FIGHT IS ON E. H. HARRIMAN.

Purpose is to Restrict Voting of 286-
 751 Shares of Ill. Central Stock
 At Meeting Next Wednesday.

Chicago, Oct. 14.—Stuyvesant Fish, through his attorneys, H. W. Leman, and Frank H. Culbert, of Chicago, and John H. Farver of New Orleans, today secured a temporary injunction which will, if made permanent, restrain the voting of the Illinois Central Railroad company, which would otherwise be voted in the interests of E. H. Harriman.

The suit is directed against the Union Pacific Railroad company, the Railroad Securities company, of New Jersey, and the Mutual Life Insurance company, of New York, which, combined, hold the stock of the Illinois Central.

THE PETITIONERS.

The petition was filed by ex-Senator George F. Edmunds of Vermont, John A. Jones of Iowa, Stuyvesant Fish of New York, and William H. Emrich of Chicago, stockholders of the Illinois Central.

It is claimed that the Illinois Central Railroad company has placed all of the stock which it holds in the Illinois Central, and in whose names the Railroad Securities company has placed all of the stock of the Illinois Central.

It is also charged that the acquisition of the stock of the Illinois Central by the Union Pacific, which took place in July, 1906, was concealed from the public and the stockholders of the Illinois Central, and was first brought to light by the investigations of the Interstate Commerce Commission.

It is further charged that in the effort to get a large percentage of the stock of the Illinois Central, the Union Pacific violated its charter by selling the stock of the Railroad Securities company of New Jersey, which was at the time owned by the Illinois Central.

New York and combined and conspired with E. H. Harriman and the Union Pacific Railroad company to aid the Illinois Central in getting control of the Illinois Central, and to that end, it is declared they proposed to vote the 5,500 shares of stock owned by the insurance company at the coming election.

It is claimed that the insurance company, under the laws of Illinois, cannot vote stock in the Illinois Central.

The bill declares that Directors Harriman, Peabody and Goelet of the Illinois Central are also directors of the Union Pacific, and alleges that E. H. Harriman dominates all the Union Pacific and all of the Illinois Central directors except Messrs. Fish, Cutting and Beach.

It is claimed that Harriman deposed Fish as president of the Illinois Central because he defeated the last year the election of one De Forest, a Union Pacific man, as director of the Illinois Central, and because he refused to let the Illinois Central be controlled in the interests of the Union Pacific.

It is set forth in the petition that the object and purpose of the Union Pacific is to perfect and perpetuate its control of the directory of the Illinois Central, in which by law all the corporate powers of the Illinois Central are vested, so as to have the Illinois Central operated to its irreparable injury and damage, as a mere feeder to the Union Pacific through its connections at Council Bluffs, Ia., and at other points.

It is also claimed that the Union Pacific company, which the petition declares, the Union Pacific controls absolutely.

It is claimed that under the laws and public policy of the Illinois neither the Union Pacific nor the Railroad Securities company nor the Mutual Life Insurance company can own and vote stock in the Illinois Central.

STOCK INVOLVED.
 The amount of stock of the Illinois Central to which the application of the injunction is directed is made up of 186,751 shares, bought by the Union Pacific, by E. H. Harriman, H. H. Rogers, James Stillman, Kahn, Leach & Co., in July, 1906, of which the Union Pacific owns 186,751 shares, the whole aggregating 286,751 shares out of a total of 500,000 outstanding shares in the Illinois Central, or a little over 50 percent of the stock.

It is believed that the attorneys for Mr. Harriman will tomorrow seek the dissolution of the injunction and it is not possible to state at the present time whether the arguments will be completed in time to allow Judge Ball to make a decision before the day of the annual meeting.

WHAT FISH SAYS.
 Mr. Fish said today, after the granting of the temporary injunction, that "I have all along been satisfied with the manner in which things were moving. I have never been obliged to seek any remedy, and I am satisfied that I shall not do so now. None can foretell the issue of a contest which is still in the future. The stockholders at large and in Europe are fully alive to the issue and are sending their proxies by the hundreds. I have every confidence in the outcome of the proceedings relating to the injunction."

CROMWELL TALKS.
 Chicago, Oct. 14.—Atty. William Nelson Cromwell, representing the interests of Mr. Harriman in the Illinois Central, said tonight:

"I am not at liberty upon the eve of the annual meeting to disclose the condition of the proxy holding, but I make myself personally responsible for the statement that Mr. Fish has been hopelessly beaten. His appeal to the stockholders has resulted in more than a majority of them declaring that they want no more of him and as a last resort in the hour of his disappointment he seeks to prevent one-fourth of the stock from being voted because he knows that will be fatal against him. Moreover he stifles his own record, because he has in the past voted a considerable portion of this same stock for his own election. He considered it valid to do so when he could vote it for himself. We have no fear as to the outcome of the fight."

