

# CONSERVATISM PREVAILING NOTE

Generally Conceded That Anti-Injunction Plank Will Be Only Radical One.

## FRED DUBOIS VERY ACTIVE

Working for Anti-Mormon Plank but All Indications Are That He Will Fail.

Denver, July 5.—Conservatism has been the prevailing note of the discussion of the platform of the Democratic party today. This discussion has been indulged in freely among prospective members of the resolutions committee, as well as among leaders of the party generally, as Mr. Bryan has been quoted as being in harmony with the idea. The one radical plank which it seems to be conceded will go into the document will be the expression on the subject of injunctions as applied in labor disputes. Those who oppose strong language on this subject are conceding that their influence will not be potent to prevent the adoption of a plank which will pledge the party to an amendment of the law which will make void the issuance of a preliminary injunction imperative; also that provision will be made for hearing of the case before a different judge than the one issuing the injunction, and for a hearing of the facts in the case before a jury.

## ANTI-MORMON PLANK

There promises to be a struggle before the resolutions committee over the question of an anti-Mormon plank. Four years ago at St. Louis such a plank was made a part of the Democratic national platform and an effort is to be made to include it in the platform of the present year. Former United States Senator Fred Dubois of Idaho has today been making an active canvass of the situation in behalf of the plank. Mr. Dubois is involved in a contest for a seat in the convention, but he has announced that however the question may be settled he will go before the resolutions committee with an anti-Mormon plank and bring to bear every influence possible in its behalf. It is asserted by the Utah delegation that no such plank will be adopted. Judge W. H. King of Salt Lake, who has been chosen as Utah's member of the resolutions committee, has the unanimous backing of this delegation in opposition to the plank. His argument is that the Mormon question is a dead issue. He asserts that the practice of polygamy has ceased in Utah, and that the only remnants of it are in the lives of a number of old Mormon patriarchs, who married their wives long before the practice was declared unlawful and who are not by their quiet lives creating a ripple on the new order of things.

Efforts were made today, the matter being engineered by members of the New York delegation, to have Mr. Dubois abandon his efforts for an anti-Mormon plank, but without avail.

## DUBOIS WORKING HARD

With the entire delegation trailing at their heels, former United States Senator Fred Dubois and Heitfeld of Idaho today made the rounds of the various state delegations in the interest of the retention of their names on the convention roll. He asserts that being elected by a delegation which claims that the Dubois-Heitfeld convention was irregular. "They contend," said Mr. Dubois, "in effect, to the delegates whom I do not meet, that some of our delegates were not properly elected, but in reality the contest is made solely by and in the interest of the Mormon organization. The Mormons of Idaho are all Republicans and in close alliance with the Republican party of the state and nation. They do not participate in Democratic politics or vote the Democratic ticket. Their only claim to recognition by this convention is that if the Democracy will cease its fight on polygamy and Mormon domination in political affairs, it will get some of the Mormon vote."

"The American citizens, regardless of party, in Utah and Idaho are practically united in their determination that the political power of the Mormon organization in politics and the continuation of polygamous living shall be brought to an end. The Democratic party in its platform at St. Louis in 1904 declared strongly for the separation of church and state in political affairs, and the extermination of polygamy in the United States. All the Democratic members of the senate committee on privileges and elections voted to expel Apostle Reed Smoot from the senate, and all the Democratic senators in the senate with the exception of four voted to expel him. They took this position because it was proven that Mr. Smoot belonged to an organization which contended to teach and practice polygamy. The position of the American Democracy is plain and unmistakable, and the contention of the delegation of which I am at the head is that the Democratic party should declare even more plainly against polygamy in the approaching campaign than it has heretofore done."

The national committee will hear the Idaho contest tomorrow.

## LT. JONES DEAD OF CHOLERA

Manila, July 6.—Lieut. Jones of the first cavalry who on June 24 was reported to have been stricken with the cholera, is dead. Lieut. Muldoon of the Philippine scouts, who contracted the disease while bringing Lieut. Jones to Camp Gregorio from the field where both were surveying, is recovering. The cholera is receding at Cebu and even in the province of Pangasinan.

