

## PLAN TO EXTEND SEWER DISTRICT

Scheme is to Run System Along  
Ninth South From Eighth West  
To Third East.

WILL COST AN EXTRA \$5,500.

Money Will be Raised by Special Tax  
On Abutting Property—Mis-  
cellaneous Business.

A communication was received by the council last night from City Engineer George W. Ritter recommending some important changes in the proposed sewer extensions under the bond issue. It is proposed to extend the main intercepting sewer easterly on Ninth South from Eighth West to Third East if possible, so as to give the middle southeastern part of the city sewer facilities which are badly needed. This will mean an additional outlay of \$5,500 above the \$150,000 estimate. It is proposed to raise the additional sum by establishing a sewer district on Ninth South and levy a special sewer tax against the abutting property.

### NO BUTTING IN.

When the communication was read a motion was made to refer it to the committee on sewerage and plumbing, with the city engineer associated. The committee offered an amendment that the special water committee be included in the motion also. This met with objections from Neuhausen and Martin, who could not see any reason why the "celebrated water committee" should "butt in" on the matter. Neuhausen said that it properly belonged to the engineering committee and he thought that it should be referred to that committee. President Hewlett settled the dispute by referring the communication to all three, the engineering, sewerage and plumbing and special water committees.

### TO IMPROVE ACCOUNTS.

President Hewlett appointed A. J. Davis, J. H. Preece and Rulon S. West as a special committee of three to confer with City Attorney Day in regard to City Auditor Felt's proposed plan of improving the present system of keeping the city's accounts and funds.

### FOR UNDERGROUND WIRES.

City Engineer Ritter recommended to the council that the Utah Light & Railway company be required to submit a plan of sewerage and plumbing, with the city engineer associated. The committee offered an amendment that the special water committee be included in the motion also. This met with objections from Neuhausen and Martin, who could not see any reason why the "celebrated water committee" should "butt in" on the matter. Neuhausen said that it properly belonged to the engineering committee and he thought that it should be referred to that committee. President Hewlett settled the dispute by referring the communication to all three, the engineering, sewerage and plumbing and special water committees.

### BUILDING WILL REMAIN.

In regard to the Goldberg building at the corner of the east side of Third South and Second East, projecting out onto the street, City Engineer Ritter reported that a survey of the property showed that the buildings only encroached on the streets 3 1/2 inches, hence the council withdrew its instructions to the building inspector to have the front of the buildings put back to the property line, and they will remain where they are.

### WANT ORDINANCE AMENDED.

Another petition was received from

### ALFRED SPEER'S SURPRISE

Well Known Business Man Tells of Peculiar Experience.

Few business men are better known throughout the country than Alfred Speer of Passaic, N. J. Although he is over eighty years of age and the head of a large concern, as well as the editor of the Passaic Item, yet he found time to write the following letter, hoping that it would be of interest and benefit to our readers.

"To the Editor:—I cannot keep from expressing my appreciation of the wonderful relief and benefit I derived from the use of Hyonell. For some years past I have been a victim to nasal and throat ailments, and during that time have expended a great many dollars to specialists and had my throat sprayed, washed and smoked week after week. The first time I used Hyonell I was surprised at the change it brought. This was a few months ago, and I have used it occasionally since. It makes me so well that I often forget and neglect its use for several days, but each time when I breathe in the hawking and coughing case, and it is wonderful how it acts.

I am over eighty-one years of age, but I am careful not to praise anything until I know what I am about.

Respectfully yours,

Alfred Speer."

The complete Hyonell outfit including the inhaler costs but \$1.15, while extra bottles sell for 50 cents. You can get it wherever you buy it, or F. C. Schramm sells it under his personal guarantee to refund the money if it does not relieve. Ask him to show you a copy of his guarantee.

### IT IS SERIOUS.

Some Salt Lake City People Fail to Realize the Seriousness.

The constant aching of a bad back, the weariness, the tired feeling, the pains and aches of kidney ills are serious if neglected. Dangerous urinary troubles follow.

A Salt Lake City citizen shows how to avoid them. Thomas Smith, paper hanger, of 128 South Main Street, says: "A slight pain in my back coupled with a disturbed action of the kidney secretions led me to reason that if my kidneys were at fault a stitch in time would save nine, and the present was the time to act, for kidney complaint is so gradual and so insidious in its dealings with ordinary mortals that complications are apt to arise which lead to serious trouble. I tried a remedy very flatteringly advertised as a cure for kidney complaint, and gave it a fair trial, but it failed to stop my backache. Then I went for Doan's Kidney Pills to the F. J. Hill Drug Store, and commenced the treatment. It only required a dose or two to tell me that they were acting for me. After their use for some time the backache and irregularity of the kidney secretions absolutely stopped."

For sale by all dealers. Price 50 cents. Forster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

## A MATTER OF HEALTH

**ROYAL BAKING POWDER**  
Absolutely Pure  
**HAS NO SUBSTITUTE**

## TWENTY YEARS AGO TODAY.

(DO YOU REMEMBER?)

