**AWARD OF \$4,250  
IN DAMAGE SUIT.**

**Jury Assesses Above Damages  
Against U. P. Co. For Death  
Of Engineer Murray.**

**BUSINESS IN DISTRICT COURT.**

**Lamp Factory for Ogden—Funeral of  
Mrs. Johnson—Wheelwright Bros.  
Get Rextburg Contract.**

Ogden, April 12.—Shortly after 2 o'clock yesterday afternoon the case of A. I. Stone, administrator of the estate of William Murray, against the Union Pacific, which has been on trial during the past week, was submitted to the jury who after being out less than two hours brought in a verdict in favor of the plaintiff for \$4,250. The suit was brought to recover \$22,000. Murray met his death in the state of Wyoming in the Azusa wreck in 1904. In that state there is a law which provides that a judgment for more than \$5,000 cannot be obtained for the death of a man, caused through accident, and it was because of this law that the heirs of the estate of Murray brought the suit here for trial. The case was fought very hard by both sides, making the trial a long one. The evidence showed that William Murray was the engineer of No. 3 of the Union Pacific and that, owing to the failure of the company to deliver orders, he went to his death. In the case of A. I. Stone, administrator of the estate of J. H. Winslow, another victim who met his death in the same wreck, against the Union Pacific, all day yesterday was occupied in examining jurors and it is expected that the greater part of today will be taken before a jury is accepted.

**CITED FOR CONTEMPT.**  
Judge Howell issued a citation returnable April 21 for J. S. Blair, citing him to appear in court on that date to show cause why he should not be punished for contempt. Blair was cited for having complied with the order of the court to pay alimony to his divorced wife, Catherine M. Blair, also attorney's fees and costs of suit. It is understood Blair is in Idaho at the present time.

**PROBATE MATTERS.**  
Preparatory to the bringing of a damage suit in the district court, Mrs. Eliza Murphy has filed a petition with the court praying for her appointment as administratrix of the estate of her son Thomas B. Murphy, who was killed Monday by being knocked into the Weber river from a scaffold on which he was working, assisting in the erection of the new Oregon Short Line bridge. The petition sets forth that the young man's estate consists of \$50 personal property, and a cause of action against the Oregon Short Line and Union Pacific for damages. The last will of Mrs. Jane A. Chaplow, who died a few days ago, has been filed and a petition presented praying for the appointment of A. R. Heywood and Margaret E. Perkins to administer the estate, which consists of real and personal property valued at \$17,500. The will bequeaths to deceased's son Albert E. Chaplow, \$5,000 and the remainder of the estate to her daughter, Mrs. Perkins. In the matter of the estate of Warren G. Child, incompetent, petition has been filed by two of his sons praying for the appointment of his three sons, Warren G. Child, Jr., John A. Child and Jesse A. Child as guardians of the estate. The petition sets forth that Mr. Child has an estate which brings in a monthly revenue of \$200.

that he is mentally incompetent and incapable of managing his property. Hearing on all of the probate petitions was set for April 23.

**"BAD EYE" RECAPTURED.**

John Jackson, the colored man better known as "Bad Eye," who has given the police no end of trouble during the past few months and is considered a bad man, was captured last evening by Officer Orin Hadlock and landed behind the bars. Jackson is the colored man who a week ago was given a six months' suspended sentence and ordered out of the city. He did not leave town and Officer Mike Malone recaptured him. When near the Healy hotel the officer was put off his guard and quick as a flash Jackson knocked his club out of his hand and dealt him a heavy blow, then made a dash for liberty. Malone took several shots at him, and it now develops that one of the shots took effect in the runaway's right foot. Officer Hadlock discovered him last evening in a little shanty at the rear of the Troy laundry, where he has been hid up by a negro ever since his escape. One of the shots fired by Malone struck him in the right ankle and rendered him unable to move. He had not received any medical attention when arrested, but the bullet will be extracted and he will be given a chance to try his strength breaking rock for the city for six months.

**ANOTHER HOME INDUSTRY.**

C. F. Whipple of the Hydro-Carbon Light & Heating company, who has been in the east for several weeks, for the purpose of investigating the manufacture of lamps, has just returned. He is very pleased with the outlook for the manufacture of the hydro-carbon lamp. He had a sample made at Chicago and thoroughly tested, giving marvelous results. He states that the company has received several flattering offers from eastern concerns who desire to place the lamp on the market. While away Mr. Whipple secured the services of an expert lamp manufacturer, who will have charge of the manufacture of the lamp at a factory to be established here in Ogden.

