOCAL AND OTHER MATTERS.

PRESIDENT AND PARTY.—The following dispatch was received last night, per Deseret Telegraph line.

"FILLMORE, 31.

The President and party reached here about 1 p.m., all well. No accident. Good meetings have been held at Neph, Scipio and this place. Flags are flying, drums are beating, escorts charging, schools out and there is general rejoicing among the people.

The annexed dispatch was received this afternoon.

"The meeting at Fillmore yesterday afternoon was addressed by Presidents Young and Wells. The party left Fillmore at 8 o'clock this morning, and will stay at Cove Creek to-night."

THEATRE.—The play of "Tell, the Hero of Switzerland," last evening, was presented, but passed off somewhat drearily. Such pieces, when played with spirit, are admirable, but lacking this, a "Tell" did not do the safety of their animals. In case of raids and animals being stolen Tabby says the Utah Indians will go in pursuit and do all they can for the recovery, when requested to do so.

SKULL VALLEY BRANCH.—A. F. Doremus sends us the minutes of a meeting, held on the 7th ult., for the organization of a branch of the Church at Quincey, Skull Valley, Thos. Clark presiding. The following elections took place: Willard B. Richards, President; B. F. Knowlton and A. F. Doremus his first and second counselors; James Palmer President of the Seventies and Elders' quorums. Teachers for the district were also appointed. The branch numbers two Seventies, eleven elders, and forty-four members.

WORD OF CAUTION.—M. J. Shelton, Indian interpreter, just up from the Utah Reservation, called in this morning. He informed us that the Chief Tabby wished to have it announced in the paper, that he is afraid the Indians living south of Utah and some, living on the east side of the Colorado, mean stealing all the stock they can from the settlements south of Salt Lake city. It would be well, in view of such a contingency, if the citizens would take extra precautions in order, if possible to ensure the safety of their animals. In case of raids and animals being stolen Tabby says the Utah Indians will go in pursuit and do all they can for the recovery, when requested to do so.

SEXTON'S REPORT.—The Sexton's report for August is as follows: Males 22, females 18. Of these, adults 8, children 32. Causes of death as follows: Bowel complaints 20, convulsions 4, inflammation brain 3, consumption 2, fever 2, old age 2, dropsy 1, measles 1, marasmus 1, cancer 1, still-born 1, amenorrhoea 1, killed 1. Total interments, 40.

JOS. E. TAYLOR, Sexton.

INFORMATION WANTED.—Squire and Martha Thornton, of Holden, Millard Co., have requested us to insert the following in the News:

"About four months ago our son John said Thornton, aged thirteen years in September, left his home, and the last we heard of him he was travelling North. If any of your subscribers knows of his whereabouts, and will send the news to us, his parents, said news will be thankfully received. Seeing a notice of the body of a boy, ten or twelve years of age, being discovered floating down the Jordan river, in the weekly News, of the 24th of August, we are very desirous to know of his whereabouts."

If any of our subscribers or readers know anything of this boy, we trust that, for humanity's sake, they will instantly communicate with his parents.

SOME OF DUPREZ AND BENEDICT'S MINSTRELS KILLED.—The Philadelphia Press, of the 13th ult., contains an account that several of the members of Duprez and Benedict's Minstrel troupe had been killed, by highwaymen, while traveling in Wells Fargo's coach, near Hastings's Pass, Nevada. The names of the parties killed were Messrs. Nicholson, Heinrich and Dougherty. The impression prevailed that the murderers were not Indians, but a band of disguised men, who had induced Duprez to visit Austin, and when on the route had attacked him to gain possession of the \$30,000 in coin which the troupe had with them.

AROUND THE WORLD.—Mr. C. C. Blakelee, the representative of Messrs. Reed, Carnrick and Andrus, manufacturing Chemists and Pharmacologists, a leading house in that line, in New York, will arrive in this city, in another place, will attend to business here, go to California, thence to South America, and back to California, and from there round the world. He informs us that the Papsin, manufactured by the house he represents, took the prize in Paris over that article manufactured by French chemists, and that this preparation, and others manufactured in New York, are widely sold in Europe.