The condition of Gen. Grant, while very critical, was reported to be slightly improved. He told of a remarkable dream that he had during the previous night.

### TEN YEARS AGO TODAY.

A Rock Island train was held up and robbed at Hennessey, Oklahoma. Senator E. J. Hurt, mayor of Casper, Wyoming, shot and killed a sheep owner named Milne, for alleged intimacy with the former's wife.

### FIVE YEARS AGO TODAY.

Albert, Prince of Wales, was shot at by a would-be assassin at Brussels. The prince and princess were en route to Copenhagen. The shot went wide of its mark. The Deseret Telegraph lines passed into the hands of the Western Union. James McKnight, of Vernal, Utah, was shot and killed by a transient named Will Harris. The city of Dublin, Ireland, was in holiday attire, the occasion being a visit of Queen Victoria. She was most enthusiastically received.

the Grocers & Butchers' association, asking that the license ordinance be amended so as to make the license of meat markets \$25 a year, groceries, \$25 a year, and stores handling meats and groceries both, \$50 a year. At present the license for meat markets and groceries is \$50 each, and where a store handles both, the license is doubled. The petition was referred to the license committee.

### FOR NEW FIRE STATION.

A petition signed by Samuel J. Paul and several hundred other citizens was received asking that a fire station be constructed and equipped in the southeastern part of the city, which is now without proper fire protection. The matter was referred to the fire and finance committees.

### COURT BUSINESS.

City Recorder Critchlow reported that there were 368 cases disposed of in the criminal division of the city court during the month of March, from which \$2,724 was received in fines. The sum of \$226.25 was received in fees in the civil division of the court. The total receipts of the recorder's office for the month, including the above fees and automobile licenses, were \$1,066.75. The department payrolls for the last half of March, amounting to \$9,321.32, were submitted by City Auditor Felt, and were referred for approval.

**Rheumatic Pains Quickly Relieved.**  
The excruciating pains characteristic of rheumatism and sciatica are quickly relieved by applying Chamberlain's Pain Balm. The greatest relieving power of the liniment has been the surprise and delight of thousands of sufferers. The quick relief from pain which it affords is almost worth many times its cost. For sale by all druggists.

### A PATHETIC INCIDENT.

**Mother Dies While Son is Sentenced To State Prison.**

When Charles Cromer was given permission to visit his parents yesterday by Judge Armstrong, before being taken to the state prison to serve three years for burglary, he little thought that his aged mother was dying almost at that very minute. Such, however, was the case, and soon after the young man was taken from the courtroom to the county jail he received word that his mother was dead. He was taken to his home by Deputy Sheriff Sharp and allowed to view the remains and was then taken back to jail. The incident was very pathetic and the young man was completely overcome with grief. He was permitted to remain in the state prison until after his mother's funeral.

### Ballard's Horehound Syrup.

Immediately relieves hoarse, croupy cough, oppressed, rattling, rasping and difficult breathing. Henry C. Stearns, Druggist, Shillington, Wis., writes, May 20, 1901: "I have been selling Ballard's Horehound Syrup for years and have never had a preparation that has given better satisfaction. I notice that when I sell a bottle they come back for more. I can honestly recommend it." 50c, 10c, 5c. Sold by Z. C. M. I. Drug Dept.

### MARSH WILL GO AHEAD.

**Believes Business Men Will Act When Route is Opened.**

Last night's meeting of local jobbers and shippers with Mr. Marsh at the Commercial club was attended by a score or so of business men, the Red Feather show at the Theater being too much of an attraction. Mr. Marsh had announced a proposition to organize a forwarding company with a capital stock of \$20,000, of which he would take half at once, and the remainder in six months at 6 per cent interest. But last night Mr. Marsh stated the money had been raised, and he had arranged with Major H. P. Myton, former Indian agent at White Rocks, to act as superintendent of transportation, while Mr. Marsh attended to the financial end of the business.

This arrangement was approved by the meeting, and Mr. Marsh left this morning for Caliente to start the ball rolling. By April 10 he expects to have 200 horses and mules at Caliente with wagons and teamsters ready to attend to all the business that may be offered. But the rates to be charged will be governed by the various classifications of goods. Mr. Marsh is not favorably impressed with the lack of enthusiasm exhibited by Salt Lake merchants, but evidently believes that when the route is once opened and in operation, they will size up the situation more clearly, and take advantage of the opportunity.

### GERMAN CONFERENCE.

The German editors will hold their conference meeting on Sunday, April 9. At the close of the afternoon Tabernacle service at the Barratt hall. All German-speaking people are respectfully invited.

## IDAHO'S BUILDING AT PORTLAND FAIR.

Contract Has Been Awarded and  
Work Will Be Commenced  
At Once

FINE SHOWING TO BE MADE.

State Capitol Building Will Not be  
Moved—Preparing for Good  
Wagon Roads.

### Special Correspondence.

Boise, Idaho, April 2.—Word was received from Executive Commissioner McBride, of the Lewis and Clark exposition commission, that the contract for the erection of the Idaho building at Portland, has been awarded, and that work on the structure will be commenced at once. The contract for the building has been awarded to the Burel Construction company, the price for the building complete being \$8,900. This was the lowest of eight bids that were received, the bids ranging from \$14,500 down to the offer of the contracting bidders.

