Talks About Teachers — Supt.
Greenwood of Kansas City schools
Iectured before the state university
summer school yesterday on the essential qualities of good teaching. He
held that teachers should be good
sleepers, good caters and good laughers. They ought to keep brain and
body in condition for good work, and
their consciences clear. They should
have their ideals, and realize them in
their pupils. The speaker made a
pleasing impression.

"This is a very serious matter," he declared in opening his remarks. "There is a serious charge made by "There is a serious charge made by the newspaper which has the confi-dence of this administration and gets all the grafts from it. The charge is that the Morris administration com-mitted a crime by exceeding the debt limit. This resolution will show that the paper lies. If it is the truth you will vote with me to have the figures investigated but if it is a lie you will defeat the resolution. The Tribune is full of lies from top to bottom and a paper that lies as it does should not be given the public printing. The people of this city are entitled to have the truth about this matter and if it is untrue the Tribune should be branded as a liar. If you defeat this resolution you will admit that it is a lie. I know that such a statement is a <u>—westigneting</u>." a ------ lie and you don't dare have an investigation."

REAL CHALLENGE, THIS.

TALK AROUND ISSUE.

TALK AROUND ISSUE. The final statement of Fernstrom was emphasized very forcibly. When he had concluded, Mulvey expressed the opinion that Fernstrom was be-ginning too early on his campaign thunder and that he might run out before the campaign ended. To this Fornstrom replied that there would be plenty more material. He was asked if he believed everything he read in the papers, to which he replied that be did not believe what he read in the Tribune.

THE FINAL THRUST.

By a solid "American" vote, as stated above, the resolution was de-feated. Later in the evening the new garbage ordinance was passed which restricted the amount of paper to be hauled 'free by the city from the newspaper offices and as Fernstrom was leaving the council chamber he declared that the Tribune was so rot-ten that the "Americans" refused to haul it away free of charge.

SCANDAL APPROACHES CLIMAX.

SCANDAL APPROACHES CLIMAX. Affairs have reached a climax if seems in the city treasury scandal and the apologist of graft is now the "pig in the corner." Driven to confess error after error it is making all sorts of as-tonishing assertions. The latest is per-haps most astonishing of all, and the climax came last night when the party leaders refused to stand for its asser-tions or grant an investigation of them. It has at last been forced to find a place for the "deficit" it has always at-tributed to the Morris administration. price for the dener it has always ac-iributed to the Morris administration. Whenever some remark was made or question asked regarding the condition of the city treasury the Hand Organ denied the existence of any deficit and yet in the same breath has blamed the very shortage it so strenuously denies to "deficit" left by the Morris admin-istration. But no one was ever told just how the "deficit" came to be left. The Hand Organ falled to tell also in what fund or funds the "deficit" was left. Persistent questioning has at last sucreeded in bringing out information. Monday morning it made the startling announcement that the Morris adminis-tration left \$80,000 worth of unpaid bills chargeable to the CONTINGENT fund! But the allegation is all that is offered! STATEMENT IS ABSURD.

STATEMENT IS ABSURD.

STATEMENT IS ABSURD. R. P. Morris, ex-mayor of Salt Lake was shown this statemest. An antuged iaugh was his immediate comment. "What next!" he exclaimed laughingly. "T can only refer you, and all others, interested, to the report made by Charles Felt, clip auditor during my mayorship. This shows just how af-fairs stood when we surrendered of-fice, and you will find no such deficit against the contingent fund. You will find a surplus of over \$3,000. THE DOCTOR AWAY FROM HOME WHEN MOST NEEDED.

WHEN MOST NEEDED. People are often very much disappoint-ed to find that their family physician is away from home when they most need nis services. Diseases like cramp, colic and cholera morbus require prompt treat-ment, and have in many instances proven fatal before medicine could be procured or a physician summoned. SHOOTS HIMSELF IN HEAD.

Alex Stussel of Bingham Tries to End His Life.

Becaus of serious disagreements in the family, Alex Stussel shot himself in the head at Bingham early yesterday morning, and the attempt at self-de-struction will probably prove success-fut, as the young man's condition is considered to be critical. The shot was fined in the rear room of the Michigan saloon, a place run by Stussel's father. The son was employed as a bartender, and at times made deliveries of goods.
