Mayor pro tem J. W. Abbott presented for the information of the council the resignation of Wm. Moyes as sanitary inspector. The resignation was accepted, though much regret was expressed by the council at losing so faithful an officer as Mr. Moyes had proved himself in the past. The mayor also called attention to the water runoff drain, which water should be formally taken possession of by the city, this matter was referred to the water supply committee with instructions to take immediate action.

Miscellaneous claims, amounting to \$1,714.70, were read. The bill of W. C. Weaver, \$137.50, hydrant rental for sprinkling purposes, was laid over for two weeks ending September 22nd.

He was bleeding considerably from the right ear, and it was feared he had received internal injuries. Dr. Rich was called and shortly after his arrival Mr. Blodgett regained consciousness; upon examination it was found that the base of the skull was slightly fractured. His injuries were serious and it is thought nothing serious will result from the fall.

### TRouble AMONG THE GAMBLERS.

For some time past the gambling fraternity has been at odds in this city. Several weeks ago the police informed the gambling house proprietors that no gambling would be permitted on the ground floor, was arrested and fined for violating the rules and his gambling house was closed. This made Mr. Sudd more aggravated and he swore out a complaint against the police, claiming that the police were in town and each of them paid their fines and their places were closed.

On Saturday night Mr. Sudd was beaten and he is now under Dr. Joyce's care as a result of the same.

This morning George Mole, Thos. Kuriz, George Welch and L. W. Parry pled guilty in police court to running

a gambling house and each paid a fine of \$15, and they have agreed to keep their houses closed. Chief Constable given Captain Brownings. Detective Pender and the other officers strict orders to keep all gambling houses in the city closed up tight, and the officers determined to follow out his instructions, hence from now on there will be no gambling in Ogden.

### AMERICAN FORK.

Heavy Storm—Crop Conditions—Schools Are Overcrowded.

Special Correspondence.

American Fork, Utah County, Sept. 24.—Mr. D. C. Adams' two little boys, aged about four and five years, were killed by a serious accident yesterday. The horses were being watered and the little fellows were anxious for a ride. They were placed on the back of a gentle horse with nothing but a rope to hold them. On the way back from the ditch the horse began to run throwing the little fellows and inflicting quite severe scalp wounds.

WEATHER AND CROPS.

The storm was quite severe here last night. Roads are full of mud and the mountains white with snow from foot to summit. The stock and sheep men are beginning to bring out their cattle and sheep from the hills. Some of the farmers will profit by the storm by fall plowing which otherwise would have been impossible. Crops are pretty well matured and are not likely to suffer very much from the cold weather which threatened.

The sugar beet crop is a partial failure. About one-half crop will be harvested.

There is a fair crop of potatoes which the farmers are beginning to harvest. Two car loads were shipped to the Chipman Mercantile Co., last week.

### SCHOOLS ARE CROWDED.

Principal J. B. Forbes reports the district schools full to overflowing. The number of pupils enrolled and the interest taken by parents in education is an eloquent plea for much needed additional school room.

The political pot is boiling here. The Democrats are holding their primaries for the selection of candidates for precinct justice and constable tonight. The ladies of both parties have organized clubs and are getting busy with the work. The content bids fair to be one of the most spirited we have ever had here.

Question Answered.

Yes, Auntie Farmer still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they sold their hearts out of Appleton's. Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to get you satisfied. There is nothing sorer the matter with you. For sale at A. C. Smith's drug store.

A Citizen to be Proud Of—Severe Drought and Light Crops.

Special Correspondence.

Summit, Iron Co., Sept. 22.—The drought has been very severe here for the two years past, one-tenth only of the usual amount of grain has been raised during the past season. The flow of water now running in Summit creek is as large as usual at this time of year, which has made the spring are giving their usual flow, and not dependent on the moisture from above, while all the lesser springs, whose flow has heretofore increased during the winter, are now dried up. This little place of twenty-three families has three missionaries in the field; about thirteen of their sons and daugh-

# The School Girl

School days are danger days for American girls.

Often physical collapse follows, and it takes years to recover the lost vitality. Sometimes it is never recovered.

Perhaps she is not over-careful about keeping her feet dry; through carelessness in this respect the monthly sickness is usually rendered very severe.

Then begin ailments which should be removed at once, or they will produce constant suffering. Headache, faintness, slight vertigo, pains in the back and loins, irregularity, loss of sleep and appetite, a tendency to avoid the society of others are symptoms all indicating that woman's arch-enemy is at hand.

This need not be so if mothers would have a thought for the physical condition of their daughters, and see to it that they have proper assistance.

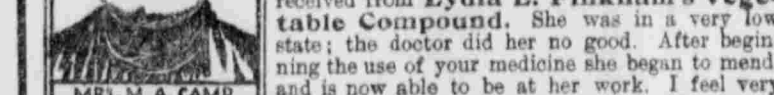

Lydia E. Pinkham's Vegetable Compound has helped many a young girl over this critical period. With it they have gone through their trials with courage and safety. With its proper use the young girl is safe from the peculiar dangers of school years and prepared for hearty womanhood.

### Mrs. Camp writes about her Daughter's Health.

"DEAR MRS. PINKHAM:—I write to tell you about my daughter. She is nineteen years old and is flowing all the time, and has been for about three months. The doctor does her very little good, if any. I thought I would have her try Lydia E. Pinkham's Vegetable Compound. It has helped her very much. I feel very much better. I am so anxious for her to get well."—MRS. MATILDA A. CAMP, Manchester Mill, Macon, Ga.

### Here is Her Second Letter.

"DEAR MRS. PINKHAM:—It gives me great pleasure to tell you of the benefit my daughter has received from Lydia E. Pinkham's Vegetable Compound. She was in a very low state; the doctor did her no good. After beginning the use of your medicine she began to mend, and is now able to be at her work. I feel very thankful to you, and expect always to keep your name in my mind. It is the best medicine I ever knew. You have my permission to publish this letter, if you wish. It may be the means of doing others good."—MRS. MATILDA A. CAMP, Manchester Mill, Macon, Ga.

James Daley, one of the earliest settlers here, is hale and hearty at the good old age of 78 years; his fifteen sons and the same number of daughters—all living—have made him grandparent to one hundred and twenty-five children and great-grandfather of eleven. The old gentleman is hale and hearty, and is proud of having raised so many American citizens who are taking an active part in enriching the nation by reclaiming the lands of our western public domain.

Ladies Days at Z. C. M. I. Monday, Tuesday and Wednesday, Sept. 24, 25 and 26. Choice Ladies' Hats and Millinery. Ladies are specially invited to the three days' exhibition. It is a beauty.

Off the Track.

This means disaster and death when applied to a fast express train. It is equally serious when it refers to people who are not careful of their health and consequently have pimples and sores, bad stomachs, deranged kidneys, weak nerves and that tired feeling. Hood's Sarsaparilla put the wheels back and cured these troubles.

Constipation is cured by Hood's Pills.
