

# LABOR FEDERATION EXECUTIVE COUNCIL

For First Time in Ten Years Will  
Be Held in Chicago. Last-  
ing Six Days.

## POLITICAL ACTION POLICY.

Will Be Discussed—Union Claims,  
Jurisdiction Fights and Internal  
Disputes to Be Threshed Out.

Chicago, June 3.—For the first time in 10 years a meeting of the executive council of the American Federation of Labor will be held in Chicago. Sessions of the council will begin on June 13 and continue six days. It will be a regular quarterly meeting and labor questions of national importance will be taken up for consideration.

Chief among the questions to be discussed will be the political action policy recently adopted by the federation. The sessions of the council usually are held in Washington, D. C. Plans for the national labor political campaign will be made by the council at the sessions in Chicago.

The council is composed of 11 members, and the sessions are presided over by President Gompers. There will be two sessions a day. A large number of union claims, jurisdictional fights and internal disputes among the various affiliated unions will be threshed out and disposed of. Among the most important jurisdictional fights that will come up is that between the carpenters and the wood workers, which is of several years' standing, and has caused much bitterness on both sides.

The carpenters insist that the wood workers should give up their charter, dissolve their organization and join the carpenters' union. Their attitude is based on the ground that the two crafts practically are identical, and that dual organizations are a detriment to the best interests of the craft. The wood workers urge with equal vigor that there is a wide difference in the two trades and cling tenaciously to their individual organization.

## JUDGE LOCHREN'S SUCCESSOR

President May Name Milton D. Purdy,  
Assistant Attorney General.

Washington, June 3.—That the president may name Milton D. Purdy, assistant to the attorney general as federal judge for the Southern district of Minnesota to succeed Judge Lochren, during the recess of Congress is regarded as entirely within the range of possibility. Congress adjourns without having confirmed Mr. Purdy, whose appointment took place several months ago.

Judge Lochren had expressed a desire to avail himself of the statute providing for voluntary retirement from the bench and when his desire became known the president sent the name of Mr. Purdy to the senate as his successor. Senator Nelson, who is a member of the senate committee on judiciary, favored the appointment of W. E. Hale, a prominent lawyer of Minnesota, and he would not consent to Mr. Purdy's confirmation.

Atty. Gen. Bonaparte was under the impression for some time that Judge Lochren had already retired, and as told Mr. Roosevelt, but he was informed recently that the retirement had not actually taken place. No vacancy occurred during the session of the senate and the president is therefore at liberty to send in a recess appointment if he sees fit.

## MURDERED BY MOROS.

Manila, June 3.—News that Harry Ickis, a government mining expert, and companion, were killed by Moros on April 1, while asleep in a hut, has just been received here. Ickis was engaged in a geological survey work and was accompanied by one guard. While sleeping in a hut in a remote

If every woman would realize the danger of allowing the blood to become thin and poor, would understand that a majority of common diseases are caused by an anæmic (or bloodless) condition, that persistent pallor means that the blood is not furnishing the organs of the body with the required amount of nourishment, there would be an awakened interest in the tonic treatment with Dr. Williams' Pink Pills.

Thin blood means starved nerves, weakened digestion, functional disorders, headaches, possibly neuralgia, sciatica and even partial paralysis.

## Dr. Williams' Pink Pills

build up the blood, repair waste and prevent and check disease. They are for men and women, young and old. Send today for free book on "Diseases of the Blood."

sec. per box; six boxes, \$5.00 at all druggists. Dr. Williams' Medical Co., Schenectady, N. Y.

## section of the mountains the two men were murdered in their beds by two Moros, brothers, whose father was killed 15 years ago by Spaniards. It is said that the two Moros murdered Ickis and his guard in revenge against the whites for the killing of their father. Ickis' home was in Creston, Ia.

## EMPLOYER RESPONSIBLE FOR DEATH OF EMPLOYEES

Chicago, June 3.—A coroner's jury decided yesterday that Walter J. Stuess, president of the Suess Ornamental Glass company, was responsible for the death of five of his employees (besides his own death), who were burned to death in a fire which destroyed the building May 21.

Stuess himself died a few days ago as a result of burns which he suffered at the fire.