The government is proceeding vigorously and hopes to stamp the disease out in the two provinces within one month. Manila and central Luzon are free from it.

## SICK HEADACHE

Positively cured by these Little Pills. They also relieve Distress from Dyspepsia, Indigestion and Too Hearty Eating. A perfect remedy for Bile, Nervousness, Dizziness, Bad Taste in the Mouth, Coated Tongue, Pain in the Side, TORPID LIVER. They regulate the Bowels. Purely Vegetable.

## ANNUAL SALE, TEN MILLION BOXES

TIT FOR TAT.

Sailors Refused Admittance to Dance

Hall, Alert Cancels Engagement.

San Diego, July 5.—Because of the management of the dancing pavilion at Avalon, Santa Catalina Island, refused the men of the naval reserves aboard the United States steamship Alert admittance to the dance hall, the officers of the Alert cancelled all their arrangements for managers at Catalina and, hoisting anchor, returned with all possible speed to San Diego, arriving here this morning.

## KILLED IN CARNIVAL CROWD BY AN UNKNOWN PERSON

Reno, Nev., July 5.—Last night during the excitement of the carnival crowds on the streets Ed. L. Hall, a sailor, today issued the following statement in reply: "In the course of his Fourth of July speech to 12 or 15 out of the 68 delegates from Pennsylvania, Mr. Bryan made certain explicit declarations. He charged the Pennsylvania delegation was taken from him by conspiracy against the expressed wish of a great majority of the Democratic voters. This statement was made at the state convention voted down a resolution endorsing his candidacy by a substantial majority, and there is no basis for Mr. Bryan's assumption that the majority of that convention did not accurately represent the voters who had elected their delegates. Mr. Bryan personally forced the issue before the people when, in flat contradiction of his boastful declaration, and when he came to Pittsburgh, pleaded his own cause before thousands in Exposition hall and put his own ticket in the field against the regular candidates. The fact of Mr. Bryan's election to the election of three and one-half Bryan delegates and 262 anti-Bryan delegates to the state convention."

## COL. THOMPSON'S PARTY

Arrives at Victoria, B. C., on World Encircling Yachting Trip.

Victoria, B. C., July 6.—The steamer Minola, a former North Atlantic liner converted into a luxurious steam yacht by Col. Thompson, millionaire owner of rich nickel deposits in Ontario, to take a party of guests on a globe circling yachting trip, arrived here yesterday with Col. Thompson and wife, Judge and Mrs. Wallace Nesbitt of Toronto, Miss Hemphill, daughter of Admiral Hornell, N. Y., Miss Ewing, Miss Ruth Thompson, Madame Ijama, a Japanese lady, Fred Cruger and Dr. Trevelick on board. The party will depart tomorrow at Vancouver, to retrace its way by the Canadian Pacific railway. The Minola left New York November last, and visits were made to Mediterranean ports, Egypt, India, Ceylon and Burma, Adaman Island, Java, Manila, China, Korean and Japanese ports. Port Arthur was also visited.

At Manila the coal in the bunkers took fire, but was soon extinguished. The Minola will return to New York by way of Cape Horn.

## COULDN'T FIND THE OHIO

Nome, July 6.—The steamer Corwin, Capt. West, has returned to Nome after searching for the steamship Ohio without being able to locate the missing vessel owing to the smoke from the tundra fires which prevents observers from seeing any distance. The vessel is believed to be waiting on the Yukon flats for the fog and smoke to raise. The Corwin spoke the United States revenue cutter Thetis and the British steamer Beckley. The latter is coal-burner from Nome, B. C., and showed them the channel in through the ice at Nome. The British boat went ashore near Sirocco river, 25 miles from Nome, but was captured and will be floated with high tide.

## FATAL AUTO ACCIDENT

Santa Cruz, July 6.—Mrs. O. Scribner, wife of the president of the Associated Oil company, was killed in an automobile accident last night while going from this city to Boulder Creek in company with her husband and party of friends. The machine struck a ledge of rocks by the roadside, and turned over, throwing out the occupants. Mrs. Scribner struck on her head, causing concussion of the brain. The body was brought here.