**FUNERAL OF MRS. JOHNSON.**  
The mortal remains of Mrs. Hannah E. Johnson, wife of D. H. Johnson, who died Sunday, aged 39 years, were peacefully laid to rest yesterday afternoon.

## PROVO DEPARTMENT

The "News" is Delivered by Carrier in Provo at Seventy-Five Cents Per Month. R. J. Dugdale, Agent.

## PHONE LINEMEN STILL OUT.

Interesting Lecture Course For Next Season by B. Y. U. Bureau.

Provo, April 12.—The strike of the Rocky Mountain Bell Telephone company linemen, who walked out in this city because Foreman Gee was discharged, is not settled, although nothing has developed publicly for weeks that would indicate that it was not. The striking linemen say they have been to other places to get work from the company and have been refused, the result of blacklisting, as they claim. While they are union men they have not a local union, but have been operating under the Salt Lake union, and they state the Telephone company will not recognize the jurisdiction of the Salt Lake union in this district. Therefore they have applied for a charter, which is soon expected, and when it arrives they will organize a local union, through which they will be able to make adjustments between them and the company.

**INTERESTING LECTURE COURSE.**  
The Brigham Young university lecture bureau will have an interesting course of lectures and entertainments to offer to the public next year. Among those who will appear are Dr. Thomas E. Green, Dr. John E. De Motte, Eaboe Leon Harrison, Elbert Hubbard, Spillman Riggs and the Dunbar quartet. Ten or 12 of the professors will also form a local lecture corps. Topics of current interest will be dealt with on an educational and professional standpoint. The subjects of art, music, literature, science, ethics, religion, travel, history, etc., will make up a course which will have something of interest for all.

**GARDEN CITY NOTES.**  
Charles Hosmer, the 13-year-old son of Dr. J. E. Hosmer, broke his left arm Tuesday while pole vaulting on the B. Y. U. campus. The patient is getting along as well as can be expected.

F. S. McGuffin of the Salt Lake Security & Trust company and A. L. Herrell of the Guaranteed Home Building company, were in Provo yesterday looking into investment conditions here. Through their local agent, B. Backman, they placed \$40,000 in loans.

President W. C. Lyman of the San Juan stake, president Levi P. Helm of the Salt Lake stake, and Supt. Edmonson, of the Millard county schools, were visitors at the Brigham Young University yesterday.

Mark Cram, instructor in art and manual training at the Beaver branch of the B. Y. U., is visiting the parent institution here.

John Cluff of Summit county stopped off in Provo to visit relatives on his way home from a mission to the New England states.

Ephraim Y. Moore of Moab, Grand county was in Provo today on his return from a mission to the Southern States.

On Saturday there will be a class contest in general field sports of the B. Y. U. students. Seven classes will participate.

The B. Y. U. faculty may form a baseball team, so it is reported by the students here.

A daughter has been born to Mr. and Mrs. D. J. Vincent; all well.

Col. A. N. Brown, who has been doing special newspaper work in Utah county this winter, is dangerously ill at Springfield from some intestinal disorder.

**She Took the Cake.**  
The secretary of agriculture, James Wilson, had been talking about his tea tablets, a boon to travelers, for one of these tablets, no bigger than a cough lozenge, suffices, in combination with boiling water, to make a pint of excellent tea.

"I hope," said Secretary Wilson, "that I shall never have to apologize for these tea tablets as I once heard a cook apologize for her sponge cake."

"I was taking tea with some friends one afternoon in Washington when a large and beautiful sponge cake was brought in."

"Ah, a sponge cake," our hostess cried, and she broke it in generous portions, and we all helped ourselves.

"But alas, it was not good sponge cake. The hostess, angered, sent for the cook."

"I thought, Jane," she said bitterly, "that you prided yourself on your sponge cake."

"I do, ma'am," Jane replied.

"And you call this sponge cake?" the mistress went on. "Why, it is as hard and tough as can be."

"Yes, ma'am," said Jane, tranquilly. "That is how sponge cake is before it's wet. Soak it in your tea, ma'am."

fully laid to rest in the Huntsville cemetery yesterday afternoon.

A short funeral service was held at the family residence in this city yesterday morning at which consoling remarks were made by Elder D. O. McKay, Patriarch George W. Larkin and Elder William Horrocks. The remains were taken to Huntsville, where they attended services were held, commencing at 1 o'clock, Bishop Renstrom presiding. The ward choir rendered several choice selections. The speakers were Elders August Nelson, Angus McKay, Patriarch David McKay and the Bishop, who eulogized the noble, pure life so early cut down, and comforted the family in the fond hope of a resurrection. A wealth of floral tributes covered her bier.