The building, which has been illustrated in the Oregonian early this week, is in form somewhat resembling a Swiss chalet, with commodious porches. It will be about 100 feet square, and besides a large room for exhibit purposes, will contain a number of rooms for parlors, waiting rooms and for stock uses. The site selected for the building is next to the site of the New York building, overlooks Guild's lake and the gigantic hand stands, and in the opinion of Commissioner McBride is the best site on the grounds. According to the contract the exhibit hall is to be ready by May 1, and the entire building be ready for occupancy by May 20. The plans for the building were drawn by Archibald Fennell of Boise, who will also supervise its construction.

### PREPARING EXHIBIT.

Commissioner M. J. Wessels, who is in charge of the agricultural exhibits, has already commenced the work of gathering the exhibit. He has the major portion of the St. Louis exhibit, from which the more valuable portion will be selected, and will form the nucleus of the exhibit at Portland. Mr. Wessels has several carloads of material ready for shipment as soon as the exhibit hall has been prepared. Commissioner Bradley of Halley, who is in charge of the mining exhibit, is in correspondence with mining men in all portions of the state and anticipates no difficulty in getting up the finest exhibit of ores ever shown from any of the intermountain states.

The commission headed by Gov. Gooding, is determined that the Portland exposition shall be made a vehicle for the conveyance to all visitors at the Portland fair, of a fair idea of the developed and undeveloped resources of the "Gem of the Mountains," and to this end is insisting that the exhibit shall reflect the products of the mines, fields and forests of the state. In the opinion of the commission the Portland fair can do a great deal to educate the people of the east and great middle west to the opportunities and advantages to be derived here, and Governor Gooding has taken up the matter of stopover privileges and side trips with the railroad companies. He has secured the promise of stopovers being allowed on the excursion tickets that will be sold, and the matter of sidetrips on such tickets will probably be decided in our favor within a short time.

### CAPITOL BUILDING.

There have been several meetings of the capitol building commission, and it has been practically decided that the capitol will not be removed, but that the central school block will be purchased for \$25,000. This will give two blocks for the capitol building and grounds. The commission is now devising plans to be submitted by June 12, when the plans will be examined, and very probably one of the plans submitted will be accepted. According to the present plan, the proposed building is to be about 300 feet in length, of which 200 feet, including the dome and central portion, are to be constructed at present, leaving the extreme ends for future construction. If one of the plans submitted meets with the favor of the commission, a contract for the architecture of the capitol building will be entered into with the author of such plan who shall be paid \$1,000, which shall be part of his commission as architect.

### FOR GOOD ROADS.

There will be a meeting of the intermountain wagon road commission on Monday. The commission is composed of the governor as chairman, Messrs. M. E. Lewis of Moscow, and Joseph Wheeler of Shoshone. It is expected that at this first meeting of the commission, a secretary will be appointed, and after consideration of the proposed roads, for which bills were introduced during the recent session of the legislature, an engineer will be selected, with instructions to make such surveys as will be necessary to give the commission a good idea of the proposed work.

### TEA

The aroma of tea—fine tea  
—is almost enough to define  
the whole of a man.

## A JUDGE'S WIFE

PAIN IN THE  
BACK AND SIDE

Quickly Cured by a Short  
Course of Pe-ru-na.

MRS. MINNIE McALLISTER.

Mrs. Carrie King, Darlington, Mo., writes:

"I have suffered for years with biliousness, and kidney and liver trouble. 'If I caught a little cold, the pains were increased and backache and headache were of frequent occurrence. 'However, Peru-na cured me—twelve bottles made me a healthy woman.'"

MRS. MINNIE E. McALLISTER, wife of Judge McAllister, writes from 1217 West 3rd street, Minneapolis, Minn., as follows:

"I suffered for years with a pain in the small of my back and right side. It interfered often with my domestic and social duties and I never supposed that I would be cured, as the doctor's medicine did not seem to help me any."

"Fortunately a member of our Order advised me to try Peru-na and gave it such high praise that I decided to try it. Although I started in with little faith, I felt so much better in a week that I felt encouraged."

"I took it faithfully for seven weeks and am happy indeed to be able to say that I am entirely cured."

"Words fail to express my gratitude. Perfect health once more is the best thing I could wish for, and thanks to Peru-na, I enjoy that now."

Pain in the back, or on the right side. How often a physician hears this complaint!

Over and over we hear women say: "I have a pain in the small of my back. I have a pain in my right side, just below the ribs."

These symptoms indicate pelvic or abdominal catarrh.

They indicate that the bowels are not acting properly—that the liver is out of order—that the pelvic organs are congested.

Pelvic catarrh—that is the name for it. Peru-na cures pelvic catarrh, when all of these symptoms disappear.

The catarrh may be all in the abdominal organs, when it would be properly called abdominal catarrh.

At any rate, it is one of those cases of internal catarrh which can be reached only by a course of treatment with Peru-na.
