REYNOLDS' ROOT BEER COMPANY have enlarged their place of business at 67 Fourth Street, and are now able to supply the demands of their numerous customers. The demand for this beer has been so great that the company have not been able to keep up with the demand, and they have been forced to manufacture double the quantity they have hitherto done. The Salt Lake City Glass Company have started to blow one thousand dozen bottles for the firm, and those they produce are very creditable and give entire satisfaction.

Last Friday evening the Tenth Ward Mutual Improvement Association had a very enjoyable time. About seven o'clock a large number of the people of the ward sat down to an excellent supper prepared for them. From nine to 12 p. m. was spent in social and all dispersed to their homes well satisfied with their evening's pleasure. The next day, Saturday, the ladies of the Relief Society met in the meeting house and divided the good things that were left of, which there was a large number of cakes, pies, etc., that had never been cut, among the poor families of the ward.

A Fine Work.—The "Union Pacific Sketch Book," a fine work consisting of 240 pages, is before us. As an advertising reflex of the company in whose interest it is produced, it is greatly superior to anything of the kind ever presented to the public; it is profusely and artistically illustrated with scenes along the line of travel, while the matter is well prepared and written in a style to interest and instruct. There is nothing cheap or second class about it; it is worthy of good binding and preservation.

John England Sentenced.—This afternoon John England, of Tooele, was called to receive sentence, in the Third District Court, on conviction for unlawful cohabitation. In reply to the Court's inquiry whether he had anything to say, he stated that he had two wives; he had tried to obey the law of the land during the past two years, his third wife having been in Idaho for second wife having been in Idaho for that length of time. He could not, however, promise to do any better in respect to the Edmunds law than he had done, and was sentenced to imprisonment in the penitentiary for six months, and to pay a fine of \$100 and costs of the prosecution.

Logan Items.—The Utah Journal of Saturday, March 19, has the following:

On Thursday Miss Janet Robinson, of Logan, dislocated one of the ligatures of a knee.

Last Thursday a child belonging to a lady staying at Mrs. Torgeson's boarding house, accidentally swallowed some concentrated lye. The child was taken to Dr. Ormsby, who administered the necessary antidotes and succeeded in getting the lye from his stomach.

A six-year-old son of Ira Allen, of Hyrum, was using a straw cutter on Friday about noon, when he had his hand caught in the cogs of the machine and severely mangled. The boy was brought to Logan and Dr. Ormsby tried to cut it off, but it was necessary to amputate the little finger at the upper joint.

On Wednesday U. S. Commissioner C. C. Goodwin and the Hon. Judge Milville in quest of "Mormons" charged with unlawful cohabitation. They searched some eight houses, not forgetting to look under beds and in cupboards, trunks and out-houses. In short they searched every place they thought a man could be and some places where it was not possible for a man to be.

Last Wednesday afternoon Rudolph Hochstetler, of Providence, was arrested on a charge of unlawful cohabitation, and taken before Commissioner Goodwin. Thursday morning the gentleman pleaded not guilty and waived examination. He was bonded over in the sum of \$1,000, Jacob Schullinger and F. Madison being the signers. Four witnesses were also held in the sum of \$200 each, the bondsmen being L. R. Martineau and J. T. Hammond.

Last Wednesday night Justin Merrill, of Smithfield, was returning home from Logan, where he had been attending a wedding. At the north end of town the front wheels of his vehicle went down in a deep ditch, and he was thrown out. His leg caught in the front wheel and he was thus placed in a serious position, his head being near the horse's feet. With some difficulty the horse was backed up, throwing on his breast as it did, and his leg was extricated. It having been broken at the ankle. None of the injuries are dangerous.

On Thursday Deputy Marshals Steele and Whitestone and Mr. Thomas went to Hyrum, evidently intending to make a raid. They searched the residence and outbuildings of Bishop Dalnes, and arrested by mistake Wm. Dalnes, the Bishop's son. Discovering their mistake in a short time they released him. Friday morning they went back to Hyde Park, accompanied by Harry Griffin, and about daylight, seven or eight men, proceeding along I. I. line, they saw Counselor Deaton. He seemed to be one of the parties they were searching for, and they started in pursuit of him. After going for some time they were outdistanced, so Deputy Steele procured a horse and presently caught him. He was brought to Leona and taken before Commissioner Goodwin who read a warrant charging him with unlawful cohabitation. Mr. Dalnes waived examination and was bound over in the sum of \$1,000, David Grant, Reuben Perks and George Simmons being the bondsmen.

From Detroit.—The following is an extract from a letter written on March 6th, 1887, by Elder Neils Graham, of Mink Creek, Idaho, to his family. He was among those released on Saturday from the Detroit penitentiary, having been discharged by Judge Stevens:

Your letter advising me of steps being taken for our release is at hand, and our hearts are filled with gratitude towards our Heavenly Father and to our friends in Oregon for their efforts on our behalf. As yet we are prisoners, owing to the fact that no U. S. Judge at this city has decided upon our writ of habeas corpus as at home. In a few days, however, a justice will arrive here from our district and we expect then to be discharged in good and lawful manner and happy over the prospect of gaining our liberty and once more associating with the Saints of God. The Elders here enjoy good health with the exception ofasmus Nielson, of Weston, who has been quite sick but is now recovering. This institution will furnish us clothing and transportation when we leave.

From the Penitentiary.—Yesterday there were released from the Utah Penitentiary, where they have been confined under the Edmunds act, Bishop Lovelock, of Provo, Bratton Jensen, of Gosben, John Durrant, of Pleasant Grove, and Orson P. Arnold, of this city.

This afternoon Richard Warburton, of Tooele, came before Commissioner McKay, and was discharged on taking the oath. Jonas Lindberg, also of Tooele, was before the Commissioner. He stated that he had \$110 in the Tooele Co-operative, against which there was an indebtedness of an equal amount. On this showing the Commissioner refused to discharge him. Up to the time we went to press he was still in custody.

Wm. Seely's Children.—William S. Martin, of Blunt, Hughes County, D. T., wishes to know the whereabouts of Charles and Laura Seely, children of William Seely, who was wounded at Far West, Mo., and whose wife lived at Nauvoo, Ill. Mrs. Seely's maiden name was Hydecker. Mr. Martin says if the children had corresponded with him, addressing as above, he can furnish information of interest to them.

Painful Accident.—As George Marth Jones, an employee of the Utah Central Railway, was coupling cars this afternoon, his hand was caught between the buffers and badly smashed. Dr. Richards was promptly sent for, who on arriving amputated one of the fingers but has hopes of saving the others.

Police Court.—In the Police Court to-day the following fines were assessed:

George Thackrah, drunk and disorderly, \$10.

Fred. Luddington, disturbing the peace, \$25.

George Pettit, drunk and disorderly, \$10.

"Check"—To-night Roland Reed appears in his great specialty bearing the above peculiar designation. Mr. Reed was here with the piece some years ago, and made quite a favorable impression, but it has been variously improved since and his uncanny wit will have full play. He has a well selected company, and is sure to provoke a deal of laughter.
