

THE HEROINE OF PORT ARTHUR.

Wife of a Russian Soldier Fights Beside Him in the Trenches.

DONED MASCUINE ATTIRE.

Her Soos Discovered but Her Bravery and Attention to Wounded Won Her Permission to Remain in Ranks.

Chafco, Nov. 16, 8:30 p. m.—The Port Arthur newspaper, Nov. 16, of Nov. 12, copies of which were brought to Chafco this morning by the Russian torpedo-boat destroyer Ratsoropny, contains a romantic story of Haritena Korotkewitch, who, although a woman, served valorously in many fights at Port Arthur until death closed her strange career.

The Nov. 16 gives many details regarding the adventures of the woman which go to make the story one of undoubted authenticity.

The husband of Haritena Korotkewitch was serving at Port Arthur. In endeavoring to join him, she was stopped at Harbin and was not allowed to proceed further owing to her sex. She then donned masculine attire and succeeded in reaching the Japanese capital, where she was immediately assigned to the peninsula of Liaoning.

Picking her husband's regiment, she followed him to the front. In numerous skirmishes and in the great battle of September 8, she distinguished herself by her bravery, tirelessness and attention to the wounded and the excellent moral influence she exerted over the soldiers, who were in her presence, won her permission to remain in the ranks.

While fighting side by side with her husband, the latter was wounded. His wife nursed him until the crisis in one grave was passed, when she returned to the front, where she became messenger to the Russian command.

On Oct. 16 she started the trenches with dispatches, when huge shells from the Japanese guns struck and destroyed the Russian position. Haritena Korotkewitch and eight others were instantly killed. They were buried in one grave with the Russian flag wrapped around Haritena's body.

The Nov. 16 concludes its story by saying: "Haritena Korotkewitch had won the respect and admiration of all the soldiers, but of the higher officers, and had shown all how to die nobly."

RUSSIAN WARSHIPS.

Probably Several Will Be Built in United States.

St. Petersburg, Nov. 16.—A number of the ships of the Russian naval program for next year will be laid down abroad and several of them probably will be constructed in the United States.

Nixon of New York has already contracted to build several torpedo boat destroyers, but the large contracts are yet unplaced. The bulk of the program consists of heavy fighting ships, armoured cruisers and battleships. The ships to be built at the Russian yards will be of the armed cruiser type. Contracts will be given to French and German yards.

The Associated Press says that one of the contracts is likely to go to the Union Iron Works of San Francisco.

NAN PATTERSON.

Alleged Slayer of Caesar Young Brought Into Court.

New York, Nov. 16.—After more than five months in the Tombs prison awaiting trial on a charge of murder, it was reported that Nan Patterson, the alleged slayer of Caesar Young, was brought to the criminal court today. Delay, first from one cause and then another, has been a prominent feature in the case.

"All roads lead to fame," said Golden Gate, "but I shall meet queer people as I go."

"Not everyone cares for high-grade coffee; some prefer the cheap, rank kinds. Some dealers prefer to handle bulk goods instead of coffee packed in aroma tight tins."

"I'm uniform in quality; I was aged in my native country; I'm smooth drinking—rich—aromatic; I'm full weight (honest). With all this in my favor I cannot fail to please."

"I'm 'sold on merit,' merit will win!"

Noticed does with GOLDEN GATE COFFEE but satisfaction. No prices—no coupons—no crockery. 1 and 2 lb. aroma—tight tins. Never sold in bulk.

ever since Miss Patterson was taken into custody after the tragic death of Young in a cab in which he and the young woman were driving to the pier where Young was to take a steamer for Europe.

The criminal branch of the supreme court was crowded with spectators when Justice Davis took his seat on the bench today. Miss Patterson, dressed in black, was brought in by prison attendants and took a seat beside her counsel, Abraham Levy and Daniel O'Reilly. Her father, J. Randolph Patterson of Washington, had a seat within the bar enclosure. The work of selecting a jury was begun at once. The examination of each witness was conducted with extreme thoroughness.

The prosecution will depend entirely upon circumstantial evidence in building up their case against the defendant, according to a statement made by Asst. Dist. Atty. Rand during the examination of talesmen. Richard S. White, a lumber dealer, had declared himself opposed to finding a verdict in capital cases on circumstantial evidence alone, and referred to the possibility of every eye witness to the shooting testifying before the jury. "So far as I know," said Mr. Rand, "the prosecution does not intend to call any eye witnesses to the shooting of Caesar Young."

Four jurors had been accepted when adjournment was taken for the day.

BAD MAN CAUGHT.

One of Robbers of the Thermopolis, Wyo., Saloon.

