## RELIEF COMMITTEE MAKES ITS REPORT

Junction City Contributed Approximately \$25,000 for San Francisco Sufferers.

## REFUGEES FED AND CLOTHED

To the Number of 12,000 to 15,000 and Many Given Medical Assistance.

Ogden, May 12.—The San Francisco relief committee which has done such excellent work during the past three weeks in Ogden for the relief of the suffering of their fellow men, has completed its labors and has been discharged with the hearty thanks of Mayor E. M. Conroy, who appointed the members. A few days ago an auditing committee composed of A. R. Heywood, James Pingree and L. Reynolds was appointed by the mayor to audit the receipts and disbursements of the committee, which it has done, and reports having found everything absolutely correct, and highly commended the committee's noble and generous work, it having supervised the receiving and disbursing of cash and merchandise which would total about \$25,000 in the relief work. Besides the thousands of dollars worth of clothing, bedding and food sent to San Francisco from Ogden, and the expenditure of \$6,180.10 for eatables, etc., for the care of the thousands of refugees from the stricken city, who passed through Ogden en route to various points east, the committee had a balance of \$1,031.06 left over, which amount has been forwarded to J. D. Pheasant, chairman of the San Francisco relief committee by Mayor E. M. Conroy.

The relief committee report as submitted to the mayor, which gives a concise statement of their work, follows: Ogden, Utah, May 11, 1906.—E. M. Conroy, Mayor, Ogden City. Dear Sir: The committee on relief for the benefit of the sufferers of the late disaster at San Francisco, appointed by you on the morning of April 20, 1906, wishes to report as follows: Enclosed find attached list of cash contributions to the amount of \$11,211.16. Appended find vouchers for expenditures to the amount of \$11,211.16. A complete list of cash collections and expenditures will also be found in the local daily papers. In addition, we have received listed contributions to the amount of several thousand dollars in merchandise. Other contributions in merchandise to the value of the total subscribed in cash and merchandise would be about \$25,000. Roughly speaking, the value of the goods sent by the school children of Ogden, this committee has been partially if not wholly instrumental in forwarding about eight full cars of food and clothing to the sufferers at San Francisco. In addition to the above, we have fed and clothed from 12,000 to 15,000 refugees at our quarters at the Ogden Union

**\$50,000 DAMAGE SUIT.**  
Against U. P. Ry. Co. Instituted by Crippled Switchman Now Being Heard.

Ogden, May 12.—A \$50,000 damage suit against the Union Pacific Railroad company is now on trial in the Second district court before Judge J. Howell. The plaintiff in the action is William B. Call, a man about 30 years of age. The securing of a jury to hear the case was commenced yesterday afternoon, and continued this morning. Both sides are very careful as to the jury it will accept to hear the case. The plaintiff appears before the jury with both legs amputated just below the knees, and expects to prove that one year ago this month while employed in the Union Pacific depot yards in this city as switchman, he met with injuries that necessitated the amputation of his limbs, that the accident occurred through the carelessness of the railroad company.

The case of the Pacific Collecting Bureau against Thomas Dorton et al., was completed and submitted to the jury yesterday afternoon, who after a short deliberation brought in a verdict in favor of the plaintiff for \$120.65.

**CITY BOARD OF EDUCATION.**  
A short session of the board of education was held last evening. The treasurer's report showed cash on hand \$23,871.11. Interest due June 1, on New York bonds, \$875, and interest due Ogden City of \$396 on loan of \$8,800, and warrants were ordered drawn for the amounts.

The application of Miss Helen Paul of this city for a free scholarship in the state university was received and it was decided to recommend her for the same to State Sup't. of Public Instruction Nelson. It was decided to open the bids for

the construction of the addition to the Lewis school May 21, and the clerk was instructed to advertise for bids for the plumbing and heating of the addition. Supt. Allison's report was received showing an enrollment for the past month of 4,319, with an average daily attendance of 4,127.

**RAILROAD EMERGENCY HOSPITAL.**  
Another improvement decided upon at the Union depot will be the establishment of an emergency hospital. One of the buildings in the small building located to the north of the main depot building will be fitted up for an emergency hospital, where sick and injured can be cared for, instead of taking them to the baggage room as heretofore while waiting to be taken to the general hospital; another room will also be added to the building to the south, which will be occupied with part of the old building by the telephone operators. The remodeling of the main depot building is to be commenced next week.

