LEAD quotations, New York, per 100 lbs., \$4.25.  
 JACK GRIFFITHS was arrested this afternoon, drunk.  
 A DRUNKEN soldier was lodged in the city jail this morning.  
 WELLS, Fargo & Co. to-day received Milford ores, value, \$750.  
 S. ALEXANDER and wife will leave for New York to-morrow, via the D. & H. G.  
 A MAN named Elmore was arrested this morning, charged with petty larceny. He was fined \$15.

SILVER quotations, corrected daily by Wells, Fargo & Co. New York \$1.04 1/2; London, 48 1/2-162.

HENRY McKee was found at the back of a saloon on First South Street this morning, in a state of beastly intoxication. He was taken to the City Jail and placed in jail.

Mrs. M. J. BURROWS, the popular pianist, arrived home from a trip to California yesterday, having visited the cities of San Francisco, Sacramento, and the famous summer resort, Monterey.

A row occurred in the Eureka saloon this morning, between Bennett Treloar and James Crawford, in which the latter was cut and battered. He claims that Treloar cut him with a knife and beat him with a billiard cue.

The annual meeting of the 21st Ward Primary Association was announced to be held this afternoon, in the meeting house of that ward, and a number of visitors from other wards were expected to be present.

YESTERDAY afternoon John Wm. Snell, Jr., was taken before Judge Zane, who committed him over to \$750 bonds to appear and testify before the grand jury of the September term of the Third District Court.

The 23rd Quorum of Seventies and the scattered members of other quorums residing in the 7th, 4th, 5th and Farmers' Wards, will hold their regular monthly meeting this evening, commencing at 7:30 p.m., in the 7th Ward meeting house.

READ the advertisement of Mr. B. B. and Madame Mazzucato Young, relative to their school of singing, which opens on Sept. 21st, and the competitive examination for one year's tuition, free of charge, on September 15th, open to all who desire to compete.

## **LOCAL NEWS.**

**"Mikado."**—The first regular rehearsal of Sullivan's new comic opera, "Mikado," was held at Carleton Music Palace last evening. About forty persons were present, and the rehearsal was most satisfactory. The cast of characters is completed, and the piece will be produced at an early day.

**More Diphtheria.**—Last evening the son of Mr. Sadler, Twentieth Ward, fell a victim to diphtheria. He was about twelve years of age.

The quarantine physician, this morning, reported that another case of the disease had appeared in the family of Jos. Wm. Sanders, in the Twentieth Ward, the sufferer being a four-year-old boy.

**The Larceny Case.**—This morning the young woman arrested on Tuesday on a charge of larceny, was tried before Justice Speers. The complaint was made by J. G. Brooks, who alleged that there had been stolen from his room at Mr. S. H. Auerbach's, a diamond stud, necklace, and photograph, and he had the girl who had been employed in the home arrested for the theft. Several mysterious circumstances which were considered as evidence of guilt were satisfactorily explained by the testimony in the case, and there being no evidence to warrant the holding of the accused, she was discharged.

**Flowing Well in the Eighth Ward.**—Rogal B. Young was successful day before yesterday in obtaining a flowing well in the Eighth Ward, by driving down to a depth of 20 feet, after making three unsuccessful short distance away, where he drove down over 100 feet, and lost a lot of pipe by its breaking down in the ground, when an effort was made to lift it. The soil in that vicinity, after getting below the surface, seems to consist of solid clay for a very great distance down. The outflow from his well is only three to four gallons per minute, but it is excellent water.

**Burglary at Sandy.**—By special telegram from Sandy we learn that E. Holman's store at that place was burglarized last night. The back door was pried open and an entrance by that means effected, after which a hole was drilled in the door of the safe and the bolt broken. The burglar then, we presume to be unknown, as no names are given, did not get away with a great deal of booty as they only found about fifteen dollars in change in the till and seemed to take anything else. The checks and other valuable papers were unharmed, and the other contents of the safe were found this morning scattered on the floor.

**Death from an Unusual Cause.**—L. Charles Nield sends us from Meadow Creek, Millard Co., an account of the death of Emma Lees Dame, daughter of Joseph S. and Sarah Rebecca Dame, aged 2 years, 11 months and 21 days, which resulted from a peculiar cause.