**CAR AND WAGON IN COLLISION.**

Last evening a Washington avenue electric car collided with a small spring wagon near the George A. Lowe store, demolishing the front part of the vehicle. Evidently the team attached to the wagon loaded with hogs had not been tied by the owner and had started homeward without a driver. The wagon was struck and the team broke away and ran up Twenty-third street. The owner of the team could not be found last evening.

**REXBURG WATERWORKS CONTRACT.**

Wheelwright Brothers' Construction company of Ogden have been awarded a \$30,000 contract by the city of Rexburg, Idaho, for the installation of a waterworks system for that municipality. The contract calls for the building of a large reservoir with water mains and laterals, together with pumping machines, etc. The company will remove one of its construction work outfits to Rexburg and start on the work without delay.

**PARK CITY COUPLE WEDDED.**

Archibald J. McDonald, 31, and Mrs. Sarah E. Woodley, 30, both of Park City, were granted a license to wed, and were married at the county clerk's office by Elder E. P. Brown.

**MASS MEETING TONIGHT.**

The Civic league mass meeting will be held tonight at 8 o'clock at the courthouse. Some matters of interest to everybody pertaining to the improvement and beautifying of Ogden will be discussed, and measures adopted looking to the upbuilding of this city.

**EXCURSIONS TO TWIN FALLS.**

April 14th and 15th.

Via Oregon Short Line for sale of school lands at Twin Falls, Idaho, and opening Bill townsite, April 17. Round trip from Salt Lake \$11.65, tickets good for return to April 20.

But is situated 17 miles east of Twin Falls City in the Twin Falls tract and is surrounded by a large territory of choice lands all of which will be under irrigation for this season's crops. Many improvements have been made including the construction of a \$25,000 hotel. See agents for further particulars. City ticket office 201 Main St.

**PROBATE MATTERS.**

Preparatory to the bringing of a damage suit in the district court, Mrs. Eliza Murphy has filed a petition with the court praying for her appointment as administratrix of the estate of her son Thomas B. ## STRONG ARM OF U. S. GOVERNMENT

**Some States Are Ready to Ask  
For Federal Assistance.**

**NATIONAL LAWS ENFORCED.**

**Claimed That Iowa Takes First Rank  
For Number of Office Holders—  
Announces for Sioux Indians.**

**Special Correspondence.**

Washington, April 7.—The rights of a state are a very good thing, but when a state wants some of its own laws made effective it is glad to appeal to Uncle Sam. It is glad to have the strong arm of the United States government raised against its own offenders. Take the case of liquor selling in prohibition states. It goes on right along the liquor dealers ignore the state laws and local option laws and without state or municipal licenses they sell liquors. Representatives of these prohibition states are beseeching Congress to pass laws to take away federal licenses in prohibition communities. This is because it is well known that the United States government will make it hot for men who sell liquors without a federal license. These liquor dealers violate the state laws with impunity, but they know what it means to violate federal laws. They learned all about it in selling liquor to the Indians.

**FOR PROTECTION OF GAME.**

So it is in the matter of protection of game. State laws have proved inadequate and preserves have been established under control of the national government. It has been demonstrated that game can be preserved in Yellowstone National Park and in other sections are seeking federal control of game preserves. The state of Washington has asked through its congressmen the passage of a bill which will place under federal control a large part of the Olympia forest reserve in order to preserve the herds of elk that live in that region. These elk are now being slaughtered by persons who want them neither for their flesh, hides nor antlers, but simply for the two teeth that are so valuable as ornaments.

**GUESS THE FIRST OF JUNE.**

Chairman Tawney of the house committee, on appropriations ought to be in a position to guess pretty well on the date of the adjournment of Congress, and he says the first of June. But in his estimate, however, until he had conferred with Senator Clapp, who is Senator Dilliver's side partner in support of the house rate bill, the recognized leader of the place, declared that the senate would "talk a month yet" on the rate bill. Possibly his estimate was overdrawn, but he made it on a day when Senator Clapp of Oregon started in to make a speech for an hour and talked three hours. On such a basis Clapp may have been right.