Former employees of the glass company testified that the only two exits from the working rooms of the plant were locked during working hours, and in order to leave the building the employees were forced to pass through the office.

## HOUSED FROM RUSSIA.

St. Louis, Mo., June 3.—Hounded from Russia by the "avengement," a Russian secret society composed of peasants, because he had broken one of the direful oaths exacted by the order, and forced to lead a roving life to escape death at the hands of those detailed to right the wrongs had done the society, Joseph Deodola, 35 years old, yesterday paid the pen-

alty for his alleged unfaithfulness, while his life.

The story of Deodola's life in Russia and subsequent nomadic existence in America, was yesterday told the police by two of his countrymen. Deodola's body was found floating in the river Des Peres. An ugly gash was on the left side of his face. Three other cuts, which might have been made after he was dead, combined to form a livid letter "A."

## VERDICT FOR DEFENDANTS.

Officers of Gold Leaf Con. Mines Co. Charged With Fraud.

Denver, June 3.—The federal court yesterday in the trial of J. Manning, John J. Hoban, and J. D. Williamson, on a charge of using the mails in furtherance of a conspiracy to defraud, Judge Lewis instructed the jury to return a verdict of not guilty. The defendants were officers in the Gold Leaf Consolidated Mines company, and it was charged that they had misrepresented the value of the company's properties, and had defrauded the stockholders to the amount of about \$20,000. In his instructions to the jury, Judge Lewis said that sufficient evidence had not been produced to show that a conspiracy existed.

## ALLOTMENTS FOR IMPROVING OF ALASKA ROADS

Seattle, June 3.—The Alaska road commission, composed of army officers, which has been in session for several days in this city, has finally made its allotments for the coming season, amounting to a total of \$308,000. The great main winter trail to the interior from Valdez will have \$116,000 spent on it to widen it in places, the famous Keystone canyon passable during all kinds of weather and carve a road out of the mountain side on the big delta river. Many new mining camps will be connected with rivers which are navigable and the old camps will have new roads constructed to hasten their development.

## PROTESTS HIS INNOCENCE.

William Jeffries Says He Will Go to The Scaffold Doing It.

St. Louis, Mo., June 3.—"I shall go to the scaffold, if God gives me strength, protesting my innocence. I am ready to meet my Maker and I will not be long until others in the plot against me will follow. The fact that the man who first arrested me has committed suicide is evidence that the plot has been successful."

In these prophetic words William Jeffries, whom Gov. Folk last night refused a third reprieve, announced himself as ready to forfeit his life on the gallows early tomorrow morning at St. Charles, where he is to be hanged for the murder of William Wussler, a dairyman, April 5, 1905.

## NO MERCY FOR SMUGGLER.

President Refuses to Intercede for Civil War Veteran Who is One.

New York, June 3.—President Roosevelt has just refused to intercede for an old Union army veteran who is now serving time for the part he took recently in smuggling articles from France into this country. The appeal to the president was made in behalf of Austin Montayne, who until recently was connected with a firm of importers. Montayne is now in the prison hospital on Blackwell's island, in feeble health. Montayne was sentenced to four months' imprisonment, and several other indictments were found against him in addition to the one on which he was sentenced. The men by whom he was employed were released upon payment of a fine of \$500.

The appeal to President Roosevelt was based chiefly upon the civil war record of Montayne. In despite of several thousand words in his lawyer's petition the sympathetic side of the president.

President Roosevelt's reply was that he did not see fit to interfere.

## PEDESTRIAN TOUR OF A LANDSCAPE GARDENER

New York, June 3.—Julius Lepleux, a landscape gardener, who for the last 13 months walked from San Francisco to New York by way of New Orleans and St. Louis, will leave this morning upon a pedestrian tour which will end in Market street, San Francisco.

Mr. Lepleux is a member of the horticultural society of California, and during his leisurely journey across the country, he has tarried in several cities to learn things in landscape gardening from those who could teach him and to teach those who in turn teach him.

"There is a great deal in this country that cannot be seen from the windows of a railroad train," he said. "I would advise persons who do not feel well to follow my example and walk a few hundred miles."