It is supposed that on the 24th ult., the deceased, while without shoes, trod on an insect, that stung the bottom of her foot, as a swelling in that part extended upward until the 29th ult., when it proved fatal.

The funeral was held at Meadow Creek on the following day. Our correspondents advise that perhaps a little caution to parents will prevent the occurrence of such cases in the future.

**From Bear Lake.**—From a gentleman just down from Bear Lake Valley we learn that this has been an unusually good year for farmers in that region, as no frost has yet visited the valley. There was rather more grain sown this year than ever before, and it is likely to yield well, though no threshing has yet been done. The hay crop has also been very good, but some damage was caused to that which happened to be cut and still in the fields when the late heavy storm came. The dairies, of which there are quite a number in that valley, have all done well this year. The Paria Co-op dairy, which has been noted for the excellence of its products, has been making on an average about 450 lbs. of cheese per day this season. A good many of the cows kept at this dairy are owned by the company, and the others are taken on shares; and this same plan is followed by several of the other dairies in that region.

**Oil Stoves.**—Those who have used them pronounce the A. & W. "Monarch" oil stoves, of which Z. C. M. I. has the agency for this Territory and which are advertised in our columns, to be among the very handiest things a family can have. There is positively no danger from them, there being a wire gauze inside the reservoir, on the principle of the Sir Humphrey Davy safety lamp, which renders them non-explosive; a fire can be started in an instant, and extinguished as quickly, there is no dirt, nor disagreeable odor from them; baking, boiling and steaming can be done at the same time and with the same heat by them in as perfect a manner as upon any other stove; they are quite ornamental and can be used for heating a room or heating iron for laundry work, and, the best of all, they are quite economical, as the quantity of oil consumed is very small. For use in rooms where a continuous fire is not desirable, and especially in warm weather when a fire in the house is only wanted occasionally and for a short time, and when it is an advantage to have the room heated up as little as possible by the stove, they are exceptionally handy, and they are fast growing in popularity. Z. C. M. I. keeps all sizes of them.

**Arrested for Forgery.**—Last evening, at the instance of Mr. Reilly, a clothing merchant in this city, the police arrested W. H. Dougherty, a young man from Tintic, who has been in the employ of Patsy Shea, of that place. On Tuesday night Dougherty presented a check for \$25 to O'Reilly, and requested him to cash it. Mr. Shea's signature, "per D.," was endorsed on the check, Dougherty admitting having written the name, but claiming authority to do so. Reilly was very anxious to get the money, saying he wanted to go to Bingham in the morning. Mr. Reilly then gathered \$250 on the check, with the understanding that he should pay the balance on Dougherty's return. Finding, yesterday, that the young man had not gone to Bingham, Reilly telegraphed to Mr. Shea, who requested Dougherty's arrest, which was complied with. A portion of the money, \$140, was obtained by Reilly from Goldberg & Co., and was returned to them by Dougherty, who, this morning, turned over \$100 to Reilly. Mr. Shea is expected to arrive in this city this evening, and the examination of the case has been set for to-morrow.

**The Salt Harvest.**—This is the season for the salt harvest, and the crop this year, though unusually late, owing to the extraordinary height of the lake, is proving very heavy. Nearly all the sloughs or lagoons along the lake are utilized by parties who are engaged in the salt business as evaporating receptacles. This is done by allowing the water when highest, or when a wind from the west prevails to run into them and then before it recedes throwing up dams to keep it there. Some pure specimens of crystallized salt are obtained in these evaporating ponds by placing brush or any object in the water to which the salt will adhere. A very pretty specimen, collected upon a grassweed shrub, which has only been about three weeks in forming, was brought to our attention this morning from the ponds of Mitchell Brothers, same place from which the beautiful specimens on exhibition in the windows of the D. & R. G. Railway office on Main St. were obtained. These brothers expect to gather this year from their ponds, which cover some eight or ten acres, about 4,000 tons of salt.

**The Tenth Test.**—Several thousand people gathered last evening at the corner of Second South and East Temple street to witness the second exhibition of the Harder Hand Grease Company. This test represents a burning building, in which the flames were allowed to burn deep into the boards and then were extinguished in less than thirty seconds. A very fine illustration was given of how to extinguish a burning fire or a fire within a partition where it is so difficult to reach it with water. Four 16-foot boards being soaked in oil and then, being nailed together at their edges and placed upright. The moment the flames were applied at the bottom the flames shot some fifteen feet out of the top and burned profusely until the boards began to crack and warp as if about to fall, when two bottles broken at the base of the chimney-like structure quenched the fire throughout its entire length. The boards were torn open and not a spark remained, much to the satisfaction and delight of the immense assembly. The test was certainly a complete success.