Omaha, Nov. 16.—A special from Cheyenne says the robbers who held up and killed Cashier Middaugh of the Cody National bank, and made their escape with a considerable sum of money, have been captured in northern Wyoming. No details have yet been received.

Knox City, Nov. 16.—A special to the Times from Cody, Wyo., says: According to news received by telephone from Thermopolis, only one man has been captured. This was the larger of the two men who robbed the Thermopolis saloon. The captured man appears to fit the description of the one who shot Middaugh in the attempted bank robbery in Cody. The capture was made about three-quarters of a mile above the mouth of Owl creek in the big valley a few miles from Thermopolis.

The three rode cautiously upon the Indian trail, and succeeded in getting a dinner on him before he was aware of their presence, and upon being questioned as to the identity and whereabouts of his partner, he refused to say a single word. In fact, he has remained silent ever since his capture.

Upon his person were found a revolver and some money that are known to be the same as that taken from Edward's saloon yesterday. Parties from Cody will go to Thermopolis for the purpose of identifying the captured man as the larger of the two who attempted to hold up the bank here. It will be remembered that it was the larger of the two men who fired the fatal shot that killed Middaugh.

Life Saving Station Destroyed.

Norfolk, Va., Nov. 16.—Advices from the Carolina coast say the new inlet life station was destroyed by Sunday's hurricane, and that several of the stationers there were lost. It is said that a tidal wave washed across the strip of land from the ocean and carried the station building away. The news was brought to Elizabeth City today by seamen.

THE WESTERN UNION.

Oregon Court Holds that It Not A Common Carrier.

Portland, Or., Nov. 16.—That the Western Union Telegraph company is not a common carrier is the opinion of Presiding Judge M. C. George of the state circuit court. The company was sued by E. E. Melkie, a grain and hop buyer, for \$14, for failure to deliver a message sent from Cleveland, O., to Walla Walla, Wash. The message had not been repeated, and the company alleged liability only for the amount paid for sending it. The plaintiff asserted in a demurrer to the answer that the company was a common carrier and had been held to be such by a decision of the supreme court of Ohio under a statute that was similar to that of Oregon.

COL. W. C. P. BRECKINRIDGE.

Kentucky Ex-Congressman in Stricken With Paralysis.

Lexington, Ky., Nov. 16.—Col. W. C. P. Breckinridge, the noted lawyer and former congressman, was stricken at his desk in his office today. Examination of Col. Breckinridge later revealed the fact that he had sustained a stroke of paralysis of the left side. He did not lose consciousness, such as in a stroke, and is to be out of any immediate danger.

His right side is paralyzed, and he is unable to speak. Physicians pronounce his condition serious, but not immediately critical. Should he suffer another paralytic stroke, however, it is feared the result would prove fatal.

Two of the physicians attending Col. Breckinridge left the house at 11 o'clock tonight, leaving a third to spend the night with the sick man. They reported that he showed improvement and that the chances for recovery seemed nearly even.

THE PEACE CONGRESS.

Austria Does Not Regard Present Opportunity for It.

Budapest, Nov. 16.—In the lower house of the Hungarian diet today Count Apponyi interpreted Premier Tisza regarding the attitude of the government and Austrian foreign office towards President Roosevelt's proposal to hold another peace conference at The Hague.

Premier Tisza in reply, said that any endeavor to lessen the horrors of war would be sympathetically received and supported by the actors in the foreign policy of Austria-Hungary.

The statement was greeted with cheers from all parts of the house.

Sweated the Eagles.

San Francisco, Nov. 16.—James H. Cary, an attorney-at-law, was arrested today by federal officials charged with feloniously abstracting gold from the eagle. Cary, when arrested, made a complete confession. He bored holes in the edges of 30 goldpieces, drilling toward the center. The eagles were cleverly plugged with copper wire which was welded. Cary took from \$2 to \$3 from each coin. He said that he had drilled out a coin each day for the last three years.

Atlantic Rate War.

London, Nov. 16.—A dispatch to a news agency from Liverpool says there is a hitch in the Atlantic rate war agreement. The Cunard line desires to charge a differential rate of \$1.25 for emigrant passengers on the Umbria and Eturia, and the White Star line demands that the Umbria and Eturia shall be placed on the same basis as the Oceanic, Majestic and Teutonic. The Cunard and White Star lines have not yet instructed their agents as to whether to cease steamer bookings at the low rate.

Killed in a Saw Mill.

Kaliapell, Mont., Nov. 16.—A man by the name of Dalton, who had been working in the sawmill of the Tate Lumber company, 10 miles east of Kaliapell, was killed at the mill in a peculiar manner today. He was running the "end trimmer saw," and while sawing a board it stuck and flew back, striking him in the stomach, rendering him unconscious. He was immediately placed in a wagon and his friends started for Kaliapell, intending to bring him to the hospital, but he died on the way.

