Do Away With Dyspepsia, Stomach Trouble and Make Meals a Pleasure.

Meals a Pleasure.

When your stomach goes on a strike and mass meetings of indignation are held all over your body, then it is that you should sit up and take notice.

It is clearly and only a question of common sense—is this think called Dyspepsia. Take awy, by abuse, over eating, excesses and high living, the things which the stomach needs and you have dyspepsia and indigestion; then other maladies follow these—this is common sense.

The stomach is willing enough but you won't let it do its work. You take away the materials which are so necessary for it to use.

Give back these materials and dyspepsia and indigestion flee and the whole machinery of man begins slowly to move and do its work.

What the stomach needs is nerve force, fluids for its digestive glands, nourishment and power. All these necessities it takes from the blood. If dyspepsia gives nothing to the blood, the blood gives nothing to the blood. This is common sense also, pure, simple and unalloyed.

Stuart's Dyspepsia Tablets are common sense pressed by high power into tablets. In these tablets are powerful essences which go into the stomach, direct food, stop gas making, prevent decaying of food, enrich the gastric juices, are absorbed by the blood and thus give it strength to furnish a better fluid for digesting the next meal. Every physician knows what comprises these tablets: every druggist has the same knowledge also. They are natural common sense digesters which do the work for the stomach quickly and well. Every drug store carries them. 30 cents per package. Send us your name and address and we will send you a trial package by mail free. Address F. A. Stuart Co., 150 Stuart Bullding Marshall, Mich.