**Recovered His Sight.**—We have received a letter from Geo. W. Russell of this city, informing us that his son Alexander had a film grow over his eyes or a sediment settle in the pupils about four months since, and that it appeared as though he was going to lose the sight of them entirely. He consulted various oculists who considered the case rather a serious one and in view of that fact demanded \$150.00 if they attempted to operate upon his eyes for the restoration of his sight. Only one of the number offered to do it for as low a figure as \$100. Not feeling able to pay such an amount he applied to Dr. W. E. Anderson of this city, and he added: "Thanks to the doctor and the Father of us all, his eyes are apparently as well as ever and his sight as clear."

**Bold Burglary.**—Another burglary was committed at the Excelsior Bakery, on East Temple Street, this morning. The thieves entered the store after the men had started work in the basement, at 6 o'clock, and secured \$1.50 from the till—all there was. Nothing else has been missed. The workmen opened the back door at 8 a.m., to let in the air, and fastened the wire door on the inside. The burglars took off the wire, unhooked the latch and gained entrance to the front store by removing the lock-catch from the door frame—in precisely the same manner in which the store was broken into a short time ago, and the work was evidently done by the same parties, who seem to be well acquainted with the premises.

**Scholarship Competition.**—On the 15th instant a competitive examination will be held at Calder's music warehouse, by Mr. B. B. and Madame Mazzucato Young, to determine who shall be awarded the one year's free tuition, at the School of Singing. The offer made is general, and any who desire it may have the privilege of competing. Members of ward choirs, societies, or others wishing to take part should send in their applications by Sept. 12. The question of singing will open Monday, Sept. 21st.

**Where is "Chicken Charlie?"**—L. Davis, a gentleman residing on 5th South Street, in the Ninth Ward, has been at some trouble to raise four large beautiful geese, and set considerable store by them. When the family retired last evening the birds were, as usual, in the yard at the back of the house, but when they arose this morning their pets were missing and no trace of them has since been found. The question is now very pertinent, "Where is 'Chicken Charlie'?"

## **TERRITORIAL ITEMS.**

CULLED FROM LATEST EXCHANGES.

**James Johnson,** a Butte contractor, took his departure from that city, leaving bills to the amount of \$800 unsettled.

On Sunday last, the fourth child of Mr. Jos. Hill, of Smithfield, Cache County, was buried, all having been victims of diphtheria.

A son of Thaddeus Huff, of Lewiston, Idaho, on Sunday evening with two companions, started from his father's home, on horseback, to go to a neighbor's. The boys were riding pretty fast, when young Huff's animal stumbled and fell on him, injuring him severely. He is still in a critical condition.

Last Monday a little girl who was suffering from a severe case of diphtheria, was brought from Hyrum to Logan for medical attendance. The physician waited on her, and sent her back home, after which the house in which she resides was quarantined. There are three other cases of diphtheria in Hyrum.

Last Saturday morning a little son of Mr. John Beach, of Logan, Cache County, became angry at his mother and picked up a small stone into his own ear, thinking as he would be getting ready to go to school. He used considerable force in pushing it in and it fell into the middle ear. He was taken to Dr. O'Quinn, who put him under the influence of morphine and endeavored to get the rock out, but as he had no instrument which would chip it, he was unsuccessful. The boy was sent to this city for treatment.

On the 25th of August, at Red Fork, Indian Territory, Capt. Daniel McQuinn, who served as a Union scout during the war of the rebellion, filled himself with liquor, and proceeded to carry out a threat to "shoot the town." Without any provocation, he shot and instantly killed Mrs. Jane Owens, wife of a local cooper, and then started for the house of George Perryman, with the intention of closing his mortal carter. Mr. Perryman, however, was warned in time to procure his gun, and when Childers was about to put his fatal shot into execution, fired, killing him.

