

PROHIBITIONISTS WILL BE AT DENVER

Gen. Weaver and Followers Will
Besiege Democratic Convention
For a Prohibition Plank.

ANTI-INJUNCTION PROMINENT

What Shape It Will Take Is Uncertain
—Bryan for First Place, Many
Names for Second.

Denver, June 29.—The fight over the anti-injunction plank in the Democratic platform is not the only struggle in which the committee on resolutions and possibly the convention itself may be involved.

It developed today that the prohibition question is to be brought to the front, and a desperate effort will be made to have a plank declaring in its favor placed in the platform.

The prohibitionists will be headed by James Weaver of Iowa, who demanded of the recent Democratic convention in that state that it declare in favor of prohibition. Gen. Weaver and his followers were in the city today, and their efforts in their own state, but nothing daunted in their failure, have made arrangements to bring the matter before the Democratic national convention. They claim, moreover, to have strong backing from a number of the southern delegations, which have recently passed prohibition laws, and it is far from confident that Gen. Weaver's adherents that if the Democratic national platform does not contain a prohibition plank it will only be for the reason that the hardest kind of fighting has been unable to secure its adoption.

ANTI-INJUNCTION PLANK

The anti-injunction plank continues to provoke a large amount of discussion among such party leaders as have already arrived for the convention. While opinions differ as to the exact nature of the plank, it should be adopted, all are of one mind in saying that it shall be a definite and specific statement. Such members of the national committee as have discussed the matter are a unit in saying that the wording of the anti-injunction plank shall have no possible doubt in the mind of any reader as to where the party stands on this question.

It is not generally believed, however, that the anti-injunction resolution will provide for trials by jury in cases of contempt of court, or favor in any way measures which might be construed as interfering with the prerogatives of the federal courts.

The friends of Mr. Bryan say that such of his critics as are already expressing themselves in fear of a radical anti-injunction plank, are fighting it due to the announcement made by Norman E. Mack, national committee man from New York, that he has no authority to speak for Mr. Chandler, and that his interest in the movement was dictated by friendship and by a sincere belief that the New York official is well qualified to take second place in formulating this resolution is taken.

VICE PRESIDENCY

The vice presidential situation remains, to all appearances, just where it was yesterday, although the boom of Lieut. Gov. Chandler of New York seems to have weakened somewhat and his name is mentioned as prominently as it was two days ago. This is largely due to the announcement made by Norman E. Mack, national committee man from New York, that he has no authority to speak for Mr. Chandler, and that his interest in the movement was dictated by friendship and by a sincere belief that the New York official is well qualified to take second place in formulating this resolution is taken.

Only one new name was mentioned today as a vice presidential possibility. This was Gov. George E. Chamberlain of Oregon. He found much favor with some of the party leaders, and it is said that he will be personally acceptable to Mr. Bryan if the latter is nominated.

Sponsors for vice presidential booms located outside of New York state claim to be greatly encouraged by the fact that already five New York men have been mentioned as aspirants to the vice presidential nomination. They believe that with the New York delegation all

HER FEET WERE SORE AND CRACKED

Soles Seemed as Though Covered
with Knife Cuts—Could Not Bear
Weight of Feet Even on Pillow—
Was Long Unable to Walk—Many
Remedies Failed—Now Cured.

WILL PRAISE CUTICURA
AS LONG AS SHE LIVES

"Some four years ago I had the misfortune to have my feet get sore. The doctors could not tell me what it was. I used everything I could hear of or think of but all to no avail. The soles were all cracked across the bottom as if they had taken a knife and cut them every which way. They would swell up, and oh, my! how they did hurt when I would try to walk—which I was not able to do for a long time. One day one of our neighbors came to our house and asked what was the matter. I showed him my feet and he said he had some Cuticura Ointment which would heal them up. There was only enough to apply once, but I found it helped me so much that I sent for a set of Cuticura Soap, Cuticura Ointment, and Cuticura Pills, costing one dollar, and to my great joy, my feet were cured and have never troubled me since. I shall praise Cuticura as long as I live for the great help it has been. Mrs. Margaret Primmer, Plattin, Mo., June 20 and July 21, 1907."

TROOPS OFF FOR MEXICAN BORDER

Sent by Secy. Taft at Mexico's
Request to Prevent Any Viola-
tion of Neutrality Laws.

No Repetition of Disorders of a Few
Days Ago—Mexican Soldiers in
Large Numbers Take Field.