## LICENSE REGULATIONS WILL DRIVE OUT JAPS

Vancouver, B. C., July 6.—Mr. Sam North, who was recently appointed governor of provincial fisheries, assumed his new duties Friday. In an initial cruise in a government launch, Mr. North received confirmation of the results that were anticipated would follow the refusal of the provincial government to issue boat pullers' licenses to aliens.

The new regulations will tend to exclude hundreds of Japanese from the privilege of participating in the season's fishing operation. On the trip from Stevenson to New Westminster, Mr. North called at various points, including the canneries, and issued 100 licenses. The applicants were virtually all white men only three Japanese being able to qualify by producing native birth papers. Not one Indian asked for a license.

The white men expressed themselves as delighted at the action of the provincial government, and predicted that the regulations will restore them to their former supremacy on the Fraser last year ago to the active competition of the Asiatics.

## WOMEN ESPECIALLY MOTHERS

Rely on Cuticura Remedies for itching, inflammations, relaxations and displacements.

## HOLMES HAYES MURDERED.

Waylaid and Shot to Death by Five Montenegrins. Missoula, Mont., July 4.—Holmes Hayes, foreman at the St. Paul tunnel at Taft, near this city, was shot to death at noon today by five Montenegrins in retaliation of the death of a fellow countryman at the hands of Hayes last October. Hayes was waylaid as he was returning to the camp at Taft for dinner. He was attacked from ambush and fell at the first fire. The frenzied foreigners then literally hacked his body to pieces with knives and made their escape over the mountains into Idaho.

## DEPUTY SHERIFF CALLAHAN HASTILY ORGANIZED A LARGE POSSE OF EXPERIENCED TANGERS AND STARTED IN PURSUIT.

The fugitives are known to be well armed and it is thought that a pitched battle will follow should the posse overtake them. The deed was carefully planned and came as the climax to a feud which started last October. The names of the murderers could not be learned. Last fall, Hayes, a young man of large physique and a native of Preston, Mo., was attacked by a large crowd of Montenegrins as the result of some difficulty, and shot the leader dead, later escaping to Missoula on a hand car.

# GUFFY COMES BACK AT BRYAN

Says in Face of His Boasted Non-Interference Went to Pittsburgh To Plead His Own Cause.

## WANTS TO KNOW IF HE IS "IT"

Asks if the Democratic Party Has Really Been Absorbed and Has No Councils.

Denver, July 5.—Col. J. M. Guffey of Pennsylvania, who was yesterday attacked by Mr. Bryan in a speech at Lincoln, today issued the following statement in reply: "In the course of his Fourth of July speech to 12 or 15 out of the 68 delegates from Pennsylvania, Mr. Bryan made certain explicit declarations. He charged the Pennsylvania delegation was taken from him by conspiracy against the expressed wish of a great majority of the Democratic voters. This statement was made at the state convention voted down a resolution endorsing his candidacy by a substantial majority, and there is no basis for Mr. Bryan's assumption that the majority of that convention did not accurately represent the voters who had elected their delegates. Mr. Bryan personally forced the issue before the people when, in flat contradiction of his boastful declaration, and when he came to Pittsburgh, pleaded his own cause before thousands in Exposition hall and put his own ticket in the field against the regular candidates. The fact of Mr. Bryan's election to the election of three and one-half Bryan delegates and 262 anti-Bryan delegates to the state convention."

## BRYAN'S ABSTENTION

"Mr. Bryan further asserted, with all solemnity, that his opposition to me for national committee was the first instance of any interference on his part in local or state politics. He was untruthfully declared, 'that the people of each community know better what they want done than any outside person can know.' Therefore, the party of voters or a globe circling yachting trip, arrived here yesterday with Col. Thompson and wife, Judge and Mrs. Wallace Nesbitt of Toronto, Miss Hemphill, daughter of Admiral Hornell, N. Y., Miss Ewing, Miss Ruth Thompson, Madame Ijama, a Japanese lady, Fred Cruger and Dr. Trevelick on board. The party will depart tomorrow at Vancouver, to retrace its way by the Canadian Pacific railway. The Minola left New York November last, and visits were made to Mediterranean ports, Egypt, India, Ceylon and Burma, Adaman Island, Java, Manila, China, Korean and Japanese ports. Port Arthur was also visited.

perative assault upon me with calmness and restraint. The use of expletives is clearly unnecessary. This simple recital of facts should be sufficient to enable any fair mind to determine with certainty, at a time when harmony in the chief requisite of party success, who is the self-convicted falsifier, who the hypocrite, who the real and most arrogant 'boss' ever known in the Democratic party, and who, I regret to say, the ingrate."