George Hill, a youth 16 years of age, fell from a wagon loaded with grain, on Saturday last, in Spanish Fork, and was instantly killed. He came with his brother he had been loading the wagon with grain, George being on the wagon with his brother below pitching the grain up. The horses started suddenly, and George was thrown overboard, and he was killed by the horses, his neck being broken. Before his brother reached him, the unfortunate young man had breathed his last.

On Tuesday last the Union Pacific West bound express entered Laramie, Wyoming, in two sections, ten minutes apart. Just after the first section arrived, a woman from the West. Side came across the main track with a couple of water pails hanging from a yoke across her shoulders, which she proceeded to fill at the hydrant, and then started down the track for home. She was watching the train that had just come in, and paid no attention to the second section, which was bearing down on her at the rate of 30 miles an hour. A policeman who happened to be near, seeing the woman walking along in an abstracted manner, grabbed and saved her from death, by pulling her off the track, just as the engine of the passenger train went past.

On Sunday, August 26th, the Marysville crowd, who were a party of eight men, from Helena, Montana, and the treasure box, containing about \$12,000 in bullion from the Drum Lumber mine, was taken. The passengers were relieved of their valuables. One of the robbers, who was the driver of the stage, and when the treasure box was being broken open and the money captured the robbers and recovered the booty. The passengers were made to stand in line at the side of a gun held by one of the highwaymen, while the other went through them the old-fashioned manner. The prisoners are named Jackson and Gordon. Gordon will be released and get a reward of \$500. Jackson has served seven years in the California penitentiary for robbing. He claimed that Gordon has worked the same scheme before, giving away plots for robbery and getting reward.

On the 23rd of August the bodies of two murdered men were found on Dry Fork, about two miles from the face and Fox Agency, Indian Territory. The names of the men were A. P. Goodkowitz and Frank P. Cass, and their bodies were riddled with bullets, the killing evidently having been done while the men were asleep at a place where they had camped for the night. They had started from their homes at Virginia, Indian Territory, for the lawless and lawless country, for the purpose of buying cattle, and arrived in a light buggy. The robbers secured the horses and \$50 or \$60 in money which their victims had with them. Both men were adopted citizens of the Cherokee Nation, and had families. Goodkowitz was the proprietor of the largest hardware establishment out, and the most prominent men in the Indian Territory. Cass was also a highly respected citizen. Rewards have been offered for the apprehension of the murderers.

Miss Kellogg, of Coaville, starts over the narrow gauge to-morrow for Philadelphia.

P. D. SPRAGUE was arrested this morning, charged with driving on a sidewalk, contrary to city ordinance.

MCCORMICK & Co. to-day received two cars Hanauser ore, value, \$4,700; Crescent ore, value, \$5,800; total, \$10,500.

JAMES HOLLAND was arrested this afternoon, on the charges of drunkenness, vagrancy and refusing to pay for a meal which he obtained at a restaurant.

**A STARTLING LETTER FROM TEXAS.**—BRENE, Hill County, Texas, June 29th, 1883. Gentlemen,—It affords me great pleasure to send you the report of the wonderful popularity of your BROWN'S SASSAPARILLA and Dandelion Juice of Pottsville, this section. First, I sent an order for a dozen and soon sold it all. Its medicinal effects made it all this time. About five weeks ago I received a gross and have now only 15 bottles left, parties taking six bottles at a time. Dr. J. F. Myrick, one of our leading physicians, testifies to having cured himself and one of his children of RHEUMATISM by its use. I will soon send for another gross. Yours very truly, T. F. BYNUM. To Brown Medicine & Manf'g Co., Leavenworth, Kansas.

**AN END TO BOVE SCRAPING.**—Edward Shepherd, of Harrisburg, Pa., says: "Having received so much benefit from Electric Bitters, I feel it my duty to let suffering humanity know it. I have had a running sore on my leg for eight years; my doctors told me I would have to have the bone scraped or leg amputated. I used instead three bottles of Electric Bitters and seven boxes Bucklen's Arnica Salve, and my leg is now sound and well."

Electric Bitters are sold at fifty cents a bottle, and Bucklen's Arnica Salve at 25c. per box at Z. C. M. I. Drug Store. The gloomy fears, the desponding views, the weariness of soul that many complain of, would often disappear were the blood made pure and healthy before reaching the delicate vessels of the brain. Ayer's Sarsaparilla purifies and vitalizes the blood, and thus does much to health of body and sanity of mind.