Jones Claims Election.

Louisville, Ky., Nov. 16.—William Henry Jones, Republican, claims he has defeated James M. Richardson, Democrat, for Congress in the Third district, by 53 votes. In the Ninth district James maintains that the returns show he has won. However, although several precincts have been thrown out.

REAR ADMIRAL CHADWICK.

At Own Request Relieved of Command of S. Atlantic Squadron.

Washington, Nov. 16.—Rear-Admiral French E. Chadwick, commander of the South Atlantic squadron, at his own request, will be relieved from command of that squadron. He is now on his flagship, the Brooklyn, at Puerto Militar, Brazil, and it is expected that he will start home in a few days on some family matters. No one will be appointed to succeed Admiral Chadwick as yet, it being desired to keep the appointment open, so he can again assume command if it so desired.

WYOMING'S CAPITAL.

On the Face of the Returns Cheyenne Has Won.

Cheyenne, Wyo., Nov. 16.—On the face of the election returns it appears that Cheyenne is the capital of Wyoming. However, the contest was very close in many sections, and the result will not be known definitely until the official count is made. Cheyenne is located in the center of the state, near Wind River reservation, which is soon to be opened, received a large number of votes, although the town has no railroad.

Prominent Californian Dead.

San Diego, Cal., Nov. 16.—Samuel Merrill, a prominent citizen of this city, died here today. For years he was manager of the Hotel Florence in this city. He came here from Denver after severing his connection with the Denver & Rio Grande railroad, and was an artist of note, having painted many pictures of Colorado scenery.

New Editor of London Standard.

London, Nov. 16.—H. A. Gwynne, Reuter's chief correspondent in the South African, Sudan and Turkish regions, has been appointed editor of the London Standard under the new regime.

Episcopal Bishop of Kentucky.

Louisville, Ky., Nov. 16.—The diocesan council tonight elected Dr. Charles L. Woodcock of Detroit, Protestant Episcopal bishop of Kentucky. Two men previously elected had declined.

FATAL RIDE IN AN AUTOMOBILE.

Humphrey Praed Was Killed And Nina Rudolph, of the "San Toy" Co., Seriously Hurt.

WENT OVER AN EMBANKMENT.

Machine Overturned and the Occupants Were Pinned Underneath It.

Los Angeles, Cal., Nov. 17.—As a result of an automobile accident which occurred in the suburbs of the city at an early hour this morning, Humphrey Praed, assistant general manager of the San Jacinto Land company of Riverside, Cal., is dead, and Miss Nina Rudolph, leading lady of the "San Toy" opera company, and C. S. Fry, chauffeur, are seriously if not fatally hurt.

Praed was running the machine when it went over an embankment, overturning and pinning the occupants beneath. Praed was instantly killed and Miss Rudolph and Fry were so seriously hurt that they were unable to go for assistance.

The accident occurred near an electric car line and was soon picked up. At the receiving hospital here it was found that Miss Rudolph was suffering from concussion of the brain and other injuries of a serious character. It is feared that she may also be injured internally. She was removed this morning to the Angeles hotel, where she was staying. The attending physicians state that she will recover.

Praed was a young man, 25 years old and unmarried. He was prominent in the city in which he resided and his mother, Mrs. Campbell Praed, is a well known literary woman. The family is a wealthy one, the members of which reside in England.

A FATAL FIRE.

One Man Is Dead and Several Injured.

Denver, Colo., Nov. 17.—One man is dead and three others are seriously injured as a result of a fire which has destroyed the gas plant of the Denver Gas & Electric company. The property loss is estimated at \$25,000.

THE DEAD.

Clement I. Clark.

INJURED.

Edwin F. Jones, Robert Meyers, Frank Walters.

The fire was caused by spontaneous combustion, which occurred among the oil and paints in the paint department. The men were working in the room at the time the building was filled with flames and they saved their lives by jumping into a water tank. Clark and Jones rushed from the building, with clothing ablaze and Clark was so badly burned about the arms and body that he died soon after reaching the hospital. Jones succeeded in extinguishing the blaze that had caught his apparel, but not until his body had been considerably burned.

INDIANS ARE STARVING.

All Will Die Unless Relief Comes Soon.

San Diego, Cal., Nov. 16.—A pitiful story of hunger and destitution comes from the eastern mountains of this county by men who have been investigating the conditions of the Indians on the government reservations near Campo.

Indian Agent Charles E. Schell of Pala and Charles F. Lumis, the well-known author, have spent six days among the red men. They say that in the five reservations near Campo, on the edge of the desert, there are at the present time nearly 200 Indians, hard working, intelligent farming people, who cultivate every possible square inch of the land reserved for them by the nation.