Nichols' band will give an open air concert tomorrow afternoon at 4 o'clock on the City Hall square.

According to Mr. Thomas' statement upwards of \$1,000 damage was done. The building itself did not suffer much, but the stock of goods on hand consisting of every preparation in a barber's line, was a total loss. The bed and wardrobe of Mr. Thomas, which was of no small consideration was also destroyed. More damage was done by the fire extinguishers than by the fire itself. In a rush everything was thrown out on the street and a great deal of loss resulted. The unfortunate proprietor was at a show in Salt Lake City while his goods were going up in smoke. He arrived home just in time to see the last results of the first fire. The fire broke out again at 3 o'clock in the morning and the supposition is that the fire was the work of incendiary.

There was a little insurance carried on the place but Mr. Thomas thinks he will not be able to cover the loss. Monday, funeral services over the remains of young Arthur while held in the Murray ward meetinghouse, Councilman Wm. H. Haigh presiding. The speakers all referred in glowing terms to the good character of the deceased. He was a bright boy of 15 years, and died of cerebro-spinal meningitis.

Mrs. Harriet Honeysett, of Union, the esteemed old lady who has been a mother to many missionaries in her native land, was buried Wednesday from the Union ward house. The speakers, all of whom had partaken of the goodness and hospitality of Mrs. Honeysett, spoke in a most commendable way of her life's work. Her character and amiable disposition, they said, had won the love and respect of all who made her acquaintance. Especially did she win the hearts of the Elders who visited her home in England. For many years Mrs. Honeysett has been a sufferer from a cancer of the stomach. Notwithstanding she lived to the ripe age of 81 years. Interment took place in the Salt Lake City cemetery.

## PROMINENT PROVO MAN DIES.

Abraham Halliday Expires Suddenly From Attack of Heart Failure.

(Special to the "News.")

Provo, May 12.—While sitting down to breakfast this morning, Abraham

Halliday, a prominent citizen of this place, expired suddenly from an attack of heart failure.

When Mr. Halliday entered the breakfast room and sat down, members of the family noticed that he appeared to be in distress. He lay down in his chair and would have fallen had not some of his family rushed to his assistance, but before anything else could be done, passed away.

Mr. Halliday was born Aug. 25, 1824, at Fellingley, Warwickshire, England. He joined the Church in '49 and came to Utah with his family in '52. Since that time he had resided at this place, and for a number of years was a counselor to the bishop of the Second ward.

He was quite prominent here in civil and religious affairs, and was an honorable and useful citizen.

For some time Mr. Halliday did not enjoy good health, but it was not thought that anything of a very serious nature ailed him.

He leaves a wife and 15 children, several grandchildren and other relatives. Honora Marie, the four year old daughter of Mr. and Mrs. J. E. Geafe, died this morning from scarlet fever. The burial took place this afternoon.

## SPORTING MAN AFTER MINISTER.

Becomes Indignant at Citizen Who Believes in Law And Order.

## CHARGES HIM WITH PERJURY.

Wants to Have Him Arrested But Attorney's Office Refuses to Issue Warrant.

James Donaldson, principal promoter of the Corbett-Hyland glove contest that was arranged to take place in Salt Lake on April 28, but which was prevented at the last moment by the interference of Sheriff C. Frank Emery, yesterday afternoon swore to a complaint in the criminal division of the city court, charging Rev. D. A. Brown with perjury. Mr. Brown is pastor of the First Baptist church, and it was mainly due to action on his part that the fight was called off. It is alleged in Mr. Donaldson's complaint that on the day of the proposed contest Rev. Mr. Brown filed a sworn document that was false in its nature, to the effect that Corbett and Hyland did actually engage in a prize fight. It is upon these premises that Donaldson will seek to secure the arrest of the minister.