**IOWA'S POSITION OF POWER.**

It has been quite often remarked that Iowa has a more prominent position in the government than any other state in the Union. This is true. Now the president and two cabinet places and several important places in the house of representatives, but aside from the presidency, which is predominantly the seat of power in the government, Iowa is ahead of any other state. She has two cabinet places, the chairmen of the caucuses of the dominant party in both houses are Iowans, the recognized leader of the senate and chairman of the committee on appropriations is from Iowa, the leaders for the president's railroad rate legislation program in both houses are from Iowa—in fact, Iowa is very much in evidence in the present Congress and is the cynosure of all eyes in present day politics.

**WANT ANNUITIES RESTORED.**

For years efforts have been made to restore to the Sisseton and Wahpeton Sioux Indians the annuities that were forfeited on account of the participation of some members of this band in the great Sioux war of 1862. Bills have often been reported in both houses and sometimes have passed the senate, but never have they been reported in the house. In a recent report by the house committee it is pointed out that the Five Civilized Tribes, for whom such efforts are being made to legislate at this session of Congress.

## URIC ACID GRAVEL

IS CAUSED BY THE KIDNEYS BEING UNABLE TO CARRY THE POISONOUS WASTE MATTER OUT OF THE BODY.

The urine of persons suffering from uric acid or gravel is generally scanty, and after it has stood a while a reddish, sediment like brick dust forms in it. In advanced stages the uric acid sometimes appears as fine sand, or large crystals. Those who pass gravel in any considerable quantity are usually troubled with inflammation of the kidneys, bladder and urinary organs, sour stomach, indigestion, heartburn, gout and rheumatism.

**CURED BY WARNER'S SAFE CURE.**

"I have suffered for years with uric acid or gravel, and I have been perfectly cured. It has done for me what I have never known any other medicine to do. It cures people in the South who suffer much from malaria, which always affects the kidneys. If all the doctors would prescribe the Safe Cure instead of quinine for cases of malaria, there would be less bad after effects, as quinine does not remove the disease germs from the system like Safe Cure. I take Safe Pills when I need a gentle laxative. Mrs. M. E. DEAN, Tennessean Club, Chattanooga, Tenn."

**THIS TEST WILL TELL:**

Put some urine in a glass or bottle. After it has stood 24 hours, if it is cloudy, or contains a reddish-brown sediment, or if particles float about in it your kidneys are diseased and unable to do their work. And if not attended to at once Bright's Disease, diabetes, rheumatism, gout, uric acid, inflammation of the bladder, gallstones or urinary troubles will develop and prove fatal in a short time. Safe Cure is the only absolutely safe and certain cure for all these forms of kidney, liver and bladder disease. It is purely vegetable, free from harmful drugs found in many so-called kidney cures, contains no sediment and is pleasant to take.

For sale at all drug stores, or direct, \$50 and \$1.00 a bottle.

**ANALYSIS FREE.**

If after making this test you have any doubt as to the development of the disease in your system, send a sample of your urine to the Medical Department, Warner Safe Cure Co., Rochester, N. Y., and our doctors will analyze it and send you a report, with advice and medical booklet.

**REFUSE SUBSTITUTES AND IMITATIONS.**

They are worthless and very often exceedingly dangerous. Ask for Warner's Safe Cure. It will cure you.

**WARNER'S SAFE PILLS** cure the bowels gently and aid a speedy cure.

## Made in New York

FOR formal wear in the afternoon there is no substitute for the frock coat.

After six the choice is between the Tuxedo Dinner Suit and the Swallowtail—the latter exclusively if women are present.

Afternoon or evening there is no substitute for New York styles.

**Poulton, Madsen, Owen & Co.**

111-113 Main Street

Congress, were hostile to the United States during the Civil war and yet immediately after the war new treaties were made with them and all their rights restored. Possibly this bill for the Sioux will pass some time, but no one can guess when.

**MUST REMAIN APART.**

"This action of Congress substantially recognized the principle that fiscal regulations designed for mainland states are not adapted to insular territories," says a congressional report, referring to what has been done in the case of Porto Rico by allowing all customs duties collected on imports

into the island to be paid into the Porto Rican treasury. It is not proposed to go as far in the case of Hawaii, but if the bill now pending should pass it would allow the revenues collected in Hawaii to be used in public improvements in that territory. It is also shown that in becoming a part of the United States Hawaii did not make a good financial bargain, for she has paid much more into the treasury than has been returned to her in any form. But it is important to note the absolutely fixed conviction that our insular possessions cannot become a part of this country and accept our revenue and financial laws.

## CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

## What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.