Washington, June 29.—By direction of President Roosevelt, Secy. of War Taft has issued orders to the commanding general of the department of Texas, at San Antonio, to send a sufficient number of troops to Del Rio, El Paso and other points in Texas to aid the civil authorities in preserving order.

This action was decided upon as a result of the request from the Mexican government that the United States do its utmost to prevent any violation of the neutrality laws.

The request of the Mexican government was referred to the attorney general by the state department, and the governor of Texas in the meantime was asked to aid in compelling obedience to the law.

The order of the president sending troops to the border is understood to have been made upon the recommendation of the attorney general.

Brig. Gen. Lyster, in command of the department of Texas, is authorized to ascertain the number of troops necessary at Del Rio and El Paso, and also to send troops to any other points along the Mexican border if found advisable. The federal troops will act under the direction of the United States marshal and the United States district attorney.

The troops' presence will also do much to prevent any outbreaks within United States territory and will be of material assistance in the event that revolutionists should cross the border. Del Rio is directly opposite Las Vacas, Mexico, where the principal disturbances have occurred.

QUIET NOW REIGNS.
City of Mexico, June 29.—Up to this evening no news of any sort had been received at the capital that would indicate that there had been repetition of the disorders similar to those which occurred at the towns of Viesca and Las Vacas. On the contrary, at the department of the interior, war and state, the statement was made that absolute quiet reigned in the regions where the two small bands had been operating.

Through private telegrams of inquiry received here this evening it was made evident that untruthful and sensational reports relative to captures and assaults in circulation in the United States. One story was to the effect that the town of Jimenez, a place of about 1,000 inhabitants, had been seized by revolutionists. At the interior department and at the office of the president of the Mexican Central railway the correspondents of the Associated Press were assured that the report was absolutely untrue. A telegram sent to Jimenez was answered by one of the officers at that place in the following laconic language:

"Have not seen any revolutionists around in the last few days. If they captured the town they overlooked the telegraph office."

AFTER INSURRECTIONISTS.
El Paso, Tex., June 29.—According to information from a reliable source of authority, the revolutionists, who have been active in the border, have been driven across the river from this city, to the effect that the 2,500 federal troops sent to Torreon, Coahuila, have taken the field in an effort to surround the forces believed to be responsible for the attacks on Viesca and Hacienda Matamoros.

Gen. Villar, of the third military zone, in command of the troops in the field, and according to the Mexico City Record, arriving here tonight, "the war department has left it entirely to the discretion of the general to organize and to distribute the various forces over the field."

Gen. Villar's plan of campaign, it is reported, was to drive the revolutionists, who have been active in the border, have been driven across the river from this city, to the effect that the 2,500 federal troops sent to Torreon, Coahuila, have taken the field in an effort to surround the forces believed to be responsible for the attacks on Viesca and Hacienda Matamoros.

NEGRO NOT GUILTY OF ORDER OF REDMEN BADGE

Chicago, June 30.—A dispatch to the Tribune from Danville, Ill., says: Circuit Judge Craig yesterday instructed the jury to return a verdict of not guilty in the case of Andrew Whitlow, charged with wearing the emblem of the Independent Order of Redmen while not a member of the order. The court held that the prosecution failed to present a certified copy of the records of the Redmen showing the emblem worn by Whitlow was the official emblem of the order, or of the by-laws showing that wearing of the emblem is restricted to actual members of the order.

PLANNING HIGHEST SKYSCRAPER IN WORLD

New York, June 30.—Plans for a new skyscraper which will overtop all New York's lofty buildings and the flag pole of which will pierce the sky at a greater height than the Eiffel tower in Paris, the highest structure in the world, were filed yesterday by architects for the Equitable Life Assurance society with the building department. The projected building for the Equitable will be a 62-story structure, 300 feet from the curb to the top of the tower upon which will be stepped a flag pole 150 feet in length. The ball on the flag pole will be 74 feet higher than the Eiffel tower. The main building, which will occupy the site of the present structure of the company on lower Broadway, covering an entire block, will be 34 stories, above which will rise a square tower of 28 stories capped with a cupola. The facade are to be of brick and granite. The structure is to cost \$10,000,000.

The last steel rivet was driven yesterday in the tower of the Metropolitan Life Insurance company building, the tallest office building in the world, and a flag floated from a pole 10 feet above the pavement. The building is 657 feet in height.