It is contended by Dr. Brown and his friends that the complaint sworn to was to become effective only upon the event that the fight did occur as scheduled. No warrant was issued upon the complaint, and no action at all was taken in the matter, but Donaldson and his sympathizers say that to swear that a thing happened that did not happen constitutes the crime of perjury, and an endeavor will be made to prosecute Mr. Brown. Whether or not a warrant will issue at Mr. Donaldson's request will be decided by Judge C. B. Ditch, in whose court the complaint was filed.

The county attorney's office refused the issuance of a warrant against Dr. Brown, assistant Willard Hanson, acting for his superior, Judge C. B. Ditch, whose court the complaint was filed. The county attorney's office refused the issuance of a warrant against Dr. Brown, assistant Willard Hanson, acting for his superior, Judge C. B. Ditch, whose court the complaint was filed.

On the same day that the complaint to which Donaldson takes exception was filed, a document was filed against him personally by Dr. Brown, charging the offense of promoting a prize fight. The case was not pressed against him, but now that he is proceeding against the people who made the fight impossible, it is quite likely that the action against Donaldson will be revived, and that he will have to answer in court.

The minister has the support of the general public for having pressed the fight, but whether or not his proceedings in the premises were legal or not, is a matter that will be determined if the issue is fought out in the courts.

When asked to give his views of the present state of the case, Dr. Brown today said that he had little to add to what has already been told. He considered that he had done nothing but his duty and he felt no apprehension as to the outcome. It was his opinion that the court to which the matter had now been brought had no jurisdiction in the premises.

## MANY PEOPLE HAVE CATARRH OF KIDNEYS AND DON'T KNOW IT.

Backache, a Warning Symptom of Kidney Trouble.

Pe-ru-na Is Invaluable in Such Cases.

Prominent Persons Who Have Been Cured.

Mr. J. Blyler, 1305 Ohio street, Des Moines, Ia., writes:  
"I wish to state my appreciation of your excellent remedy.  
"I have always enjoyed excellent health, except frequent and painful attacks of bladder trouble, which doctors failed to relieve or cure.  
"Upon recommendation I used Peruna to my utter satisfaction, not having had an attack now for four or five years."—J. Blyler.

MR. L. BRANDL

**Dangerous Kidney Diseases Cured.**

WHEN the kidneys become affected by catarrh, either from colds, overwork, or an extension of catarrh from some other organ, they fail to perform their normal functions.

It is the work of the kidneys to excrete from the blood many of the poisons which accumulate in the body.

If the kidneys fail in their work, the poisons accumulate to such an extent as to cause convulsions, which often prove fatal.

Peruna, by relieving the kidneys of their congested and catarrhal conditions, leaves them free to act in a normal manner.

It also strengthens the action of the heart, equalizing the circulation of the blood in all parts of the system.

**Revised Formula.**—For a number of years requests have come to me from a multitude of grateful friends, urging that Peruna be given a slight laxative quality. I have been experimenting with a laxative addition for quite a length of time, and now feel gratified to announce to the friends of Peruna that I have incorporated such a quality in the medicine which, in my opinion, can only enhance its well-known beneficial character.

## NINE HOURS IN A DELIVERY WAGON

Miss Coghlan, Leading Lady in "Lion and the Mouse" Tells It.