No rain has fallen to start the seed planted, no water is at hand to irrigate, no large reserve food supply is ever possible, and the unfortunate are now subsisting chiefly upon acorns.

"Unless relief comes," said Mr. Lumis, "all the Indians will be dead before New Year's day."

Weber Murder Hearing.

Auburn, Cal., Nov. 16.—The preliminary examination of Adolf Weber was begun today before Justice Smith. Several witnesses were called and gave testimony relating to the time of the fire, the arrival of young Weber, the removal of the bodies, etc.

INDIAN PUPILS.

Have a Row in Which One of Them Is Killed.

Riverside, Cal., Nov. 16.—In a row among pupils at the Indian school at Banning, Charles Colby was hit on the head with a pistol and in return he shot and killed Tom Bucaneros and wounded Fred Smith. Smith probably will die. All are young Indians. Colby was brought here and lodged in the county jail, charged with murder.

HOME MARKET CLUB.

Its Secretary Turned Loose on Gov.-elect Douglas and Others.

Boston, Nov. 16.—Criticism of Governor William Douglas, Eugene N. Foss, a Republican advocate of reciprocity with Canada, and Henry M. Whitney, president of the Boston chamber of commerce, for their attitude on trade questions, by Albert Clarke, secretary of the Home Market club, in his report at the annual meeting here today, provoked a debate on the tariff.

Mr. Clarke was very severe in his strictures on these men and said he should oppose all questions of tariff revision save that for coal and iron ore.

When Mr. Clarke had finished reading his report former Congressman Joseph Water of Worcester criticized the attitude of the organization which he had with the secretary's report advocated.

"I think this club is making a mistake," he said. "I think that instead of saying that no change should be resisted we ought to take exactly the opposite position—namely, that if anyone can point out any change that can be made in the protective tariff that will be of advantage to this country, we will gladly welcome it; that we will listen as a club, through the proper committee of officers, to any arguments supported by facts that would indicate that a change ought to be made, and that we will assist in making it—exactly the opposite position from what our secretary has taken in the interest of protection."

"We must remember that each generation has got to be thoroughly educated on great public questions, and that instead of objecting to education, instead of objecting to propositions to change, we ought to seize upon them and to educate the voters who are com-

LIVESTOCK ASSOCIATION.

Special Committee Appointed to Draw Up Reorganization Plan.

Denver, Nov. 16.—A special committee has been appointed to draw up a plan of reorganization for the National Livestock association. President Hagenbath has named Fred P. Johnson of this city, W. A. Harris, formerly senator from Kansas, Y. Murdo MacKenzie of Texas, and Alvin H. Sanders of the Breeders' Gazette, Chicago, to act with him as a committee to frame a constitution and bylaws for the new organization. This committee will report to a committee to be named by the convention when it meets here Jan. 2 of next year. The committee chosen by the convention will consist of three from each branch of the livestock industry, and they will use the bylaws and constitution made by the special committee as a basis for their full report to the convention of a plan of reorganization.

While Mr. Hagenbath is in Chicago he expects to secure the meeting of the National Livestock Commission Merchants for Denver for the same date the three other livestock associations will meet here. This will bring here 600 commission men from all parts of the country. Several other branches of the livestock industry will be represented also.

NAN PATTERSON'S TRIAL.

The Selection of a Trial Jury Continues.

New York, Nov. 17.—With four of the twelve men who are to decide the fate already selected, the trial of Nan Patterson, the former show girl charged with the murder of Caesar Young, the wealthy horseman, was continued in the criminal branch of the supreme court today. The greatest care has been used in the examination of the talesmen and the exhaustive questioning and almost indiscriminate challenging for even the slightest cause indicated that not only might another full court day or even more be consumed in filling the jury box, but that the panel of 100 talesmen might be exhausted before the task was completed. Thus far the general public has been shut out entirely from the proceedings, only those having a direct connection with the case being allowed to enter the courtroom. Yesterday the available space was well filled by the crowd of clerks, newspapermen and the talesmen awaiting examination as to their qualifications for jury duty, and the officers who guarded all the doors had trouble in keeping back the crowds which gathered in the corridors. Whether the ban would be kept down during the whole progress of the trial was not known, but many who desired to take advantage of the first opportunity to gain admittance were on hand early today.

CAR FIRED INTO.

One Man Instantly Killed, Others' Lives Jeopardized.

Duquoin, Ill., Nov. 17.—While the Illinois Central was transporting a car of Italian miners to Zelig, Joseph Lettier's mining town, today, the car was fired into from ambush and one man instantly killed. It was a Bullock & Clark car from the east and bears the marks of a number of bullets. About 25 shots were fired into the car, but the only one who was killed was the first disturbance that has arisen over the strike for about two months.
