## Toyland opening.

Monday, the fun starts, for the children.

The most important event of the year in the minds of juvenile Salt Lake City is the opening of the Walker toy department.

Little hearts will beat faster and little feet come hurrying into the great store when the news is spread that the wonderful "toyland" is ready for guests.

Way last January our toy buyer began preparations for this great event—ever since then he has been planning and buying and you see the result—the greatest and finest assortment of toys ever shown in this city—more than double the amount we ever handled in one season.

Our whole basement will be given to making the children happy—every inch of floor space will be crowded with beautiful toys and happy youngsters.

We cannot mention all the kinds of toys Santa Claus has made for us this year—There are automobiles from \$3.50 to \$100.00 each—Wagons, bicycles, coasters, sleds, hobby horses, mechanical toys, iron toys, books for all ages of children, dolls of every description, Teddy bears, Teddy bear furniture, and so on through a list that would, if printed, cover this whole page—but come—bring the little ones—let them tell you just what they want—we know our prices will be a great help to you in buying them.

We emphasize the importance of selecting toys while they are as new—before they have been handled and shown till that fresh, attractive look is gone.

**Come Monday and see the largest and finest toy department between Chicago and San Francisco—we leave it to you if we're right.**

Stairway just at left of Main St. entrance.