## EXPERIENCE IN THE QUAKE.

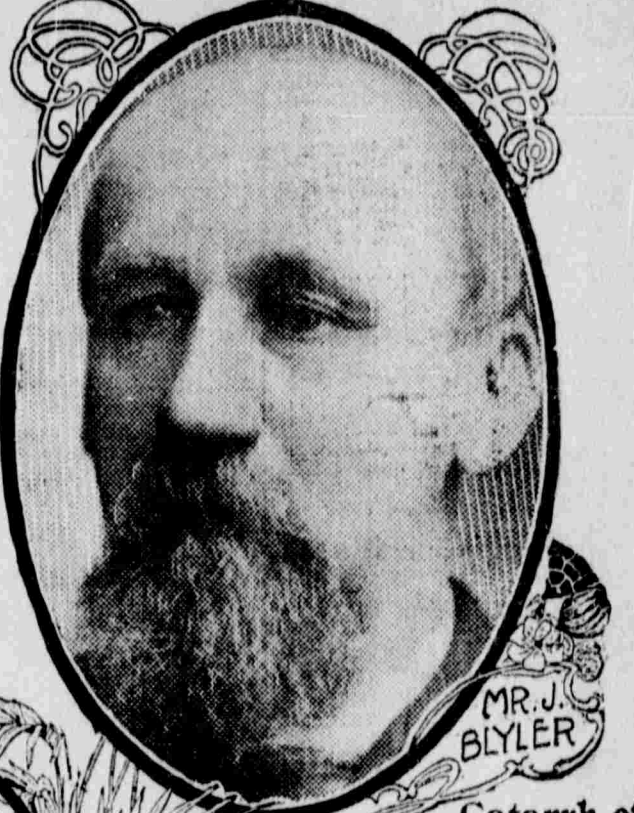

Warm Praise for Salt Lake Theater Orchestra Shows Overtures She Loves to Listen To.

Earthquakes seem about as powerful as any other agency in upsetting the trend of human events, and Salt Lake who have listened for the past five nights to Gertrude Coghlan in her lines of the "Lion and the Mouse" would hardly suspect that she had come to the city from some of the most trying incidents of the San Francisco disaster. She isn't a girl given much to "nerves" and laughs pretty freely over her nine hours in a delivery wagon, getting to the ferry, and then quickly turning the subject, she remarked, in an interview at the theater last night, while waiting for her cue, after the first act:

"Ashton Stevens, you know him, poor old Ash,—well he took an interview like this in San Francisco, just a few weeks ago, and then you know all in a heap, he was robbed of everything, and even the theater where we played went with the rest.

"What happened to me in the quake? Well, just draw a picture of the leading lady sitting in a ditch down by the ferry somewhere,—I don't remember the place, exactly, and back from the curb a half wrecked building, with a big 'Wines, Liquors and Cigars' sign on it. That'll about make it. Next night down in San Jose, no theater at all to play in, and we slept out of doors on the lawn. Of course there were houses, but they were not for us after the shaking we had had the night before, and the long day in the express wagon, getting to the ferry.

"But do you know," concluded Miss Coghlan, as the old millionaire, the audience was looking at, finished his arraignment of his son, and the lady's cue came, for her entrance, "I don't like acting very much, I'm a lady girl, I guess, but I'd like to give matinees every day of my life, if only I could have this orchestra of yours to play. It is so different—I can't tell you how different—from the ordinary theater orchestra. Its pieces are selected with so much more care, and there is a spirit in the work that—well, I love it, that's all, and I've been dressing early and coming out close to the curtain to listen to those overtures every performance since we have been here. I haven't met Mr. Shepherd, the director, but I want to tell him some time, that his work is so different from that we find in theater orchestras usually—that it can't even be compared to them. He is a genius, that is certain, and of course genius is something that just happens, and

**Catarrh of Kidneys Caused Much Suffering.**

Mr. Leopold Brandl, 246 Bleeker street, Brooklyn, N. Y., writes:  
"I was sick three months with catarrh of the kidneys and lungs. I was treated by my home physician and relieved to some extent, but after I had worked again for two weeks, my old suffering—backache and pains in the right lung—returned. The dreadful cough which bothered me day and night lasted six months and no one could help me. I tried three different patent medicines, without avail. I could scarcely eat anything and slept only a few hours each night.

"A friend told me to take Peruna. I did so and the second day my appetite had improved. I took a teaspoonful of Peruna every hour, day and night, for three weeks. Now I have taken five bottles. I can eat enough for two people and am able to sleep well.

"Whenever I meet a sick person, I advise him to take Peruna. I thank you a thousand times for your medicine, as it was the only remedy that saved me. We continue to keep it in our family."—Leopold Brandl.

Section Foreman Samuel Faddies met with a very serious accident last Wednesday. While riding on the front of his hand car, as he usually does, inspecting the track, he left half of his men here to finish up a job, while he and the other half left for Hoytsville. When near Hoytsville, the men overtook Mr. Faddies' car, and with a crash ran into the rear of the same, causing a sudden jolt, throwing Mr. Faddies back under the handles of the car, crushing him almost double. While his injuries are very painful, he is not thought to be injured internally.

There is reported to be a light case of smallpox at Echo.