## EX-SENATOR J. R. BURTON JOINS THE DEMOCRACY

Denver, July 5.—The accession of ex-United States J. R. Burton of Kansas to the ranks of the Democratic party, at least for the next campaign, was announced today. Mr. Burton came in with the Kansas delegation, and while not a delegate, mingled freely with the Democrats of that state. He lost no time in making known his intention of supporting the nominee of the Denver convention and expressed the opinion that the honor of that nomination would be awarded to Mr. Bryan. "I won't," he said, "support Taft for the reason that his nomination was secured through the use of patronage, and I regard the use of patronage as the most corrupting thing in government. I would not support a Republican or a Democrat or anybody who was nominated as Mr. Taft was, by the misuse of public office. The supreme question is, shall we have a democracy or a despotism? Roosevelt has made more progress for autocracy in this country than all other presidents we have ever had, and less for democracy. He has given us a political trust that is a thousand times more dangerous than all the commercial trusts, and the first trust to be busted is the political trust. That trust is founded on patronage, and it can be destroyed only by destroying patronage. Just as Mr. Bryan said yesterday, 'the paramount question is whether or not this government shall be controlled by a political oligarchy or by the people. The tariff and all other questions fall into insignificance when compared with this question of these patronage. For this reason if for no other I shall support the nominee of the Democratic convention.'"

## PLANS TO REOPEN PLANTS OF STRAW BOARD CO.

Chicago, July 5.—Plans for reopening and operating a number of plants of the United Straw Board company, now closed by injunction, on account of inability to operate at a profit, were completed in a deal by Sydney Mitchell, president and co-receiver of the company. Mr. Mitchell departed for New York last night to push the work of making changes in the mills which will be necessary before they can resume operations. The plants which will be re-opened are those at the Tiffin and Barbortown, Ohio, and Kokomo and Anderson, Indiana. Others may be re-opened after the new plan of operation is given a trial. In re-opening the plants, the use of straw as raw material will be abandoned in most places and chip board and newsboard will be substituted for a straw board as a product. With the \$1,000,000 which officers of the company declare is pledged, there will be sufficient money to pay the debt and enough left to rehabilitate the mills.

# You Are Wrong

Some of you don't eat Mapl-Flake, simply because it costs 15 cents. You are clinging to foods that you like far less because they are five cents cheaper. But you are wrong; they are dearer. You are losing the food you like best—the one that's all food—the one with the maple flavor. And all through a mistake. You forget the cream, in the first place. Add that cost to the food cost and see how trifling the difference. For cream costs the same on poor food as on good food. Mapl-Flake is all nourishment because it all digests. That's why it costs more. We spend 96 hours in preparing it. That's four times the time that some others spend. And the time is all spent for your good—your economy. Let us explain. Starch—the main part of wheat—cannot digest until it is made soluble. Raw starch won't digest. When it is half-cooked, half will digest. The balance is wasted—and worse. It ferments and breeds germs in the stomach. So we make that starch all digestible. We create a food that's all food.

Our wheat is steam-cooked for six hours; then cured. Then flaked so thin that the full heat of our ovens gets to each atom. Then toasted 30 minutes at 400 degrees. Omit the fact of the flavor—derived from pure maple syrup. Consider simply the question of food value. Is a food that half digests economical? Is it worth the cost of the cream? The food that you buy because it is cheaper costs more than Mapl-Flake. The only food served in individual packages in hotels, clubs, cafes, and on dining cars.

Actual Comparison with all the other western or eastern makes is the only way to realize the positive superiority of Sweet's Society Chocolates. People who have tried them have not the slightest desire to try any other. Sweet Candy Co., Manufacturing Confectioners