SMALL ASKED TO RESIGN BUT HE DOES NOT DO SO.
 New York, Oct. 14.—President R. J. Small of the Commercial Telegraphers' Union left his hotel in this city today, and his further action in the matter of calling off the strike was in doubt. So far Small has not indicated whether he accepts his suspension.

Supt. Brooks of the eastern division of the Western Union said today that the Western Union is not interested in the acts of the strikers.

"Of course," said he, "we are willing to take back a certain number of the operators who quit us, but never will we take back those who are engaged in the acts of the strikers. Agitators will never again work for the company."

About 150 of the strikers, 10 of them women, gathered in City Hall park today and marched down to the Western Union building waving ribbons inscribed "We stick." After making a demonstration as a result of which two of the men were arrested on charges of disorderly conduct they dispersed.

Later today the telegraphers held a meeting, at which resolutions were passed calling upon President R. J. Small to resign immediately.

SUSPECT PAGE RELEASED.
 Spokane, Wash., Oct. 14.—Frank Page, arrested at Colfax on suspicion of complicity in the murder of ex-governor Harvey K. Brown at Boker City, was released today. While his appearance tallied with that of one of the men suspected of the dynamite outrage, he proved to be only an amateur detective.

Atwood, Jr., son of the secretary of the navy, are being held at the appraiser's building by Collector of the Port Stratton, until adjustment of the duties is made. When Mrs. Butters reached New York from Paris last week, she made a declaration that she was a non-resident and was permitted to enter her trunks in the trunk room. She made a declaration that she was not a non-resident, so she notified Collector Stratton that she was going to her home in Piedmont, and she had to intention of evading the customs laws.

The other girls asked how it came she was so late to see them. She told them she could be the same. If they'd use Hollister's Rocky Mountain Tea.

NATIVE CHINESE.

Maintain a Secret Service to Fight the Slave Traffic.

San Francisco, Oct. 14.—The Examiner says:

A secret meeting in Oakland last night of 60 members of the Chinese Native Sons of the Golden State revealed the fact that an elaborate secret service is maintained on the Pacific coast to prevent the Chinese from fighting the slave traffic which has become so prevalent within the past five years. The service is organized in the adoption of a plan to overthrow the long war and long organizations which have become a great factor in the protection of the slave dealers. The secret service system of the organization extends along the Pacific coast as far east as Montana.

At the meeting last night plans for drafting a petition to be presented to Secretary Strauss of the department of commerce and labor asking him to utilize the secret Chinese organization for the prevention of slave traffic, were adopted.

Hard Times in Kansas.
 The old days of grasshoppers and death are almost forgotten in the prosperity of Kansas today, although a citizen of Coffey, Earl Shamburg, has not yet forgotten a hard time he encountered. He says: "I was born in Coffey, and I can tell you that it was a hard time, and could find no relief till I tried Dr. King's New Discovery. It took less than one bottle to completely cure me. The shafest and most reliable cough and cold remedy and lung and throat healer ever discovered. Guaranteed by Z. C. M. I. Drug Store, 112-114 Main Street—50c and \$1.00. Trial bottle free."

WALKING ON TRACK.

Boy's Foot Caught in Cattle Guard, Train Kills Two of the Three.

Lorain, O., Oct. 14.—Matthews Glick, 5 years old, and his sister, Lucy, 11 years old, were run down by a Lake Shore train and killed last night on a crossing near Amhurst, and their aunt, Miss Sophia Glick, was fatally injured.

The three were walking on the track when the boy's foot became fastened in a cattle guard. An attempt to rescue him, his sister caught her foot in the guard. The woman was unable to release the children's feet and had stooped to unlatch the little box sliding door, when the freight train bore down upon them. The children were killed instantly and the woman badly injured. She probably will die.

 Lons-le-Saunier, France, Oct. 14.—The priests of the department of Jura, having generally refused to quit their parishes, which reverted to the commune under the church and state separation law, are now being expelled by the aid of gendarmes. At many places resistance was encountered. At Beloeil, the gendarmes were forced to break into the house of the presbytery in order to eject the priests who were surrounded by weeping women. At Poncey, after a long struggle, the gendarmes took possession of the hall in the tower of the church in order to prevent the priests from attacking the people.

Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. It is the result, and not the cause, of catarrh of the Eustachian tube.