## J. H. SMITH'S ESTATE APPRAISED AT \$23,000,000

New York, June 3.—Transfer Appraiser William P. Gregg of Port Jervis has made his report to Surrogate John B. Swezey, on the estate of James Henry Smith, who at the time of his death while in Japan on a tour around the world resided at Tuxedo Park, Orange county. The personal property is valued at \$21,240,447.96, of which \$12,016,985.60 is in bonds. The real estate is \$2,416,987.50. Debts and expenses of administration are \$1,690,577.48, leaving \$21,966,957.48 for distribution to legatees.

Appraiser Gregg finds that there is \$4,088,918 on which the 1 per cent transfer tax is collected, and \$17,632,127.48 for the 5 per cent tax. The estate will receive \$23,495.55. His wife, Annie Armstrong Smith, will receive \$3,000,000.

## STUDENTS FROM INDIA.

Say They Are Being Annoyed by Scotland Yard Detectives.

New York, June 3.—Three students from India, who are guests of the Society for the Advancement of India at India House, this city, complain that they are being annoyed by English detectives, although they deny that they came to this country to execute interest in any revolutionary movement in India.

One of them said: "We have been much annoyed here by Scotland Yard detectives. They have watched the building constantly and have followed us upon the street, besides taking many photographs of us. They say we are in league with Irish societies to stir up further unrest in India. There is nothing in this silly talk. There is great room for improvement in India, but none of us entertain any notion of a forcible revolution."

M. H. Rashid and J. C. Gossain, both of Bengal, say that they have already chosen the fields in which they are to study. Rashid will attend a summer school of the University of Michigan at Ann Arbor. Gossain will attend the shops of an electrical concern at Schenectady. James Marcus, the third member of the first delegation of Indian students, has not made a decision yet.

Although there are 40 students from India in California the opening of the India House in this city marks the be-

ginning of systematic work for the Indians in the university of the east. The students now here say they will soon be joined by 50 more from various parts of India.

## LACKAWANNA TO USE TELEPHONE FOR DISPATCHING

New York, June 3.—The Lackawanna railroad is preparing to replace its telegraphic system of train dispatching with the telephone. Poles have been set and wires are being strung on the section between Scranton and Binghamton, and work will be begun on other parts of the road as rapidly as supplies can be got. The officials expect that the new system will be in use on the Scranton-Binghamton division and over the whole road in a year.

For some time the Lackawanna has used the telephone largely in giving orders between its various offices and the offices of the general divisions. The telephone was found so much more satisfactory than the telegraph that it was decided to use it for dispatching also.

Several western roads have adopted the telephone system. Railroad men say that in time the telephone will supersede the telegraph in the dispatching of trains.

## A DOUBLE MURDER.

Ben Oliver Kills His Sister and Her Husband.

Stuttgart, Ark., June 3.—Other than to say that his sister had been wronged, Ben Oliver, a young farmer, who was lodged in the county jail at Dewitt last night, charged with the killing of his sister and her husband, a man named Stanley, can give no reason for his crime.

Mrs. Stanley was shot and killed while at work in the garden of her home near here. After shooting the woman Oliver entered the house and fired on Stanley, who was in bed sick, inflicting wounds resulting in his almost instant death. Hurrying to escape he was in the act of climbing a fence when his weapon shot out, was accidentally discharged, the charge of shot tearing away almost the entire side of his face. He was picked up by a train crew and brought here for medical attention, but being turned over to the sheriff and lodged in jail at Dewitt.

Regulates the bowels, promotes easy natural movements, cures constipation—Doan's Regulators. Ask your druggist for them. 25 cents a box.

## OLD MAGAZINES OLD SONGS.

Every household contains them, but few think of preserving them in neat and convenient shape; you can have them bound in any style, and at any expense you may decide on, at The Deseret News.

## DIDN'T KNOW WHICH GOT HIT.

An Irishman, passing along the street one day, saw a bit of red mud by a brick which had dropped from a new building. He consulted a lawyer, who advised bringing suit. The case came before the proper authorities, and the man was awarded \$50 damages. Wishing to settle with the lawyer who had conducted the case, he asked for the bill.

"Well, I think \$50 will be about right," said the lawyer. After a while, observing that the Irishman was evidently puzzled over some knotty question, he asked what was the trouble. "Begorra!" replied the Irishman, "I was just wondering who got hit—you or I!"—Judge.
